CHAPTER NO. 529

[HB 560]

AN ACT ENCOURAGING THE SETTLEMENT OF LAWSUITS BY PROVIDING FOR OFFERS OF SETTLEMENT IN CERTAIN CIVIL CASES; PROVIDING FOR ENTRY OF JUDGMENT ON AN ACCEPTED SETTLEMENT OFFER; LIMITING THE ADMISSIBILITY OF A REJECTED SETTLEMENT OFFER; AND PROVIDING FOR THE AWARD OF COSTS.

Be it enacted by the Legislature of the State of Montana:

Section 1. Offer of settlement. (1) At any time more than 60 days after service of the complaint and more than 30 days before the trial begins, any party may serve upon the adverse party a written offer to settle a claim for the money or property or to the effect specified in the offer. If within 10 days after the service of the offer, the adverse party serves written notice that the offer is accepted, either party may then file the offer and notice of acceptance together with proof of service of the offer and notice of acceptance with the clerk of court and the court shall enter judgment. An offer not accepted is considered withdrawn and evidence of the offer is not admissible except in a proceeding to determine costs. If the final judgment is less favorable to the offeree than the offer, the offeree shall pay the costs incurred by the offeror after the offer was made. The fact that an offer is made but not accepted does not preclude a subsequent offer.

(2) When the liability of one party to another has been determined by verdict, order, or judgment, but the amount or extent of the liability remains to be determined by further proceedings, either party may make a written offer of

settlement. The offer has the same effect as an offer before trial, and the applicable provisions of subsection (1) apply if the offer is served within a reasonable time not less than 10 days prior to the commencement of a hearing to determine the amount or extent of liability.

(3) For the purposes of this section, costs include reasonable attorney fees.

(4) This section applies only to an action or claim for which the amount contained in a pleading is $50,000 or less, exclusive of costs, interest, and service charges, and the action or claim:

(a) arises from contract or breach of contract, other than a contract of insurance, bond, surety, or warranty; or

(b) involves real property.

Section 2. Codification instruction. **[Section 1] is intended to be codified as an integral part of Title 25, chapter 7, part 1, and the provisions of Title 25, chapter 7, part 1, apply to [section 1].**

[HB 572]

AN ACT CREATING A COAL BED METHANE PROTECTION ACCOUNT; CLARIFYING THE DISTRIBUTION OF OIL AND NATURAL GAS PRODUCTION TAXES; DEPOSITING A PORTION OF THE OIL AND NATURAL GAS PRODUCTION TAX IN THE COAL BED METHANE PROTECTION ACCOUNT; RESTRICTING EXPENDITURES FROM THE

ACCOUNT UNTIL AFTER JUNE 30, 2005, FOR EMERGENCIES AND UNTIL AFTER JUNE 30, 2011, FOR ALL OTHER PURPOSES; CREATING A COAL BED METHANE PROTECTION PROGRAM TO COMPENSATE LANDOWNERS AND WATER RIGHT HOLDERS FOR DAMAGE CAUSED BY THE DEVELOPMENT OF COAL BED METHANE; AUTHORIZING CONSERVATION DISTRICTS THAT HAVE COAL BED METHANE WITHIN THE DISTRICT TO ADMINISTER THE COAL BED METHANE PROTECTION PROGRAM; REQUIRING CONSERVATION DISTRICTS TO ADOPT PROCEDURES FOR EVALUATING CLAIMS FOR COMPENSATION; LIMITING THE AMOUNT OF COMPENSATION; RESTRICTING THE AWARD OF COMPENSATION UNTIL AFTER JUNE 30, 2005, FOR EMERGENCIES AND UNTIL AFTER JUNE 30, 2011, FOR ALL OTHER PURPOSES; AMENDING SECTION 15-36-324, MCA; AND PROVIDING A CONTINGENT EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 5] may be cited as the "Coal Bed Methane Protection Act".

Section 2. Legislative findings and declaration of purpose. (1) The legislature finds that the need for an economical supply of clean-burning energy is a national and state priority.

(2) The legislature further finds that Montana possesses plentiful reserves of clean-burning natural gas contained in coal beds.

(3) The legislature further finds that the extraction of natural gas from coal beds may result in unanticipated adverse impacts to land and to water quality and availability.

(4) The legislature declares that there is a compelling public need to promote efforts that preserve the environment and protect the right to use and enjoy private property. The legislature further declares that the purpose of [sections 1 through 5] is to establish a long-term coal bed methane protection account and a coal bed methane protection program for the purpose of compensating private landowners and water right holders for damage to land and to water quality and availability that is attributable to the development of coal bed methane wells.

(5) The legislature further declares that the provisions of [sections 1 through 5] do not relieve coal bed methane developers or operators that own, develop, or operate coal bed methane wells and collection systems of their legal obligation to compensate landowners and water right holders for damages caused by the development of coal bed methane.

(6) The legislature further declares that the provisions of [sections 1 through 5] do not relieve coal bed methane developers or operators from:

(a) any liability associated with the exploration or development of coal bed methane; or

(b) the responsibility to comply with any applicable provision of Titles 75, 82, and 85 and any other provision of law applicable to the protection of natural resources or the environment.

Section 3. Definitions. As used in [sections 1 through 5], unless the context requires otherwise, the following definitions apply:

(1) "Agricultural production" means the production of:

(a) any growing grass, crops, or trees attached to the surface of the land; or

(b) farm animals with commercial value.

(2) "Coal bed methane developer or operator" means the person who acquires a lease for the purpose of extracting natural gas from a coal bed.

(3) "Department" means the department of natural resources and conservation as provided for in Title 2, chapter 15, part 33.

(4) "Emergency" means the loss of a water supply that must be replaced immediately to avoid substantial damage to a landowner or a water right holder.

Section 4. Coal bed methane protection account — use. (1) There is a coal bed methane protection account in the state special revenue fund.

(2) At the beginning of each fiscal year, there must be deposited in the account a total of $400,000 of the proceeds from the distribution of oil and natural gas production taxes, as provided in 15-36-324.

(3) All money paid into the account must be invested by the board of investments. Earnings from investments must be deposited in the account.

(4) Subject to the conditions of subsection (5), money deposited in the account must be used to compensate landowners and water right holders for damages attributable to coal bed methane development as provided in [sections 1 through 5].

(5) Money deposited in the fund and earnings of the fund may not be expended until after June 30, 2005. For fiscal years beginning after June 30, 2005, principal and earnings may be expended only in the case of an emergency. For fiscal years beginning after June 30, 2011, principal and earnings in the account may be expended for any purpose authorized pursuant to [sections 1 through 5].

(6) Money in the account must be appropriated to the department for use by conservation districts that have private landowners or water right holders who qualify for compensation as provided in [section 5].

Section 5. Coal bed methane protection program — restrictions. (1) There is a coal bed methane protection program administered by conservation districts that have coal beds within the exterior boundary of the district or whose water sources may be adversely affected by the extraction of coal bed methane. The purpose of the coal bed methane protection program is to compensate private landowners or water right holders for damage caused by coal bed methane development.

(2) A conservation district shall establish procedures, approved by the department, for evaluating claims for compensation submitted by a landowner or water right holder. The procedures must include:

(a) a method for submitting an application for compensation for damages caused by coal bed methane development;

(b) a process for determining the cost of the damage to land, surface water, or ground water, if any, caused by coal bed methane development;

(c) the development of eligibility requirements for receiving compensation that include an applicant's access to existing sources of state funding, including state-mandated payments, that compensate for damages; and

(d) criteria for ranking applications related to available resources.

(3) An eligible recipient for compensation includes private landowners and water right holders who can demonstrate as the result of damage caused by coal bed methane development:

(a) a loss of agricultural production or a loss in the value of land;

(b) a reduction in the quantity or quality of water available from a surface water or ground water source that affects the beneficial use of water; or

(c) the contamination of surface water or ground water that prevents its beneficial use.

(4) (a) Subject to the conditions of subsections (5) through (8), an eligible landowner may be compensated for the damages incurred by the landowner for loss of agricultural production and income, lost land value, and lost value of improvements caused by coal bed methane development. A payment made under this subsection (4)(a) may only cover land directly affected by coal bed methane development.

(b) Subject to the conditions of subsections (5) through (8), an eligible water right holder may be compensated for damages caused by the contamination, diminution, or the interruption of surface water or ground water.

(5) In order to qualify for a payment of damages under this section, the landowner or water right holder must demonstrate that it is unlikely that compensation will be made by the coal bed methane developer or operator who is liable for the damage to land or the reduction in or contamination of surface water or ground water as the result of coal bed methane development.

(6) Compensation made to a landowner or a water right holder under this section may not exceed 75% of the cost of the damages. The maximum amount paid to a landowner or water right holder may not exceed $50,000.

(7) Conservation district administrative expenses for services provided under this section are eligible costs for reimbursement from the coal bed methane protection account.

(8) (a) Except as provided in subsection (8)(b), compensation for damages allowed under this section may be made only after June 30, 2011.

(b) Compensation for an emergency may be made after June 30, 2005.

(b) The department shall distribute 5% of the oil and natural gas production taxes received under subsections (2)(b), (5)(b), and (6)(b) from pre-1999 wells to eligible counties in proportion to the underfunding that would have occurred from the tax liability distribution of pre-1985 oil and natural gas production taxes for production in calendar year 1997.

(c) Except as provided in subsection (12)(d), the county treasurer shall distribute the money received under subsection (12)(b) to the taxing units that levied mills in fiscal year 1990 against calendar year 1988 production in the same manner that all other property tax proceeds were distributed during fiscal year 1990 in the taxing unit, except that a distribution may not be made to a municipal taxing unit.

(d) The board of county commissioners of a county may direct the county treasurer to reallocate the distribution of oil and natural gas production tax money that would have gone to a taxing unit, as provided in subsection (12)(c), to another taxing unit or taxing units, other than an elementary school or high school, within the county under the following conditions:

(i) The county treasurer shall first allocate the oil and natural gas production taxes to the taxing units within the county in the same proportion that all other property tax proceeds were distributed in the county in fiscal year 1990.

(ii) If the allocation in subsection (12)(d)(i) exceeds the total budget for a taxing unit, the commissioners may direct the county treasurer to allocate the excess to any taxing unit within the county.

(e) The board of trustees of an elementary or high school district may reallocate the oil and natural gas production taxes distributed to the district by the county treasurer under the following conditions:

(i) The district shall first allocate the oil and natural gas production taxes to the budgeted funds of the district in the same proportion that all other property tax proceeds were distributed in the district in fiscal year 1990.

(ii) If the allocation under subsection (12)(e)(i) exceeds the total budget for a fund, the trustees may allocate the excess to any budgeted fund of the school district.

(f) The county treasurer shall distribute oil and natural gas production taxes received under subsection (12)(a) between county and school taxing units in the relative proportions required by the levies for state, county, and school district purposes in the same manner as property taxes were distributed in the preceding fiscal year.

(g) The allocation to the county in subsection (12)(f) must be distributed by the county treasurer in the relative proportions required by the levies for county taxing units and in the same manner as property taxes were distributed in the preceding fiscal year.

(h) The money distributed in subsection (12)(f) that is required for the county mill levies for school district retirement obligations and transportation schedules must be deposited to the funds established for these purposes.

(i) The oil and natural gas production taxes distributed under subsection (12)(c) that are required for the 6-mill university levy imposed under 20-25-423 and for the county equalization levies imposed under 20-9-331 and 20-9-333, as those sections read on July 1, 1989, must be remitted by the county treasurer to the state treasurer.

(j) The oil and natural gas production taxes distributed under subsection (12)(f) that are required for the 6-mill university levy imposed under 20-25-423, for the county equalization levies imposed under 20-9-331 and 20-9-333, and for the state equalization aid levy imposed under 20-9-360 must be remitted by the county treasurer to the state treasurer.

(k) The amount of oil and natural gas production taxes remaining after the treasurer has remitted the amounts determined in subsections (12)(i) and (12)(j) is for the exclusive use and benefit of the county and school taxing units.

(13) The department shall remit the amounts to be distributed in subsection (12) to the county treasurer by the following dates:

(a) On or before August 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending March 31 of the current year.

(b) On or before November 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending June 30 of the current year.

(c) On or before February 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending September 30 of the previous year.

(d) On or before May 1 of each year, the department shall remit to the county treasurer oil and natural gas production tax payments received for the calendar quarter ending December 31 of the previous calendar year.

(14) The department shall provide to each county by May 31 of each year the amount of gross taxable value represented by all types of production taxed under 15-36-304 for the previous calendar year multiplied by 60%. The resulting value must be treated as taxable value for county classification purposes and for county bonding purposes.

(15) (a) In the event that the board of oil and gas conservation revises the privilege and license tax pursuant to 82-11-131, the department shall, by rule, change the formula under this section for distribution of taxes collected under 15-36-304. The revised formula must provide for the distribution of taxes in an amount equal to the rate adopted by the board of oil and gas conservation for the expenses of the board.

(b) Before the department adopts a rule pursuant to subsection (15)(a), it shall present the proposed rule to the appropriate administrative rule review committee.

(16) The distribution to taxing units under this section is statutorily appropriated as provided in 17-7-502."

Section 7. Codification instruction. [Sections 1 through 5] are intended to be codified as an integral part of Title 76, chapter 15, and the provisions of Title 76, chapter 15, apply to [sections 1 through 5].

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-70-522, MCA, is amended to read:

"**15-70-522. Tax incentive for production of alcohol — written plan required — reservation of incentives — rules.** (1) (a) If the alcohol was produced in Montana from Montana agricultural products, including Montana wood or wood products, or if the alcohol was produced from non-Montana agricultural products when Montana products are not available, there is a tax incentive payable to alcohol distributors for distilling alcohol that:

(i) was blended with gasoline for sale as gasohol in Montana;

(ii) was exported from Montana and has been blended with gasoline for sale as gasohol; or

(iii) was used in the production of ethyl butyl ether for use in reformulated gasoline.

(b) Payment must be made by the department out of the amount collected under 15-70-204.

(2) Except as provided in subsections (3) and (4), the tax incentive on each gallon of alcohol distilled in accordance with subsection (1) is 30 cents ~~per~~ *a* gallon for each gallon that is 100% produced from Montana products, with the amount of the tax incentive ~~per~~ *for each* gallon reduced proportionately, based upon the amount of agricultural or wood products not produced in Montana that is used in the production of the alcohol~~,~~. ~~and beginning~~ *Beginning* July 1, ~~2005~~ *2010*, there is no tax incentive.

(3) Regardless of the alcohol tax incentive provided in subsection (2), the total payments made for the incentive under this part may not exceed $6 million in any consecutive 12-month period.

(4) An alcohol distributor may not receive tax incentive payments under subsection (2) that exceed $3 million in any consecutive 12-month period.

(5) An alcohol distributor ~~who begins production after July 1, 1991,~~ may not receive tax incentive payments under subsection (2) unless the distributor has

provided a written plan to the department of transportation at least ~~18~~ *24* months before the distributor's anticipated collection of the tax incentives. The plan must contain the following information:

(a) the source or sources of financing for the acquisition of the plant, land, and equipment used for the production of gasohol;

(b) the anticipated source of agricultural products used in the production of gasohol; and

(c) the anticipated time, quantity, and duration of production of gasohol.

~~(6) An alcohol distributor in production before July 1, 1991, is entitled to apply for the maximum tax incentive payment allowed under subsection (4) without providing a written plan as required in subsection (5).~~

~~(7)~~*(6)* (a) Except as provided in subsection ~~(7)(b)~~ *(6)(b)*, the department shall reserve, in the order that written plans required under subsection (5) are received by the department, alcohol tax incentives based on the anticipated time, quantity, and duration of production. Payment of the alcohol tax incentives must be based on actual production.

(b) No later than 1 year after the written plan is received under subsection (5), the department shall determine whether an alcohol distributor is complying with the written plan. The department may reduce or cancel the reservation of the tax incentive provided in this subsection ~~(7)~~ *(6)* if the department determines that the alcohol distributor has not materially complied with the written plan.

~~(8)~~*(7)* A new tax incentive payment may not be made if the total tax incentive established in subsection (3) has been reserved or paid. If an alcohol tax incentive has been reduced or canceled, the amount by which the tax incentive has been reduced or canceled is available for reservation as provided in subsection ~~(7)(a)~~ *(6)(a)*.

~~(9)~~*(8)* The department shall prescribe rules necessary to carry out the provisions of this section."

Section 2. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Be it enacted by the Legislature of the State of Montana:

Section 1. Mental health advance directive authorized — content — cause of action created — definitions. (1) An individual 18 years of age or older with mental capacity may voluntarily execute a mental health advance directive providing that if the individual is treated for a mental disorder at an inpatient facility, the directions concerning who must be notified and who may visit the individual, as provided in this section, are to be followed. An inpatient facility that is furnished a copy of a mental health advance directive shall comply with the directive and shall make the directive a part of the individual's medical record.

(2) The directive may address any combination of the following subjects:

(a) who should be notified promptly in the event of the individual's admission to or treatment at the facility;

(b) who should or should not be allowed to visit the individual at the facility; and

(c) the duration of the directive.

(3) The directive authorized in subsection (1) must be in writing and must contain:

(a) a statement that the individual has the mental capacity to execute the directive and that the directive is executed voluntarily;

(b) a statement that once signed, a directive of which the facility is furnished a copy takes effect upon the determination of the lack of mental capacity by the treating mental health professional of the individual and remains in effect until:

(i) revoked by the individual, orally or in writing, at a time that the individual has the mental capacity to revoke the advance directive, as determined by the treating mental health professional;

(ii) the directive expires by its own terms; or

(iii) the individual dies;

(c) the signature of the individual; and

(d) the signature of two witnesses.

(4) (a) An individual may revoke a mental health advance directive provided that the mental health professional chosen by or provided for the individual determines in good faith that the individual has sufficient mental capacity to revoke the directive. The inpatient facility shall make a valid revocation a part of the individual's medical record.

(b) An advance directive is valid and enforceable only with respect to the matters provided for in subsection (2) even if the directive addresses subjects in addition to those provided for in this section.

(5) If an inpatient facility fails to act in accordance with a mental health advance directive of which the facility was furnished a copy, an individual who has executed the mental health advance directive or who has the right to be notified or to visit the individual at the facility pursuant to a mental health advance directive has a cause of action against the facility for injunctive relief and reasonable costs and attorney fees incurred in bringing the action.

(6) As used in this section, the following definitions apply:

(a) "Advance directive" or "directive" means a writing complying with the requirements of this section.

(b) "Inpatient facility" or "facility" means a health care facility that provides emergency, crisis, or acute care to a person with a mental disorder.

(c) (i) "Lack of mental capacity" means that an individual does not have sufficient ability to make or communicate decisions regarding a need for treatment.

(ii) The lack of mental capacity does not require that a person be legally determined to be an incapacitated person, as defined in 72-5-101. However, a person who is under a current legal determination of being an incapacitated person has a lack of mental capacity.

(d) "Mental capacity" means sufficient ability to make or communicate decisions regarding a need for treatment.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 53, chapter 21, and the provisions of Title 53, chapter 21, apply to [section 1].

[HB 605]

AN ACT REVISING LAWS GOVERNING LOCAL AND STATE AIR QUALITY REGULATION; PROHIBITING THE BOARD OF ENVIRONMENTAL REVIEW OR A LOCAL AIR POLLUTION CONTROL PROGRAM FROM APPROVING OR ADOPTING RULES, ORDINANCES, OR LOCAL LAWS THAT ARE MORE STRINGENT THAN THOSE IMPOSED BY THE STATE OR THE FEDERAL GOVERNMENT UNLESS CERTAIN REQUIREMENTS ARE MET; PROVIDING FOR REVIEW OF RULES, ORDINANCES, OR LOCAL LAWS ADOPTED IN THE LAST 5 YEARS THAT MAY BE MORE STRINGENT THAN FEDERAL OR STATE REQUIREMENTS; REQUIRING LOCAL AIR POLLUTION CONTROL PROGRAMS TO ESTABLISH PROCEDURES FOR PUBLIC NOTICE, PUBLIC COMMENT, PUBLIC HEARING, AND APPEAL; CONFORMING EXISTING LAW PROHIBITING THE STATE FROM ADOPTING REGULATIONS MORE STRINGENT THAN FEDERAL LAW TO THE REVISED PROVISIONS AFFECTING LOCAL PROGRAMS; AMENDING SECTIONS 75-2-207 AND 75-2-301, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-2-207, MCA, is amended to read:

"**75-2-207. State regulations no more stringent than federal regulations or guidelines — *exceptions — procedure*.** (1) After April 14, 1995, except as provided in subsections (2) ~~through (5)~~ *and (3)* or unless required by state law, the board or department may not adopt a rule to implement this chapter that is more stringent than the comparable federal regulations or guidelines that address the same circumstances. The board or department may incorporate by reference comparable federal regulations or guidelines.

(2) *(a)* The board or department may adopt a rule to implement this chapter that is more stringent than comparable federal regulations or guidelines only if*:* ~~the board or department makes a written finding after a public hearing and public comment and based on evidence in the record that:~~

~~(a) the proposed state standard or requirement protects public health or the environment of the state; and~~

~~(b) the state standard or requirement to be imposed can mitigate harm to the public health or environment and is achievable under current technology.~~

~~(3) The written finding must reference information and peer-reviewed scientific studies contained in the record that forms the basis for the board's or department's conclusion. The written finding must also include information from the hearing record regarding the costs to the regulated community that are directly attributable to the proposed state standard or requirement.~~

~~(4) (a) A person affected by a rule of the board or department adopted after January 1, 1990, and before April 14, 1995, that that person believes to be more stringent than comparable federal regulations or guidelines may petition the board or department to review the rule. If the board or department determines that the rule is more stringent than comparable federal regulations or guidelines, the board or department shall comply with this section by either revising the rule to conform to the federal regulations or guidelines or by making the written finding, as provided under subsection (2), within a reasonable period of time, not to exceed 12 months after receiving the petition. A petition under this section does not relieve the petitioner of the duty to comply with the challenged rule. The board or department may charge a petition filing fee in an amount not to exceed $250.~~

~~(b) A person may also petition the board or department for a rule review under subsection (4)(a) if the board or department adopts a rule after January 1, 1990, in an area in which no federal regulations or guidelines existed and the federal government subsequently establishes comparable regulations or guidelines that are less stringent than the previously adopted board or department rule.~~

(i) a public hearing is held;

(ii) public comment is allowed; and

(iii) the board or the department makes a written finding after the public hearing and comment period that is based on evidence in the record that the proposed standard or requirement:

(A) protects public health or the environment;

(B) can mitigate harm to the public health or the environment; and

(C) is achievable with current technology.

(b) The written finding required under subsection (2)(a)(iii) must reference information and peer-reviewed scientific studies contained in the record that form the basis for the board's or the department's conclusion. The written finding must

also include information from the hearing record regarding costs to the regulated community that are directly attributable to the proposed standard or requirement.

(c) (i) A person or entity affected by a rule of the board or department adopted after January 1, 1990, and before April 14, 1995, that the person or entity believes is more stringent than comparable federal regulations or guidelines may petition the board or department to review the rule.

(ii) If the board or department determines that the rule is more stringent than comparable federal regulations or guidelines, the board or department shall either revise the rule to conform to the federal regulations or guidelines or follow the process provided in subsections (2)(a) and (2)(b) within a reasonable period of time, not to exceed 6 months after receiving the petition.

(iii) A petition under this section does not relieve the petitioner of the duty to comply with the challenged rule. The board or department may charge a petition filing fee in an amount not to exceed $250.

(iv) A person may also petition the board or department for a rule review under subsection (2)(a) if the board or department adopts a rule after January 1, 1990, in an area in which no federal regulations or guidelines existed and the federal government subsequently establishes comparable regulations or guidelines that are less stringent than the previously adopted board or department rule.

~~(5)~~*(3)* This section does not apply to a rule adopted under the emergency rulemaking provisions of 2-4-303(1)."

Section 2. Section 75-2-301, MCA, is amended to read:

"**75-2-301. Local air pollution control programs — *consistency with state and federal regulations — procedure for public notice and comment required.*** (1) After public hearing, a municipality or county may establish and administer a local air pollution control program if the program is consistent with this chapter and is approved by the board.

(2) If a local air pollution control program established by a county encompasses all or part of a municipality, the county and each municipality shall approve the program in accordance with subsection (1).

(3) (a) Except as provided in subsection ~~(4)~~ *(5)*, the board by order may approve a local air pollution control program that:

(i) *subject to subsection (4),* provides by ~~ordinance~~ *rule, ordinance,* or local law for requirements compatible with, more stringent than, or more extensive than those imposed by 75-2-203, 75-2-204, 75-2-211, 75-2-212, 75-2-215, 75-2-217 through 75-2-219, and 75-2-402 and rules adopted under these sections;

(ii) provides for the enforcement of requirements established under subsection (3)(a)(i) by appropriate administrative and judicial processes; and

(iii) provides for administrative organization, staff, financial resources, and other resources necessary to effectively and efficiently carry out the program. As part of meeting these requirements, a local air pollution control program may administer the permit fee provisions of 75-2-220. The permit fees collected by a local air pollution control program must be deposited in a county special revenue fund to be used by the local air pollution control program for administration of permitting activities.

(b) Board approval of ~~an ordinance~~ *a rule, ordinance,* or local law that is more stringent than the comparable state law is subject to the provisions of ~~75-2-207~~ *subsection (4).*

(4) (a) A local air pollution control program may, subject to approval by the board, adopt a rule, ordinance, or local law to implement this chapter that is more stringent than comparable state or federal regulations or guidelines only if:

(i) a public hearing is held;

(ii) public comment is allowed; and

(iii) the board or the local air pollution control program makes a written finding after the public hearing and comment period that is based on evidence in the record that the proposed local standard or requirement:

(A) protects public health or the environment of the area;

(B) can mitigate harm to the public health or the environment; and

(C) is achievable with current technology.

(b) The written finding required under subsection (4)(a)(iii) must reference information and peer-reviewed scientific studies contained in the record that form the basis for the board's or the local air pollution control program's conclusion. The written finding must also include information from the hearing record regarding costs to the regulated community that are directly attributable to the proposed local standard or requirement.

(c) (i) A person or entity affected by a rule, ordinance, or local law approved or adopted after January 1, 1996, and before [the effective date of this act] that the person or entity believes is more stringent than comparable state or federal regulations or guidelines may petition the board or the local air pollution control program to review the rule, ordinance, or local law.

(ii) If the board or local air pollution control program determines that the rule, ordinance, or local law is more stringent than state or federal regulations or guidelines, the board or local air pollution control program shall either revise the rule, ordinance, or local law to conform to the state or federal regulations or guidelines or follow the process provided in subsections (4)(a) and (4)(b) within a reasonable period of time, not to exceed 6 months after receiving the petition.

~~(4)~~*(5)* Except for those emergency powers provided for in 75-2-402, the board may not delegate to a local air pollution control program the authority to control any air pollutant source that:

(a) requires the preparation of an environmental impact statement in accordance with Title 75, chapter 1, part 2;

(b) is subject to regulation under the Montana Major Facility Siting Act, as provided in Title 75, chapter 20; or

(c) has the potential to emit 250 tons a year or more of any pollutant subject to regulation under this chapter, including fugitive emissions, unless the authority to control the source was delegated to a local air pollution control program prior to January 1, 1991.

~~(5)~~*(6)* If the board finds that the location, character, or extent of particular concentrations of population, air pollutant sources, or geographic, topographic, or meteorological considerations or any combination of these make impracticable the maintenance of appropriate levels of air quality without an areawide air pollution control program, the board may determine the boundaries within which the program is necessary and require it as the only acceptable alternative to direct state administration.

~~(6)~~*(7)* If the board has reason to believe that any part of an air pollution control program in force under this section is either inadequate to prevent and control air pollution in the jurisdiction to which the program relates or is being administered in a manner inconsistent with this chapter, the board shall, on notice, conduct a hearing on the matter.

~~(7)~~*(8)* If, after the hearing, the board determines that any part of the program is inadequate to prevent and control air pollution in the jurisdiction to which it relates or that it is not accomplishing the purposes of this chapter, it shall require that necessary corrective measures be taken within a reasonable time, not to exceed 60 days.

~~(8)~~*(9)* If the jurisdiction fails to take these measures within the time required, the department shall administer within that jurisdiction all of the provisions of this chapter, including the terms contained in any applicable board order, that are necessary to correct the deficiencies found by the board. The department's control program supersedes all municipal or county air pollution laws, rules, ordinances, and requirements in the affected jurisdiction. The cost of the department's action is a charge on the jurisdiction.

~~(9)~~*(10)* If the board finds that the control of a particular air pollutant source because of its complexity or magnitude is beyond the reasonable capability of the local jurisdiction or may be more efficiently and economically performed at the state level, it may direct the department to assume and retain control over that air pollutant source. A charge may not be assessed against the jurisdiction. Findings made under this subsection may be either on the basis of the nature of the sources involved or on the basis of their relationship to the size of the communities in which they are located.

~~(10)~~*(11)* A jurisdiction in which the department administers all or part of its air pollution control program under subsection ~~(8)~~ *(9)* may, with the approval of the board, establish or resume an air pollution control program that meets the requirements of subsection (3).

~~(11)~~*(12)* A municipality or county may administer all or part of its air pollution control program in cooperation with one or more municipalities or counties of this state or of other states.

(13) Local air pollution control programs established under this section shall provide procedures for public notice, public hearing, public comment, and appeal for any proposed new or revised rules, ordinances, or local laws adopted pursuant to this section. The procedures must comply with the following requirements:

(a) The local air pollution control program shall create and maintain a list of interested persons who wish to be informed of actions related to rules, ordinances, or local laws adopted by the local air pollution control program.

(b) At least 30 days prior to the adoption, revision, or repeal of a rule, ordinance, or law, the local air pollution control program shall give written notice of its intended action.

(c) The notice required under subsection (13)(b) must include:

(i) a statement of the terms or substance of the intended action or a description of the subjects and issues affected by the intended action;

(ii) an explanation of the procedure for a person to be included on the list of interested persons established pursuant to subsection (13)(a);

(iii) an explanation of the procedures and deadlines for presentation of oral or written comments related to the intended action;

(iv) an explanation of the process for requesting a public hearing as provided in subsection (13)(f); and

(v) the rationale for the intended action. The rationale must:

(A) include an explanation of why the intended action is reasonably necessary to implement the goals and purposes of the local air pollution control program;

(B) specifically address those intended actions for which there are no similar state or federal regulations or guidelines; and

(C) be written in plain, easily understood language.

(d) For the purposes of subsection (13)(c)(v), a statement of authority to adopt a rule, ordinance, or local law does not, standing alone, constitute a showing of reasonable necessity for the intended action.

(e) The local air pollution control program shall mail a copy of the proposed rule, ordinance, or local law to all interested persons on the list established pursuant to subsection (13)(a) who have made timely requests to be included on the list.

(f) If at least 10 of the persons who will be directly affected by the proposed rule, ordinance, or local law request a public hearing, the local air pollution control program shall hold a hearing to hear comments from the public on the intended action.

(g) The local air pollution control program shall prepare a written response to all comments submitted in writing or presented at the public hearing for consideration prior to adoption, revision, or repeal of the proposed rule, ordinance, or local law.

(h) A person who submits a written comment on a proposed action or who attends a public hearing in regard to a proposed action must be informed of the final action."

Section 3. Applicability. [Section 2] does not apply to proposals for new rules, ordinances, or local laws that have been noticed to the public and submitted to the local air pollution control program governing body before [the effective date of this act].

Section 4. Effective date. [This act] is effective on passage and approval.

Section 6. Section 13-27-202, MCA, is amended to read:

"**13-27-202. Recommendations — approval of form required.** (1) Before submission of a sample sheet to the secretary of state pursuant to subsection (3), the following requirements must be fulfilled:

(a) The text of the proposed measure must be submitted to the legislative services division for review.

(b) The legislative services division staff shall review the text for clarity, consistency, and any other factors that the staff considers when drafting proposed legislation.

(c) Within 14 days after submission of the text, the legislative services division staff shall make to the person submitting the text written recommendations for changes in the text or a statement that no changes are recommended.

(d) The person submitting the text shall consider the recommendations and respond in writing to the legislative services division, accepting, rejecting, or modifying each of the recommended changes. If no changes are recommended, no response is required.

(2) The legislative services division shall furnish a copy of the correspondence provided for in subsection (1) to the secretary of state, who shall make a copy of the correspondence available to any person upon request.

The sample petition may not be submitted to the secretary of state more than 1 year prior to the final date for filing the signed petition with the county election administrator. The secretary of state shall refer a copy of the petition sheet to the attorney general for approval. The secretary of state and attorney general shall each review the petition for sufficiency as to form and approve or reject the form of the petition, stating the reasons for rejection, if any. The attorney general shall also review the petition as to its legal sufficiency. If the attorney general determines that the petition is legally deficient, the attorney general shall notify the secretary of state of that fact and provide a copy of the determination to the secretary of state and to the petitioner within the time provided in 13-27-312(8). The petition may not be given final approval by the secretary of state unless the attorney general's determination is overruled pursuant to 13-27-316. As used in this section, "legal sufficiency" means that the petition complies with the statutory prerequisites to submission of the proposed measure to the electors and that the text of the proposed measure complies with constitutional requirements governing submission of ballot measures to the electorate. Review of a petition for legal sufficiency does not include consideration of the merits or application of the measure if adopted by the voters. The secretary of state or the attorney general may not reject the petition solely because the text contains material not submitted to the legislative services division unless the material not submitted to the legislative services division is a substantive change not suggested by the legislative services division.

(4) (a) The secretary of state shall review the comments and statements of the attorney general received pursuant to 13-27-312 and make a final decision as to the approval or rejection of the petition.

(b) The secretary of state shall send written notice to the person who submitted the petition sheet of the approval or rejection of the form of the petition within 28 days after submission of the petition sheet. ~~The secretary of state shall send written notice to the person who submitted the petition sheet of the final approval or rejection of the petition within 5 days of:~~

~~(i) the date on which a final court decision is entered under 13-27-316 if a challenge to the attorney general's review of the petition is filed pursuant to that section; or~~

~~(ii) the expiration of the time for filing a challenge to the attorney general's review under 13-27-316 if no challenge is filed. If the petition is rejected, the notice must include reasons for rejection.~~

(c) If an action is filed challenging the validity of the petition, the secretary of state shall immediately notify the person who submitted the petition sheet.

(5) A petition with technical defects in form may be approved with the condition that those defects will be corrected before the petition is circulated for signatures.

(6) The secretary of state shall upon request provide the person submitting the petition with a sample petition form, including the text of the proposed measure, the statement of purpose, and the statements of implications, all as approved by the secretary of state and the attorney general. The petition may be circulated in the form of the sample prepared by the secretary of state. The petition may be circulated upon approval of the form of the petition by the secretary of state and the attorney general pending a final determination of its legal sufficiency."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-30-180, MCA, is amended to read:

"15-30-180. Credit for preservation of historic ~~buildings~~ ***property*****.** (1) There is allowed as a credit against the taxes imposed by 15-30-103 a percentage of the credit allowed for qualified rehabilitation expenditures with respect to any certified historic building located in Montana as provided in 15-31-151.

(2) (a) As an alternative to the credit allowed in subsection (1), there is allowed as a credit against the taxes imposed by 15-30-103 an amount equal to 20% of the cost of creating the conservation easement and the diminution in the value of a historically significant property, including buildings and structures, that may result from a contract that places a conservation easement on the property if:

(i) the conservation easement holder is a qualified private organization as defined in 76-6-104;

(ii) the owner of the property is obligated by the contract creating the easement to maintain and preserve the property to retain its historical significance and characteristics for a period of not less than 29 years; and

(iii) the state historic preservation officer, provided for in 2-15-1512, verifies that a property is listed on the national register of historic places or that the property is historically valuable.

(b) For the purposes of this section, property is historically valuable if the property has, as certified by the state historic preservation office, significant qualities reflecting American history, architecture, engineering, or culture that was achieved prior to the last 50 years and the property possesses integrity of location, design, setting, materials, and workmanship and:

(i) is associated with events that have made a significant contribution to the broad patterns of Montana's or the nation's history;

(ii) is associated with the lives of persons significant in our past;

(iii) embodies the distinctive characteristics of a type, period, or method of construction, represents the work of a master, possesses high artistic values, or represents a significant and distinguishable entity whose components may lack individual distinction; or

(iv) has yielded, or may be likely to yield, information important in history.

(c) In addition to any of the tax credit allowed in subsection (2)(a), the owner of a historically significant property, including buildings and structures, that is the subject of a conservation easement contract may take as a credit against the taxes imposed by 15-30-103 an amount equal to 20% of the amount spent by the owner for the direct cost of the protection and the preservation of the property if the preservation efforts are approved as reasonable and necessary by the conservation easement holder. The tax credit may not exceed $25,000 a year.

(3) The maximum tax credit that may be taken under subsection (2) for each historically significant property is $150,000.

(4) The credit allowed by subsection (2) may not be refunded if the taxpayer has a tax liability less than the amount of the credit. If the sum of credit carryovers from the credit, if any, and the amount of credit allowed by subsection (2) for the tax year exceed the taxpayer's tax liability for the current tax year, the excess attributable to the current tax year's credit is a credit carryover to the 6 succeeding tax years. The entire amount of unused credit must be carried forward to the earliest of the succeeding years, and the oldest available unused credit must be used first.

(5) A person may not take a credit against taxes due in any 1 year under both subsection (1) and (2).

~~(2)~~*(6)* The credit *allowed in subsection (1)* may not be allocated between spouses unless the property is used by a small business corporation or a partnership in which they are shareholders or partners."

(1) The parking permit issued under this part, when displayed, entitles a person to park a motor vehicle in a special parking space reserved for a person with a disability, whether on public property or on private property available for public use, when the person for whom the permit was issued is using the special parking space to enter or exit the vehicle.

(2) A vehicle may not be parked in a parking space on public or private property that is clearly identified by an official sign as being reserved for use by a person with a disability unless:

(a) the vehicle is lawfully displaying a parking permit issued under this part, a distinguishing license plate or placard for a person with a disability that was issued by a foreign jurisdiction conferring parking privileges similar to those conferred in subsection (1), or a specially inscribed license plate *displaying the letters "DV"* issued under 61-3-332(10)(c)(i)(A) or (10)(g) or 61-3-426(2); and

(b) the reserved parking space is being used by the person for whom the permit, plate, or placard was issued to enter or exit the vehicle.

(a) The space must be located on a smooth, level surface as near as practicable to building entrances or walkways that have curb cuts and appropriately designed ramps and access lanes to accommodate wheelchairs.

(b) If parallel to curbside, the parking space must be separated from an adjacent space, either in the front or the rear, by at least 5 feet of striped no-parking area.

(c) If at an angle to curbside, the parking space must be at least 8 feet wide and free of obstruction if located at the end of a line of angle parking spaces, and each other angle parking space designated for a person with a disability must be at least 13 feet wide.

In order to meet the penalty statement requirement, signs existing on October 1, 1993, must have attached a decal stating the penalty for a violation. The sign must be attached to a wall or post in a way that it is not obscured by a vehicle parked in the space."

Section 2. Section 61-3-332, MCA, is amended to read:

"**61-3-332. Number plates.** (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle. The number plates are in 10 series: one series for owners of motorcars, one for owners of motor vehicles of the motorcycle or quadricycle type, one for trailers, one for trucks, one for dealers in vehicles of the motorcycle or quadricycle type that bears the distinctive letters "MCD" or the letters "MC" and the word "DEALER", one for franchised dealers in new motorcars (including trucks and trailers) or new and used motorcars (including trucks and trailers) that bears the distinctive letter "D" or the word "DEALER", one for dealers in used motorcars only (including used trucks and trailers) that bears the distinctive letters "UD" or the letter "U" and the word "DEALER", one for dealers in trailers and/or semitrailers (new or used) that bears the distinctive letters "DTR" or the letters "TR" and the word "DEALER", one for dealers in recreational vehicles that bears the distinctive letters "RV" or the letter "R" and the word "DEALER", and one for special license plates. All markings for the various kinds of dealers' plates must be placed on the number plates assigned to the dealer, in the position that the department designates.

(2) (a) All number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the state. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For light vehicles that are permanently registered as provided in 61-3-527 or 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(3) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(4) In the case of motorcars and trucks, plates must be of metal 6 inches wide and 12 inches in length. The outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" and the year must be placed across the plates. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. The distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(7) On all number plates assigned to motor vehicles of the truck and trailer type, other than tax-exempt trucks and tax-exempt trailers, there must appear the letter "T" or the word "TRUCK" on plates assigned to trucks and the letters "TR" or the word "TRAILER" on plates assigned to trailers and housetrailers. The letters "MC" or the word "CYCLE" must appear on plates assigned to vehicles of the motorcycle or quadricycle type.

(8) Number plates issued to a passenger car, truck, trailer, or vehicle of the motorcycle or quadricycle type may be transferred only to a replacement passenger car, truck, trailer, or motorcycle- or quadricycle-type vehicle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they may be formed, beginning with the number 57.

(10) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. The special license plates must be issued to national guard members, former prisoners of war, persons with disabilities, reservists, disabled veterans, survivors of the Pearl Harbor attack, veterans of the armed services, national guard veterans, legion of valor members, or veterans of the armed services who were awarded the purple heart medal, who comply with the following provisions:

(5) The total amount of the costs upon which the credit allowed under subsection (1) is based and the total amount of the credit must be determined by the employer, subject to rules adopted by the department, during the tax year in which the property acquired, constructed, reconstructed, renovated, or otherwise improved is first placed in operation as a day-care facility.

Section 3. Section 15-30-186, MCA, is amended to read:

"15-30-186. Credit for dependent care assistance *and referral services*. *(1)* There is a credit against the taxes otherwise due under this chapter allowable to an employer for amounts paid or incurred during the ~~taxable~~ *tax* year by the employer for dependent care assistance. The credit must be computed in accordance with the provisions of 15-31-131.

(2) In addition to the credit allowed under subsection (1), there is a credit against the taxes otherwise due under this chapter allowable to an employer for amounts paid or incurred during the tax year by the employer to provide information and referral services to assist employees of the employer employed within this state to obtain dependent care. The credit must be computed in accordance with the provisions of 15-31-131."

Section 4. Section 15-31-131, MCA, is amended to read:

"15-31-131. Credit for dependent care assistance *and referral services*. (1) There is a credit against the taxes otherwise due under this chapter allowable to an employer for amounts paid or incurred during the ~~taxable~~ *tax* year by the employer for dependent care assistance actually provided to or on behalf of an employee if the assistance is furnished by a registered or licensed day-care provider and pursuant to a program that meets the requirements of section 129(d)(2) through (6) of the Internal Revenue Code, ~~(~~26 U.S.C. 129(d)(2) through (d)(6)~~)~~.

(2) (a) The amount of the credit allowed under subsection (1) is ~~20%~~ *25%* of the amount paid or incurred by the employer during the ~~taxable~~ *tax* year, but the credit may not exceed ~~$1,250~~ *$1,575* of day-care assistance actually provided to or on behalf of the employee.

(b) For the purposes of this subsection, marital status must be determined under the rules of section 21(e)(3) and (4) of the Internal Revenue Code, ~~(~~26 U.S.C. 21(e)(3) and (e)(4)~~)~~.

(c) In the case of an onsite facility, the amount upon which the credit allowed under subsection (1) is based, with respect to any dependent, must be based upon utilization and the value of the services provided.

(3) (a) In addition to the credit allowed under subsection (1), there is a credit against the taxes otherwise due under this chapter allowable to an employer for amounts paid or incurred during the tax year by the employer to provide information and referral services to assist employees of the employer employed within this state to obtain dependent care.

(b) The amount of the credit allowed under subsection (3)(a) is equal to 25% of the amount paid or incurred in the tax year.

~~(3)~~*(4)* An amount paid or incurred during the ~~taxable~~ *tax* year of an employer in providing dependent care assistance to or on behalf of any employee does not qualify for the credit allowed under subsection (1) if the amount was paid or incurred to an individual described in section 129(c)(1) or (2) of the Internal Revenue Code, ~~(~~26 U.S.C. 129(c)(1) or (c)(2)~~)~~.

~~(4)~~*(5)* An amount paid or incurred by an employer to provide dependent care assistance to or on behalf of an employee does not qualify for the credit allowed under subsection (1):

(a) to the extent the amount is paid or incurred pursuant to a salary reduction plan; or

(b) if the amount is paid or incurred for services not performed within this state.

~~(5)~~*(6)* If the credit allowed under subsection (1) *or (3)* is claimed, the amount of any deduction allowed or allowable under this chapter for the amount that qualifies for the credit (or upon which the credit is based) must be reduced by the dollar amount of the credit allowed. The election to claim a credit allowed under this section must be made at the time of filing the tax return.

~~(6)~~*(7)* The amount upon which the credit allowed under subsection (1) is based may not be included in the gross income of the employee to whom the dependent care assistance is provided. However, the amount excluded from the income of an employee under this section may not exceed the limitations provided in section 129(b) of the Internal Revenue Code, ~~(~~26 U.S.C. 129(b)~~)~~. For purposes of Title 15, chapter 30, part 2, with respect to an employee to whom dependent care assistance is provided, "wages" does not include any amount excluded under this subsection. Amounts excluded under this subsection do not qualify as expenses for which a deduction is allowed to the employee under 15-30-121.

~~(7)~~*(8)* Any tax credit otherwise allowable under this section that is not used by the taxpayer in a particular year may be carried forward and offset against the taxpayer's tax liability for the next succeeding tax year. Any credit remaining unused in the next succeeding tax year may be carried forward and used in the second succeeding tax year~~,~~ and likewise through the fifth year succeeding the tax year in which the credit was first allowed or allowable. A credit may not be carried forward beyond the fifth succeeding tax year.

~~(8)~~*(9)* If the taxpayer is an S. corporation, as defined in section 1361 of the Internal Revenue Code, ~~(~~26 U.S.C. 1361~~)~~, and the taxpayer elects to take tax credit relief, the election may be made on behalf of the corporation's shareholders. A shareholder's credit must be computed using the shareholder's pro rata share of the corporation's costs that qualify for the credit. In all other respects, the effect of the tax credit applies to the corporation as otherwise provided by law.

~~(9)~~*(10)* For purposes of the credit allowed under subsection (1) *or (3)*:

(a) ~~The~~ *the* definitions and special rules contained in section 129(e) of the Internal Revenue Code, ~~(~~26 U.S.C. 129(e)~~)~~, apply to the extent applicable~~.~~*; and*

(b) ~~"Employer"~~ *"employer"* means an employer carrying on a business, trade, occupation, or profession in this state."

AN ACT REVISING LAWS RELATED TO ELECTRIC ENERGY; CLARIFYING THE DEFINITION OF "PROJECT" UNDER THE ECONOMIC DEVELOPMENT BOND LAWS TO ALLOW ELECTRIC GENERATION FACILITIES AND TRANSMISSION LINES TO BE FINANCED UNDER THE LAWS; MODIFYING THE CREDIT LIMITATION AND CARRYOVER PROVISIONS FOR WIND-GENERATED ELECTRICITY ON MONTANA RESERVATION LANDS; EXEMPTING ELECTRICITY GENERATED ON MONTANA RESERVATION LANDS FROM THE WHOLESALE ENERGY TAX FOR OUT-OF-STATE DISTRIBUTION; AMENDING SECTIONS 15-32-403, 15-32-404, 15-72-104, AND 90-5-101, MCA; AND PROVIDING EFFECTIVE DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-32-403, MCA, is amended to read:

"15-32-403. Limitation on credit. *(1) Except as provided in subsection (2),* ~~Whenever~~ *whenever* any federal wind energy tax credits for a system that generates electricity by means of wind power are allowed or allowable under section 48(a) of the Internal Revenue Code (26 U.S.C. 48(a)) or any other federal law, the state credit allowed by 15-32-402 must be reduced by the amount of federal credits so that the effective credit does not exceed 60% of the eligible costs.

(2) An individual, corporation, partnership, or small business corporation, as defined in 15-31-201, is exempt from the provisions of subsection (1) of this section if the individual, corporation, partnership, or small business corporation:

(c) offers contracts with a duration of at least 5 years to sell at least 33% of that commercial system's net generating output at the cost of production plus a reasonable rate of return as designated by the public service commission to customers for use within the state of Montana.

(3) The cost of production must be determined by dividing the cost and operation of the commercial system over an appropriate time period by the kilowatt output of the system."

Section 2. Section 15-32-404. MCA. is amended to read:

"15-32-404. Carryover of credit. *(1)* The tax credit allowed under 15-32-402 is to be deducted from that portion of the taxpayer's tax liability as set forth in 15-32-402(1) for the ~~taxable~~ *tax* year in which the equipment invested in by the taxpayer is placed in service. If the amount of the tax credit exceeds the taxpayer's tax liability for the ~~taxable~~ *tax* year, the amount that exceeds the tax liability may be carried over for credit against the taxpayer's tax liability in the next succeeding ~~taxable~~ *tax* year or years until the total amount of the tax credit, subject to the limitation of 15-32-403, has been deducted from tax liability. However, *except as provided in subsection (2),* ~~no~~ *a* credit may *not* be carried beyond the seventh ~~taxable~~ *tax* year succeeding the ~~taxable~~ *tax* year in which the equipment was placed in service.

(2) A credit may be extended through the 15th tax year succeeding the tax year in which the equipment was placed in service if an individual, corporation, partnership, or small business corporation, as defined in 15-31-201:

(a) invests in a commercial system located within the exterior boundaries of a Montana Indian reservation, which commercial system is 5 megawatts or larger in size; and

(b) signs an employment agreement with the tribal government of the reservation where the commercial system would be constructed regarding the training and employment of tribal members in the construction, operation, and maintenance of the commercial system."

Section 3. Section 15-72-104, MCA, is amended to read:

"15-72-104. Wholesale energy transaction tax — rate of tax — exemptions — cost recovery. (1) (a) Except as provided in subsection (3), a wholesale energy transaction tax is imposed upon electricity transmitted within the state as provided in this section. The tax is imposed at a rate of 0.015 cent per kilowatt hour of electricity transmitted by a transmission services provider in the state.

(b) For electricity produced in the state for delivery outside of the state, the taxpayer is the person owning or operating the electrical generation facility producing the electricity. The transmission services provider shall collect the tax from the person based upon the kilowatt hours introduced onto transmission lines from the electrical generation facility. The amount of kilowatt hours subject to tax must be reduced by 5% to compensate for transmission line losses.

(c) For electricity produced in the state for delivery within the state, the taxpayer is the distribution services provider. The transmission services provider shall collect the tax based upon the amount of kilowatt hours of electricity delivered to the distribution services provider. The taxpayer may apply for a refund for overpayment of taxes pursuant to 15-72-116.

(d) For electricity produced outside the state for delivery inside the state, the taxpayer is the distribution services provider. The transmission services provider shall collect the tax based upon the amount of kilowatt hours of electricity delivered to the distribution services provider.

(e) For electricity delivered to a distribution services provider that is a rural electric cooperative for delivery to purchasers that have opted for customer choice under the provisions of Title 69, chapter 8, part 3, the taxpayer is the distribution services provider. The transmission services provider shall collect the tax based on the amount of kilowatt hours of electricity delivered to the distribution services provider that is attributable to customers that have opted for customer choice.

(f) For electricity delivered to a distribution services provider that prior to May 2, 1999, was owned by a public utility as defined in 69-3-101, the tax is imposed on the successor distribution services provider. The transmission services provider shall collect the tax based upon the amount of kilowatt hours of electricity delivered to the distribution services provider.

(2) (a) If more than one transmission services provider transmits electricity, the last transmission services provider transmitting or delivering the electricity shall collect the tax.

(b) If the transmission services provider is an agency of the United States government, the distribution services provider receiving the electricity shall self-assess the tax subject to the provisions of this part.

(c) If an electrical generation facility located within the state produces electricity for sale inside and outside the state, sales within the state are considered to have come from electricity produced within the state for purposes of the tax imposed by this section.

(3) (a) Electricity transmitted through the state that is not produced or delivered in the state is exempt from the tax imposed by this section.

(b) Electricity produced in the state by an agency of the ~~of the~~ United States government *or electricity produced from an electric energy generation facility as defined in 90-5-101(3) constructed after [the effective date of section 4] that is within the exterior boundaries of a Montana Indian reservation* for delivery outside of the state is exempt from the tax imposed by this section.

(c) Electricity delivered to a distribution services provider that is a municipal utility described in 69-8-103(5)(b) or a rural electric cooperative organized under the provisions of Title 35, chapter 18, is exempt from the tax imposed by this section.

(d) Electricity delivered to a purchaser that receives its power directly from a transmission or distribution facility owned by an entity of the United States government on or before May 2, 1997, or electricity that is transmitted exclusively on transmission or distribution facilities owned by an entity of the United States government on or before May 2, 1997, is exempt from the tax imposed by this section.

[(e) Electricity delivered by a distribution services provider to a customer with loads of 1,000 kilowatts or greater that was first served by a public utility after December 31, 1996, is exempt from the tax imposed by this section, provided that the customer purchases the electricity pursuant to a contract or contracts that establish the purchase price or prices of electricity. The exemption allowed by this subsection (3)(e) does not apply to electricity purchased under a renewal or extension of an existing contract or existing contracts.]

(4) A distribution services provider is allowed to recover the tax imposed by this section and the administrative costs to comply with this part in its rates. (Bracketed language terminates January 1, 2003—sec. 40, Ch. 556, L. 1999.)"

Section 4. Section 90-5-101, MCA, is amended to read:

"**90-5-101. Definition of terms.** As used in this part, unless the context otherwise requires, the following definitions apply:

(1) "Agricultural enterprises" ~~include~~ *includes* but ~~are~~ *is* not limited to producing, warehousing, storing, fattening, treating, handling, distributing, or selling farm products or livestock.

CHAPTER NO. 542

[SB 28]

AN ACT REVISING THE PROCEDURE FOR MODIFICATION OF CHILD SUPPORT ORDERS BY THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES; AMENDING SECTIONS 40-4-204, 40-5-226, 40-5-272, 40-5-273, AND 40-6-116, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-204, MCA, is amended to read:

"40-4-204. Child support — orders to address health insurance — withholding of child support. (1) In a proceeding for dissolution of marriage, legal separation, maintenance, or child support, the court shall order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct.

(2) The court shall consider all relevant factors, including:

(a) the financial resources of the child;

(b) the financial resources of the parents;

(c) the standard of living that the child would have enjoyed had the marriage not been dissolved;

(d) the physical and emotional condition of the child and the child's educational and medical needs;

(e) the age of the child;

(f) the cost of day care for the child;

(g) any parenting plan that is ordered or decided upon; and

(h) the needs of any person, other than the child, whom either parent is legally obligated to support.

(3) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of public health and human services pursuant to 40-5-209. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the parties have entered into an agreement regarding the support amount. A verified representation of the defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or that it is inappropriate in that particular case.

(b) If the court finds that the guideline amount is unjust or inappropriate in a particular case, it shall state its reasons for that finding. Similar reasons must also be stated in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(d) Child support obligations established under this section are subject to the registration and processing provisions of chapter 5, part 9.

(4) Each temporary or final district court judgment, decree, or order establishing a child support obligation under this title and each modification of a final order for child support must include a medical support order as provided for in Title 40, chapter 5, part 8.

(5) (a) Unless the court makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation under 40-4-208 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the written exceptions provided in 40-5-315 or 40-5-411 or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) If an obligor is exempt from immediate income withholding, the district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures.

(c) If a support order subject to income withholding is expressed in terms of a monthly obligation, the order may be annualized and withheld on a weekly or biweekly basis, corresponding to the obligor's regular pay period. When an order is annualized and withheld on a weekly or biweekly basis under this section, the support withheld from the obligor may be retained by the obligee when it exceeds the obligor's monthly support obligation if the excess support is a result of annualized withholding.

(d) If an obligor is exempted from paying support through income withholding, the support order must include a requirement that whenever the case is receiving services under Title IV-D of the Social Security Act, support payments must be paid through the department of public health and human services as provided in 40-5-909.

(6) (a) Each district court judgment, decree, or order that establishes paternity or establishes or modifies a child support obligation must include a provision requiring the parties to promptly file with the court and to update, as necessary, information on:

(i) the party's identity, residential and mailing addresses, telephone number, [social security number,] and driver's license number;

(ii) the name, address, and telephone number of the party's employer; and

(iii) if the child is covered by a health or medical insurance plan, the name of the insurance carrier or health benefit plan, the policy identification number, the names of the persons covered, and any other pertinent information regarding coverage or, if the child is not covered, information as to the availability of coverage for the child through the party's employer.

(b) The court shall keep the information provided under subsection (6)(a) confidential except that the information may be provided to the department of public health and human services for use in administering Title IV-D of the Social Security Act.

(c) The order must also require that in any subsequent child support enforcement action, upon sufficient showing that diligent effort has been made to ascertain the location of the party, the district court or the department of public health and human services, if the department is providing services under Title IV-D of the Social Security Act, may consider due process requirements for notice and service of process met with respect to the party upon delivery of written notice by regular mail to the most recent address of the party or the party's employer's address reported to the court.

(7) ~~Each district court judgment, decree, or order establishing a final child support obligation under this part and each modification of a final order for child support must contain a statement that the order is subject to review and modification by the department of public health and human services upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under Title IV-D of the Social Security Act for the enforcement of the order.~~ *A judgment, decree, or order establishing a child support obligation under this part may be modified or adjusted as provided in 40-4-208 or, if the department of public health and human services is providing services under Title IV-D of the Social Security Act, may be modified or adjusted by the department as provided for in 40-5-271 through 40-5-273 and [sections 5 through 7].*

(8) (a) A district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the child support obligation to be paid, without need for further court order:

(i) to the person with whom the child resides by legal order;

(ii) if the person with whom the child legally resides voluntarily or involuntarily relinquishes physical care and control of the child to another person, organization, or agency, to the person, organization, or agency to whom physical custody has been relinquished;

(iii) if any other person, organization, or agency is entitled by law, assignment, or similar reason to receive or collect the child support obligation, to the person, organization, or agency having the right to receive or collect the payment; or

(iv) to the court for the benefit of the minor child.

(b) When the department of public health and human services is providing services under Title IV-D of the Social Security Act, payment of support must be made through the department for distribution to the person, organization, or agency entitled to the payment.

(c) A judgment, decree, or order that omits the provision required by subsection (8)(a) is subject to the requirements of subsection (8)(a) without need for an amendment to the judgment, decree, or order or for any further action by the court.

(9) A judgment, decree, or order that establishes or modifies a child support obligation must include a provision that if a parent or guardian is the obligee under a child support order and is obligated to pay a contribution for the same child under 41-3-406, 41-5-1304, or 41-5-1512, the parent or guardian assigns and transfers to the department of public health and human services all rights that the parent or guardian may have to child support that are not otherwise assigned under 53-2-613. (Bracketed language terminates on occurrence of contingency—sec. 1, Ch. 27, L. 1999.)"

Section 2. Section 40-5-226, MCA, is amended to read:

"**40-5-226. Administrative hearing — nature — place — time — determinations — failure to appear — entry of final decision and order.** (1) The administrative hearing is defined as a "contested case".

(2) If a hearing is requested, it must initially be conducted by teleconference methods and is subject to the Montana Administrative Procedure Act. At the request of a party or upon a showing that the party's case was substantially prejudiced by the lack of an in-person hearing, the hearings officer shall grant a de novo in-person hearing.

(3) The hearings officer shall determine the liability and responsibility, if any, of the parent or parents under the notice and shall enter a final decision and order in accordance with the determination. The order may award support from the date of:

(a) the child's birth if paternity was established under 40-5-231 through 40-5-238 or under Title 40, chapter 6, part 1, subject to the limitation in 40-6-108(3)(b);

(b) the parties' separation if support is initially established under 40-5-225; or

(c) notice to the parties of a support modification request under 40-5-273.

(4) (a) Except as provided in subsection (4)(b), if the parent or parents fail to appear at the hearing or to timely file a request for a hearing, the hearings officer, upon a showing of valid service, shall enter a default decision and order declaring the amount stated in the notice to be final.

(b) In a multiple party proceeding under 40-5-225, if one party files a timely request for hearing, the matter must be set for hearing. Notice of the hearing must be served on the parties. If a party refuses to appear for the hearing or participate in the proceedings, the hearings officer shall determine child support and medical support orders based on the notice, information available to the department, and evidence provided at the hearing by the appearing parties. A party's refusal to appear is a consent to entry of child and medical support orders consistent with the hearings officer's determination. However, the default order may not be for more than the support requested in the notice unless the hearings officer finds that the evidence requires a larger amount.

(5) In a hearing to determine financial responsibility, whether temporary or final, and in any proceeding to modify support under *40-5-272,* 40-5-273, *and [sections 5 through 7],* the monthly support responsibility must be determined in accordance with the evidence presented and with reference to the uniform child support guidelines adopted by the department under 40-5-209. The hearings officer is not limited to the amounts stated in the notice. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the order is entered upon the parties' consent. A

verified representation of a defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the hearings officer finds by clear and convincing evidence that the application of the guidelines is unjust to the child or to any of the parties or is inappropriate in a particular case. If the hearings officer finds that the guideline amount is unjust or inappropriate in a particular case, the hearings officer shall state the reasons for finding that the application of the guidelines is unjust to the child or a party or is inappropriate in that particular case. Similar findings must also be made in a case in which the parties have agreed to a support amount that varies from the guideline amount. The hearings officer may vary the application of the guidelines to limit the obligor's liability for past support to the proportion of expenses already incurred that the hearings officer considers just. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(6) In a hearing to enforce a support order or to establish paternity under this chapter, the department shall send a copy of the notice of hearing to the obligee by regular mail addressed to the obligee's last-known address. The obligee may attend and observe the hearing as a nonparty. This subsection does not limit participation of an obligee who is a party to the proceedings or who is called as a witness to testify.

(7) (a) Within 60 days after the hearing has been concluded, any posthearing briefs are received, and all the evidence submitted, except for good cause, the hearings officer shall enter a final decision and order. The determination of the hearings officer constitutes a final agency decision, subject to judicial review under 40-5-253 and the provisions of the Montana Administrative Procedure Act. A copy of the final decision must be delivered or mailed to each party, each party's attorney, and the obligee if the obligee is not a party.

(b) A child support obligation established under this section is subject to the registration and processing provisions of part 9 of this chapter.

(8) A support order entered under this part must contain a statement that the order is subject to review and modification by the department upon the request of the department or a party under ~~40-5-271 through~~ *40-5-272,* 40-5-273, *and [sections 5 through 7]* when the department is providing services under IV-D for the enforcement of the order.

(9) A support debt determined pursuant to this section is subject to collection action without further necessity of action by the hearings officer.

(10) A child support obligation determined under this part by reason of the obligor's failure to request a hearing under this part or failure to appear at a scheduled hearing may be vacated, upon the motion of an obligor, by the hearings officer within the time provided and upon a showing of any of the grounds enumerated in the Montana Rules of Civil Procedure. When issuing a support order, the department shall consider whether any of the exceptions to immediate income withholding found ~~at~~ *in* 40-5-411 apply, and, if an exception is applicable, the department shall include the exception in the support order.

(11) (a) Unless the hearings officer makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, each order establishing a child support obligation, whether temporary or final, and each

modification of an existing child support order under this part is enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. A support order that omits that provision or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment of the support order or for any further action by the hearings officer.

(b) If an obligor is excepted from paying support through income withholding, the support order must include a requirement that whenever a party to the case is receiving IV-D services, support payments must be paid through the department as provided in 40-5-909.

(12) (a) If the department establishes paternity or establishes or modifies a child support obligation, the department's order must include a provision requiring each party other than the department to promptly file with the department and to update, as necessary, information on:

(i) identity of the party;

[(ii) social security number;]

(iii) residential and mailing addresses;

(iv) telephone number;

(v) driver's license number;

(vi) name, address, and telephone number of employer; and

(vii) if the child is covered by a health or medical insurance plan, the name of the insurance carrier or health benefit plan, the policy identification number, the name of the persons covered, and any other pertinent information regarding coverage or, if the child is not covered, information as to the availability of coverage for the child through the obligor's and obligee's employer.

(b) The order must further direct that in a subsequent child support enforcement action, upon sufficient showing that diligent effort has been made to ascertain the location of the party, the department's due process requirements for notice and service of process are met with respect to the party upon delivery of written notice by regular mail to the most recent address of the party or the party's employer's address reported to the department.

(c) The department shall keep the information provided under subsection (12)(a) confidential except as necessary for purposes of Title IV-D of the Social Security Act.

(13) The hearings officer may:

(a) compel obedience to the hearings officer's orders, judgments, and process and to subpoenas and orders issued by the department, including income-withholding orders issued pursuant to 40-5-415;

(b) compel the attendance of witnesses at administrative hearings;

(c) compel obedience of subpoenas for paternity blood tests;

(d) compel the production of accounts, books, documents, and other evidence;

(e) punish for civil contempt. Contempt authority does not prevent the department from proceeding in accordance with the provisions of 2-4-104.

(f) compel the production of information requested by the department or *a* IV-D agency of another state under 40-5-443.

(14) A contempt occurs whenever:

(a) a person acts in disobedience of any lawful order, judgment, or process of the hearings officer or of the department;

(b) a person compelled by subpoena to appear and testify at an administrative hearing or to appear for genetic paternity tests fails to do so;

(c) a person compelled by subpoena duces tecum to produce evidence at an administrative hearing fails to do so;

(d) an obligor or obligee subject to a discovery order issued by the hearings officer fails to comply with discovery requests;

(e) a person or entity compelled by administrative subpoena from the department or another IV-D agency to produce financial information or other information needed to establish paternity or to establish, modify, or enforce a support order fails to do so;

(f) a payor under an order to withhold issued pursuant to 40-5-415 fails to comply with the provisions of the order. In the case of a payor under an income-withholding order, a separate contempt occurs each time that income is required to be withheld and paid to the department and the payor fails to take the required action.

(g) a payor or labor union fails to provide information to the department or another IV-D agency when requested under 40-5-443[; or]

[(h) a financial institution uses information provided by the department pursuant to 40-5-924 for any other purpose without the authorization of the department].

(15) Before initiating a contempt proceeding, the department shall give the alleged contemnor notice by personal service or certified mail of the alleged infraction and a reasonable opportunity to comply with the law and to cure the alleged infraction. In order to initiate a contempt proceeding, an affidavit of the facts constituting a contempt must be submitted to the hearings officer, who shall review it to determine whether there is cause to believe that a contempt has been committed. If cause is found, the hearings officer shall issue a citation requiring the alleged contemnor to appear and show cause why the alleged contemnor should not be determined to be in contempt and required to pay a penalty of not more than $500 for each count of contempt. The citation, along with a copy of the affidavit, must be served upon the alleged contemnor either by personal service or by certified mail. All other interested persons may be served a copy of the citation by first-class mail.

(16) At the time and date set for hearing, the hearings officer shall proceed to hear witnesses and take evidence regarding the alleged contempt and any defenses to the contempt. If the alleged contemnor fails to appear for the hearing, the hearing may proceed in the alleged contemnor's absence. If the hearings officer finds the alleged contemnor in contempt, the hearings officer may impose a penalty of not more than $500 for each count found. The hearings officer's decision constitutes a final agency decision, subject to judicial review under 40-5-253 and subject to the provisions of Title 2, chapter 4.

(17) An amount imposed as a penalty may be collected by any remedy available to the department for the enforcement of child support obligations, including warrant for distraint pursuant to 40-5-247, income withholding pursuant to Title 40, chapter 5, part 4, and state debt offset, pursuant to Title 17, chapter 4, part 1. The department may retain any penalties collected under this section to offset the costs of administrative hearings conducted under this chapter.

(18) The penalties charged and collected under this section must be paid into the state treasury to the credit of the child support enforcement division special revenue fund and must be accompanied by a detailed statement of the amounts collected. (Bracketed language terminates on occurrence of contingency—sec. 1, Ch. 27, L. 1999.)"

Section 3. Section 40-5-272, MCA, is amended to read:

"**40-5-272. Application for review of child support orders.** (1) Upon the application of the department, the obligor, or the obligee, a ~~hearings officer appointed pursuant to 40-5-273 shall review~~ support ~~orders~~ *order* filed with the support order registry *or a previously issued administrative support order may be reviewed by the department*~~. The purpose of the review is~~ to determine whether the support order should be modified in accordance with the guidelines.

(2) Jurisdiction to conduct the review and to issue a modifying order under 40-5-273 *and [sections 5 through 7]* is authorized when:

(a) the obligor and the obligee reside in this state; or

(b) jurisdiction can be obtained as provided under 40-5-231.

(3) Jurisdiction to review a child support order under this section does not confer jurisdiction for any other purpose, such as custody or visitation disputes.

(4) Criteria constituting sufficient grounds for review of a child support order include:

(a) ~~inconsistency with this state's guidelines, unless the inconsistency is considered negligible under department rules~~ *a substantial change in circumstances as defined by administrative rules*; ~~or~~

(b) availability of health insurance coverage to the obligor's child through the obligor's employment or other group insurance*; or*

(c) a lapse of 36 months from the date that the order was entered or last reviewed.

(5) The department shall make available procedures and forms that allow the obligor or the obligee to complete the review process without legal counsel.

(6) To the extent that they are consistent with this section, the provisions of 40-5-145, 40-5-149, and 40-5-150 apply to this section."

Section 4. Section 40-5-273, MCA, is amended to read:

"**40-5-273. Administrative review of child support orders— ~~modifying orders~~.** (1) ~~A~~ *Upon receipt of a* review application setting forth facts meeting any of the criteria for review of a child support order established in 40-5-272, ~~must be scheduled for an administrative review. Unless the department determines under rules of the department that an in-person review is necessary, the review must be conducted by teleconferencing methods. A~~ *a* notice that an administrative review will be conducted *and an order for the production of* *financial information* must be served either personally or by certified mail on the obligor, ~~and~~ the obligee, *and any other party entitled to notice.* If service is by certified mail, the department must receive a return receipt signed by the person to whom the notice was mailed for the service to be effective. *Service of the notice is effective if, in the absence of a return receipt, the person to whom the notice was mailed requests a hearing or appears at the administrative review.* The notice must include the following information as an exception to 2-4-601:

(a) a statement of the purpose, objectives, and possible consequences of the review, *including that a modified support order may require the obligee to pay a monthly transfer payment to another party*;

(b) a statement of the right of the obligor and the obligee to request the department to issue subpoenas compelling the appearance of witnesses and the production of documents for a hearing; and

(c) a requirement that the obligor and the obligee provide the department with telephone numbers at which they and their witnesses may be contacted for the review.

(2) ~~The department may issue an order commanding the obligor or the obligee, or both, to produce financial information. The order must be served either personally or by certified mail with the notice that a review will be conducted. If service is by certified mail, the department must receive a return receipt signed by the person to whom the order was mailed for the service to be effective. The department may also issue subpoenas ordering the parties to produce information in their possession about the obligor and the obligee that may be reasonably necessary for application of the guidelines. Any information so obtained by the department must be provided to the parties before a hearing.~~ *An order for the production of financial information may be incorporated into the review notice and must state that:*

(a) the financial information must be returned no later than the 20th day after the date the order is served;

(b) if the requested information is not returned as required, the department may:

(i) proceed with the review using the information available to the department;

(ii) cease all proceedings for the review; or

(iii) initiate contempt proceedings in accordance with 40-5-226; and

(c) any information required by the order must be provided to the department and other parties prior to the review session.

(3) If, in the absence of a certified mail return receipt showing the date of service, a person requests a hearing or appears at an administrative review, any financial information ordered produced pursuant to subsection (2) must be provided to the department no later than the 20th day after the person requests the hearing or appears at the administrative review, unless the person requesting the hearing or attending the administrative review waives that date in writing. A person who waives that date in writing shall provide the financial information by the date provided in subsection (2) or by another date established by order of the department.

~~(3) The requested modification of the order must be determined on the evidence submitted to the department under the following conditions:~~

~~(a) If an applicant other than the department fails to provide a telephone number for the review or fails to be at the number provided when telephoned for the review, the failure may be considered a withdrawal of the application.~~

~~(b) If a party other than the applicant fails to provide a telephone number for the review or fails to be at the number provided when telephoned for the review, the failure is considered to mean that the party does not oppose the modification.~~

~~(c) If the department is the applicant and if either the obligor or the obligee, or both, fails to provide a telephone number for the review or fails to be at the number provided when telephoned for the review, the failure may be considered an admission that the party or parties do not oppose the modification.~~

~~(4) (a) An order entered under the circumstances described in subsection (3)(a), (3)(b), or (3)(c) becomes final within 30 days of issuance unless a party provides the hearings officer an affidavit showing good cause for failure to provide a telephone number or failure to be available when telephoned.~~

~~(b) A proposed modification consent order or notice of proposed modification becomes final 30 days after issuance unless during that period a party files with the department a written request for further administrative proceedings.~~

~~(c) The department shall grant a modification hearing if it receives a timely written request by a party aggrieved by the department's determination. The hearing is subject to the provisions of this section relating to a review. The department may adopt rules regulating the fair and efficient conduct of the hearing. Unless the department determines under department rules that an in-person hearing is necessary, the hearing must be conducted by teleconferencing methods.~~

~~(5) A provision of law may not be construed to mean that an obligor or an obligee is a client of the department, and the department is not considered a party to the action.~~

~~(6) (a) In addition to the powers and duties provided by other law, the department shall, to ensure the equitable determination of a support obligation, during a review:~~

~~(i) question witnesses in a nonadversarial manner to elicit full disclosure of all pertinent facts;~~

~~(ii) introduce evidence on behalf of the parties;~~

~~(iii) apply the guidelines to the facts elicited from the review; and~~

~~(iv) inquire as to any circumstances that may require variance from the guidelines.~~

~~(b) If a party is represented by legal counsel, the department may allow the counsel to present that party's case.~~

~~(7) The department shall determine a support obligation in accordance with the guidelines and shall issue a modifying order. A stipulation by the parties in a proceeding under this section may not be contested before entry of the final department order. If the department determines that the difference between the existing support order and the amount determined under the guidelines is negligible under rules issued by the department, the modifying order may not change the amount of the support obligation. Even though the review may indicate that a modification of the support obligation is appropriate, the department may not modify the support order if the department determines,~~

~~after the review, that to do so would not be in the best interests of the child under the rules issued by the department. An increase in child support is presumed to be in the best interests of the child unless, after a review, either the obligor or the obligee demonstrates it would not be in the best interests of the child. The modifying order may modify the underlying support order from the date of service of a notice that an administrative review will be conducted under this section and may modify the underlying order from the date found to be the date that the amount required for support decreased. The obligee may be ordered to repay the obligor for any support amount overpayment found to have been paid since the date that the amount required for support decreased. If the case is a IV-D case, the department shall, on request of the obligor, enforce the obligee's repayment of the overpaid amount using any procedure provided in this chapter for payment, enforcement, and collection of child support or a delinquency.~~

~~(8) The department shall consider whether or not health insurance for the child is available and shall include an appropriate requirement for the provision of the child's health insurance needs in a modifying order in accordance with part 8 of this chapter.~~

~~(9) In addition to complying with other requirements of law, the modifying order must include provisions:~~

~~(a) that each party, other than the department, is required to promptly file with the department and update, as necessary, information on:~~

~~(i) the identity of the party;~~

~~(ii) the party's social security number;~~

~~(iii) the party's residential and mailing addresses;~~

~~(iv) the party's telephone number;~~

~~(v) the party's driver's license number;~~

~~(vi) the name, address, and telephone number of the party's employer; and~~

~~(vii) if the child is covered by a health or medical insurance plan, the name of the insurance carrier or medical insurance plan, the policy identification number, the names of the persons covered, and any other pertinent information regarding coverage or, if the child is not covered, information as to availability of coverage for the child through the obligor's and obligee's employers;~~

~~(b) that in a subsequent child support enforcement action, upon sufficient showing that diligent effort has been made to ascertain the location of a party, the department's due process requirements for notice and service of process are met with respect to the party upon delivery of written notice by regular mail to the most recent known address of the party or the party's employer's address reported to the department; and~~

~~(c) that the modifying order is subject to future administrative review and modification by the department upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under IV-D.~~

~~(10) The department shall keep information provided under subsection (9)(a) confidential except as necessary for purposes of Title IV-D of the Social Security Act.~~

~~(11) An order entered under this section by the department is a final agency decision, subject to judicial review pursuant to the Montana Administrative Procedure Act, except as provided in 40-5-253. An order entered under this section must notify the parties that the order is subject to judicial review under Title 2, chapter 4, part 7. A final order entered under a stipulation of parties waives the stipulating parties' right to judicial review.~~

~~(12) The parties to the support order and the department when it is providing services under IV-D may enforce the support order or modify that order independently, as provided in 40-4-208 and 53-2-613(5)(d).~~"

Section 5. Review session — consent orders — request for hearing. (1) The review session provided for in 40-5-273 must be conducted by telephone and proceed regardless of the failure of a party to provide the department with a telephone number or be present. A party may appear in person at the administrative review session at the party's own expense. The personal appearance of a party at an administrative review session does not require the personal appearance of any other party or witness at the review session.

(2) The department shall identify facts that are at issue and facts that are agreed, calculate a support obligation in accordance with the guidelines, and issue a recommendation regarding the proper child support amount and the effective date of the proposed modification. The department shall consider whether or not health insurance for the child is available and make an appropriate recommendation in accordance with part 8 of this chapter for the provision of the child's health insurance. A support order may not be modified prior to the date of service of the notice of review.

(3) If the department determines that the difference between the existing support order and the amount determined under the guidelines is negligible under rules issued by the department, an administrative modified support order may not change the amount of the support obligation.

(4) The administrative modified support order must include the following notices and warnings:

(a) that the parents must keep the department informed of the name and address of the obligor's current employer and information on health insurance available to the parents through employment or other group insurance; and

(b) that the modified support order is subject to future administrative review and modification by the department upon the request of the department or a party under 40-5-271 through 40-5-273 and [sections 5 through 7] when the department is providing services under Title IV-D of the Social Security Act.

(5) The review session is not a contested case as defined in 2-4-102. If the parties agree with the proposed administrative modified support order, a consent order will be entered modifying the support obligation. A party disagreeing with the proposed order may request an administrative hearing within 10 days after the date that the proposed order is served on the party personally or by certified mail. If service on the party is by certified mail, the 10-day period for a request of an administrative hearing begins to run the day after the certified mail return receipt is signed. A party's failure to request an administrative hearing when presented with a proposed order in the form of a consent order constitutes a consent to entry of an administrative modified support order in accordance with the recommendation.

Section 6. Administrative hearing after review — final order — court approval of order. (1) Upon receipt of a timely request for hearing from a party to a review session, the department shall schedule an administrative hearing. The hearing is a contested case as defined in 2-4-102 and must initially be conducted by teleconferencing methods. At the request of a party or upon a showing that the party's case was substantially prejudiced by the lack of an in-person hearing, the department shall grant a de novo in-person hearing. The hearing is subject to Title 2, chapter 4, and 40-5-253, except as otherwise provided in 40-5-272, 40-5-273, and [sections 5 through 7].

(2) The administrative hearing following a review session is limited to resolution of contested facts identified by the parties or the department during the review session.

(3) If additional discovery is requested by a party, the hearings officer may issue subpoenas ordering the department to produce nonprotected information and ordering other parties to produce information in their possession about the obligor and the obligee that may be reasonably necessary for application of the guidelines.

(4) In addition to the powers and duties provided by other law, to ensure the equitable determination of a support obligation, during a review hearing the department shall:

(a) question witnesses in a nonadversarial manner to elicit full disclosure of all pertinent facts in dispute;

(b) hear evidence submitted by the parties and rule on its admissibility; and

(c) apply the guidelines to the facts agreed upon and to those determined at the hearing on disputed matters.

(5) On the basis of evidence presented on the contested facts at the administrative hearing and the agreed facts determined in the review session, the department may:

(a) adopt its own recommendation;

(b) determine a support obligation in accordance with the guidelines and issue a modifying order; or

(c) terminate the review.

(6) If the department determines that the difference between the existing support order and the amount determined under the guidelines is negligible under rules issued by the department, the modified support order may not change the amount of the support obligation. Regardless of the amount of the support order, the department may determine that an order for the provision of health insurance is appropriate.

(7) The department shall consider whether or not health insurance for the child is available and make an appropriate order in accordance with part 8 of this chapter for the provision of the child's health insurance.

(8) In addition to complying with other requirements of law, the modified support order must include the following notices and warnings:

(a) that the parties keep the department informed of the name and address of the obligor's current employer and information on health insurance available to the parties through employment or other group insurance; and

(b) that the modified order is subject to future administrative review and modification by the department upon the request of the department or a party under 40-5-271 through 40-5-273 and [sections 5 through 7] when the department is providing services under Title IV-D of the Social Security Act.

(9) Except as provided in subsection (10), an order entered under this section:

(a) is a final agency decision and is subject to judicial review pursuant to the Montana Administrative Procedure Act; and

(b) must notify the parties that the order is subject to judicial review under Title 2, chapter 4, part 7, and 40-5-253.

(10) An administrative modified support order issued under [section 5] or this section that modifies a support order entered by a Montana court or a court of another jurisdiction is not effective as a final order until the modified order is filed with and approved by the court that entered the order, if that order was entered by a Montana district court. If the order was entered by a court of another jurisdiction, the order must be filed with and approved by a Montana district court that is an appropriate court under the Montana laws or rules of court governing jurisdiction and venue in civil proceedings. The department shall file the proposed modified order with the appropriate court under the Montana laws or rules of court governing jurisdiction and venue in civil proceedings and shall serve the order on the parties and their counsel of record in the administrative and court proceedings personally or by certified mail, return receipt requested. Service is complete upon signing of the return receipt. A party may file a written objection to an administrative modified support order proposed by the department under this section with the court within 20 days after service of a copy of the order on the party. The court shall set a date for a hearing on the objection to the proposed order. If an objection is not filed, the court may without further notice enter its order. The court may adopt an administrative modified support order proposed under [section 5] or this section, modify it, reject it, or remand it to the department with instructions for further hearing. Service of the court order must be in accordance with Rule 5 of the Montana Rules of Civil Procedure. If the court modifies a proposed administrative modified support order proposed under [section 5] or this section without a hearing, a party may file an objection to the court's modification within 10 days of service of the court's order on the party. If an objection is filed, the court shall set a date for hearing the objection and shall enter its final order after the hearing.

Section 7. Limited review of support order. A party may apply for a limited review to address a specific change that occurred after a support order was entered, that is not caused by an increase or decrease in a party's annual net income, and that may have other effects on the existing support order. It is presumed that all other facts relative to the existing support order, including income and deductions from income, remain unchanged. Information gathered is limited to that which is necessary to verify the change, the value of the change, and the expected duration of the change. The department's recommendation must be limited to whether the value of the change should be added to or subtracted from the amount of the existing support order. If a more detailed modification is required in a case presented for limited review, the case becomes subject to the requirements of [section 6]. The circumstances in which a limited review process is available are confined to cases in which:

(1) there is a change in parenting time or residence of a child and a modified support order has not been entered as a result of the change;

(2) a child's need for daycare services has increased or decreased and the increase or decrease is expected to continue for at least 18 months;

(3) a child has developed special needs that did not exist when the existing support order was issued and the needs are expected to continue for at least 18 months or a special need considered in the support order no longer exists;

(4) the cost of health insurance coverage for a child provided by a parent has increased or decreased by 25% of the support order and the increase or decrease is expected to continue for at least 18 months;

(5) there has been the birth of another child to the parties and the child's needs are to be added to the existing support order; or

(6) a child has reached the age of majority, become emancipated, married, entered military service, or died.

Section 8. Section 40-6-116, MCA, is amended to read:

"**40-6-116. Judgment or order.** (1) The judgment or order of the court determining the existence or nonexistence of the parent and child relationship is determinative for all purposes.

(2) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a substitute birth certificate be issued under 40-6-123.

(3) (a) The judgment or order may contain any other provision directed against the appropriate party to the proceeding concerning the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child.

(b) Except when the financial responsibility of a responsible parent is in the process of being determined pursuant to the administrative procedure provided in 40-5-225, the judgment or order must contain a provision concerning the duty of child support.

(c) The judgment or order may direct the father to pay the reasonable expenses of the mother's pregnancy and confinement.

(4) (a) Support judgments or orders ordinarily must be for periodic payments, which may vary in amount.

(b) In the best interest of the child, a lump-sum payment or the purchase of an annuity may be ordered in lieu of periodic payments of support.

(c) The court may limit the father's liability for past support of the child to the proportion of the expenses already incurred that the court considers just.

(5) In determining the amount to be paid by a parent for support of the child and the period during which the duty of support is owed, a court enforcing the obligation of support shall consider all relevant facts, including:

(a) the needs of the child, including medical needs;

(b) the standard of living and circumstances of the parents;

(c) the relative financial means of the parents;

(d) the earning ability of the parents;

(e) the need and capacity of the child for education, including higher education;

(f) the age of the child;

(g) the financial resources and the earning ability of the child;

(h) the responsibility of the parents for the support of others;

(i) the value of services contributed by the custodial parent;

(j) the cost of day care for the child; and

(k) any custody arrangement that is ordered or decided upon.

(6) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of public health and human services pursuant to 40-5-209. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the parties have entered into an agreement regarding the support amount. A verified representation of a defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.

(b) If the court finds that the guideline amount is unjust or inappropriate in a particular case, it shall state its reasons for finding that the application of the standards and guidelines is unjust to the child or a party or is inappropriate in that particular case. Similar reasons must also be stated in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(d) Child support obligations established under this section are subject to the registration and processing provisions of chapter 5, part 9.

(7) The judgment or order, whether temporary or final, concerning child support and each modification of a judgment or order for child support must include a medical support order as defined in 40-5-804.

(8) (a) Unless an exception is found under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation made under 40-6-118 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the exception or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) If a support order subject to income withholding is expressed in terms of a monthly obligation, the order may be annualized and withheld on a weekly or biweekly basis, corresponding to the obligor's regular pay period.

(c) If an obligor is excepted from paying support through income withholding, the support order must include as part of the order a requirement that whenever the case is receiving services under Title IV-D of the Social Security Act, support payments must be paid through the department of public health and human services as provided in 40-5-909.

(9) (a) If the district court establishes paternity or establishes or modifies a child support obligation, the judgment, decree, or order must include a provision requiring the parties to promptly file with the court and to update, as necessary, information on:

(i) identity of the party;

[(ii) social security number;]

(iii) residential and mailing addresses;

(iv) telephone number;

(v) driver's license number;

(vi) name, address, and telephone number of the party's employer; and

The petition must clearly indicate that the individual signing the petition read and understood the provisions of the code and understood the geographic area in which the code would be applied.

(6) The county jurisdictional area and the building code applicable to that area become effective 60 days after the determination by the county election administrator that the petition has been signed by the number of record owners of real property required by this section.

(7) (a) Except as provided in this subsection, once adopted by petition as provided in this section, a county building code may not be amended except by petition in accordance with this section or by submitting the modification to the electors as provided in [section 6].

The notice must be published at least 15 days before and no more than 45 days before the election is to be held. (4) If a majority of those persons returning the mail ballots vote in favor of retention of the municipal jurisdictional area beyond the corporate limits of the municipality, the area must continue in existence as provided in law. If a majority of those persons returning the ballots vote against retention of the municipal jurisdictional area beyond the corporate limits of the municipality, that area is terminated on the day on which the board of county canvassers declares the results of the election.

[HB 41]

AN ACT GENERALLY REVISING THE LAWS GOVERNING DEDICATED REVENUE AND STATUTORY APPROPRIATIONS; PROVIDING FOR THE DEPOSIT OF STATE SCHOOL FUND REVENUE INTO A SUBFUND OF THE STATE GENERAL FUND; PROVIDING FOR THE DEPOSIT IN THE STATE GENERAL FUND OF PROCEEDS FROM THE SALE OF PROPERTY USED IN THE THEFT OR TRANSPORTATION OF STOLEN LIVESTOCK; PROVIDING FOR THE DEPOSIT OF TIMBER HARVEST FUNDS IN THE STATE SPECIAL REVENUE FUND; STATUTORILY APPROPRIATING TIMBER HARVEST FUNDS TO SCHOOLS FOR TECHNOLOGY ACQUISITION; ELIMINATING THE REQUIREMENTS FOR REVIEWS OF DEDICATED REVENUE PROVISIONS AND STATUTORY APPROPRIATIONS BY THE LEGISLATIVE FINANCE COMMITTEE; AMENDING SECTIONS 17-1-505, 17-1-508, 17-7-502, 20-9-342, 20-9-343, 20-9-534, 81-5-110, AND 81-5-111, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-1-505, MCA, is amended to read:

"**17-1-505. Review of dedicated revenue provisions.** ~~(1) Each interim, the legislative finance committee shall review dedicated revenue provisions based upon procedures established under subsection (4) and the principles of revenue dedication set forth in 17-1-507 to ensure that legislative policy is clearly stated.~~

~~(2)~~*(1)* The legislature recognizes that dedicated revenue provisions are subject to review by:

(a) the office of budget and program planning in the development and implementation of the executive budget and analysis of legislation;

(b) the legislative fiscal division in analyzing the executive budget;

(c) the legislative services division in drafting legislation;

(d) the legislative auditor in auditing agencies; and

(e) the department of administration in performing the functions provided for in 17-2-106 and 17-2-111.

~~(3)~~*(2)* To avoid unnecessary use of dedicated revenue provisions, the entities listed in subsection ~~(2)~~ *(1)* shall, in the course of current duties, consider the principles in 17-1-507 and the criteria listed in this subsection for each new or existing dedicated revenue provision. A dedicated revenue provision should not give a program or activity an unfair advantage for funding. The expenditures from a dedicated revenue provision must be based on requirements for meeting a legislatively established outcome. Statutorily mandated programs or activities

funded through dedicated revenue provisions from general revenue sources must be reviewed to the same extent as programs or activities funded from the general fund. The use of a dedicated revenue provision may be justified if it satisfies one or more of the following:

(a) **The program or activity funded provides direct benefits for those who pay the dedicated tax, fee, or assessment, and the tax, fee, or assessment is** commensurate with the costs of the program or activity.

(b) **The use of the dedicated revenue provision provides special information or other advantages that could not be obtained if the revenue were allocated to the general fund.**

(c) The dedicated revenue provision provides program funding at a level equivalent to the expenditures established by the legislature.

(d) The dedicated revenue provision involves collection and allocation formulas that are appropriate to the present circumstances and current priorities in state government.

(e) The dedicated revenue provision does not impair the legislature's ability to scrutinize budgets, control expenditures, and establish priorities for state spending.

(f) The dedicated revenue provision results in an appropriate projected ending fund balance.

(g) The dedicated revenue provision fulfills a continuing, legislatively recognized need.

(h) The dedicated revenue provision does not result in accounting or auditing inefficiency.

~~(4) The committee shall establish procedures to facilitate a biennial review and evaluation of dedicated revenue provisions.~~

~~(5) Upon completion of the review, the committee shall report a summary of its findings to the legislature, including its recommendation of termination or extension, with or without modification, of the dedicated revenue provision.~~"

Section 2. Section 17-1-508, MCA, is amended to read:

"17-1-508. Review of statutory appropriations. ~~(1) Each interim, the legislative finance committee shall, based upon procedures established pursuant to subsection (5), review statutory appropriations that are contained in the sections listed in 17-7-502 to eliminate those that no longer fulfill a legislative need and to ensure that legislative policy is clearly stated concerning the use of statutory appropriations.~~

~~(2)~~*(1)* Each biennium, the office of budget and program planning shall, in development of the executive budget, *review and* identify instances in which statutory appropriations in current law do not appear consistent with the guidelines set forth in subsection ~~(3)~~ *(2)*.

~~(3)~~*(2)* The review of statutory appropriations must determine whether a statutory appropriation meets the requirements of 17-7-502. A statutory appropriation from a continuing and reliable source of revenue may not be used to fund administrative costs. In reviewing and establishing statutory appropriations, the legislature shall consider the following guidelines. A statutory appropriation may be considered appropriate if:

(a) the fund or use requires an appropriation;

(b) the money is not from a continuing, reliable, and estimable source;

(c) the use of the appropriation or the expenditure occurrence is not predictable and reliable;

(d) the authority does not exist elsewhere;

(e) an alternative appropriation method is not available, practical, or effective;

(f) other than for emergency purposes, it does not appropriate money from the state general fund;

(g) the money is dedicated for a specific use;

(h) the legislature wishes the activity to be funded on a continual basis; and

(i) when feasible, an expenditure cap and sunset date are included.

~~(4)~~*(3)* The office of budget and program planning shall prepare a fiscal note for each piece of legislation that proposes to create or amend a statutory appropriation. It shall, consistent with the guidelines in this section, review each of these pieces of legislation. Its findings concerning the statutory appropriation must be contained in the fiscal note accompanying that legislation.

~~(5) The legislative finance committee shall establish procedures to facilitate a biennial review and evaluation of statutory appropriations. Upon completion of the review, the committee shall report a summary of its findings to the legislature, including a recommendation for terminating, extending, or modifying the statutory appropriations reviewed.~~"

Section 3. Section 17-7-502, MCA, is amended to read:

[HB 165]

AN ACT ESTABLISHING THE MONTANA REPATRIATION ACT; PROVIDING A MECHANISM FOR THE RETURN OF HUMAN SKELETAL REMAINS OR FUNERARY OBJECTS TAKEN FROM BURIAL SITES PRIOR

TO JULY 1, 1991, TO A TRIBAL GROUP, NEXT OF KIN, OR DESCENDANT ABLE TO ESTABLISH CULTURAL AFFILIATION; EXEMPTING LITHIC MATERIAL AND OTHER ARTIFACTS OF NONHUMAN DERIVATION REMOVED FROM THE ANZICK SITE ON OR BEFORE JULY 1, 1991, FROM THE PROVISIONS OF THIS ACT; REQUIRING A HEARING PURSUANT TO THE MONTANA ADMINISTRATIVE PROCEDURE ACT; PROVIDING FOR AN APPEAL OF ANY BURIAL PRESERVATION BOARD DECISION TO DISTRICT COURT; STAYING A BOARD DECISION REGARDING REPATRIATION OR STUDY DURING AN APPEAL; PROVIDING FOR PAYMENT OF TESTING AND REIMBURSEMENT OF COURT COSTS AND REASONABLE ATTORNEY FEES; PROVIDING PROCEDURAL RULEMAKING AUTHORITY TO THE BOARD; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 13] may be cited as the "Montana Repatriation Act".

Section 2. Legislative findings and intent. (1) The legislature of the state of Montana finds that:

(a) since July 1, 1991, and passage of the Human Skeletal Remains and Burial Site Protection Act, Montana law has provided a mechanism to protect marked, unmarked, unrecorded, registered, or unregistered graves or burial grounds discovered on state and private land from pilferage, disturbance, and destruction in an effort to provide equal protection and respect for all burial sites, human skeletal remains, and funerary objects;

(b) despite the state's success in balancing the interests of those persons who have tribal, kinship, cultural, or religious affiliation with a burial site with the interests of scientists, agencies, law enforcement, and private landowners, the 1991 Human Skeletal Remains and Burial Site Protection Act did not provide a mechanism to repatriate culturally affiliated human skeletal remains or funerary objects that were taken from burial sites prior to July 1, 1991;

(c) funerary objects interred with culturally affiliated human skeletal remains are not abandoned when interred. Discoverers, therefore, have no right of ownership, and they cannot confer a right of ownership to another because the person who interred funerary objects with the deceased did not through interment abandon a property interest in the objects, but intended for those objects to remain with the deceased.

(d) the state of Montana has an obligation to avoid infringing upon the right to religious beliefs and practices guaranteed to all citizens under the free exercise clause of the first amendment of the United States constitution and under Article II, section 4, of the Montana constitution and to preserve the cultural integrity of American Indian citizens recognized by the state under Article X, section 1(2), of the Montana constitution;

(e) the state of Montana acknowledges the paramount privacy right of a tribal group, lineal descendant, next of kin, agency, or museum to protect sensitive and sacred information that may be required to be disclosed to demonstrate cultural affiliation or lineal descent and therefore authorizes the protection of that information to the full extent allowed by the Montana constitution; and

(f) the state of Montana acknowledges the right of an agency, museum, or person to maintain possession or control of human skeletal remains or funerary objects that are currently under scientific study or that require testing prior to the effective date of the board's determination regarding repatriation.

(2) It is the intent of the legislature to:

(a) provide a consistent state policy to ensure that all human skeletal remains and all funerary objects interred with those human skeletal remains be treated with dignity and respect;

(b) encourage voluntary disclosure and repatriation of culturally affiliated human skeletal remains and funerary objects by an agency, museum, or person;

(c) provide a mechanism to provide for repatriation of human skeletal remains and funerary objects to a tribal group, lineal descendant, or next of kin establishing cultural affiliation with those human skeletal remains or funerary objects that were taken from unprotected burial sites prior to July 1, 1991, and that are currently in the possession or control of an agency, museum, or person in this state; and

(d) protect the right of privacy guaranteed to tribal groups, lineal descendants, next of kin, agencies, or museums regarding the disclosure of sacred or religious information to the full extent allowed by the Montana constitution.

Section 3. Definitions. As used in [sections 1 through 13], the following definitions apply:

(1) "Agency" means any department, bureau, commission, board, council, or political subdivision of the state of Montana, except an entity that is a cemetery board or has authority over a cemetery.

(2) "Board" means the burial preservation board established in 22-3-804.

(3) "Burial site" has the meaning provided in 22-3-803.

(4) "Claimant" means a claimant for repatriation under [section 5] and includes a tribal group, lineal descendant, or next of kin.

(5) "Control" means having a legal interest in human skeletal remains or funerary objects sufficient to lawfully permit an agency or museum to treat the object as part of its collection for purposes of [sections 1 through 13] whether or not the human skeletal remains or funerary objects are in the physical custody of the agency or museum.

(6) "Cultural affiliation" means the existence of a shared group identity that can reasonably be traced historically or anthropologically between a tribal group and an identifiable earlier tribe. It may also include a shared identity that can reasonably be traced historically between an individual and an identifiable individual lineal descendant or next of kin.

(7) "Funerary objects" means objects that, as part of a death rite or ceremony, are reasonably believed to have been placed with human skeletal remains at a specific burial site either at the time of death or later and which human skeletal remains are currently in the possession or control of an agency, museum, or person, either along with the human skeletal remains or that can be identified by a preponderance of the evidence to be related to specific known human skeletal remains not currently in the possession or control of the agency, museum, or person.

(8) "Human skeletal remains" has the meaning provided in 22-3-803.

(9) "Inventory" means an itemized list that summarizes the collection of human skeletal remains and funerary objects in the possession or control of an agency or museum.

(10) "Marked, unmarked, unrecorded, registered, or unregistered grave or burial ground" has the meaning provided in 22-3-803.

(11) "Museum" means an entity or state or local government agency, including an educational institution, that receives state funding.

(12) "Person" includes a corporation, partnership, joint venture, estate, and any other legal entity, as well as a natural person.

(13) "Possessing entity" means an agency, museum, or person from whom repatriation is requested.

(14) (a) "Possession" means having physical custody of human skeletal remains or funerary objects with a sufficient legal interest to lawfully treat the human skeletal remains or funerary objects as part of a collection.

(b) The term does not include human skeletal remains or funerary objects on loan to an agency or museum.

(15) "Right of possession" means:

(a) possession obtained of nonculturally affiliated human skeletal remains or funerary objects; or

(b) possession obtained with the voluntary consent of a group or individual that had authority of alienation over the human skeletal remains or funerary object.

(16) "Tribal group" has the meaning provided in 22-3-803.

Section 4. Agency and museum inventory of human skeletal remains and funerary objects. (1) An agency or museum that on or after [the effective date of this act] has possession or control over human skeletal remains or funerary objects shall within 6 months complete an inventory of all human skeletal remains and funerary objects and, to the extent possible based on all information possessed by the agency or museum:

(a) identify the circumstances surrounding the acquisition of the human skeletal remains or funerary objects, including any geographical information available pertaining to the original location of the human skeletal remains or funerary objects;

(b) list in the inventory the human skeletal remains or funerary objects that are clearly identifiable as to cultural affiliation; and

(c) list the human skeletal remains or funerary objects that are not clearly identifiable as to cultural affiliation.

(2) Within 3 months of completing the inventory, the agency or museum shall provide a copy of the inventory to:

(a) the board;

(b) the state historical preservation office; and

(c) each tribal government located in Montana.

(3) The agency, museum, board, or state historical preservation office shall provide a copy of an inventory list or a portion of a list to any other requesting

party only after the agency, museum, board, or office, pursuant to Article II, section 9, of the Montana constitution, has balanced the public's right to the information and the individual privacy interest associated with the information and has determined that the right of individual privacy does not clearly exceed the merits of public disclosure.

(4) Following completion of the initial inventory, each agency or museum shall, whenever the agency or museum receives new human skeletal remains or funerary objects through a loan or donation, update its inventory list within 6 months of the loan or donation. Upon completion, the agency or museum shall provide a copy of this update to the entities listed in subsection (2) within 3 months.

Section 5. Claims for repatriation. (1) A claim for repatriation of human skeletal remains or funerary objects must be made by:

(a) filing a written claim for the human skeletal remains or funerary objects with the board and the possessing entity having possession or control of the human skeletal remains or funerary objects; and

(b) proving, by a preponderance of the evidence:

(i) the claimant's cultural affiliation to the human skeletal remains or funerary objects; and

(ii) that the possessing entity does not have the right of possession.

(2) A claim for repatriation under this section may be made by a claimant:

(a) who claims cultural affiliation and requests the return of human skeletal remains or funerary objects listed in the inventory of an agency or museum; or

(b) who requests the repatriation of human skeletal remains or funerary objects that are not listed in the inventory of an agency or museum but are in the possession or control of the possessing entity.

Section 6. Hearing — hearings examiner — evidence — study or testing order and costs — findings. (1) The board shall appoint an attorney licensed to practice law in Montana as a hearings examiner to hold a hearing pursuant to Title 2, chapter 4, part 6, on a claim filed under [section 5]. At a hearing under this section, the hearings examiner shall hear the evidence presented by each party, including evidence presented by a possessing entity or intervenor in support of a request for a temporary delay in repatriation made under [section 7].

(2) Either party or an intervenor may request and is responsible for the cost of genetic or other study or testing necessary to determine cultural affiliation. Upon such a request, the hearings examiner may order any study or testing necessary and may require a surety bond to ensure protection of human skeletal remains or funerary objects. The hearings examiner may grant the study or testing requested along with sufficient time to conduct the study or testing or may deny any study or testing requested upon a finding that the study or testing would not likely be pertinent to the determination of cultural affiliation.

(3) (a) If, based on a preponderance of the evidence, the hearings examiner finds that the claimant has a cultural affiliation with the human skeletal remains or funerary objects and that the possessing entity does not have the right of possession, the hearings examiner shall recommend to the board that the board order repatriation under [section 8]. If the hearings examiner finds that there is a

need to temporarily delay repatriation based on an ongoing scientific study or a good faith effort toward scientific study under [section 7], the hearings examiner shall recommend a delay as provided in [section 7].

(b) If, based on a preponderance of the evidence, the hearings examiner finds that the claimant has not proven that the claimant has a cultural affiliation with the human skeletal remains or funerary objects and that the possessing entity has the right of possession, the hearings examiner shall recommend to the board that the board deny the claimant's request for repatriation and shall recommend that the board order that the possessing entity be granted uncontested control and possession of the human skeletal remains or funerary objects under [section 8].

(c) A recommendation under this subsection (3) shall be made in the form of a proposal for decision as provided in 2-4-621. The provisions of 2-4-621 apply to a recommendation made under this subsection (3).

(4) If the hearings examiner recommends repatriation, the hearings examiner shall issue an order requiring the possessing entity to consult with the claimant to arrange for the expeditious repatriation of the culturally affiliated human skeletal remains or funerary objects to the claimant, upon order of the board under [section 8].

Section 7. Delay of repatriation for scientific study. (1) If repatriation is ordered after a hearing, a possessing entity may request a temporary delay in repatriation because of:

(a) scientific study being conducted on or proposed to be conducted on human skeletal remains or funerary objects in its possession or control; or

(b) good faith efforts to initiate or proceed with a scientific study of human skeletal remains or funerary objects in its possession or control.

(2) If a hearings examiner determines that a possessing entity has provided evidence supporting a good faith effort regarding scientific study, the hearings examiner shall provide a reasonable period of delay to allow completion of the study prior to repatriation.

Section 8. Board decision — order — immunity against aggrieved parties — relinquishment of control by tribal group. (1) Subject to the provisions of 2-4-621 and 2-4-623, at the conclusion of the hearing and upon receipt of the recommendations of the hearings examiner, the board shall:

(a) issue findings of facts and conclusions related to any decision regarding its determination supporting or denying a claimant's written request for the repatriation of human skeletal remains or funerary objects;

(b) issue findings of facts and conclusions related to any decision regarding a possessing entity's or intervenor's request for a temporary delay in repatriation pending completion of ongoing scientific study; and

(c) provide the claimant, respondent, possessing entity, or intervenor with a written copy of its findings and conclusions regarding the specific repatriation request.

(2) A possessing entity that repatriates culturally affiliated human skeletal remains or funerary objects in good faith pursuant to this section is not liable for claims by an aggrieved party or for claims of breach of a fiduciary duty or the public trust or of violation of state law that are inconsistent with [sections 1 through 13].

(3) This section does not prevent the governing body of a tribal group from expressly relinquishing control over any human skeletal remains or control or title to any funerary object. The acquisition of a funerary object from a tribal group or individual with the voluntary consent of the tribal group or individual with authority to alienate the object constitutes the right of possession over that object. Divestiture of culturally affiliated human skeletal remains or funerary objects from a person without a right of possession does not constitute an unconstitutional taking of property.

Section 9. Appeals -- stay of order pending appeal — court costs and attorney fees. (1) Within 30 days of a board decision regarding human skeletal remains or a funerary object located within the jurisdiction of the state, either party may file an appeal in the district court in the county in which the subject of the dispute is located. The court may include a grant of attorney fees to the prevailing party when it would serve the interests of justice. The court shall grant an award of costs to the prevailing party. An appeal under this section is subject to the provisions of Title 2, chapter 4, part 7.

(2) The filing of an appeal by either party automatically stays a board order on repatriation of human skeletal remains or funerary objects.

(3) A protection order issued by the board remains in effect until the issue is finally resolved by a state court.

Section 10. Multiple claims — care and handling of human skeletal remains or funerary objects pending disposition. If multiple requests for repatriation of human skeletal remains or funerary objects occur and the appropriate claimant cannot be determined, the board shall provide for the appropriate care and handling of the human skeletal remains or funerary objects until:

(1) the requesting parties agree upon the disposition;

(2) the dispute is resolved by the board pursuant to [section 8]; or

(3) the issue is finally resolved in a state court of competent jurisdiction.

Section 11. Closure of hearings. To the extent allowed by Montana law, the board shall, upon the request of either party or an intervenor, close any part of a board hearing or any part of a hearing under [section 6] to the public if the board finds that information required at the hearing may include identification of the specific location of a burial site that may lead to compromise of a burial site, human skeletal remains, or funerary objects or that information necessary for a determination regarding repatriation may compromise or interfere with any religious practice or custom.

Section 12. Rules. The board shall adopt rules necessary to provide for filing of claims, procedures for hearings authorized under [sections 1 through 13], and procedures for resolving multiple claims. Hearings may not occur until rules have been adopted. Rules must address, at a minimum, criteria for determining lineal descent, cultural affiliation, standards of evidence, and standards of proof.

Section 13. Exclusions. The provisions of [sections 1 through 13] do not apply to any lithic material or other artifacts of nonhuman derivation removed from the Anzick site (known as Montana historical site No. 24PA506) on or before July 1, 1991, regardless of where the material or artifacts are located or by whom the material or artifacts are controlled or possessed.

Section 14. Codification instruction. [Sections 1 through 13] are intended to be codified as a new part in Title 22, chapter 3.

Section 15. Effective date. [This act] is effective on passage and approval.

Be it enacted by the Legislature of the State of Montana:

Section 1. Exemption. (1) An employee of a county hospital or county rest home in a third, fourth, fifth, sixth, or seventh class county or an employee of a hospital district is exempt from the provisions of this part.

(2) For any reduction in leave benefits for an employee subject to subsection (1), there must be an increase in compensation or benefits.

The laws prohibiting discrimination on the basis of marital status in Title 49 do not prohibit bona fide group insurance plans from providing greater or additional contributions for insurance benefits to employees with dependents than to employees without dependents or with fewer dependents.

(b) The governing body of a county, city, or town may, at its discretion, consider the employees of private, nonprofit economic development organizations to be employees of the county, city, or town solely for the purpose of participation in group hospitalization, medical, health, including long-term disability, accident, or group life insurance contracts or plans as provided in subsection (1)(a). The governing body of the county, city, or town may require an employee or organization to pay the actual cost of coverage required for participation or may, at its discretion and subject to any restriction on who may be a member of a group, pay all or part of the cost of coverage of the employee of the organization.

(2) State employees and elected officials, as defined in 2-18-701, may participate in state employee group benefit plans as are provided for under part 8 of this chapter.

(3) For state officers and employees, the premiums required from time to time to maintain the insurance in force must be paid by the insured officers and employees, and the state treasurer shall deduct the premiums from the salary or wages of each officer or employee who elects to become insured, on the officer's or employee's written order, and issue a warrant for the premiums to the insurer.

(4) For the purpose of this section, the plans of health service corporations for defraying or assuming the cost of professional services of licentiates in the field of health or the services of hospitals, clinics, or sanitariums or both professional and hospital services must be construed as group insurance and the dues payable under the plans must be construed as premiums for group insurance.

(5) If the board of trustees of a school district implements a self-insured group health plan or if the board of regents implements an alternative to conventional insurance to provide group benefits to its employees, the board shall maintain the alternative plan on an actuarially sound basis."

Section 3. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 2, chapter 18, part 6, and the provisions of Title 2, chapter 18, part 6, apply to [section 1].

(c) Except as provided in subsection (6), multiple levies served under this subsection (5) have priority according to the date and time of service upon the employer.

(d) The return of service on a levy upon the earnings of a judgment debtor is returned in the same manner provided for in 25-13-404.

(6) Nothing in this section is intended to supersede any state or federal laws regarding priority that must be given to certain levies and executions."

"**25-13-404. Return of the execution.** (1) Except as provided in ~~subsections (2) and~~ *25-13-402(5) and subsection* (3) *of this section*, execution may be made returnable to the clerk of the court in which the judgment was rendered, at any time not less than 10 or more than ~~60~~ *120* days after receipt of the recovery by the sheriff or levying officer following imposition of levy, as provided in 25-13-402.

(2) The writ of execution issued by the county treasurer under 15-16-401 may be made returnable, at any time not less than 10 or more than ~~90~~ *120* days after its receipt by the sheriff ~~or levying officer~~, to the county treasurer of the county in which the writ was issued.

(3) In compliance with the provisions of subsection (1) and in lieu of returning the writ of execution to the clerk of the court, the sheriff may enclose ~~his~~ *the* return of the writ in an envelope to the officer, agent, or attorney who sent it and deposit it in the post office, prepaying the postage."

"**61-5-205. Mandatory revocation of license upon proper authority.** The department upon proper authority shall revoke the driver's license or the operating privilege of any driver upon receiving a record of the driver's conviction or forfeiture of bail not vacated of any of the following offenses, when the conviction or forfeiture has become final:

(2) driving a motor vehicle while under the influence of alcohol or any drug or a combination of alcohol or drugs, except as provided in 61-5-208, or operation of a motor vehicle by a person with a blood alcohol concentration of 0.10 or more;

(3) any felony in the commission of which a motor vehicle is used;

(5) perjury or the making of a false affidavit or statement under oath to the department under this chapter or under any other law relating to the ownership or operation of motor vehicles;

(6) conviction or forfeiture of bail not vacated upon three charges of reckless driving committed within a period of 12 months; or

(7) negligent vehicular assault as defined in 45-5-205 *involving a motor vehicle.*"

Section 4. Section 61-8-401, MCA, is amended to read:

"**61-8-401. Driving under influence of alcohol or drugs.** (1) It is unlawful and punishable, as provided in 61-8-442, 61-8-714, and 61-8-731 through 61-8-734, for a person who is under the influence of:

(a) alcohol to drive or be in actual physical control of a vehicle upon the ways of this state open to the public;

(b) a dangerous drug to drive or be in actual physical control of a vehicle within this state;

(c) any other drug to drive or be in actual physical control of a vehicle within this state; or

(d) alcohol and any dangerous or other drug to drive or be in actual physical control of a vehicle within this state.

(2) The fact that any person charged with a violation of subsection (1) is or has been entitled to use alcohol or a drug under the laws of this state does not constitute a defense against any charge of violating subsection (1).

(3) "Under the influence" means that as a result of taking into the body alcohol, drugs, or any combination of alcohol and drugs, a person's ability to safely operate a ~~motor~~ vehicle has been diminished.

(4) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of

alcohol in the person at the time of a test, as shown by analysis of a sample of the person's blood or breath drawn or taken within a reasonable time after the alleged act, gives rise to the following inferences:

(a) If there was at that time an alcohol concentration of 0.04 or less, it may be inferred that the person was not under the influence of alcohol.

(b) If there was at that time an alcohol concentration in excess of 0.04 but less than 0.10, that fact may not give rise to any inference that the person was or was not under the influence of alcohol, but the fact may be considered with other competent evidence in determining the guilt or innocence of the person.

(c) If there was at that time an alcohol concentration of 0.10 or more, it may be inferred that the person was under the influence of alcohol. The inference is rebuttable.

(5) The provisions of subsection (4) do not limit the introduction of any other competent evidence bearing upon the issue of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs.

(6) Each municipality in this state is given authority to enact 61-8-406, 61-8-408, 61-8-410, 61-8-714, 61-8-722, 61-8-731 through 61-8-734, and subsections (1) through (5) of this section, with the word "state" in 61-8-406 and subsection (1) of this section changed to read "municipality", as an ordinance and is given jurisdiction of the enforcement of the ordinance and of the imposition of the fines and penalties provided in the ordinance.

(7) Absolute liability as provided in 45-2-104 will be imposed for a violation of this section."

Section 5. Section 61-8-714, MCA, is amended to read:

"61-8-714. Penalty for driving under influence of alcohol or drugs — first through third offense. (1) A person convicted of a violation of 61-8-401 shall be punished by imprisonment for not less than 24 consecutive hours or more than 6 months and shall be punished by a fine of not less than $100 or more than $500. The initial 24 hours of the imprisonment term must be served in the county jail and may not be served under home arrest. The mandatory imprisonment sentence may not be suspended unless the judge finds that the imposition of the imprisonment sentence will pose a risk to the defendant's physical or mental well-being. Except for the initial 24 hours of the imprisonment term, *notwithstanding 46-18-201(2),* the imprisonment sentence may be suspended for a period of up to ~~6 months~~ *1 year* pending successful completion of court-ordered chemical dependency assessment, education, or treatment by the defendant.

(2) On a second conviction, the person shall be punished by a fine of not less than $300 or more than $500 and by imprisonment for not less than 7 days or more than 6 months. At least 48 hours of the imprisonment term must be served consecutively in the county jail and may not be served under home arrest. Three days of the imprisonment sentence may not be suspended unless the judge finds that the imposition of the imprisonment sentence will pose a risk to the defendant's physical or mental well-being. Except for the initial 3 days of the imprisonment term, *notwithstanding 46-18-201(2),* the imprisonment sentence may be suspended for a period of up to ~~6 months~~ *1 year* pending successful completion of a chemical dependency treatment program by the defendant.

(3) On the third conviction, the person shall be punished by imprisonment for a term of not less than 30 days or more than 1 year and by a fine of not less than

$500 or more than $1,000. At least 48 hours of the imprisonment term must be served consecutively in the county jail and may not be served under home arrest. The imposition or execution of the first 10 days of the imprisonment sentence may not be suspended. The remainder of the imprisonment sentence may be suspended for a period of up to 1 year pending successful completion of a chemical dependency treatment program by the defendant."

Section 6. Section 61-8-732, MCA, is amended to read:

"**61-8-732. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — assessment, education, and treatment required.** (1) In addition to the punishments provided in 61-8-714, 61-8-722, and 61-8-731, regardless of disposition, a defendant convicted of a violation of 61-8-401 or 61-8-406 shall complete:

(a) a chemical dependency assessment;

(b) a chemical dependency education course; and

(c) on a second or subsequent conviction for a violation of 61-8-401 or 61-8-406 or as required by subsection (8) of this section, chemical dependency treatment.

(2) The sentencing judge may, in the judge's discretion, require the defendant to complete the chemical dependency assessment prior to sentencing the defendant. If the assessment is not ordered or completed before sentencing, the judge shall order the chemical dependency assessment as part of the sentence.

(3) The chemical dependency assessment and the chemical dependency education course must be completed at a treatment program approved by the department of public health and human services and must be conducted by a certified chemical dependency counselor. The defendant may attend a treatment program of the defendant's choice as long as the treatment services are provided by a certified chemical dependency counselor. The defendant shall pay the cost of the assessment, the education course, and chemical dependency treatment.

(4) The assessment must describe the defendant's level of addiction, if any, and contain a recommendation as to education, treatment, or both. A defendant who disagrees with the initial assessment may, at the defendant's cost, obtain a second assessment provided by a certified chemical dependency counselor or a program approved by the department of public health and human services.

(5) The treatment provided to the defendant at a treatment program must be at a level appropriate to the defendant's alcohol or drug problem, or both, as determined by a certified chemical dependency counselor pursuant to diagnosis and patient placement rules adopted by the department of public health and human services. Upon determination, the court shall order the defendant's appropriate level of treatment. If more than one counselor makes a determination as provided in this subsection, the court shall order an appropriate level of treatment based upon the determination of one of the counselors.

(6) Each counselor providing education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been enrolled in a chemical dependency education course or treatment program. If the defendant fails to attend the education course or treatment program, the counselor shall notify the court of the failure.

(7) A court or counselor may not require attendance at a self-help program other than at an "open meeting", as that term is defined by the self-help program. A defendant may voluntarily participate in self-help programs.

(8) Chemical dependency treatment must be ordered for a first-time offender convicted of a violation of 61-8-401 or 61-8-406 upon a finding of chemical dependency made by a certified chemical dependency counselor pursuant to diagnosis and patient placement rules adopted by the department of public health and human services.

(9) (a) On a second or subsequent conviction, the treatment program provided for in subsection (5) must be followed by monthly monitoring for a period of at least 1 year from the date of admission to the program.

(b) If a defendant fails to comply with the monitoring program imposed under subsection (9)(a), the court shall revoke the suspended sentence, if any, impose any remaining portion of the suspended sentence, and may include additional monthly monitoring for up to an additional ~~6 months~~ *1 year*.

(10) Notwithstanding 46-18-201(2), whenever a judge suspends a sentence imposed under 61-8-714 and orders the person to complete chemical dependency treatment under this section, the judge retains jurisdiction to impose any suspended sentence for up to 1 year."

AN ACT REVISING THE PROVISIONS GOVERNING THE CONTENTS OF LOCAL SUBDIVISION REGULATIONS; REQUIRING THE SUBDIVIDER TO RESERVE WATER RIGHTS OR ESTABLISH A LANDOWNER'S WATER USE AGREEMENT FOR CERTAIN SUBDIVISIONS; ESTABLISHING MINIMUM WIDTH REQUIREMENTS FOR DITCH EASEMENTS IN SUBDIVISIONS; PROHIBITING PLACEMENT OF STRUCTURES OR PLANTING OF VEGETATION WITHIN DITCH EASEMENTS WITHOUT PERMISSION; REQUIRING THE SUBDIVIDER TO SHOW UTILITY EASEMENTS OF SUFFICIENT WIDTH TO PROVIDE UTILITY SERVICES ON THE FINAL PLAT; AND AMENDING SECTION 76-3-504, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-3-504, MCA, is amended to read:

"**76-3-504.** ~~**Minimum requirements for subdivision**~~ ***Subdivision*** **regulations —** ***contents.*** The subdivision regulations adopted under this chapter must, at a minimum:

~~(1)~~*(1)* except as provided in 76-3-210 or 76-3-609(3), require the subdivider to submit to the governing body an environmental assessment as prescribed in 76-3-603;

~~(2)~~*(2)* establish procedures consistent with this chapter for the submission and review of subdivision plats;

~~(3)~~*(3)* prescribe the form and contents of preliminary plats and the documents to accompany final plats;

~~(4)~~*(4)* provide for the identification of areas that, because of natural or human-caused hazards, are unsuitable for subdivision development and prohibit subdivisions in these areas unless the hazards can be eliminated or overcome by approved construction techniques;

~~(5)~~*(5)* prohibit subdivisions for building purposes in areas located within the floodway of a flood of 100-year frequency, as defined by Title 76, chapter 5, or determined to be subject to flooding by the governing body;

~~(7)~~*(7)* provide procedures for the administration of the park and open-space requirements of this chapter;

~~(8)~~*(8)* provide for the review of preliminary plats by affected public utilities and those agencies of local, state, and federal government having a substantial interest in a proposed subdivision. A utility or agency review may not delay the governing body's action on the plat beyond the time limits specified in this chapter, and the failure of any agency to complete a review of a plat may not be a basis for rejection of the plat by the governing body.

(9) when a subdivision creates parcels with lot sizes averaging less than 5 acres, require the subdivider to:

(a) reserve all or a portion of the appropriation water rights owned by the owner of the land to be subdivided and transfer the water rights to a single entity for use by landowners within the subdivision who have a legal right to the water and reserve and sever any remaining surface water rights from the land;

(b) if the land to be subdivided is subject to a contract or interest in a public or private entity formed to provide the use of a water right on the subdivision lots, establish a landowner's water use agreement administered through a single entity that specifies administration and the rights and responsibilities of landowners within the subdivision who have a legal right and access to the water; or

Establishment of easements pursuant to this subsection ~~(9)~~ is not required if:

~~(a)~~*(a)* the average lot size is 1 acre or less and the subdivider provides for disclosure, in a manner acceptable to the governing body, that adequately notifies potential buyers of lots that are classified as irrigated land and may continue to be assessed for irrigation water delivery even though the water may not be deliverable; or

~~(b)~~*(b)* the water rights are removed or the process has been initiated to remove the water rights from the subdivided land through an appropriate legal or administrative process and if the removal or intended removal is denoted on the preliminary plat. If removal of water rights is not complete upon filing of the final plat, the subdivider shall provide written notification to prospective buyers of the intent to remove the water right and shall document that intent, when applicable, in agreements and legal documents for related sales transactions.

~~(10)~~*(11)* require the subdivider, unless otherwise provided for under separate written agreement or filed easement, to file and record ditch easements for unobstructed use and maintenance of existing water delivery ditches, pipelines, and facilities in the subdivision that are necessary to convey water through the subdivision to lands adjacent to or beyond the subdivision boundaries in quantities and in a manner that are consistent with historic and legal rights~~.~~*;*

(12) require the subdivider to describe, dimension, and show utility easements in the subdivision on the final plat in their true and correct location. The utility easements must be of sufficient width to allow the physical placement and unobstructed maintenance of utility facilities for the provision of utility services within the subdivision."

AN ACT REQUIRING ALTERNATIVE DISPUTE RESOLUTION IN AGRICULTURAL SEED CONTRACT DISPUTES BEFORE INSTITUTING LEGAL ACTION; EXEMPTING SEED POTATOES FROM THE ALTERNATIVE DISPUTE RESOLUTION REQUIREMENT; PROVIDING FOR A NOTICE OF ALTERNATIVE DISPUTE RESOLUTION REQUIREMENT; PROVIDING FOR AN ALTERNATIVE DISPUTE RESOLUTION COUNCIL; ESTABLISHING THE AUTHORITY OF THE ALTERNATIVE DISPUTE RESOLUTION COUNCIL; PROVIDING THE PROCEDURE FOR ALTERNATIVE DISPUTE RESOLUTION IN AGRICULTURAL SEED CONTRACT DISPUTES; DESCRIBING WHAT MUST BE INCLUDED IN THE ALTERNATIVE DISPUTE RESOLUTION FINDINGS; PROVIDING FOR THE ASSESSMENT OF THE COSTS OF ALTERNATIVE DISPUTE RESOLUTION; OUTLINING PROGRAM ADMINISTRATION FOR THE AGRICULTURAL SEED CONTRACT ALTERNATIVE DISPUTE RESOLUTION PROGRAM; PROVIDING FOR A STATUTORY APPROPRIATION; AND AMENDING SECTIONS 17-7-502 AND 80-5-123, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Requirement and effect of alternative dispute resolution — exemption. (1) As a prerequisite to a buyer's rights to maintain legal action against a dealer or any other seller of agricultural seed for a claim as provided in subsection (2), the buyer shall submit the claim to alternative dispute resolution as provided in [section 6] and this section.

(2) A buyer may claim to have been damaged by the failure of agricultural seed to produce or perform:

(a) as represented by the label that is required to be attached pursuant to 80-5-123;

(b) as represented by the bulk certificate if the agricultural seed was purchased in bulk;

(c) by warranty; or

(d) as a result of negligence.

(3) Any applicable period of limitations with respect to the claim must be tolled until 10 days after the filing of the report of alternative dispute resolution with the director of the department as provided in [section 6].

(4) (a) A claim may not be asserted as a counterclaim or defense in any action brought by a seller against a buyer until the buyer has submitted a claim to alternative dispute resolution as provided in [section 6] and this section.

(b) When the buyer files a written notice of intention to assert a claim as a counterclaim or defense in the action and the notice is accompanied by a copy of the buyer's complaint in alternative dispute resolution filed under [section 6], the action must be stayed and any applicable statute of limitations must be suspended with respect to the claim asserted as a counterclaim or defense until 10 days after the filing of the report of alternative dispute resolution with the director of the department as provided in [section 6].

(5) To be eligible for resolution under the alternative dispute resolution process, a complaint must allege damages in excess of the amount established in 25-35-502 for jurisdiction in small claims court.

(6) [Sections 1 through 10] do not apply to seed potatoes.

Section 2. Notice of alternative dispute resolution. A notice calling attention to the requirement for alternative dispute resolution under [section 1] must be included on the label required under 80-5-123, on the bulk certificate, or otherwise attached to or printed on the agricultural seed bag or package. Alternative dispute resolution may not be required unless this notice is included. A notice in the following form or equivalent language is sufficient:

NOTICE

ALTERNATIVE DISPUTE RESOLUTION REQUIRED BY STATE LAW

Under Montana agricultural seed laws, alternative dispute resolution is required as a prerequisite to maintaining a legal action based upon the failure of the agricultural seed to which this notice is attached to produce as represented. The consumer shall file a complaint along with the filing fee, when applicable, with the Director of the Department of Agriculture allowing sufficient time to permit inspection of the crops, plants, or trees by the designated agency and the seller from whom the agricultural seed was purchased. A copy of the complaint must be sent to the seller by certified mail or as otherwise provided by state law.

Section 3. Commencement of legal action — evidence. (1) The buyer or the seller may commence legal proceedings against the other party or assert a claim as a counterclaim or defense in an action brought by the seller or buyers after the receipt of the report of alternative dispute resolution as provided in [section 7].

(2) In litigation involving a complaint that has been subject to alternative dispute resolution under [sections 1 through 10], a party may introduce the report of alternative dispute resolution as evidence of the facts found in the report. The court may give weight to the alternative dispute resolution council's

findings and conclusions of law and recommendations regarding damages and costs. The court may also take into account any findings of the council with respect to the failure of a party to cooperate in the alternative dispute resolution proceedings, including findings regarding the effect that a delay in filing the alternative dispute resolution claim may have had upon the council's ability to determine the facts of the case.

Section 4. Alternative dispute resolution council. (1) The purpose of the alternative dispute resolution council is to conduct alternative dispute resolution as provided in [sections 1 through 10] on an as-needed basis when an alternative dispute resolution complaint has been filed. The council must be called into session by the director of the department or the council presiding officer to consider matters referred to the council by the director or the presiding officer.

(2) The director shall appoint an alternative dispute resolution council, upon the receipt of an alternative dispute resolution complaint, composed of five members and five alternate members. The secretary shall keep accurate records of all meetings and deliberations and perform other duties for the council as directed by the presiding officer.

Section 5. Authority of alternative dispute resolution council — compensation. (1) The alternative dispute resolution council or its members may:

(a) examine the buyer and the seller on all matters that the council considers relevant;

(b) grow a representative sample of the agricultural seed to production stage under the director's supervision through the facilities of the department or a designated university;

(c) hold informal hearings at the time and place directed by the council presiding officer, provided that reasonable notice was given to all parties; and

(d) delegate all or any part of an investigation to one or more of the council members.

(2) The members of the council may not receive compensation for the performance of their duties with respect to [sections 1 through 10], except for reimbursement for travel expenses and per diem.

Section 6. Alternative dispute resolution procedure. (1) A buyer may institute alternative dispute resolution by filing a sworn complaint and a $250 filing fee with the director of the department. The buyer shall serve a copy of the complaint on the seller by certified mail or as otherwise provided in state law. Except in a case of agricultural seed that has not been planted, the claim must be filed allowing sufficient time to permit effective inspection of the plants under field conditions.

(2) Within 21 days after receipt of a copy of the complaint, the seller shall:

(c) Upon approval of the application, the department shall issue to the distributor a nonassignable license that continues in force until surrendered or revoked.

(2) If the distributor's license is surrendered or revoked, the distributor shall pay a reissuance fee of $100.

(3) Failure to obtain a special fuel distributor license as required in this section subjects the distributor to the provisions of 15-70-357 allowing for the seizure, confiscation, and possible forfeiture of the fuel.

(4) As used in this section, "security" means:

(a) a bond executed by a distributor as principal with a corporate surety qualified under the laws of Montana, payable to the state of Montana, and conditioned upon faithful performance of all requirements of this part, including the payment of all taxes and penalties; or

If the approving authority certifies that a request for a transfer representing a significant change in agency or program scope, objectives, activities, or expenditures is time-sensitive, the approving authority may approve the transfer prior to the next regularly scheduled meeting of the legislative finance committee. The approving authority shall submit all proposed time-sensitive changes to the legislative fiscal analyst prior to approval. If the legislative fiscal analyst determines that notification of the legislative finance committee is warranted, the legislative fiscal analyst shall immediately notify as many members as possible of the proposed change and communicate any concerns expressed to the approving authority. The approving authority shall present a report fully explaining the reasons for the action to the next meeting of the legislative finance committee. All program transfers must be completed within the same fund from which the transfer originated. A request for a transfer accompanied by a justification explaining the reason for the transfer must be submitted by the requesting agency to the approving authority and the office of budget and program planning. Upon approval of the transfer, the approving authority shall inform the legislative fiscal analyst of the approved transfer and the justification for the transfer. (a) the budget transfer exceeds $1 million; or

If there have been other transfers to or from the program in the current fiscal year, all the transfers, including the transfer under consideration, must be used in determining the 25% and $25,000 threshold."

Section 7. Section 17-7-304, MCA, is amended to read:

Disposal of unexpended appropriations.** (1) All money appropriated for any specific purpose except that appropriated for the university system units listed in subsection (2) and except as provided in subsection (4) must, after the expiration of the time for which appropriated, revert to the several funds and accounts from which originally appropriated. The board of regents is authorized to maintain a fund balance. There is a statutory appropriation, as provided in 17-7-502, to use the funds held in this account in accordance with a long-term plan for major and deferred maintenance expenditures and equipment or fixed assets purchases prepared by the affected university system units and approved by the board of regents. The affected university system units may, with the approval of the board of regents, modify the long-term plan at any time to address changing needs and priorities. The board of regents shall communicate the plan to each legislature, to the finance committee when requested by the committee, and to the office of budget and program planning.

(3) Subsection (2) does not apply to reversions that are the result of a reduction in spending directed by the governor pursuant to 17-7-140. Any amount that is a result of a reduction in spending directed by the governor must revert to the fund or account from which it was originally appropriated.

(4) ~~For the 2 years following~~ *After* the end of a fiscal year, 30% of the money appropriated to an agency for that year by the general appropriations act for personal services, operating expenses, and equipment, by fund type, and remaining unexpended and unencumbered at the end of the year may be *reappropriated to be* spent *during the following 2 years* for any purpose that is consistent with the goals and objectives of the agency. The dollar amount of the 30% amount that may be carried forward and spent must be determined by the office of budget and program planning."

Section 8. Section 17-7-311, MCA, is amended to read:

"**17-7-311. Proposed *fiscal year transfer* supplemental appropriation — procedure.** (1) A proposed supplemental appropriation *to transfer appropriations between fiscal years of a biennium* and all supporting documentation must be submitted to the legislative fiscal analyst. (b) there has been a waiver of the review and report requirements, as provided in subsection (4).

(2) The legislative fiscal analyst shall review each proposed *fiscal year transfer* supplemental appropriation submitted by the governor for compliance with statutory requirements and standards and to determine the expenditures that will be reduced in order to contain spending within legislative appropriations. The legislative fiscal analyst shall present a written report of this review to the legislative finance committee. Within 10 days after the legislative finance committee's consideration of the proposed *fiscal year transfer* supplemental appropriation, the legislative fiscal analyst shall submit the legislative finance committee's report to the governor.

(3) Upon receipt of the legislative finance committee's written report, the governor may approve or deny the proposed *fiscal year transfer* supplemental appropriation or may return the proposed *fiscal year transfer* supplemental appropriation to the requesting agency for further information. If the governor has returned the proposed *fiscal year transfer* supplemental appropriation to the requesting agency and the requesting agency resubmits the proposed *fiscal year transfer* supplemental appropriation to the governor, all procedures provided in this section apply to the resubmitted proposed *fiscal year transfer* supplemental appropriation.

(4) (a) If an emergency occurs that poses a serious threat to the life, health, or safety of the public, the legislative fiscal analyst may waive the written review and the legislative finance committee's written report required by this section. After a waiver, the legislative fiscal analyst may complete the written review.

(b) Upon receipt of the waiver, the governor may approve the proposed *fiscal year transfer* supplemental appropriation.

(c) A waiver affects only the legislative fiscal analyst's written review and the legislative finance committee's written report on the proposed *fiscal year transfer* supplemental appropriation. All other proposed *fiscal year transfer* supplemental appropriation requirements and standards remain in effect.

(5) Nothing in this part confers on the legislative finance committee authority to approve or deny a proposed *fiscal year transfer* supplemental appropriation."

Section 1. Section 7-6-2512, MCA, is amended to read:

County tax levy for health care facilities.** (1) Subject to 15-10-420, the board of county commissioners may, annually at the time of levying county taxes, fix and levy a tax, not to exceed 10 mills on each dollar of taxable valuation of property, upon all property within the county to erect, furnish, equip, expand, improve, maintain, and operate county-owned or county-operated health care facilities created under 7-8-2102, 7-34-2201, and 7-34-2502. "Health care facilities" as used in this section has the meaning as defined in 7-34-2201. ~~The combined total number of mills levied under this section and for the county poor fund under 53-2-322 may not exceed 18 mills.~~ A higher levy may be made upon compliance with 7-6-2531 through 7-6-2537~~,~~ *or* 15-10-420~~, or 53-2-322~~. The pledge of the taxes to the payment of the bonds may not cause the bonds to be considered indebtedness of the county for the purpose of any statutory limitation or restriction. The pledge may be made by the board only upon authorization of a majority of the electors of the county voting on the pledge at a general or special election as provided in 7-34-2414."

Section 2. Section 7-6-2523, MCA, is amended to read:

(c) furnishing and equipping the ~~same~~ *buildings* except that if the bonds are sold to fund a multicounty jail facility, funds ~~so raised~~ may be used in the county in which the multicounty jail facility is located;

(4) building, purchasing, constructing, and maintaining devices intended to protect the safety of the public from open ditches carrying irrigation or other water;

(5) enabling a county to liquidate its indebtedness to another county incident to the creation of a new county or the changing of any county boundary line;

Section 4. Section 7-34-2204, MCA, is amended to read:

"**7-34-2204. Lease of county property for health care purposes.** (1) The board of county commissioners ~~has jurisdiction and power~~ *may*, under the limitations and restrictions prescribed by law, ~~to~~ lease county buildings, equipment, furniture, and fixtures for health care facility purposes, with full power of lessor except as limited in this section, upon the terms and conditions as the board may decide upon. (b) A lease may be made for a period longer than 5 years when bonds are to be or have been issued under 7-34-2411, in which case the lease may extend until the maturity date of the bonds.

(4) The board may not enter into a lease unless it has advertised in a newspaper published in the county at least once a week for 5 weeks that specified buildings and equipment are for lease for the purpose of a boarding home for aged persons."

Section 6. Section 15-1-112, MCA, is amended to read:

"**15-1-112. Business equipment tax rate reduction reimbursement to local government taxing jurisdictions.** (1) On or before January 1, 1996, for the reduction in payment under subsection (4) and by June 1 of 1996, 1997, and 1998 for all other reimbursements in this section, the department of revenue shall determine a reimbursement amount associated with reducing the tax rate in 15-6-138 and provide that information to each county treasurer. The reimbursement amount must be determined for each local government taxing jurisdiction that levied mills on the taxable value of property described in 15-6-138 in the corresponding tax year. However, the reimbursement does not apply to property described in 15-6-138 that has a reduced tax rate under 15-24-1402.

(2) (a) The reimbursement amount to be used as the basis for the payment reduction under subsection (4) is the product of multiplying the tax year 1995 taxable value of property described in 15-6-138 for each local government taxing jurisdiction by the tax year 1995 mill levy for the jurisdiction and then multiplying by 1/9th.

(b) (i) The reimbursement amount for each local government taxing jurisdiction for tax year 1996 is the amount determined under subsection (2)(a) unless the tax year 1996 market value of property described in 15-6-138, for the particular local government taxing jurisdiction, is more than the tax year 1995 market value for property described in 15-6-138 in the same jurisdiction.

(ii) If the tax year 1996 market value is greater than the tax year 1995 market value for a particular jurisdiction, then the reimbursement amount for tax year 1996 is the result of subtracting the simulated 1996 tax from the 1995 tax. The 1995 tax is the tax for the particular jurisdiction, determined by multiplying the actual taxable valuation of property described in 15-6-138, for tax year 1995, by the tax year 1995 mill levy for the jurisdiction. The simulated 1996 tax for the particular jurisdiction is the actual tax year 1996 taxable value of property described in 15-6-138 multiplied by the tax year 1995 mill levy for the particular jurisdiction. If the simulated 1996 tax is greater than the 1995 tax, the reimbursement amount is zero.

(c) (i) The reimbursement amount for each local government taxing jurisdiction for tax year 1997 is the amount determined under subsection (2)(a) multiplied by two unless the tax year 1997 market value of property described in 15-6-138, for the particular local government taxing jurisdiction, is more than the tax year 1995 market value for property described in 15-6-138 in the same jurisdiction.

(ii) If the tax year 1997 market value is greater than the tax year 1995 market value for a particular jurisdiction, then the reimbursement amount for tax year 1997 is the result of subtracting the simulated 1997 tax from the 1995 tax. The 1995 tax is the tax for the particular jurisdiction, determined by multiplying the actual taxable valuation of property described in 15-6-138, for tax year 1995, by the tax year 1995 mill levy for the jurisdiction. The simulated 1997 tax for the particular jurisdiction is the actual tax year 1997 taxable value of property described in 15-6-138 multiplied by the tax year 1995 mill levy for the particular jurisdiction. If the simulated 1997 tax is greater than the 1995 tax, the reimbursement amount is zero.

(d) (i) The reimbursement amount for each local government taxing jurisdiction for tax year 1998 is the amount determined under subsection (2)(a) multiplied by three unless the tax year 1998 market value of property described in 15-6-138, for the particular local government taxing jurisdiction, is more than the tax year 1995 market value for property described in 15-6-138 in the same jurisdiction.

(ii) If the tax year 1998 market value is greater than the tax year 1995 market value for a particular jurisdiction, then the reimbursement amount for tax year 1998 is the result of subtracting the simulated 1998 tax from the 1995 tax. The 1995 tax is the tax for the particular jurisdiction, determined by multiplying the actual taxable valuation of property described in 15-6-138, for tax year 1995, by the tax year 1995 mill levy for the jurisdiction. The simulated 1998 tax for the particular jurisdiction is the actual tax year 1998 taxable value of property described in 15-6-138 multiplied by the tax year 1995 mill levy for the particular jurisdiction. If the simulated 1998 tax is greater than the 1995 tax, the reimbursement amount is zero.

(3) (a) For purposes of this section, "local government taxing jurisdiction" means a local government rather than a state taxing jurisdiction that levied mills against property described in 15-6-138, including county governments, incorporated city and town governments, consolidated county and city governments, tax increment financing districts, local elementary and high school districts, local community college districts, miscellaneous districts, and special districts. The term includes countywide mills levied for equalization of school retirement or transportation.

(b) The term does not include county or state school equalization levies provided for in 20-9-331, 20-9-333, and 20-9-360. ~~It also does not include any state levy for welfare programs provided for in 53-2-813.~~

(c) Each tax increment financing district must receive the benefit of the state mill on the incremental taxable value of the district.

(4) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1996 by an amount equal to 38% of the reimbursement amount determined under subsection (2)(a) for all of the local government taxing jurisdictions in the county.

(5) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in December of 1996 by an amount equal to 31% of the reimbursement amount for tax year 1996 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(6) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1997 by an amount equal to 31% of the reimbursement amount for tax year 1996 for all of the local government taxing jurisdictions in the county and by an amount equal to 38% of the reimbursement amount for tax year 1997 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(7) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in December of 1997 by an amount equal to 31% of the reimbursement amount for tax year 1997 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

(8) County treasurers shall reduce the county payment to the state for the levy imposed under 20-9-360 in June of 1998 by an amount equal to 31% of the reimbursement amount for tax year 1997 for all of the local government taxing jurisdictions in the county and by an amount equal to 38% of the reimbursement amount for tax year 1998 for all of the local government taxing jurisdictions in the county, as determined by the department under subsection (2).

Section 7. Section 15-10-420, MCA, is amended to read:

"**15-10-420. Procedure for calculating levy.** (1) A governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year, even if that levy is greater than the levy established by law. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the value of newly taxable property.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1) plus any additional levies authorized by the voters to all property in the governmental unit, including newly taxable property.

(3) For purposes of this section, newly taxable property includes:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) transfer of property from tax-exempt to taxable status; and

(g) revaluations caused by expansion, addition, replacement, or remodeling of improvements.

(4) Subsection (1) does not apply to school district general fund levies and the school district levy for tuition obligations established in 20-5-324(5).

(5) For purposes of subsection (1), taxes imposed:

(a) include registration fees imposed on light vehicles under 61-3-561 and distributed under 61-3-509(2); and

(b) do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(6) In determining the maximum number of mills in subsection (1), the governmental entity shall take into account any change from the prior year in the amount of statutory reimbursements for changes in the property tax laws. The amount of motor vehicle disposition under 61-3-509(2), as that section read on December 31, 2000, is an increased statutory reimbursement. It may increase the number of mills to account for a decrease in reimbursements and shall decrease the number of mills to fully account for any increase in reimbursements.

(7) The department shall calculate the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, 20-25-439, and ~~53-2-813~~ *53-2-322*. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections.

(8) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

(2) Subject to 15-10-420, these taxes must be added in the property tax record to other property taxes of persons paying taxes upon real and personal property and must be paid to the county treasurer at the time of payment of other taxes.

(3) The procedure for the sale of property by the county treasurer for the taxes is regulated by 15-16-119 and 15-17-911.

"**53-2-612. Lien of department or county upon third-party recoveries.** (1) Upon notice by the department, a county, or the recipient to a third party or the third party's insurer as provided in subsection (5)(b), the department or county has a lien upon all money paid by a third party or the third party's insurer in satisfaction of a judgment or settlement arising from a recipient's claim for damages or compensation for personal injury, disease, illness, or disability to the extent that the department or county has paid medical assistance on behalf of the recipient for the same personal injury, disease, illness, or disability.

(2) The department or county may, in the name of the recipient on whose behalf medical assistance has been paid by the department or county, commence and prosecute to final conclusion any action that may be necessary to recover from a third party or the third party's insurer compensation or damages for medical assistance paid by the department or county on behalf of the recipient. This section does not affect the right of the recipient to initiate and prosecute to final conclusion an action for damages or compensation in the recipient's own name in accordance with the provisions of this section.

(3) (a) The lien:

(i) applies to all money paid by a third party or a third party's insurer regardless of whether the recovery is allocated by the parties or a court to any particular type or element of damages; and

(ii) is subordinate to the lien of an attorney under 37-61-420.

(b) Unless specifically provided by law, the recipient's right to recover damages or compensation from a third party or a third party's insurer may not be reduced or denied on the ground that the recipient's costs of medical treatment and medical-related services have been paid by the department or county under any public assistance program.

(c) From the amount collected by the department, county, or recipient from legal proceedings or as a result of settlement, reasonable attorney fees and costs must be first deducted and paid. Unless the department or county and the recipient agree to a different settlement, the amount previously paid as medical assistance by the department or county, less a pro rata share of attorney fees and costs, must be deducted next and paid to the department or county. The remainder, if any, must be paid to the recipient.

(d) In all cases of payment to the department or county out of an amount collected from a third party or insurer on a recipient's claim, the amount of the lien must be reduced by a pro rata share of attorney fees and costs as provided in subsection (3)(c), but the department or county may not be required to participate in payment of attorney fees and costs unless the recipient's claim results in recovery out of which the department or county receives full or partial payment of its lien.

(e) Except as provided in subsections (3)(e)(i) and (3)(e)(ii), the department may not impose a lien under this section upon a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1.

(i) The department may impose a lien under this section upon a self-sufficiency trust or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, if the department is required by federal law to recover or collect from the trust or its assets as a condition of receiving federal financial participation for the medicaid program.

(ii) To the extent otherwise permitted by this section, the department is not precluded from asserting a claim or imposing a lien upon real or personal property prior to transfer of the property to the trust. If the department imposes a lien upon property prior to transfer to a self-sufficiency trust, any transfer of the property to the trust is subject to the lien.

(4) (a) A recipient of medical assistance or the recipient's legal representative shall notify the department or county by certified letter within 30 days if the recipient or the recipient's legal representative asserts a claim against a third party or a third party's insurer for damages or compensation for a personal injury, disease, illness, or disability for which the department or county paid medical assistance in whole or in part or for which the recipient has applied for medical assistance. The notice must be mailed to the director of the department or the ~~director~~ *county commissioners* of the county ~~department~~ that paid medical assistance. At the same time, a copy must be sent by certified mail to the third party or the third party's insurer.

(b) The notice must contain the following information:

(ii) the name and address of the third party alleged to be liable to the recipient;

(iii) the name and address of any known insurer of the third party; and

(iv) the judicial district and docket number of any action filed.

(ii) a third party or the third party's insurer that did not receive notice from the department or county as provided for in subsection (5)(b) pays the recipient or the recipient's legal representative without satisfying any lien of the department or county.

(5) (a) If a third party or the third party's insurer that has received notice of the department's or county's lien as provided for in subsection (5)(b) makes payment in whole or in part of the recipient's claim without first satisfying the lien of the department or county, the third party or the third party's insurer is liable to the department or county for the amount the department or county is entitled to receive under this section.

(b) For the purposes of subsection (5)(a), a third party or the third party's insurer has been given notice if:

(i) the department or county mails, by certified mail, to the third party or the third party's insurer:

(A) a statement of the medical assistance paid or that may be paid by the department or county on behalf of the recipient; and

(B) a claim for reimbursement;

(ii) the recipient or the recipient's legal representative mails, by certified mail, to the third party or the third party's insurer:

CHAPTER NO. 572

[HB 2]

AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 2003; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [This act] may be cited as "The General Appropriations Act of 2001".

Section 2. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 2003 biennium, are adopted as legislative intent.

Section 3. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

Section 4. Appropriation control. An appropriation item designated as "Biennial" may be spent in either year of the biennium. An appropriation item designated "Restricted" may be used during the biennium only for the purpose designated by its title and as presented to the legislature. An appropriation item designated "One Time Only" or "OTO" may not be included in the present law base for the 2005 biennium. The office of budget and program planning shall establish a separate appropriation on the statewide budgeting and accounting system for any item designated as "Biennial", "Restricted", "One Time Only", or "OTO". The office of budget and program planning shall establish at least one appropriation on the statewide budgeting and accounting system for any appropriation that appears as a separate line item in [this act].

Section 5. Program definition. As used in [this act], "program" has the same meaning as defined in 17-7-102, is consistent with the management and accountability structure established on the statewide budgeting and accounting system, and is identified as a major subdivision of an agency ordinally numbered with an arabic numeral.

Section 6. Personal services funding — 2005 biennium. (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the 2005 biennium submitted under Title 17, chapter 7, part 1, by each executive, judicial, and legislative branch agency must include funding of first level personal services separate from funding of other expenditures. The funding of first level personal services by accounting entity or equivalent for each fiscal year must be shown at the fourth reporting level or equivalent in the budget request for the 2005 biennium submitted by October 30 to the legislative fiscal analyst by the office of budget and program planning.

(2) The provisions of subsection (1) do not apply to the Montana university system.

Section 7. Personal services line item. Funds appropriated for personal services or indicated in legislative intent as having been appropriated for personal services may not be expended under any other category except for contract services (expenditure account 62102) or for the early return to work program. Any transfer of funds from personal services to contract services is to be used to directly substitute for use of personal services. Any transfer for either contract services or for the early return to work program must be reported in writing to the legislative finance committee. The provisions of this section do not apply to the Montana university system.

Section 8. Vacancy savings analysis. The legislature is concerned about the use of the concept of vacancy savings in establishing funding for personal services. It is the intent of the legislature that an analysis of vacancy savings be completed prior to the 2003 legislative session to include the consideration of alternative options for funding of personal services at an appropriate level. The legislative finance committee is requested to include this analysis as part of the House Bill No. 613 personal services study if House Bill No. 613 is passed and approved or to include the analysis in the committee work plan for the legislative fiscal division. The legislative finance committee is encouraged to work cooperatively with the governor's budget director in completing this analysis.

Section 9. FTE reduction. The number of FTE has been reduced for all positions in the executive branch (excluding the university system) that have been identified by the legislature as vacant for over 7 months and that are not seasonal, already filled, or newly classified. The reduction is inclusive in the number of FTE shown in the agency and program tables in the legislative fiscal analyst narrative accompanying this bill. The eliminated positions are not to be funded in the present law base budget submitted by the governor for the 2005 biennium. The Legislative Fiscal Division Fiscal Report shall include a table listing the position numbers of the FTE that are eliminated. The number of FTE eliminated by agency is as follows:

Department of Transportation	49.27

Each department, the Montana university system, and, when appropriate, each division of each department shall place their respective specific and measurable goals, benchmarks, and objectives for each year of the 2003 biennium on their respective internet websites or, when appropriate, on the state's internet website. On July 1, 2001, and again on July 1, 2002, each department and the Montana university system shall report progress on the appropriate website in meeting the goals, benchmarks, and objectives and what changes, if any, were made to ensure that those goals, benchmarks, and objectives are attained.

Section 11. Report from governor's office on energy management efforts. The governor's office, in cooperation with the commissioner of higher education, shall provide a report to the 58th legislature that details the efforts of state agencies to address energy costs. The report must include but is not limited to energy management activities of the department of environmental quality, the department of administration, and the Montana university system. The report should enumerate data, activities, and recommendations in the following areas:

(4) changes needed to encourage state agencies to conserve energy that do not require expending money on energy conservation projects;

(5) other energy conservation options and funding proposals;

(6) progress on the utility bill monitoring pilot project and potential benefits coming from the project;

(7) state government efforts to more efficiently purchase natural gas and electricity, including any plans to include more state facilities under the natural gas term contract and efforts to aggregate state agency electricity demand; and

(8) other recommendations to the legislature that would improve state government energy management efforts.

Section 12. Accruals analysis — 2005 biennium. The legislative fiscal division shall include an analysis of accruals for budget base year fiscal year 2002 and shall include a summary table and narrative in the Legislative Fiscal Division 2005 Biennium Budget Analysis that provides a listing by agency of total accruals and the amount that is recommended to be removed from the base budget.

Section 13. Energy costs reserve. A total of $3.2 million must be set aside in the general fund for contingencies related to cost increases in electricity and natural gas expenditures by state government significantly above the amounts appropriated for this purpose in [this act] or to support litigation to secure affordable electricity or natural gas. The amount is classified as unreserved, designated general fund balance.

Section 14. Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.

Section 15. Effective date. [This act] is effective July 1, 2001.

General fund money up to $51,000 for the 2003 biennium in item 1b not used for the extradition and transportation of prisoners may be used to purchase vans for county sheriffs and peace officers to transport prisoners.

The legislature recognizes that the cost for extradition and transportation of prisoners is dependent upon factors beyond the control of the agency and may exceed the appropriation provided. In that event, the agency will need to request a supplemental appropriation from the 2003 legislature to provide required extradition and transportation of prisoners.

Item 1b and the accompanying language are contingent upon passage and approval of Senate Bill No. 328.

If Senate Bill No. 445 is not passed and approved, the appropriation in item 1e is void and the appropriation in item 4c is increased by $1,700,000 in general fund money in fiscal year 2002.

Item 4c is a contingency biennial account to be managed by the office of budget and program planning to respond to contingencies related to cost increases in electricity and natural gas expenditures by state government significantly above the amounts appropriated in [this act]. Requests for use of this account must be analyzed by the office of budget and program planning and approved by the governor. Distribution of this money to state agencies must be proportional to the overall needs of state agencies relative to the total funds available. Approved expenditures must be reported to the legislative finance committee.

The department shall provide the following information by program to the children, families, health, and human services interim committee and to the legislative finance committee by August 1, 2002:

(1) rates paid by each program for comparable services; and

(2) entry level and average hourly wage and benefit rates paid by community providers for direct care workers and group home employees.

The information must specify how the data was gathered and whether and how the department verified the data and must be presented to allow evaluation among comparable services and jobs.

Funds appropriated for grants or benefits and claims or indicated in legislative intent as having been appropriated for grants or benefits and claims may be expended only as grants or benefits and claims. The office of budget and program planning may authorize a transfer of appropriation authority from grants or benefits and claims to another category of expenditure under one of the following conditions:

(1) the department certifies to the office of budget and program planning that federal law or regulations require that funds appropriated in grants or benefits and claims must be expended in a different category of expenditure; or

(2) the department certifies to the office of budget and program planning that there will be savings if funds appropriated in grants or benefits and claims are transferred and expended in another category of expenditure.

The office of budget and program planning shall report to the legislative finance committee on transfers approved subject to these two conditions.

The department shall report to the legislative finance committee and the children, families, health, and human services interim committee at every meeting of each committee:

(1) the actual amount of federal temporary assistance for needy families (TANF) block grant funds expended in the current biennium;

(2) the actual amount of TANF block grant maintenance of effort funds that have been expended in the current biennium;

(3) the balance of previous fiscal years' TANF block grant funds that remain unexpended; and

(4) the balance of the current fiscal year federal TANF block grant funds that remain unexpended.

		Fiscal 2002						Fiscal 2003			
General Fund	State Special Revenue	Federal Special Revenue	Proprietary	Other	Total	General Fund	State Special Revenue	Federal Special Revenue	Proprietary	Other	Total

The department shall use unexpended previous year federal TANF block grant funds to provide benefits and services that meet the federal definition of assistance. Current year federal TANF block grant funds must be used to fund benefits and services that meet the federal definition of assistance only after all available previous years' federal TANF block grant funds have been expended.

The office of budget and program planning may proportionally reduce the funding in items 1a through 1t and item 1v if any of the following conditions exist:

(1) the department certifies to the office of budget and program planning that the balance of unexpended TANF funds on June 30, 2001, is less than $30 million;

(2) actual or projected cash assistance expenditures are greater than $24,067,328 in fiscal year 2002 or $23,763,854 in fiscal year 2003;

(3) the amount of TANF grant funds awarded to Montana by congress is reduced below the level anticipated by the legislature; or

(4) the department certifies to the office of budget and program planning that the reduction is necessary in order to maintain public assistance programs that were supported by federal TANF and state TANF maintenance of effort funds in fiscal year 2001.

If the TANF block grant funds report given at the March 2002 legislative finance committee meeting indicates that there are FAIM phase II R dollars unexpended and no plan is in place to expend the remaining dollars, there is appropriated up to $1.5 million of these unexpended funds for the summer youth employment program in the 2003 biennium.

Item 1 includes increases of $3,852,988 of general fund money in fiscal year 2002 and of $4,006,121 of general fund money in fiscal year 2003 and reductions of $3,356,606 of state special revenue in fiscal year 2002 and of $3,376,187 of state special revenue in fiscal year 2003 that are contingent upon passage and approval of House Bill No. 124.

Funds in item 1 include $68,422 in fiscal year 2002 and $69,606 in fiscal year 2003 that the department shall use to reimburse the Montana department of corrections, Montana correctional enterprises, for costs incurred to operate the Montana food bank network canning and wild game processing facility.

Funds included in items 1b and 1e may be used only to fund tribal projects and to provide nontraditional job training to an enrolled tribal member of a federally recognized tribe whose reservation lies within the exterior boundaries of the Montana reservations and to the Little Shell band of Chippewa if the Little Shell band of Chippewa becomes a federally recognized tribe.

Funds in item 1b may be used to fund head start services for tribal members. Tribal members may not access services supported by funds in item 1r because funding for tribal head start projects has been included in item 1b.

The department shall transfer funds in item 1l to the Montana board of housing revolving loan account to fund eligible activities under the federal TANF block grant. The timing and amount of the transfer must comply with federal regulations governing the expenditure and transfer of TANF funds.

Funds included in item 1t may be used only to develop programs for high-wage and high-skill training for single parents, persons who are economically disadvantaged, and displaced homemakers.

Funds included in item 1u may be used only to provide adult basic education services.

The department shall transfer funds in item 1v to the children's trust fund to fund eligible child abuse and neglect prevention activities.

Projects funded in items 1a, 1d, 1f, 1g, 1h, 1i, 1j, 1k, 1l, 1m, 1n, 1o, 1p, 1q, 1r, 1s, 1t, and 1u are considered approved special projects related to welfare reform for the purpose of implementation of 53-4-210. Prior to the expenditure of these funds, the department shall provide notice both verbally and in writing to tribes that have implemented a federally approved tribal family assistance plan that funding for special projects is available. Tribes that operate a tribal family assistance plan may receive the funds in these items, and the department may award all or a portion of these funds to tribes that operate tribal family assistance plans as allowable within federal regulations.

Item 2 includes increases of $2,206,194 of general fund money in fiscal year 2002 and of $2,241,893 of general fund money in fiscal year 2003 and reductions of $2,172,078 of state special revenue in fiscal year 2002 and of $2,135,314 of state special revenue in fiscal year 2003 that are contingent upon passage and approval of House Bill No. 124.

Funds in item 2d may be used only to support the costs of in-home services for families in the child welfare system. The department estimates that 25 families or 50 children will be served with this funding and that 80% of the families served will not enter the foster care system. If the department achieves this goal, the estimated increase in the foster care caseload will decrease from 3% to 2%. Any savings realized because of a lower than anticipated caseload increase may be used by the department to expand the provision of in-home services or other services within the child welfare system.

Item 3 includes $1,482,291 in fiscal year 2002 and $1,482,748 in fiscal year 2003 for the tobacco prevention and control program. It is the intent of the legislature that the interagency coordinating council on prevention administer the tobacco control and prevention program.

Item 3 includes increases of $93,333 of general fund money in fiscal year 2002 and of $96,915 of general fund money in fiscal year 2003 and reductions of $90,463 of state special revenue in fiscal year 2002 and of $91,028 of state special revenue in fiscal year 2003 that are contingent upon passage and approval of House Bill No. 124.

Funds in item 3a may be used only to fund a deputy director position within the department.

Funds included in item 4c may be used only to support costs for the completion of a financial institution data match.

Funds included in item 4d may be used only to support the costs incurred to complete a study of the costs of raising a child in Montana.

Items 5, 9, and 10 include appropriations of state special revenue for provider rate increases funded from the interest income on the tobacco settlement trust fund provided for in Article XII, section 4, of the Montana constitution. If the interest income on the tobacco settlement trust fund provided for in Article XII, section 4, of the Montana constitution is insufficient to fully fund the state special revenue appropriations in items 5, 9, and 10, the legislature intends that the department find alternative funding sources to fully fund the provider rate increases. Alternative sources may include but are not limited to enhanced medicaid intergovernmental transfer programs and transfers of general fund money from other appropriations.

Item 5 includes increases of $6,717,000 of general fund money in fiscal year 2002 and of $6,862,000 of general fund money in fiscal year 2003 and reductions of $6,717,000 of state special revenue in fiscal year 2002 and of $6,862,000 of state special revenue in fiscal year 2003 that are contingent upon passage and approval of House Bill No. 124.

The health policy and services division is authorized to pursue up to $1.5 million in federal special revenue each year of the biennium in item 5 to enhance or improve division services or programs to public schools. This additional federal special revenue may be expended on services by the division as long as those actions do not require or commit the state to additional general fund expenditures beyond the amount appropriated by the legislature to the division.

Item 5a must be spent on services to assist Montanans who have been exposed to asbestos. Funds in item 5a may not be expended for any other purpose.

Implementation of the resource-based relative value scale (RBRVS) provider rate system must continue to be phased in over the 2003 biennium. The department shall use funds in item 5b to raise rates paid to those current procedural terminology (CPT) codes paid the lowest percentage of medicare reimbursement that were restricted to 145% of the level of the state fiscal year 1997 reimbursement in state fiscal year 1999. The department may not change reimbursement for CPT codes, which were paid at 80% of the level of the state fiscal year 1997 reimbursement in state fiscal year 1999.

Item 5c includes funds for 3.5 FTE. Funds for the FTE may not be included in the adjusted base budget for the 2005 biennium unless federal funds or private revenue is available to fund the position.

Funds in item 5d may be used only to purchase equipment to transmit or to facilitate the transmission of medical images and x-rays from rural hospitals to medical specialists. The funds may be granted only to rural hospitals or groups of rural hospitals to purchase the equipment.

The department shall provide to the legislative finance committee each year of the biennium an analysis of the number of medicaid hospital projects completed and associated cost savings because of funding for claims adjudication specialists as approved by the 2001 legislature.

Item 6 includes increases of $211,082 of general fund money in fiscal year 2002 and of $218,916 of general fund money in fiscal year 2003 and reductions of $204,359 of state special revenue in fiscal year 2002 and of $205,400 of state special revenue in fiscal year 2003 that are contingent upon passage and approval of House Bill No. 124.

Item 7 includes increases of $1,044,768 of general fund money in fiscal year 2002 and of $1,070,319 of general fund money in fiscal year 2003 and reductions of $1,037,443 of state special revenue in fiscal year 2002 and of $1,055,626 of state special revenue in fiscal year 2003 that are contingent upon passage and approval of House Bill No. 124.

Item 7 includes a reduction in general fund money of $158,038 in fiscal year 2002 and $158,038 in fiscal year 2003. This reduction is the equivalent of a 15% reduction in fiscal 2000 base budget travel expenses. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans.

Item 7 includes a reduction of $542,660 in fiscal year 2002 and $544,550 in fiscal year 2003 of general fund money. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans. The office of budget and program planning shall provide a report that details reallocation to the legislative finance committee by October 15 of each fiscal year.

The department shall make every effort to achieve an unqualified opinion in the financial compliance audit issued by the legislative audit division for the 2 years ending June 30, 2003. The legislature expects the department to take action to ensure that this achievement occurs, including exempting the fiscal bureau from vacancy savings requirements, exempting the fiscal bureau from reductions in staffing, establishing clear and appropriate fiscal policies and processes, and any other management actions that may reasonably be expected to result in the achievement of an unqualified audit opinion.

The developmental disability program is directed to use existing general fund appropriations within the developmental disabilities program budget to refinance services, if possible. General fund money made available through refinancing efforts may be used to:

(1) reduce the developmental disability program waiting list;

(2) improve wages paid by community providers to direct care workers;

(3) provide a provider rate increase to community services providers; and

(4) fund existing plans of care for individuals waiting for residential services.

The developmental disabilities program will report to the legislative fiscal division semiannually in January and July:

(1) the amount of general fund money that was made available through refinancing efforts;

(2) the amount, scope, and nature of services provided by funds made available through refinancing;

(3) the number of consumers, providers, and direct care worker staff benefiting from initiatives funded through refinancing efforts; and

(4) the amount of additional state special and federal funds obtained through refinancing efforts.

Item 8c includes $3,996,613 in general fund money and $3,861,209 in federal funds to begin equalization of wages paid to direct care workers employed by developmental disability community providers with direct care worker wages paid to employees at Eastmont human services center and the Montana developmental center.

The disability services division shall complete a report on the impact that applying income criteria to determine eligibility for developmental disabilities program services and benefits would have on individuals, the waiting list for services, and the budget for the developmental disabilities program. The report must be presented to the legislative finance committee by June 30, 2002. The report to the legislative finance committee should include by age group (0-3, 4-5, 6-18, 18-21, and over 21 years of age) and by residential setting (recipient home, group home, institution, etc.):

(1) the number of nonmedicaid-eligible recipients and the value of services, by funding source, provided to individuals and families with income at or below 200% of the federal poverty level; and

(2) the number of nonmedicaid-eligible recipients and the value of services, by funding source, provided to individuals and families with income at or below 150% of the federal poverty level.

The fiscal year 2003 funds in items 8, 8a, and 8b may not be expended until the report has been presented to the legislative finance committee.

Included in item 8b is general fund money of $1,400,277 in fiscal year 2002 and $1,400,224 in fiscal year 2003. This funding is one time only. The combined population at the two institutions (Eastmont human services center and Montana developmental center) may not exceed 88 individuals at the end of the 2003 biennium. If the disability services division has a population of more than 88 individuals at the two institutions at the end of the 2003 biennium, the division shall certify that a community residential setting was not available for the individuals remaining in the two institutions.

Funds in item 9a may be used only to make one-time payments to nursing homes based on the number of medicaid services provided. State special revenue in item 9a may be expended only after the office of budget and program planning has certified that the department has received $2 million each year from counties participating in the intergovernmental transfer program for nursing homes.

The department shall distribute funds in items 8c and 9c in a way that provides reasonable assurance that the funds are used solely for direct care wage and benefit increases. Not all providers or types of direct care workers must receive the same rate increase for the biennium. Funds appropriated in items 8c and 9c may be used only for direct care worker wage increases. Funds in items 8c and 9c may not be used to fund other programs. In the event that the department finds it necessary to institute program reductions, it is the intent of the legislature that funds in items 8c and 9c be the last items eliminated.

The senior and long-term care division is authorized to pursue up to $2 million in federal special revenue in item 9d over the biennium to enhance or improve division services or programs. This additional federal special revenue may be expended by the division on services as long as those actions do not require or commit the state to additional general fund expenditures beyond the amount appropriated for the 2003 biennium by the legislature to the division in [this act].

The department shall post on the senior and long-term care division website the staffing levels provided in Montana nursing facilities.

The department shall require that area agencies on aging provide a written assessment of the need for increased funding in their nutrition programs prior to expending the additional Title III of the Older Americans Act of 1965 grant funds appropriated in [this act].

The appropriation in item 10 is contingent on the department developing a management plan to:

(1) ensure that the department staff tracking the census of residential treatment of children in Montana communicate in-state service availability to appropriate staff; and

(2) negotiate or issue requests for proposals in compliance with 52-2-306 and 52-2-307 for placement of children with in-state providers in lieu of placing the child in out-of-state treatment. The department shall submit the plan to the children, families, health, and human services interim committee and the legislative finance committee by July 1, 2001.

Item 10 is contingent on the department maintaining $3,539,842 of federal block grant contracts to state-approved chemical dependency programs for treatment and rehabilitation each year of the 2003 biennium.

Item 10 includes $559,560 in general fund money in fiscal year 2002 and $713,907 in fiscal year 2003 that must be used to fund mental health services for persons eligible for the mental health services plan. At least $480,000 of these general fund appropriations must be used for grants to one or more local children's mental health provider coalitions to prevent placement of emotionally disturbed children in out-of-home services.

Funds in item 10a must be used to fund services at Montana state hospital and for staff and utilization review activities to reduce the use of institutional services. Any funds not spent for staff and utilization review activities must be used to fund community services, which will reduce the need for inpatient and institutional care. The funds may not be used for any other purpose.

Funds in item 10b must be used to fund mental health services for low-income children. Funds in item 10b may not be used for any other purpose or transferred to any other program.

Funds in item 10d must be used to contract with the Montana consensus council.

Funds in item 10e must be used to pay one-time increases in reimbursement for services provided in frontier counties by county-funded mental health medicaid service providers.

Funds in item 10g must be used for:

(1) activities related to training and educating law enforcement personnel, judicial personnel, and persons instrumental to the commitment process in recognizing serious mental illness and appropriate approaches to and treatment for persons who exhibit symptoms of mental illness; and

(2) development of screening tools to help identify whether a person may be mentally ill.

The appropriations for legislative contract authority are subject to all of the following provisions:

(1) Legislative contract authority applies only to federal funds.

(2) Legislative contract authority expenditures must be reported on the state's accounting system, and the records must be separate from present law operations. In preparing the 2005 biennium budget for legislative consideration, the office of budget and program planning may not include the expenditures from this item in the present law base.

(3) A report must be submitted by the department to the legislative fiscal division following the end of each fiscal year of the biennium. The report must include a list of projects with the related amount of expenditures and FTE for each project.

The department is to report to the natural resources and commerce appropriations subcommittee on the projects funded with federal Sikes Act money and state matching money. The report is to include an analysis of the viability for continuance of the program and a list of projects funded with the money.

If the department is required to adjust personal services expenditure costs between state and federal accounts, the approving authority shall adjust the state special revenue appropriation and the federal appropriation by like amounts. All transfers between fund types must be fully explained and justified on budget documents submitted to the office of budget and program planning.

The department shall determine and quantify any efficiencies generated as a result of incorporating the Smith River drawing process into the automated license system and report its findings to the 2003 legislature.

Further, the cash for these purposes cannot be transferred until $500,000 has been transferred for the purpose of weed eradication, $540,000 has been transferred for the purpose of purchasing securities for water treatment at the former Zortman and Landusky mines, and $120,000 has been transferred to conduct the Clark Fork study.

Item 1 includes a reduction in general fund money of $33,468 in fiscal year 2002 and $33,468 in fiscal year 2003. This reduction is the equivalent of a 10% reduction in fiscal year 2000 base budget travel expenses. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans.

Item 1 includes a reduction of $107,169 in fiscal year 2002 and $107,543 in fiscal year 2003 of general fund money. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans. The office of budget and program planning shall provide a report that details reallocation to the legislative finance committee by October 15 of each fiscal year.

The department is authorized to decrease state special revenue in the underground injection control program and to increase federal special revenue by a like amount when the amount of federal EPA funds available for the program becomes known. Any federal special revenue funds are to be spent before state special revenue funds.

The department is appropriated up to $600,000 for the 2003 biennium from the state special revenue account established in 85-1-604 for the purchase of prior liens on property held as loan security as provided in 85-1-618.

During the 2003 biennium, up to $100,000 of excess loan loss reserve money in the water pollution control state revolving fund is appropriated to make grants to aid in the feasibility of projects as authorized in 75-5-1113(3)(b).

During the 2003 biennium, up to $100,000 of excess loan loss reserve money in the drinking water state revolving fund is appropriated to make grants to aid in the feasibility of projects as authorized in 75-6-224(3)(b).

The department is authorized to decrease federal special revenue in the pollution control and the drinking water revolving fund loan programs and to increase state special revenue money by a like amount within the special administration account.

During the 2003 biennium, up to $1 million of funds currently in or to be deposited in the Broadwater replacement and renewal account is appropriated to the department for repairing or replacing equipment at the Broadwater hydropower facility.

During the 2003 biennium, up to $70,000 of interest earned on the Broadwater water users account is appropriated to the department for the purpose of repair, improvement, or rehabilitation of the Broadwater-Missouri diversion project.

During the 2003 biennium, up to $500,000 of funds currently in or to be deposited in the state project hydropower earnings account is appropriated for the purpose of repairing, improving, or rehabilitating department state water projects.

The department shall report back to the 2003 legislature to provide an update on the progress of the flood damage reduction project.

The department is appropriated up to $20,000 for the 2003 biennium from the bond proceeds provided for in 76-13-408 for hazard reduction bonds during the 2003 biennium.

Item 4g is contingent upon passage and approval of House Bill No. 397. Item 4g is an appropriation from state special revenue funds in fiscal year 2003 that have been transferred from the resource indemnity trust fund. The appropriation is contingent upon the governor's certification that the trust balance is in excess of $100 million. Upon meeting the contingency in fiscal year 2003, the office of budget and program planning is authorized to transfer the $120,000 in cash from the resource indemnity trust fund to a state special revenue fund to be used for this purpose. The cash for this purpose cannot be transferred until $500,000 has been transferred for the purpose of weed eradication and $540,000 has been transferred for the purpose of purchasing securities for water treatment at the former Zortman and Landusky mines.

Only funds up to $100,000 received as reimbursement of personnel expenses credited against the department's operational budget and up to $250,000 of funds received as payment under equipment use agreements are considered fire reimbursement funds. All other funds received must be deposited in the general fund. Funds reimbursed for the use of department equipment must be expended for the repair, maintenance, and replacement of equipment that supports the state-county cooperative fire program. The department shall report fire reimbursement expenditures on state accounting records, and the records must be separate from present law operations.

Item 6k is contingent upon passage and approval of Senate Bill No. 31.

Item 6l is contingent upon passage and approval of Senate Bill No. 354.

Item 6m is limited to the amount borrowed from the coal tax permanent fund and may be used only for the purpose of purchasing public school fund mineral production rights from the trust and legacy account.

Item 1 includes a reduction in general fund money of $4,827 in fiscal year 2002 and $4,827 in fiscal year 2003. This reduction is the equivalent of a 13% reduction in fiscal year 2000 base budget travel expenses. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans.

Item 1 includes a reduction of $2,715 in fiscal year 2002 and $2,725 in fiscal year 2003 of general fund money. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans. The office of budget and program planning shall provide a report that details reallocation to the legislative finance committee by October 15 of each fiscal year.

Item 2 contains $100,000 each year of the 2003 biennium from the department of transportation highway state special revenue fund for use in the weed control program. This appropriation is contingent upon passage and approval of Senate Bill No. 326.

The funds in item 2d are to be granted to governmental entities through an application process, to mitigate the impact of noxious weeds on private and state lands, except department of fish, wildlife, and parks lands, as a result of the activities of the department of fish, wildlife, and parks.

Item 2e contains a $500,000 appropriation in fiscal year 2003 from state special revenue funds that are to be transferred from the resource indemnity trust fund. The $500,000 appropriation is contingent upon the governor's certification that the trust balance is in excess of $100 million. Upon meeting the contingency in fiscal year 2003, the office of budget and program planning is authorized to transfer the $500,000 in cash from the resource indemnity trust fund to a state special revenue fund to be used for this purpose. Item 2e is contingent upon passage and approval of Senate Bill No. 326.

The appropriations for legislative contract authority are subject to all of the following provisions:

		Fiscal 2002						Fiscal 2003			
General Fund	State Special Revenue	Federal Special Revenue	Proprietary	Other	Total	General Fund	State Special Revenue	Federal Special Revenue	Proprietary	Other	Total

(1) Legislative contract authority applies only to federal and private funds.

(2) Legislative contract authority expenditures must be reported on the state accounting records and kept separate from present law operations. In preparing the 2005 biennium executive budget, the office of budget and program planning may not include expenditures from this item in the present law base.

(3) A report must be submitted by the department to the legislative fiscal analyst following the end of each fiscal year, listing legislative contract authority grants received and the amount of expenditures and FTE for each grant.

The legislature recognizes that the costs associated with litigation in which the legal services division is required to provide representation to the state of Montana may exceed the appropriation provided. In that event, the department will need to request a supplemental appropriation from the 2003 legislature to adequately represent the state.

Item 1c is contingent upon passage and approval of House Bill No. 419.

The appropriation for the gambling control division contains funding for the automated accounting and reporting system (AARS). The general fund appropriation of $380,000 in each year of the 2003 biennium reflects continuation of a 5-year general fund commitment for this project through the 2005 biennium. It is the intent of the legislature that an annual general fund commitment of $236,250 be continued in each year of the 2007 biennium. If the long-range building program committee bill, to use intercap funding for AARS implementation, is passed by the 2001 legislature, a portion of these appropriations may be used to make debt service payments.

The department is appropriated up to $2,800,000 for the biennium from state special revenue funds for the purchase of system interface boards to be used for the implementation of the AARS.

Item 2 includes a reduction of $567,203 in general fund money in fiscal year 2002 and $569,866 in fiscal year 2003 and an increase in proprietary funds of $611,103 in fiscal year 2002 and $613,766 in fiscal year 2003. These reductions and increases are contingent upon passage and approval of House Bill No. 399.

Item 3 includes a reduction in general fund money of $31,502 in fiscal year 2002 and $31,502 in fiscal year 2003. This reduction is the equivalent of a 10% reduction in fiscal year 2000 base budget travel expenses. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans.

Item 3 includes $5,738 of general fund money in fiscal year 2002 that is contingent upon passage and approval of House Bill No. 124.

Item 3a is contingent upon passage and approval of House Bill No. 577 and is for:

(1) debt service payments or repayment of any loan incurred for the creation of a new information technology system for motor vehicles; or

(2) payment of costs directly incurred in the creation and support of the new motor vehicle information technology system.

Item 4a is contingent upon passage and approval of Senate Bill No. 358.

Item 4b is contingent upon passage and approval of House Bill No. 256.

There is appropriated from the highway patrol retirement clearing account for payments to the Montana highway patrol pension fund the amount required for this transfer, not to exceed $1,500,000 for each fiscal year.

Item 9 includes a reduction of $127,892 in fiscal year 2002 and $128,336 in fiscal year 2003 of general fund money. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans. The office of budget and program planning shall provide a report that details reallocation to the legislative finance committee by October 15 of each fiscal year.

If Senate Bill No. 328 is not passed and approved, the extradition and transportation of prisoners program will remain in the department of justice as program 30 and there is appropriated $177,724 of general fund money in fiscal year 2002 and $178,936 of general fund money in fiscal year 2003. In addition, if Senate Bill No. 328 is not passed and approved, the amendment to the reference copy of [this act] striking the language accompanying the extradition and transportation of prisoners program in the department of justice is void.

Item 10 includes $12,000 in general fund money for fiscal year 2002 for lab accreditation. The use of the funds for accreditation is contingent on passage of a federal requirement that a lab needs to be accredited to receive federal funds.

Item 10a is contingent upon passage and approval of House Bill No. 359.

Because the percentage of American Indians in our state's correctional system ranges from 17% in the men's prison to up to 40% in the women's prison, it is important that the department maintain open communications and liaisons with the Montana tribes. Therefore, the department shall designate one of its current full-time equivalent employees in the administration and support services division to have included as a part of the employee's job responsibilities the duty to serve as a liaison with the Montana tribes and the department regarding American Indian inmate issues and concerns in all correctional facilities, including contracted bed facilities.

The department is encouraged to use telemedicine technology to the fullest extent possible to effect savings within the department.

Item 1 includes a reduction of $401,402 in fiscal year 2002 and $402,801 in fiscal year 2003 of general fund money. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans. The office of budget and program planning shall provide a report that details reallocation to the legislative finance committee by October 15 of each fiscal year.

Item 2 includes a reduction in general fund money of $107,057 in fiscal year 2002 and $107,057 in fiscal year 2003. This reduction is the equivalent of a 24% reduction in fiscal year 2000 base budget travel expenses. The department may reallocate this reduction in funding among divisions when developing 2003 biennium operating plans.

If Senate Bill No. 489 is not passed and approved, general fund money in item 2 is reduced by $667,156 in fiscal year 2002 and by $2,165,633 in fiscal year 2003.

If Senate Bill No. 489 is not passed and approved, general fund money in item 3 is increased by $4 million in fiscal year 2003.

The department shall negotiate with the department of public health and human services and the Montana food bank for any costs incurred by the Montana correctional enterprises in operating the food bank program.

Total audit costs of the office of the commissioner of higher education are estimated to be $35,514.

Item 1 includes a reduction in general fund money of $11,255 in fiscal year 2002 and $11,255 in fiscal year 2003. This reduction is the equivalent of a 17% reduction in fiscal year 2000 base budget travel expenses. The agency may reallocate this reduction in funding among programs when developing 2003 biennium operating plans.

Total Summitnet costs are estimated to be $25,000 each year for the community colleges. The general fund appropriation for the community colleges provides 53% of the total Summitnet costs. The remaining 47% of these costs must be paid from funds other than those appropriated in item 4. Summitnet costs for each year may not exceed $8,000 each for Dawson and Miles community colleges and $9,000 for Flathead Valley community college.

The general fund appropriation in item 4 is calculated to fund education in the community colleges for an estimated 2,030 resident FTE students in fiscal year 2002 and 2,040 resident FTE students in fiscal year 2003. If total resident FTE student enrollment in the community colleges is greater than the estimated number for the biennium, the community colleges shall serve the additional students without a state general fund contribution. If actual resident FTE student enrollment is less than the estimated number for the biennium, the commissioner of higher education shall revert $2,792 in general fund money to the state for each estimated FTE student who did not enroll.

Total audit costs are estimated to be $64,000 for the community colleges for the biennium. The general fund appropriation for each community college provides 53% of the total audit costs in fiscal year 2002. The remaining 47% of these costs must be paid from funds other than those appropriated in item 4a. Audit costs for the biennium may not exceed $20,000 each for Dawson and Miles community colleges and $24,000 for Flathead Valley community college.

Item 7 includes a reduction of $779,826 in fiscal year 2002 and $782,537 in fiscal year 2003 of general fund money. The board of regents may reallocate this reduction in funding among university system units, as defined in 17-7-102(13), when developing 2003 biennium operating plans. The office of budget and program planning shall provide a report that details reallocation to the legislative finance committee by October 15 of each fiscal year.

The decision of the legislature to deny funds for initiatives or budget requests proposed by the governor and the board of regents for the 2003 biennium does not imply an intent to prohibit the board of regents from implementing those initiatives unless specifically stated otherwise in [this act].

The general fund and millage appropriation in item 7 is calculated to fund education in the 4-year units and the colleges of technology for an estimated 25,004 resident FTE students in fiscal 2002 and 25,207 resident FTE students in fiscal 2003. If actual resident student enrollment is greater than the estimated number for the biennium, the university system shall serve the additional students without a state general fund contribution. If actual resident student enrollment is less than the estimated number for the biennium, the commissioner of higher education shall revert $1,914 in general fund money to the state for each estimated FTE student who did not enroll.

Be it enacted by the Legislature of the State of Montana:

(2) (a) From the amounts estimated in subsection (1) for each county government, the department shall deduct fiscal year 2001 county government expenditures for district courts, less reimbursements for district court expenses, and fiscal year 2001 county government expenditures for public welfare programs to be assumed by the state in fiscal year 2002.

(b) The amount estimated pursuant to subsections (1) and (2)(a) is each local government's base year component. The sum of all local governments' base year components is the base year entitlement share pool.

(3) (a) Beginning with fiscal year 2002 and in each succeeding fiscal year, the base year entitlement share pool must be increased annually by a growth rate as provided for in this subsection (3). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year. For fiscal years 2002 and 2003, the growth rate is 3%. Beginning with calendar year 2004, by October 1 of each even-numbered year, the department shall calculate the growth rate of the entitlement share pool for each year of the next biennium in the following manner:

(i) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(i)(A).

(ii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A).

(b) (i) For fiscal year 2004 and subsequent fiscal years, the entitlement share pool growth rate for the first year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(i)(B) and (3)(a)(ii)(B):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(i)(A) and (3)(a)(ii)(A):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(4) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (6). For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for

making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1).

(5) (a) The entitlement share pools calculated in this section and the block grants provided for in subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool. The distributions must be made on a quarterly basis beginning September 15, 2001.

(b) (i) For fiscal year 2002, the growth amount is the difference between the fiscal year 2002 entitlement share pool and the base year entitlement share pool. For fiscal year 2003 and each succeeding fiscal year, the growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the base year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the base year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the base year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount is distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(vi) For fiscal year 2002, an amount equal to the district court costs identified in subsection (2) must be added to each county government's distribution from the entitlement share pool.

(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.

(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (6)(a), the entitlement share for tax increment financing districts is as follows:

Cascade	Great Falls - downtown	$468,966
Deer Lodge	TIF District 1	3,148
Deer Lodge	TIF District 2	3,126
Flathead	Kalispell - District 1	758,359
Flathead	Kalispell - District 2	5,153
Flathead	Kalispell - District 3	41,368
Flathead	Whitefish District	164,660
Gallatin	Bozeman - downtown	34,620
Lewis and Clark	Helena - # 2	731,614
Missoula	Missoula - 1-1B & 1-1C	1,100,507
Missoula	Missoula - 4-1C	33,343
Silver Bow	Butte - uptown	283,801
Yellowstone	Billings	436,815

(c) The entitlement share for industrial tax increment financing districts is as follows:

(i) for fiscal years 2002 and 2003:

Missoula	County Airport Industrial	$4,812
Silver Bow	Ramsay Industrial	597,594;

(ii) for fiscal years 2004 and 2005:

Missoula	County Airport Industrial	$2,406
Silver Bow	Ramsay Industrial	298,797; and

(iii) $0 for all succeeding fiscal years.

(d) The entitlement share for industrial tax increment financing districts referred to in subsection (6)(c) may not be used to pay debt service on tax increment bonds to the extent that the bonds are secured by a guaranty, a letter of credit, or a similar arrangement provided by or on behalf of an owner of property within the tax increment financing industrial district.

(e) One-half of the payments provided for in subsection (6)(c) must be made by July 30, and the other half must be made in December of each year.

(7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from countywide transportation block grants or from countywide retirement block grants.

(8) The estimates for the base year entitlement share pool in subsection (1) must be calculated as if the fees in Chapter 515, Laws of 1999, were in effect for all of fiscal year 2001.

(9) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(p) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.

(b) For the purposes of subsection (9)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.

(10) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).

(11) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(12) A local government may appeal the department's estimation of the base year component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

Section 2. Election to impose new mill levy or exceed limit. (1) A county, consolidated government, incorporated city, or incorporated town may impose a new mill levy or exceed the mill levy limit provided for in 15-10-420 by conducting an election as provided in this section.

(2) An election conducted pursuant to this section may be held in conjunction with a regular or primary election or may be a special election. The governing body shall pass a resolution or amend its self-governing charter indicating its intent to impose a new levy or to exceed the current statutory mill levy provided

for in 15-10-420 on the approval of a majority of the qualified electors voting in the election. The resolution or charter amendment must include:

(a) the specific purpose for which the additional money will be used;

(b) the specific amount to be raised;

(c) the approximate number of mills required; and

(d) the durational limit, if any, on the levy.

(3) Notice of the election must be given as provided by law. The form of the ballot must reflect the content of the resolution or charter amendment.

(4) If the majority of voters voting on the question are in favor of the additional levy, the governing body is authorized to impose the levy in the amount specified in the resolution or charter amendment.

Section 3. Fund transfers. (1) There is transferred from the state general fund to the adoption services account, provided for in 42-2-105, $36,764 for fiscal year 2003. Beginning with fiscal year 2004, the amount of the transfer must be increased by 10% in each succeeding fiscal year.

(2) There is transferred from the state general fund to the department of transportation state special revenue nonrestricted account the following amounts:

(a) $2,873,853 in fiscal year 2002;

(b) $2,916,961 in fiscal year 2003;

(c) $2,960,715 in fiscal year 2004; and

(d) in each succeeding fiscal year, the amount in subsection (2)(c), increased by 1.5% in each succeeding fiscal year.

(3) For fiscal year 2002 and for each succeeding fiscal year, there is transferred from the state general fund to the accounts, entities, or recipients indicated the following amounts:

The reimbursement for the expense of each interment may not exceed $250. The expense must be paid by the veteran's county of residence.

Authorization to increase county mill levy.** Subject to 15-10-420, a county may levy an amount ~~not exceeding 1 mill as may be~~ necessary to finance the additional cost of administering a special absentee election board program pursuant to 13-13-225 through 13-13-229. The mill levy may not be included as part of any existing mill levy or special mill levy assessed by the county. The amount of any mill levy adopted under this section must be reasonably related to the actual cost of providing services as required by 13-13-225 through 13-13-229."

Section 92. Section 15-1-402, MCA, is amended to read:

"**15-1-402. Payment of taxes under protest.** (1) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested. The protested payment must:

(a) be made to the officer designated and authorized to collect it;

(b) specify the grounds of protest; and

(c) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(2) A person appealing a property tax or fee pursuant to chapter 2 or 15 shall pay the tax or fee under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal may continue but a tax or fee may not be refunded as a result of the appeal.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) All property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(5) The governing board of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

(6) (a) If action before the county tax appeal board, state tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from the protest fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged *to* the local government units.

(b) If the action is finally determined adversely to the department of revenue, a county, a municipality, or the treasurer of a county or a municipality, then the treasurer shall, upon receiving a certified copy of the final judgment in the action from the state tax appeal board or from the district or supreme court, as appropriate, if the final action of the state tax appeal board is appealed in the time prescribed, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee deposited in the protest fund, and not released pursuant to subsection (5), as the person holding the judgment is entitled to recover, together with interest from the date of payment under protest, at the greater of:

(i) the rate of interest generated from the pooled investment fund provided for in 17-6-203 for the applicable period; or

(ii) 6% a year.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then *to* interest owed, and lastly to costs.

(d) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratably responsible.

(e) In satisfying the requirements of subsection (6)(d), the taxing jurisdiction is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the greater of the rates referred to in subsections (6)(b)(i) and (6)(b)(ii) from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus four percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) ~~subject to 15-10-420,~~ imposition of a property tax to be collected by a special tax protest refund levy;

(b) the general fund~~, except that amount generated by the all-purpose mill levy,~~ or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. ~~Subject to 15-10-420, property~~ *Property* taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of $5 or less, a refund is not owed."

Section 93. Section 15-1-501, MCA, is amended to read:

"**15-1-501. Disposition of money from certain designated license and other taxes.** (1) The state treasurer shall deposit to the credit of the state general fund in accordance with the provisions of subsection (3) all money received from the collection of:

(a) income taxes, interest, and penalties collected under chapter 30;

(b) ~~except as provided in 15-31-702,~~ all taxes, interest, and penalties collected under chapter 31;

(c) oil and natural gas production taxes allocated under 15-36-324~~(8)(a)~~*(9)(a)* and ~~(10)(a)~~ *(11)(a)*;

(d) electrical energy producer's license taxes under chapter 51;

(e) ~~[an amount equal to 25% of]~~ the retail telecommunications excise tax collected under Title 15, chapter 53, part 1;

(f) liquor license taxes under Title 16;

(g) fees from driver's licenses, motorcycle endorsements, and duplicate driver's licenses as provided in 61-5-121;

(h) estate taxes under Title 72, chapter 16; and

(i) fees based on the value of currency on deposit and tangible personal property held for safekeeping by a foreign capital depository as provided in 15-31-803.

(2) The department shall also deposit to the credit of the state general fund all money received from the collection of license taxes and fees and all net revenue and receipts from all other sources under the operation of the Montana Alcoholic Beverage Code.

(3) Notwithstanding any other provision of law, the distribution of tax revenue must be made according to the provisions of the law governing allocation of the tax that were in effect for the period in which the tax revenue was recorded for accounting purposes. Tax revenue must be recorded as prescribed by the department of administration, pursuant to 17-1-102(2) and (4), in accordance with generally accepted accounting principles.

(4) All refunds of taxes must be attributed to the funds in which the taxes are currently being recorded. All refunds of interest and penalties must be attributed to the funds in which the interest and penalties are currently being recorded."

Section 94. Section 15-10-420, MCA, is amended to read:

"**15-10-420. Procedure for calculating levy.** (1) *(a)* ~~A~~ *Subject to the provisions of this section, a* governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year~~, even if that levy is greater than the levy established by law~~ *plus one-half of the average rate of inflation for the prior 3 years*. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the *current year's* value of newly taxable property, *plus one-half of the average rate of inflation for the prior 3 years.*

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1) plus any additional levies authorized by the voters *as provided in [section 2]* to all property in the governmental unit, including newly taxable property.

(3) For purposes of this section, newly taxable property includes:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property; *and*

~~(e) reclassification of property;~~

~~(f)~~*(e)* transfer of property from tax-exempt to taxable status~~; and~~

~~(g) revaluations caused by expansion, addition, replacement, or remodeling of improvements~~.

(4) *(a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:*

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) For the purpose of subsection (3)(d), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonagricultural land as described in 15-6-133(1)(c).

(c) For the purposes of this section, newly taxable property does not include an increase in appraised value of land that was previously valued at 75% of the value of improvements on the land, as provided in 15-7-111(4) and (5), as those subsections applied on December 31, 2001.

~~(4)~~*(5)* Subsection (1) does not apply to school district general fund levies and the school district levy for tuition obligations established in 20-5-324(5) *or 20-6-413.*

~~(5)~~*(6)* For purposes of subsection (1), taxes imposed~~:~~

~~(a) include registration fees imposed on light vehicles under 61-3-561 and distributed under 61-3-509(2); and~~

~~(b)~~ do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

~~(6) In determining the maximum number of mills in subsection (1), the governmental entity shall take into account any change from the prior year in the amount of statutory reimbursements for changes in the property tax laws. The amount of motor vehicle disposition under 61-3-509(2), as that section read on December 31, 2000, is an increased statutory reimbursement. It may increase the number of mills to account for a decrease in reimbursements and shall decrease the number of mills to fully account for any increase in reimbursements.~~

(7) In determining the maximum number of mills in subsection (1), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

~~(7)~~*(8)* The department shall calculate, *on a statewide basis,* the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, *and* 20-25-439~~, and 53-2-813~~. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. *The mill calculation must be established in whole mills. If the mill levy calculation does not result in a whole number of mills, then the calculation must be rounded up to the nearest whole mill.*

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4209, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402; or

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

~~(8)~~*(10)* The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 95. Section 15-16-117, MCA, is amended to read:

"15-16-117. Personal property — treasurer's duty to collect certain taxes. (1) The "schedule amount" of the budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 must be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate for each bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by the district); plus

(b) the total of all individual transportation per diem reimbursement rates for the district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) The county revenue requirement for a joint district, after the application of any district money under subsection (2)(b), must be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each county.

(3) The total of the money available for the reduction of property tax on the district for the transportation fund must be determined by totaling:

(j) any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year that may be used to finance the transportation fund; and

(k) any fund balance available for reappropriation as determined by subtracting the amount of the end-of-the-year fund balance earmarked as the transportation fund operating reserve for the ensuing school fiscal year by the trustees from the end-of-the-year fund balance in the transportation fund. The operating reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount; and

(b) subtracting the amount of money available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a).

An applicant who fails to provide proof of ownership shall provide a certified statement describing how the motorboat or sailboat 12 feet in length or longer was acquired, from whom acquired, if known, and other information requested by the department of justice.

(4) If a certificate of ownership has previously been issued under the provisions of this part, the application for a new certificate must be accompanied by the immediately previous certificate. (5) A motorboat or sailboat 12 feet in length or longer that does not have a manufacturer's or other identifying number on the motorboat or sailboat must be assigned an identification number by the department ~~of fish, wildlife, and parks~~. A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, the complete boat description, the amount of the lien, and the signature of the debtor. The department of justice shall file voluntary security interests and liens by entering the name and address of the secured party upon the face of the certificate of ownership. Involuntary liens must be filed against the record of the boat encumbered. The department of justice shall mail a statement certifying the filing of a security interest or lien to the secured party. The department of justice shall mail the certificate of ownership to the owner at the address given on the certificate; however, if the transfer of ownership and filing of the security interest are paid for by a creditor or secured party, the department of justice shall return the certificate of ownership to the county treasurer of the county in which the boat is to be registered. (13) Satisfactions or statements of release filed with the department of justice under this part must be retained for a period of 8 years after receipt, after which they may be destroyed.

(14) Except as provided in subsection (15), a voluntary security interest or lien is perfected on the date the lien notice is delivered to the county treasurer. On that date, the county treasurer shall issue to the secured party a receipt evidencing the perfection. Perfection under this section constitutes constructive notice to subsequent purchasers or encumbrancers, from the date of delivery of the lien notice to the county treasurer, of the existence of the security interest.

(15) Voluntary security interests or lien filings that do not require transfer of ownership are perfected on the date the lien notice and the certificate of ownership or manufacturer's statement of origin are received by the department of justice. On that date, the department of justice shall issue to the secured party a receipt evidencing the perfection. Perfection under this subsection constitutes constructive notice to subsequent purchasers or encumbrancers, from the date the lien notice is delivered to the department of justice, of the existence of the security interest.

(16) Upon default under a chattel mortgage or conditional sales contract covering a boat, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of a boat, all the provisions of 27-18-413, 27-18-414, and 27-18-804 are applicable, except that deposits must be made with the department of justice.

(19) It is not necessary to refile with the department of justice any instruments on file in the office of the county clerk and recorder on October 1, 1989.

(20) A fee of $4 must be paid to the department of justice to file any security interest or other lien against a boat. The $4 fee must cover the cost of filing a satisfaction or release of the security interest and the cost of entering the satisfaction or release on the records of the department of justice and deleting the

endorsement of the security interest from the face of the certificate of ownership. A fee of $4 must be paid to the department of justice for issuing a certified copy of a certificate of ownership subject to a security interest or other lien on file with the department of justice or for filing an assignment of any security interest or other lien on file with the department of justice. All fees provided for in this section must be paid to the county treasurer for deposit in the *state* general fund in accordance with 15-1-504."

It is not a violation of this part or any other law for the purchaser to operate a newly acquired motorboat or sailboat 12 feet in length or longer without a certificate of ownership, certificate of registration, and decal during the 30-day grace period. During this period the sticker provided for in subsection (4) must remain affixed to the motorboat or sailboat.

(4) Prior to the delivery of a motorboat or sailboat 12 feet in length or longer to the purchaser, the dealer shall issue and affix to a motorboat or sailboat constructed after October 31, 1972, a sticker as prescribed by the department of justice. The sticker must contain the name and address of the purchaser, the date of sale, the name and address of the dealer, and a description of the motorboat or sailboat, including its serial number. applicable fee in lieu of tax plus a fee of $2 to be collected by the county treasurer and remitted to the department of justice *for deposit in the general fund*, obtain from the county treasurer of the county in which the boat is to be registered a temporary boat sticker of a size, color, and design as the department of justice may prescribe, to be validated by the county treasurer for a period of 60 days from the date of issuance. The purchaser, upon displaying the sticker conspicuously on the motorboat or sailboat, may operate the motorboat or sailboat during the period for which the boat sticker has been validated without displaying the numbers and license decal for the current year. The county treasurer may not sell, and a person may not purchase, more than one 60-day temporary boat sticker for any motorboat or sailboat, the ownership of which has not changed since the issuance of the previous 60-day boat sticker.

(6) The provisions of subsection (2) do not apply in the event of the transfer of a motorboat or sailboat 12 feet in length or longer to a ~~duly~~ licensed dealer intending to resell the motorboat or sailboat and who operates it only for demonstration purposes, but ~~every~~ *a* dealer, upon transferring ~~his~~ *the dealer's* interest, shall deliver the certificate of ownership with an application for a new certificate executed by the new owner in accordance with the provisions of this part. The department of justice, upon receipt of the certificate of ownership and application for a new certificate containing notice of a security interest, if any, shall issue a new certificate of ownership, together with a statement of any conditional sales contract, mortgage, or other lien.

(7) When the names and addresses of more than one owner who are members of the same immediate family are listed on the certificate of ownership, joint ownership with right of survivorship, and not as tenants in common, is presumed.

The application must be signed by the owner of the motorboat, sailboat, or personal watercraft and be accompanied by a fee of ~~$2.50~~ *$3.50*. Any alteration, change, or false statement contained in the application will render the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the department of justice, stating the number assigned to the motorboat, sailboat, or personal watercraft and the name and address of the owner.

(2) The applicant, upon the filing of the application, shall pay to the county treasurer the fee in lieu of tax required for a motorboat 10 feet in length or longer, a sailboat 12 feet in length or longer, or a personal watercraft for the current year of certification before the application for certification or recertification may be accepted by the county treasurer.

(3) Should the ownership of a motorboat, sailboat, or personal watercraft change, a new application form with the certification fee must be filed within a reasonable time with the county treasurer and a new certificate of number

assigned in the same manner as provided for in an original assignment of number.

(4) If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the department of justice must be in conformity.

(5) Every certificate of number and the license decals assigned under this part continues in effect for a period not to exceed 1 year unless terminated or discontinued in accordance with the provisions of this part. Certificates of number and license decals must show the date of expiration and may be renewed by the owner in the same manner provided for in the initial securing of the certificate.

(6) Certificates of number expire on December 31 of each year and may not be in effect unless renewed under this part.

(7) In *the* event of *a* transfer of ownership, the purchaser shall furnish the county treasurer notice within a reasonable time of the acquisition of all or any part of the purchaser's interest, other than the creation of a security interest, in a motorboat, sailboat, or personal watercraft numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat, sailboat, or personal watercraft. The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat, sailboat, or personal watercraft. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat, sailboat, or personal watercraft does not terminate the certificate of number.

(8) A holder of a certificate of number shall notify the county treasurer within reasonable time if the holder's address no longer conforms to the address appearing on the certificate and shall furnish the county treasurer with the new address. The department of justice may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

(9) (a) The number assigned must be painted on or attached to each outboard side of the forward half of the motorboat, sailboat, or personal watercraft or, if there are no sides, at a corresponding location on both outboard sides of the foredeck of the motorboat, sailboat, or personal watercraft. The number assigned must read from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible. The number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore. Numerals, letters, or devices other than those used in connection with the identifying number issued may not be placed in the proximity of the identifying number. Numerals, letters, or devices that might interfere with the ready identification of the motorboat, sailboat, or personal watercraft by its identifying number may not be carried in a manner that interferes with the motorboat's, sailboat's, or personal watercraft's identification. A number other than the number and license decal assigned to a motorboat, sailboat, or personal watercraft or granted reciprocity under this part may not be painted, attached, or otherwise displayed on either side of the forward half of the motorboat, sailboat, or personal watercraft.

(b) The certificate of number must be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat, sailboat, or personal watercraft whenever the motorboat, sailboat, or personal watercraft is on waters of this state.

(c) Boat liveries are not required to have the certificate of number on board each motorboat, sailboat, or personal watercraft, but a rental agreement must be carried on board livery motorboats, sailboats, or personal watercraft in place of the certificate of number.

(10) ~~(a) Except as provided in subsection (10)(b), fees~~ *Fees*, other than the fee in lieu of tax, collected under this section must be transmitted to the state treasurer, who shall deposit the fees in the ~~motorboat or sailboat certificate identification account of the~~ state ~~special revenue~~ *general* fund. ~~These fees must be used only for the administration and enforcement of this part, as amended.~~

~~(b) Of the fee collected under the provisions of subsection (1), 20% must be deposited by the state treasurer in an account in the state special revenue fund to the credit of the department to be used to acquire and maintain marine sewage pumpout equipment and other boat facilities.~~

(11) An owner of a motorboat, sailboat, or personal watercraft ~~must~~ *shall* within a reasonable time notify the department of justice, giving the motorboat's, sailboat's, or personal watercraft's identifying number and the owner's name when the motorboat, sailboat, or personal watercraft is transferred, lost, destroyed, *or* abandoned~~, or frauded~~ or within 60 days after *a* change of state of principal use or if a motorboat becomes documented as a vessel of the United States."

Section 132. Section 23-2-518, MCA, is amended to read:

"**23-2-518. (Temporary) Disposition of fees in lieu of tax.** ~~(1) Except for fees allocated under subsection (2), the~~ *The* county treasurer shall ~~distribute~~ *transfer* all fees in lieu of tax collected on motorboats 10 feet in length or longer, sailboats 12 feet in length or longer, personal watercraft, motorized canoes, motorized rubber rafts, and motorized pontoons pursuant to 23-2-516 and 23-2-517 ~~in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as personal property taxes are distributed~~ *to the state general fund.*

~~(2) The county treasurer shall allocate 20% of all fees in lieu of tax collected under this section to the motorboat account in the state special revenue fund for use by the department as provided in 23-2-533.~~ (Terminates June 30, 2002—sec. 9, Ch. 476, L. 1995.)

23-2-518. (Effective July 1, 2002) Disposition of fees in lieu of tax. Section 133. Section 23-2-611, MCA, is amended to read:

"**23-2-611. Certificate of ownership — filing of security interests.** (1) A snowmobile may not be operated upon any private or public lands, trails, easements, lakes, rivers, streams, roadways or shoulders of roadways, streets, or highways unless a certificate of ownership has first been obtained from the department of justice in accordance with the laws of this state. A certificate of ownership is not required for a snowmobile purchased prior to April 16, 1993, if use of the snowmobile is restricted to private land.

(2) The owner of a snowmobile shall apply for a certificate of ownership with the county treasurer of the county in which the owner resides, upon forms to be furnished for this purpose. The forms must require the following information:

(a) the name of the owner;

(b) the residence of the owner, by town and county;

(c) the business or home mailing address of the owner;

(d) the name and address of any lienholder;

(e) the amount due under any contract or lien;

(f) the name of the manufacturer;

(g) the model number or name;

(h) the identification number; and

(i) the name and address of the dealer or other person from whom acquired.

(3) The application must be accompanied by documentation of ownership, such as an invoice, notarized bill of sale from the immediately previous owner, foreign title, official certificate of snowmobile number, or fee in lieu of tax receipt.

(4) The application must be signed by at least one owner or by a properly authorized officer or representative of the owner.

(5) If a certificate of ownership has previously been issued under the provisions of 23-2-601 through 23-2-644, the application for a new certificate must be accompanied by the immediately previous certificate. This subsection does not apply to snowmobiles that are purchased as new and unused machines or that were operated when the provisions of 23-2-601 through 23-2-644 were not in force and effect.

(6) Upon completion of the application, on forms furnished by the department of justice, the county treasurer shall issue to the applicant two copies of the application, one of which must be marked "file copy". The treasurer shall forward one copy and the original application to the department of justice, which shall enter the information contained in the application upon the corresponding records of its office and shall furnish the applicant *with* a certificate of ownership, which must contain that information in the application considered necessary by the department of justice, and a permanent ownership number. The certificate of ownership is not to be renewed annually and is valid as long as the person holding it owns the snowmobile.

(7) The owner shall at all times retain possession of the certificate of ownership, except when it is being transmitted to and from the department of justice for endorsement or cancellation.

(8) Upon application for a certificate of ownership, a fee of $5 must be paid to the county treasurer, ~~$3.50 of~~ which must be forwarded by the county treasurer to the department of justice and deposited in the general fund.

(9) The department of justice may not file a voluntary security interest or lien unless it is accompanied by or specified in the application for a certificate of

ownership of the snowmobile encumbered. If the approved lien notice is transmitted to the department of justice, the security agreement or other lien instrument that creates the security interest must be retained by the secured party. A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, the complete snowmobile description, the amount of the lien, and the signature of the debtor. The department of justice shall file voluntary security interests and liens by entering the name and address of the secured party upon the face of the certificate of ownership. Involuntary liens must be filed against the record of the snowmobile encumbered. The department of justice shall mail a statement certifying the filing of a security interest or lien to the secured party. The department of justice shall mail the certificate of ownership to the owner at the address given on the certificate; however, if the transfer of ownership and filing of the security interest are paid for by a creditor or secured party, the department of justice shall return the certificate of ownership to the county treasurer of the county in which the snowmobile is to be registered. The owner of a snowmobile is the person entitled to operate and possess the snowmobile.

(10) A security interest in a snowmobile held as inventory by a dealer must be perfected in accordance with Title 30, chapter 9.

(11) Whenever a security interest or lien is filed against a snowmobile that is subject to two security interests previously perfected under this section, the department of justice shall endorse on the face of the certificate of ownership: "NOTICE. This snowmobile is subject to additional security interest on file with the Department of Justice"." Other information regarding the additional security interests need not be endorsed on the certificate.

(12) Satisfactions or statements of release filed with the department of justice under this part must be retained for a period of 8 years after receipt, after which they may be destroyed.

(13) Except as provided in subsection (14), a voluntary security interest or lien is perfected on the date the lien notice is delivered to the county treasurer. On that date, the county treasurer shall issue to the secured party a receipt evidencing the perfection. Perfection under this section constitutes constructive notice to subsequent purchasers or encumbrancers, from the date of delivery of the lien notice to the county treasurer, of the existence of the security interest.

(14) Voluntary security interests or lien filings that do not require transfer of ownership are perfected on the date the lien notice and the certificate of ownership or manufacturer's statement of origin are received by the department of justice. On that date, the department of justice shall issue to the secured party a receipt evidencing the perfection. Perfection under this subsection constitutes constructive notice to subsequent purchasers or encumbrancers, from the date the lien notice is delivered to the department of justice, of the existence of the security interest.

(15) Upon default under a chattel mortgage or conditional sales contract covering a snowmobile, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of a snowmobile, all the provisions of 27-18-413, 27-18-414, and 27-18-804 are applicable, except that deposits must be made with the department of justice.

(16) A conditional sales vendor or chattel mortgagee or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sales contract

within 15 days after receiving final payment is required to pay the department of justice the sum of $1 for each day that the satisfaction is not filed.

(17) Upon receipt of notice of any involuntary liens or attachments against the record of any snowmobile registered in this state, the department of justice shall within 24 hours mail to the owner, conditional sales vendor, mortgagee, or their assignee a notice showing the name and address of the lien claimant, the amount of the lien, the date of execution of the lien, and, in the case of attachment, the full title of the court, the action, and the name of the attorney for the plaintiff or the name of the attaching creditor, or both.

(18) It is not necessary to refile with the department of justice any instruments on file in the office of the county clerk and recorder on October 1, 1989.

(19) A fee of $4 must be paid to the department of justice to file any security interest or other lien against a snowmobile. The $4 fee must cover the cost of filing a satisfaction or release of the security interest and the cost of entering the satisfaction or release on the records of the department of justice and deleting the endorsement of the security interest from the face of the certificate of ownership. A fee of $4 must be paid to the department of justice for issuing a certified copy of a certificate of ownership subject to a security interest or other lien on file with the department of justice or for filing an assignment of a security interest or other lien on file with the department of justice. All fees provided for in this section must be paid to the county treasurer for deposit in the *state* general fund in accordance with 15-1-504."

Section 134. Section 23-2-612, MCA, is amended to read:

"**23-2-612. Transfer of interest.** (1) Except as provided in subsection (3), upon a transfer of any certificate of ownership to a snowmobile registered as required under the provisions of 23-2-601 through 23-2-644, the person whose title or interest is to be transferred shall ~~write his signature with pen and ink upon~~ *sign* the certificate of ownership issued for the snowmobile in the appropriate space provided upon the reverse side of the certificate, and the signature ~~shall~~ *must* be acknowledged before the county treasurer, a deputy county treasurer, or a notary public.

(2) Within 20 calendar days after endorsement, the transferee shall make application for transfer of the certificate of ownership with the county treasurer of the county in which the transferee resides and also make application for registration of the snowmobile. The county treasurer shall forward the application to the department of justice, which shall file the application upon receipt. A certificate of ownership may not be issued by the department of justice until the outstanding certificates are surrendered to that office or their loss is established to ~~its~~ *the department's* reasonable satisfaction. The county treasurer shall collect a fee of $5 for each application for transfer of ownership, ~~of~~ which ~~$3.50~~ must be forwarded to the department of justice for deposit in the general fund.

(3) A purchaser of a new or used snowmobile from a licensed snowmobile dealer has a grace period of 20 calendar days from the date of purchase to register the snowmobile, make application for a certificate of ownership, and obtain a decal indicating that the fee in lieu of property tax has been paid on the snowmobile for the current year. It is not a violation of 23-2-601 through 23-2-644 or any other law for the purchaser to operate a newly acquired snowmobile

without a certificate of ownership, *a* certificate of registration, and a decal during the 20-day period. During this period, the sticker provided for in subsection (4) ~~shall~~ *must* remain affixed to the snowmobile.

(4) Prior to the delivery of the snowmobile to the purchaser, the dealer shall issue and affix to the snowmobile a sticker (in a form to be prescribed by the department of justice). The sticker shall contain the name and address of the purchaser, the date of sale, the name and address of the dealer, and a description of the snowmobile, including its serial number. The dealer shall keep a copy of the sticker for ~~his~~ *the dealer's* records and shall send a copy of the sticker to the department of justice.

(5) The provisions of subsection (2) do not apply in the event of the transfer of a snowmobile to a ~~duly~~ licensed snowmobile dealer *who is* intending to resell the snowmobile and who operates it only for demonstration purposes, but ~~every~~ *a* dealer, upon transferring ~~his~~ *the dealer's* interest, shall deliver the certificate of ownership with an application for a new certificate executed by the new owner in accordance with the provisions of 23-2-601 through 23-2-644. The department of justice, upon receipt of the certificate of ownership and application for a new certificate containing notice of a security interest, if any, shall issue a new certificate of ownership, together with a statement of any conditional sales contract, mortgage, or other lien.

(6) When the names and addresses of more than one owner who are members of the same immediate family are listed on the certificate of ownership, joint ownership with right of survivorship, and not as tenants in common, is presumed.

(7) The provisions of 61-3-201(3) through (7) that apply to motor vehicles also apply to any certificate of ownership transferred under this section."

Section 135. Section 23-2-615, MCA, is amended to read:

"**23-2-615. Nonresident temporary-use permits — use of fees.** (1) The requirements pertaining to the nonresident temporary-snowmobile-use permit are as follows:

(a) Application for the issuance of the permit must be made at locations and upon forms prescribed by the department. The forms must include but are not limited to:

(i) the applicant's name and permanent address;

(ii) the make, model, year, and serial number of the snowmobile; and

(iii) an affidavit declaring the nonresidency of the applicant.

(b) Upon submission of the application and a fee of $6, a nonresident temporary-snowmobile-use sticker must be issued. The sticker must be displayed in a conspicuous manner on the snowmobile.

(2) The temporary permit is valid for a consecutive 30-day period as designated by the permit.

(3) The permit is not proof of ownership, and a certificate of ownership may not be issued.

(4) A nonresident temporary-snowmobile-use permit is not required for a snowmobile that qualifies as a racing snowmobile under 23-2-622.

(5) All money collected by payment of fees under this section must be ~~turned over~~ *transferred* to the state treasurer and ~~placed~~ *deposited* in the state ~~special~~

~~revenue~~ *general* fund ~~to the credit of the department of fish, wildlife, and parks, with one-half to be used in administering this section and one-half to be used in the development, maintenance, and operation of snowmobile facilities~~.

(6) The failure to display the permit as required by this section or the making of false statements in obtaining the permit is a misdemeanor, punishable by a fine of not less than $25 or more than $100."

Section 136. Section 23-2-616, MCA, is amended to read:

"**23-2-616. Registration and decals — application and issuance — use of certain fees.** (1) Except for a snowmobile registered under 23-2-621, a snowmobile may not be operated on public lands by any person in Montana unless it has been registered and there is displayed in a conspicuous place on both sides of the cowl a decal as visual proof that the fee in lieu of property tax has been paid on it for the current year and the immediately previous year as required by 15-16-202.

(2) Application for registration must be made to the county treasurer upon forms to be furnished by the department of justice for this purpose, which may be obtained at the county treasurer's office in the county where the owner resides. The application shall contain the following information:

(c) the make of the snowmobile;

(d) the model name of the snowmobile;

(g) other information as the department of justice may require.

(3) The application must be accompanied by a ~~decal~~ *decal-registration* fee of ~~$5, a registration fee of 50 cents~~ *$6.50*, and, if the snowmobile has previously been registered, by the registration certificate for the most recent year in which the snowmobile was registered. The treasurer shall sign the application and issue a registration receipt that must contain information considered necessary by the department of justice and a listing of fees paid. The owner shall retain possession of the registration receipt until it is surrendered to the county treasurer for reregistration or to a purchaser or subsequent owner pursuant to a transfer of ownership.

(4) The county treasurer shall forward the signed application to the department of justice and shall issue to the applicant a decal in the style and design prescribed by the department of justice and of a different color than the preceding year, numbered in sequence.

(5) The county treasurer may not accept any application under this section until the applicant has paid the ~~decal~~ *decal-registration* ~~and registration fees~~ *fee* and the fee in lieu of property tax on the snowmobile for the current year and the immediately previous year as required by 15-16-202.

(6) All money collected from payment of ~~the decal~~ *decal-registration* fees and all interest accruing from use of this money must be forwarded to the state treasurer and placed in the state ~~special revenue~~ *general* fund ~~to the credit of the~~

Section 137. Section 23-2-803, MCA, is amended to read:

"**23-2-803. Fee in lieu of tax on off-highway vehicles — exception — disposition of fees.** (1) There is a fee in lieu of tax on off-highway vehicles, other than off-highway vehicles constituting the inventory of a dealership licensed under 23-2-818, to be paid to the county treasurer of the county in which the owner of the off-highway vehicle resides.

(a) The fee for an off-highway vehicle less than 3 years old is $19. In all other cases the fee is $9.

(b) Except as provided in subsection (1)(c), the age of an off-highway vehicle is determined by subtracting the manufacturer's designated model year from the current calendar year.

(c) If the purchase year of an off-highway vehicle precedes the designated model year of the off-highway vehicle and the off-highway vehicle is originally titled in Montana, then the purchase year is considered the model year for the purposes of calculating the fee in lieu of tax.

(2) ~~(a) Except as provided in subsection (2)(b), the~~ *The* county treasurer shall ~~distribute~~ *transfer* all fees in lieu of tax collected on off-highway vehicles pursuant to this section ~~in the relative proportions required by the levies for state, county, school district, and municipal purposes in the same manner as personal property taxes are distributed~~ *to the state general fund.*

Section 139. Section 23-2-811, MCA, is amended to read:

"**23-2-811. Certificate of ownership — procedure — fee — filing security interest.** (1) An off-highway vehicle may not be operated upon any public lands, trails, easements, lakes, rivers, or streams unless a certificate of ownership has first been obtained from the department of justice.

(2) The owner of an off-highway vehicle shall apply for a certificate of ownership to the county treasurer of the county in which the owner resides, on a form furnished by the department of justice for that purpose. The form must include:

(a) the name of the owner;

(b) the residence of the owner, by town and county;

(c) the business address or home mailing address of the owner;

(d) the name and address of any lienholder;

(e) the amount due under any contract, mortgage, or lien;

(f) the name of the manufacturer;

(g) the model number or name;

(h) the identification number; and

(i) the name and address of the dealer or other person from whom the off-highway vehicle was acquired.

(3) The application must be signed by at least one owner or by a properly authorized agent of the owner.

(4) The application for a new certificate of ownership must be accompanied by the immediately previous certificate. This subsection does not apply to off-highway vehicles that are purchased as new and unused machines or that were operated before January 1, 1990.

(5) (a) After the owner completes the application form, the county treasurer shall issue to the applicant two copies of the completed application, with one marked "file copy", and shall forward one copy and the original application to the department of justice. The department of justice shall enter the information contained in the application upon the corresponding records of its office and shall send the applicant a certificate of ownership containing a permanent ownership

number and information from the application considered necessary by the department of justice.

(b) The certificate of ownership is not required to be renewed annually and is valid as long as the person holding it owns the off-highway vehicle.

(6) The owner shall at all times retain possession of the certificate of ownership, except when it is being transmitted to and from the department of justice for endorsement or cancellation.

(7) Upon application for a certificate of ownership, a fee of $5 must be paid to the county treasurer, ~~of~~ which~~:~~

~~(a) $3.50~~ must be forwarded to the department of justice for deposit in the general fund~~; and~~

~~(b) $1.50 must be retained by the county treasurer for the cost of administering this section~~.

(8) The department of justice may not file a voluntary security interest or lien unless it is accompanied by or specified in the application for a certificate of ownership of the encumbered off-highway vehicle. If the approved lien notice is transmitted to the department of justice, the security agreement or other lien instrument that creates the security interest must be retained by the secured party. A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, a complete description of the off-highway vehicle, the amount of the lien, and the signature of the debtor. The department of justice shall file voluntary security interests and liens by entering the name and address of the secured party upon the face of the certificate of ownership. Involuntary liens must be filed against the record of the off-highway vehicle encumbered. The department of justice shall mail a statement certifying the filing of a security interest or lien to the secured party. The department of justice shall mail the certificate of ownership to the owner at the address given on the certificate. However, if the transfer of ownership and filing of the security interest are paid for by a creditor or secured party, the department of justice shall return the certificate of ownership to the county treasurer of the county where the vehicle is to be registered. The owner of an off-highway vehicle is the person entitled to operate and possess the vehicle.

(9) A security interest in an off-highway vehicle held as inventory by a dealer must be perfected in accordance with Title 30, chapter 9.

(10) Whenever a security interest or lien is filed against an off-highway vehicle that is subject to two or more security interests previously perfected under this section, the department of justice shall endorse on the face of the certificate of ownership: "Notice. This off-highway vehicle is subject to additional security interests on file with the Department of Justice." Other information regarding the additional security interests need not be endorsed on the certificate.

(11) Satisfaction or statements of release filed with the department of justice under this section must be retained for a period of 8 years from the date of receipt, after which they may be destroyed.

(12) Except as provided in subsection (13), a voluntary security interest or lien is perfected on the date the lien notice is delivered to the county treasurer. On that date, the county treasurer shall issue to the secured party a receipt evidencing the perfection. Perfection under this section constitutes constructive

notice to subsequent purchasers or encumbrancers, from the date of delivery of the lien notice to the county treasurer, of the existence of the security interest.

(13) Voluntary security interests or lien filings that do not require transfer of ownership are perfected on the date the lien notice and the certificate of ownership or manufacturer's statement of origin are received by the department of justice. On that date, the department shall issue to the secured party a receipt evidencing the perfection. Perfection under this subsection constitutes constructive notice to subsequent purchasers or encumbrancers, from the date the lien notice is delivered to the department, of the existence of the security interest.

(14) Upon default under a chattel mortgage or conditional sales contract covering an off-highway vehicle, the mortgagee or vendor has the same remedies as in the case of other personal property. In the case of attachment of an off-highway vehicle, the provisions of 27-18-413, 27-18-414, and 27-18-804 are applicable, except that deposits must be made with the department of justice.

(15) A conditional sales vendor, chattel mortgagee, or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sale contract within 15 days after receiving final payment shall pay to the department of justice the sum of $1 for each day after the expiration of the 15-day period that the person fails to file the satisfaction.

Any sums necessary to be paid under the provisions of this chapter by a state agency are considered to be ordinary and necessary expenses of the agency. The agency shall make appropriation of and pay the sums into the state fund at the time and in the manner provided for in this chapter, notwithstanding that the state agency may have failed to anticipate the ordinary and necessary expense in a budget, estimate of expenses, appropriations, ordinances, or otherwise.

(2) A public corporation, other than a state agency, may elect coverage under compensation plan No. 1, plan No. 2, or plan No. 3, separately or jointly with any other public corporation other than a state agency. A public corporation electing compensation plan No. 1 may purchase reinsurance or issue bonds or notes pursuant to subsection (3)(b). A public corporation electing compensation plan No. 1 is subject to the same provisions as a private employer electing compensation plan No. 1.

(3) (a) A public corporation, other than a state agency, that elects plan No. 1 may establish a fund sufficient to pay the compensation and benefits provided for in this chapter and chapter 72 and to discharge all liabilities that are reasonably incurred during the fiscal year for which the election is effective. Proceeds from the fund must be used only to pay claims covered by this chapter and chapter 72 and for actual and necessary expenses required for the efficient administration of the fund, including debt service on any bonds and notes issued pursuant to subsection (3)(b).

(b) (i) A public corporation, other than a state agency, separately or jointly with another public corporation, other than a state agency, may issue and sell its bonds and notes for the purpose of establishing, in whole or in part, the self-insurance workers' compensation fund provided for in subsection (3)(a) and to pay the costs associated with the sale and issuance of the bonds. Bonds and notes may be issued in an amount not exceeding 3% of the taxable valuation of the public corporation as of the date of issue. The bonds and notes must be authorized by resolution of the governing body of the public corporation and are payable from an annual property tax levied in the amount necessary to pay principal and interest on the bonds or notes. This authority to levy an annual property tax exists despite any provision of law or maximum levy limitation, *including 15-10-420,* to the contrary. The revenue derived from the sale of the bonds and notes may not be used for any other purpose.

(ii) The bonds and notes:

(A) may be sold at public or private sale;

(B) do not constitute debt within the meaning of any statutory debt limitation; and

(C) may contain other terms and provisions as the governing body determines.

(iii) Two or more public corporations, other than state agencies, may agree to exercise their respective borrowing powers jointly under this subsection (3)(b) or may authorize a joint board to exercise the powers on their behalf.

(iv) The fund established from the proceeds of bonds and notes issued and sold under this subsection (3)(b) may, if sufficient, be used in lieu of a surety bond, reinsurance, specific and aggregate excess insurance, or any other form of additional security necessary to demonstrate the public corporation's ability to discharge all liabilities as provided in subsection (3)(a). Subject to the 3% of taxable valuation limitation in subsection (3)(b)(i), a public corporation may issue bonds and notes to establish a fund sufficient to discharge liabilities for periods greater than 1 year.

(4) All money in the fund established under subsection (3)(a) not needed to meet immediate expenditures must be invested by the governing body of the public corporation or the joint board created by two or more public corporations as provided in subsection (3)(b)(iii), and all proceeds of the investment must be credited to the fund.

(5) The provisions of subsection (1) do not apply to the Montana university system.

(2) The department or county may, in the name of the recipient on whose behalf medical assistance has been paid by the department or county, commence and prosecute to final conclusion any action that may be necessary to recover from a third party or the third party's insurer compensation or damages for medical assistance paid by the department or county on behalf of the recipient. This section does not affect the right of the recipient to initiate and prosecute to final conclusion an action for damages or compensation in the recipient's own name in accordance with the provisions of this section.

(c) From the amount collected by the department, county, or recipient from legal proceedings or as a result of settlement, reasonable attorney fees and costs must be first deducted and paid. (e) Except as provided in subsections (3)(e)(i) and (3)(e)(ii), the department may not impose a lien under this section upon a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1.

(b) For the purposes of subsection (5)(a), a third party or the third party's insurer has been given notice if:

Section 165. Section 61-3-332, MCA, is amended to read:

"61-3-332. Number plates. (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle. The number plates are in 10 series: one series for owners of motorcars, one for owners of motor vehicles of the motorcycle or quadricycle type, one for trailers, one for trucks, one for dealers in vehicles of the motorcycle or quadricycle type that bears the distinctive letters "MCD" or the letters "MC" and the word "DEALER", one for franchised dealers in new motorcars (including trucks and trailers) or new and used motorcars (including trucks and trailers) that bears the distinctive letter "D" or the word "DEALER", one for dealers in used motorcars only (including used trucks and trailers) that bears the distinctive letters "UD" or the letter "U" and the word "DEALER", one for dealers in trailers and/or semitrailers (new or used) that bears the distinctive letters "DTR" or the letters "TR" and the word "DEALER", one for dealers in recreational vehicles that bears the distinctive letters "RV" or the letter "R" and the word "DEALER", and one for special license plates. All markings for the various kinds of dealers' plates must be placed on the number plates assigned to the dealer, in the position that the department designates.

(2) (a) All number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the state. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For light vehicles that are permanently registered as provided in 61-3-527 or 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(3) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(4) In the case of motorcars and trucks, plates must be of metal 6 inches wide and 12 inches in length. The outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" and the year must be placed across the plates. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(5) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. The distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(7) On all number plates assigned to motor vehicles of the truck and trailer type, other than tax-exempt trucks and tax-exempt trailers, there must appear the letter "T" or the word "TRUCK" on plates assigned to trucks and the letters "TR" or the word "TRAILER" on plates assigned to trailers and housetrailers. The letters "MC" or the word "CYCLE" must appear on plates assigned to vehicles of the motorcycle or quadricycle type.

(8) Number plates issued to a passenger car, truck, trailer, or vehicle of the motorcycle or quadricycle type may be transferred only to a replacement passenger car, truck, trailer, or motorcycle- or quadricycle-type vehicle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. (10) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463, must be a separate series of

plates, numbered as provided in subsection (5), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, and must be removed upon sale or other disposition of the vehicle. The special license plates must be issued to national guard members, former prisoners of war, persons with disabilities, reservists, disabled veterans, survivors of the Pearl Harbor attack, veterans of the armed services, national guard veterans, legion of valor members, or veterans of the armed services who were awarded the purple heart medal, who comply with the following provisions:

(xiii) escape as defined in 45-7-306.

(2) The county attorney shall file with the district court a petition for leave to file an information in district court if the youth was 17 years of age at the time the youth committed an offense listed under subsection (1).

(3) The district court shall grant leave to file the information if it appears from the affidavit or other evidence supplied by the county attorney that there is probable cause to believe that the youth has committed the alleged offense. Within 30 days after leave to file the information is granted, the district court shall conduct a hearing to determine whether the matter must be transferred back to the youth court, unless the hearing is waived by the youth or by the youth's counsel in writing or on the record. The hearing may be continued on request of either party for good cause. The district court may not transfer the case back to the youth court ~~if~~ *unless* the district court finds, by a preponderance of the evidence, that*:*

(a) a youth court proceeding and disposition will ~~not~~ serve the interests of community protection ~~and~~*;*

(b) that the nature of the offense does not warrant prosecution in district court; and

(c) it would be in the best interests of the youth~~, and that, considering the seriousness of the offense, the case should remain in the district court~~ *if the matter was prosecuted in youth court.*

(4) The filing of an information in district court terminates the jurisdiction of the youth court over the youth with respect to the acts alleged in the information. A youth may not be prosecuted in the district court for a criminal offense originally subject to the jurisdiction of the youth court unless the case has been filed in the district court as provided in this section. A case may be transferred to district court after prosecution as provided in 41-5-208 or 41-5-1605.

(5) An offense not enumerated in subsection (1) that arises during the commission of a crime enumerated in subsection (1) may be:

(a) tried in youth court;

(b) transferred to district court with an offense enumerated in subsection (1) upon motion of the county attorney and order of the district court. The district court shall hold a hearing before deciding the motion.

(6) If a youth is found guilty in district court of an offense enumerated in subsection (1), the court shall sentence the youth pursuant to 41-5-2503 and Titles 45 and 46. A youth who is sentenced to the department or a state prison must be evaluated and placed by the department in an appropriate juvenile or adult correctional facility. The department shall confine the youth in an institution that it considers proper, including a state youth correctional facility under the procedures of 52-5-111. However, a youth under 16 years of age may not be confined in a state prison facility. During the period of confinement, school-aged youth with disabilities must be provided an education consistent

with the requirements of the federal Individuals With Disabilities Education Act, 20 U.S.C. 1400, et seq.

(7) ~~A youth whose~~ *If a youth's* case is filed in the district court *and remains in the district court after the transfer hearing, the youth* may ~~not~~ be detained ~~or otherwise placed~~ in a jail or other adult detention facility ~~before~~ *pending* final disposition of the youth's case ~~unless:~~

~~(a) alternative facilities do not provide adequate security; and~~

~~(b)~~ *if* the youth is kept in an area that provides physical separation ~~as well as sight and sound separation~~ from adults accused or convicted of criminal offenses."

Section 4. Section 52-5-129, MCA, is amended to read:

"**52-5-129. Hearing on alleged violation of parole agreement — right to appeal outcome.** (1) When it is alleged by a juvenile parole officer that a youth has violated the terms of the youth's parole agreement, the youth must be granted a hearing at the site of the alleged violation or in the county in which the youth is residing or is found within 10 days after notice has been served on the youth or the youth is detained, whichever is earlier. At the discretion of the hearings officer, this hearing may be held by means of interactive video transmission. The purpose of the hearing is to determine whether the youth committed the violation and, if so, whether the violation is of such a nature that the youth should be returned to ~~the~~ *a* youth correctional facility ~~from which the youth was released~~ or whether a different plan for custody and supervision of the youth should be pursued by the department of corrections.

(2) Pending the hearing on a violation and pending the department's decision, a youth may not be detained except when the youth's detention or care is required to protect the person or property of the youth or of others or when the youth may abscond or be removed from the community. The department shall determine the place and manner of detention pursuant to 41-5-348 and is responsible for the cost of the detention. Procedures for taking a youth into custody and detention of a youth charged with violation of the youth's parole agreement are as provided in 41-5-321.

~~(2)~~*(3)* The youth, upon advice of an attorney, may waive the right to a hearing.

~~(3)~~*(4)* With regard to this hearing, the youth must be given:

(a) written notice of the alleged violation of the parole agreement, including notice of the purpose of the hearing;

(b) a disclosure of the evidence against the youth and the facts constituting the alleged violation;

(c) the opportunity to be heard in person or by interactive video transmission and to present witnesses and documentary evidence to controvert the evidence against the youth and to show that there are compelling reasons that justify or mitigate the violation;

(d) the opportunity to have the hearings officer subpoena witnesses;

(e) the right to confront and cross-examine adverse witnesses in person or by means of interactive video transmission;

(f) the right to be represented by an attorney;

(g) a record of the hearing; and

(h) notice that a written statement as to the evidence relied upon in reaching the final decision and the reasons for the final decision will be provided by the hearings officer.

~~(4)~~*(5)* The department shall provide a hearings officer to conduct the hearing. The department shall adopt rules necessary to effect a prompt and full review.

~~(5)~~*(6)* If the hearings officer finds, by a preponderance of the evidence, that the youth did in fact commit the violation, the hearings officer shall make a ~~recommendation to the department~~ *decision* for the placement of the youth. In making this ~~recommendation~~ *decision*, the hearings officer may consider mitigating or aggravating circumstances. The youth or the youth's attorney may appeal the hearings officer's decision to the department director. The appeal must be made in writing within 5 days of the hearing. The department director or designee shall grant or deny the appeal within 5 days of receipt of the appeal.

~~(6)~~*(7)* The youth may appeal the decision of the department director to the district court of the county in which the hearing was held by serving and filing a notice of appeal with the court within 10 days of the department director's decision. The youth may obtain a written transcript of the hearing from the department by giving written notice of appeal. The district court, upon receipt of a notice of appeal, shall order the department to promptly certify to the court a record of all proceedings before the department and shall proceed to a prompt hearing on the appeal based upon the record on appeal. The decision of the department may not be altered except for abuse of discretion or manifest injustice.

~~(7) Pending the hearing on a violation and pending the department's decision, a youth may not be detained except when the youth's detention or care is required to protect the person or property of the youth or of others or the youth may abscond or be removed from the community. The department shall determine the place and manner of detention pursuant to 41-5-348 and is responsible for the cost of the detention. Procedures for taking into custody and detention of a youth charged with violation of the youth's parole agreement are as provided in 41-5-321.~~

(8) If the decision ~~is~~ made *under subsection (6) is* to return the youth to ~~the~~ *a* youth correctional facility ~~from which the youth was released~~ and the youth appeals that decision, the youth shall await the outcome of the appeal at the facility.

(9) If a decision is made under subsection (6) to revoke the parole of a youth who was placed in and released from an alternative facility under 41-5-355 because of overcrowding in a state youth correctional facility, the youth may be placed in a state youth correctional facility if the state youth correctional facility is no longer overcrowded."

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The purposes of [sections 1 through 5] are to:

(1) create up tc 450 megawatts of electrical energy from new generation projects in Montana; and

(2) permit the purchase of up to 120 megawatts of electrical energy from existing qualified facilities that are located in Montana for the purpose of providing consumers with low-cost, reliable electrical energy.

Section 2. Definitions. As used in [sections 1 through 5], the following definitions apply:

(1) "Default supplier" has the meaning provided in 69-8-103.

(2) "Montana industry" means a commercial enterprise located within Montana that would have consumed more than 5 megawatts of electrical energy on an average during the last 12 months if the enterprise had not closed due to electrical prices.

(3) "Qualified facility" means an electrical generation facility owned or operated by an exempt wholesale generator or an entity certified as an exempt wholesale generator pursuant to section 32 of the Public Utility Holding Company Act of 1935, 15 U.S.C. 79z-5a, or as provided for in 16 U.S.C. 796(17)(A).

Section 3. Qualification date. In order to participate in [sections 1 through 5], a new generation project must commence or have completed construction by July 1, 2003, or be an existing qualified facility choosing to participate in the contract portion of the program provided for in [section 5].

Section 4. Investment criteria. (1) The board of investments shall review applications from proposed new electrical generation facilities and existing qualified facilities for in-state investments pursuant to Title 17, chapter 6, part 3. In order to make an investment in a new electrical generation facility or an existing qualified facility, the board shall determine that:

(a) the project promotes economic development in Montana and creates or maintains employment opportunities in Montana;

(b) the construction of the project will provide stable electrical energy rates for Montanans who rely on the default supplier for electrical energy;

(c) the project will maintain environmental quality consistent with state and federal standards; and

(d) the project possesses long-term economic prospects consistent with the obligation to provide electrical energy generation capacity and electrical energy for the term of the contracts as required in [section 5].

(2) A project selected by the board must be collateralized by payments for the sale of the electricity produced by the project to the default supplier or a Montana industry at rates not in excess of 5 cents per kilowatt hour plus annual escalations equal to the inflation rate. A payment may be made from the assets of the state if the default supplier or its assignee or a Montana industry fails to pay the approved project for energy delivered in order to maintain the supply of energy to Montana. The state must be a party to the contract and may bring a cause of action against the default supplier or a Montana industry for nonpayment.

Section 5. Term of contract — pledge. (1) A project is not eligible for an investment under [section 4] unless the applicant has signed an assignable electrical energy sales agreement with the default supplier or its successor in interest or with a Montana industry for a term of not less than 15 years or more than 25 years.

(2) The proceeds of the contract must be pledged as security for the repayment of the investment.

(d) experience in the broad range of technical and administrative support matters involved in designing and delivering unbundled retail services to smaller customers."

Section 10. Section 69-8-201, MCA, is amended to read:

"**69-8-201. Public utility — transition to customer choice — waiver.** (1) A public utility shall, except as provided in this section, adhere to the following deadlines:

(a) ~~On~~ *Subject to subsection (4), on* or before July 1, 1998, all customers with individual loads greater than 1,000 kilowatts and for loads of the same customer with individual loads at a meter greater than 300 kilowatts that aggregate to 1,000 kilowatts or greater must have the opportunity to choose an electricity supplier.

(b) Subject to subsection (2), and as soon as is administratively feasible but before July 1, 2002, all other public utility customers must have the opportunity to choose an electricity supplier.

(2) ~~(a) Except as provided for in subsection (4), the commission may determine that additional time is necessary for customers identified in subsection (1)(b); however, the implementation of full customer choice may not be delayed beyond July 1, 2004.~~

~~(b)~~ A determination by the commission that additional time is necessary for subsection (1)(b) customers must be made at least 60 days in advance of the scheduled date and must be based on one or more of the following considerations:

~~(i)~~*(a)* implementation would not be administratively feasible;

~~(ii)~~*(b)* implementation would materially affect the reliability of the electric system; or

~~(iii)~~*(c)* Montana customers or electricity suppliers would be disadvantaged due to lack of a competitive electricity supply market.

(3) The commission shall designate the public utility or one or more default suppliers to provide regulated default service for those ~~small~~ customers *described in subsections (1)(a) and (1)(b)* of a public utility that are not being served by a competitive electricity supplier *and those customers who elect to receive service from the default supplier.* ~~The transition advisory committee shall review and address the need for continued default supply service and make recommendation to the 57th legislature.~~ *A customer who elects to receive service from the default supplier may only use the electricity for consumptive purposes and shall enter into a contract with the default supplier that prohibits the customer from remarketing the electricity. A distribution services provider has an ongoing regulated default supply obligation beyond the end of the transition period.*

(4) The commission shall establish procedures and terms under which customers may choose an electricity supplier other than the default supplier or may choose to be served by the default supplier. The choice must be available for the period beginning July 1, 2002. The procedures must provide for an orderly process of choice during the transition period and provide conditions for leaving and returning to the default supplier. The procedures must take into account electricity supply contracts for supplying customers during the transition period. The procedures must provide for the recovery of costs associated with those customers who choose an alternative electricity supplier and who wish to return to the default supplier.

~~(4)~~*(5)* Except as provided in 69-5-101, 69-5-102, 69-5-104 through 69-5-112, and 69-8-402, a public utility currently doing business in Montana as part of a single integrated multistate operation, no portion of which lies within the basin of the Columbia River, may:

(a) defer compliance with this chapter until a time that the public utility can reasonably implement customer choice in the state of the public utility's primary service territory, except that the public utility shall file a transition plan pursuant to 69-8-202 to provide transition to customer choice on or before July 1, 2002, and must have completed the transition period to customer choice by July 1, 2006; and

(b) petition the commission to delay the public utility's transition plan filing until July 1, 2004.

~~(5)~~*(6)* Upon a request from a public utility with fewer than 50 customers, the commission shall waive compliance with the requirements of 69-8-104, 69-8-202 through 69-8-204, 69-8-208 through 69-8-211, 69-8-402, and this section."

Section 11. Section 69-8-203, MCA, is amended to read:

"69-8-203. Public utility — customer choice — ~~continued service~~ — education of customers. (1) A customer is permitted to choose an electricity supplier pursuant to the deadlines established in 69-8-201. Public utilities shall propose a method for customers to choose an electricity supplier.

~~(2) If a customer has not chosen an electricity supplier by the end of the transition period, a city, county, or consolidated government that is licensed as an electricity supplier may, upon application to and approval by the commission, become the default supplier to residential and commercial customers of a public utility within its jurisdiction. For customers that are not within the jurisdiction of~~

~~a licensed and approved city, county, or consolidated government electricity supplier area, a public utility shall propose a method in the public utility's transition plans for assigning that customer to an electricity supplier. The commission shall establish an application process and guidelines for the designation of one or more default suppliers for the distribution area of each public utility.~~

~~(3) A public utility may phase in customer choice to promote the orderly transition to a competitive market environment pursuant to the deadlines in 69-8-201.~~

~~(4)~~*(2)* Public utilities shall educate their customers about customer choice so that customers may make an informed choice of an electricity supplier. This education process must give special emphasis to education efforts during the transition period."

Section 12. Section 69-8-210, MCA, is amended to read:

"**69-8-210. Public utilities — electricity supply.** (1) On the effective date of a commission order implementing a public utility's transition plan pursuant to 69-8-202, the public utility shall remove its generation assets from the rate base.

~~(2) During the transition period, the commission may establish cost-based prices for electricity supply service for customers that do not have a choice of electricity supply service or that have not yet chosen an electricity supplier.~~

~~(3)~~*(2)* ~~If~~ *During* the transition period, ~~is extended, then~~ the customers' distribution services provider, *acting as the default supplier,* shall:

(a) *beginning July 1, 2002,* extend any cost-based contract with the distribution services provider's affiliate supplier for a term *of* not more than 3 years; or

(b) purchase electricity from the market; and

(c) use a mechanism that recovers electricity supply costs in rates ~~to ensure that those costs are fully recovered~~ *as provided in subsection (4).*

(3) (a) The default supplier shall provide for the full electricity supply requirements of all default supply customers. To meet these requirements, the default supplier shall procure a portfolio of electricity supply using industry-accepted procurement practices, which may include negotiated contracts or competitive bidding. The commission may develop reasonable requirements for the use of competitive bidding in the procurement process.

(b) A default supplier may submit material related to proposed bids or contracts concerning electricity supply to the commission before the default supplier enters into the contract. The commission may comment on the material.

(c) In reviewing electricity supply contracts, the commission shall consider only those facts that were known or should reasonably have been known by the default supplier at the time the contract was entered into and that would have materially affected the cost or reliability of the electricity supply to be procured.

(4) (a) The commission shall use an electricity cost recovery mechanism that ensures that all prudently incurred electricity supply costs are fully recoverable in rates. The cost recovery mechanism must provide for prospective rate adjustments for cost differences resulting from cost changes, load changes, and the time value of money on the differences.

(b) The default supplier shall submit a proposed electricity supply cost recovery mechanism to the commission for approval on or before July 1, 2001. A mechanism must be adopted by the commission before March 30, 2002.

(c) The commission shall establish a method to provide for the full recovery of electricity supply costs that extend beyond the end of the transition period.

~~(4)~~*(5)* If a public utility intends to be an electricity supplier through an unregulated division, then the public utility must be licensed as an electricity supplier pursuant to 69-8-404.

(6) A public utility shall offer its customers an opportunity to purchase a separately marketed product composed of power from renewable resources. This product may be priced differently from the standard electricity product authorized in this section. For the purposes of this section, "renewable resources" means biomass, wind, solar, or geothermal resources."

Section 13. Section 69-8-211, MCA, is amended to read:

"**69-8-211. Public utilities — transition costs and charges — rate moratorium.** (1) Subject to the provisions of this section, the commission shall allow recovery of the following categories of transition costs:

(a) the unmitigable costs of qualifying facility contracts, including reasonable buyout or buydown costs, for which the contract price of generation is above the market price for generation;

(b) the unmitigable costs of energy supply-related regulatory assets and deferred charges that exist because of current regulatory practices and that can be accounted for up to the effective date of the commission's final order regarding a public utility's transition plan, including costs, expenses, and reasonable fees related to issuing of transition bonds;

(c) the unmitigable transition costs related to public utility-owned generation and other power purchase contracts, except that recovery of those costs is limited to the amount accruing during the first 4 years after the commission enters an order pursuant to 69-8-202(3); and

(d) other transition costs as may qualify for recovery under this section.

(2) Transition costs as determined by the commission upon an affirmative showing by a public utility must meet the following requirements:

(a) Transition costs must reflect all reasonable mitigation by the public utility, including but not limited to good faith efforts to renegotiate contracts, buying out or buying down contracts, and refinancing through transition bonds.

(b) The value of all generation-related assets and liabilities and electricity supply costs must be reasonably demonstrable and must be considered on a net basis, and methods for determining value must include but are not limited to:

(i) estimating future market values of electricity and ancillary services provided by the assets;

(ii) appraisal by independent third-party professionals; or

(iii) a competitive bid sale.

(c) Investments and power purchase contracts must have been previously allowed in rates or, if not previously in rates, must be determined to be used and useful to ratepayers in connection with the commission's approval of the utility's transition plan.

(d) Unless otherwise provided for in this chapter, only costs related to existing investments and power purchase contracts identified in subsection (2)(c) and costs arising from those investments and power purchase contracts may be included as transition costs.

(3) (a) On commission approval of the amount of a public utility's transition costs, those costs must be recovered through the imposition of a transition charge.

(b) A transition charge may not be collected from customers for:

(i) new or additional loads of 1,000 kilowatts or greater that were first served by the public utility after December 31, 1996; or

(ii) loads served by that customer's own generation.

(c) Subject to commission approval, a utility and a customer may agree to alter the customer's transition charge payment schedule. Public utilities may file with the commission tariffs for electric service rates that foster economic development or retention of existing customers within the state, including generally available rate schedules. Transition charges are the only charges that may be imposed upon a customer class to recover transition costs under this section. A separate exit fee may not be charged.

(4) Transition charges must be imposed within a transition cost recovery period approved by the commission on a case-by-case basis. Except for transition costs recovered under subsection (1)(c), categories of transition costs may have varying transition cost recovery periods.

(5) Approval of transition costs and collection of those transition costs through transition charges is a settlement of all transition costs claims by a public utility. A public utility seeking to recover transition costs through any means not authorized by this chapter may not collect transition charges with respect to these transition costs.

(6) Except as provided in subsection (7), public utilities shall implement a rate moratorium ~~during the transition period as follows:~~

~~(a) From July 1, 1998, through June 30, 2000, public utilities may not charge rates higher than those rates in effect on July 1, 1998.~~

~~(b) From~~ *from* July 1, 2000, through June 30, 2002, ~~and~~ only for those customers subject to the provisions of 69-8-201(1)(b)~~,~~*.* *During that period,* public utilities may not increase that increment of rates normally allocated to electric supply-related costs above the increment associated with electric supply-related costs reflected in rates in effect on July 1, 1998. Beginning on July 1, 2000, public utilities may propose increases to those increments of rates normally allocated to transmission and distribution costs.

(7) Excepted from the provisions of subsection (6) are:

(a) increased costs related to universal system benefits programs greater than those currently in rates, including the treatment of universal system benefits program costs as an expense;

(b) increased costs necessary to implement full customer choice, including but not limited to metering, billing, and technology. Those costs must be recovered from the customers on whose behalf the increased costs are incurred.

(c) subject to commission approval, an extraordinary event resulting in either:

(i) a 4% annual revenue requirement increase from July 1, 1998, through June 30, 2000; or

(ii) an 8% power supply-related annual revenue requirement increase from July 1, 2000, through June 30, 2002;

(d) the increase or decrease in the annual state and local property tax expense that has occurred since May 2, 1997..

(8) Notwithstanding subsections (6) and (7), during the transition period, public utilities may not charge rates or collect costs that include costs reallocated to transition costs at a level higher than the public utility would reasonably expect to recover in rates had the current regulatory system remained intact.

(9) Public utilities shall apply savings resulting under 69-8-503 toward the rate moratorium pursuant to subsection (6).

(10) ~~During the 4-year transition period~~ *Before July 1, 2002*, public utilities may accelerate the amortization of accumulated deferred investment tax credits associated with transmission, distribution, and the general plant as an adjustment to earnings if electric earnings fall below 9.5% earned return on average equity. The public utility may include the flow through of investment tax credits so that the public utility's earned return on equity is maintained at 9.5%. Accumulated deferred investment tax credits amortized under this subsection may not be reflected in operating income for ratemaking purposes.

(11) The commission shall issue the accounting orders necessary to align rate moratorium timing and requirements to actual transition bonds savings."

Section 14. Section 69-8-402, MCA, is amended to read:

"**69-8-402. Universal system benefits programs.** (1) Universal system benefits programs are established for the state of Montana to ensure continued funding of and new expenditures for energy conservation, renewable resource projects and applications, *energy conservation measures for irrigated agriculture,* and low-income energy assistance during the transition period and into the future.

(2) Beginning January 1, 1999, 2.4% of each utility's annual retail sales revenue in Montana for the calendar year ending December 31, 1995, is established as the initial funding level for universal system benefits programs. To collect this amount of funds on an annualized basis in 1999, the commission shall establish rates for utilities subject to its jurisdiction and the governing boards of cooperatives shall establish rates for the cooperatives. Except as provided in subsection ~~(7)~~ *(8)*, these universal system benefits charge rates must remain in effect until ~~July 1, 2003~~ *December 31, 2005.*

(a) The recovery of all universal system benefits programs costs imposed pursuant to this section is authorized through the imposition of a universal system benefits charge assessed at the meter for each local utility system customer as provided in this section.

(b) Utilities must receive credit toward annual funding requirements for a utility's internal programs or activities that qualify as universal system benefits programs, including those portions of expenditures for the purchase of power that are for the acquisition or support of renewable energy, conservation-related activities, *conservation and efficiency measures for irrigated agriculture,* or low-income energy assistance, and for large customers' programs or activities as provided in subsection ~~(7)~~ *(8)*. The department of revenue shall review claimed credits of the utilities and large customers pursuant to 69-8-414.

(c) A utility's distribution services provider at which the sale of power for final end use occurs is the utility that receives credit for the universal system benefits programs expenditure.

(d) A customer's distribution services provider shall collect universal system benefits funds less any allowable credits.

(e) For a utility to receive credit for low-income related expenditures *and conservation and efficiency measures for irrigated agriculture*, the activity must have taken place in Montana.

(f) If a utility's or a large customer's credit for internal activities does not satisfy the annual funding provisions of subsection (2), then the utility shall make a payment to the universal system benefits fund established in 69-8-412 for any difference.

(3) Cooperative utilities may collectively pool their statewide credits to satisfy their annual funding requirements for universal system benefits programs, *conservation and efficiency measures for irrigated agriculture,* and low-income energy assistance.

(4) A utility's transition plan must describe how the utility proposes to provide for universal system benefits programs, including the methodologies, such as cost-effectiveness and need determination, used to measure the utility's level of contribution to each program.

(5) A utility's minimum annual funding requirement for low-income energy and weatherization assistance is established at 17% of the utility's annual universal system benefits funding level and is inclusive within the overall universal system benefits funding level.

(a) A utility must receive credit toward the utility's low-income energy assistance annual funding requirement for the utility's internal low-income energy assistance programs or activities.

(b) If a utility's credit for internal activities does not satisfy its annual funding requirement, then the utility shall make a payment for any difference to the universal low-income energy assistance fund established in 69-8-412.

(6) An individual customer may not bear a disproportionate share of the local utility's funding requirements, and a sliding scale must be implemented to provide a more equitable distribution of program costs.

(7) (a) Except for those utilities that have not filed a transition plan, a utility's minimum annual funding requirement for reducing energy costs through conservation and efficiency measures for irrigated agriculture is established at 6% of the utility's annual universal system benefits funding level and is inclusive within the overall universal system benefits funding level.

(b) A utility must receive credit toward the utility's irrigated agriculture assistance annual funding requirement for the utility's internal irrigated agriculture assistance programs or activities.

(c) If a utility's credit for internal activities does not satisfy its annual funding requirement, then the utility shall make a payment for any difference to the irrigated agriculture energy assistance fund established in 69-8-412.

~~(7)~~*(8)* (a) A large customer:

(i) shall pay a universal system benefits programs charge with respect to the large customer's qualifying load equal to the lesser of:

(A) $500,000, less the large customer credits provided for in this subsection ~~(7)~~ *(8)*; or

(B) the product of 0.9 mills per kilowatt hour multiplied by the large customer's total kilowatt hour purchases, less large customer credits with respect to that qualifying load provided for in this subsection ~~(7)~~ *(8)*;

(ii) must receive credit toward that large customer's universal system benefits charge for internal expenditures and activities that qualify as a universal system benefits programs expenditure, and these internal expenditures must include but not be limited to:

(A) expenditures that result in a reduction in the consumption of electrical energy in the large customer's facility; and

(B) those portions of expenditures for the purchase of power at retail or wholesale that are for the acquisition or support of renewable energy or conservation-related activities.

(b) Large customers making these expenditures must receive a credit against the large customer's universal system benefits charge, except that any of those amounts expended in a calendar year that exceed that large customer's universal system benefits charge for the calendar year must be used as a credit against those charges in future years until the total amount of those expenditures has been credited against that large customer's universal system benefits charges.

~~(8)~~*(9)* A public utility shall prepare and submit an annual summary report of the public utility's activities relating to all universal system benefits programs to the commission, the department of revenue, and the transition advisory committee provided for in 69-8-501. A cooperative utility shall prepare and submit annual summary reports of activities to the cooperative utility's respective local governing body, the statewide cooperative utility office, and the transition advisory committee. The statewide cooperative utility office shall prepare and submit an annual summary report of the activities of individual cooperative utilities, including a summary of the pooling of statewide credits, as provided in subsection (3), to the department of revenue and to the transition advisory committee. The annual report of a public utility or of the statewide cooperative utility office must include but is not limited to:

(a) the types of internal utility and customer programs being used to satisfy the provisions of this chapter;

(b) the level of funding for those programs relative to the annual funding requirements prescribed in subsection (2); and

(c) any payments made to the statewide funds in the event that internal funding was below the prescribed annual funding requirements.

~~(9)~~*(10)* A utility or large customer filing for a credit shall develop and maintain appropriate documentation to support the utility's or the large customer's claim for the credit.

~~(10)~~*(11)* (a) A large customer claiming credits for a calendar year shall submit an annual summary report of its universal system benefits programs activities and expenditures to the department of revenue and to the large customer's utility. The annual report of a large customer must identify each qualifying project or expenditure for which it has claimed a credit and the amount of the credit. Prior approval by the department of revenue or the utility is not required, except as provided in subsection ~~(10)(b)~~ *(11)(b)*.

(b) If a large customer claims a credit that the department of revenue disallows in whole or in part, the large customer is financially responsible for the disallowance. A large customer and the large customer's utility may mutually agree that credits claimed by the large customer be first approved by the utility. If the utility approves the large customer credit, the utility may be financially responsible for any subsequent disallowance."

Section 15. Section 69-8-403, MCA, is amended to read:

"69-8-403. Commission authority — rulemaking authority. (1) Beginning on the effective date of a commission order regarding a public utility's transition plan, the commission shall regulate the public utility's retail transmission and distribution services within the state of Montana, as provided in this chapter, and may not regulate the price of electricity supply except as electricity supply may be procured as provided in this section:

(a) by one or more default suppliers for those customers not being served by a competitive supplier; or

(b) by the distribution function of a public utility for those customers that are not being served by a competitive electricity supplier as provided by commission rules. During the transition period, those procurements may include a cost-based contract from a supply affiliate or an unregulated division.

(2) The commission shall decide if there is workable competition in the electricity supply market by determining whether competition is sufficient to inhibit monopoly pricing or anticompetitive price leadership. In reaching a decision, the commission may not rely solely on market share estimates.

(3) The commission shall license electricity suppliers and enforce licensing provisions pursuant to 69-8-404.

(4) The commission shall promulgate rules that identify the licensees and ensure that the offered electricity supply is provided as offered and is adequate in terms of quality, safety, and reliability.

(5) The commission shall establish just and reasonable rates through established ratemaking principles for public utility distribution and transmission services and shall regulate these services. The commission may approve rates and charges for electricity distribution and transmission services based on alternative forms of ratemaking such as performance-based ratemaking, on a demonstration by the public utility that the alternative method complies with this chapter, and on the public utility's transition plan.

(6) The commission shall certify that a cooperative utility has adopted a transition plan that complies with this chapter. A cooperative utility's transition

plan is considered certified 60 days after the cooperative utility files for certification.

(7) The commission shall promulgate rules that protect consumers, distribution services providers, and electricity suppliers from anticompetitive and abusive practices.

~~(8) The commission shall license default suppliers and enforce default licensing provisions pursuant to 69-8-416.~~

~~(9) The commission shall promulgate rules for the licensing of default suppliers on or before December 1, 1999.~~

(8) The commission shall establish electricity supply rates for individual customer classes, which may vary based on cost factors associated with classifications of service or customers and any other reasonable consideration. Collectively, the individual electricity supply rates must reflect the full level of electricity supply costs that the default supplier incurs on behalf of its customers.

~~(10)~~*(9)* Until the commission has determined that workable competition has developed for small customers, a default supplier's obligation to serve remains.

~~(11)~~*(10)* In addition to promulgating rules expressly provided for in this chapter, the commission may promulgate any other rules necessary to carry out the provision of this chapter.

~~(12)~~*(11)* This chapter does not give the commission the authority to:

(a) regulate cooperative utilities in any manner other than reviewing certification filings for compliance with this chapter; or

(b) compel any change to a cooperative utility's certification filing made pursuant to this chapter."

Section 16. Section 69-8-412, MCA, is amended to read:

"**69-8-412. Funds established — fund administrators designated — purpose of funds — department rulemaking authority to administer funds.** (1) If, pursuant to 69-8-402(2)(f) or (5)(b), there is any positive difference between credits and the annual funding requirement, the department of revenue shall establish one or ~~both~~ *all* of the following funds:

(a) a fund to provide for universal system benefits programs other than low-income energy assistance. The department of environmental quality shall administer this fund.

(b) a fund to provide universal low-income energy assistance. The department of public health and human services shall administer this fund.

(c) a fund to provide for reductions in the energy costs of irrigated agriculture through energy conservation and efficiency measures. The department of agriculture shall administer this fund.

(2) The purpose of these funds is to fund universal system benefits programs.

(3) The department of environmental quality and the department of public health and human services may adopt rules that administer and expend the money in each respective fund based on an annual statewide funding assessment that identifies funding needs in universal system benefits programs. The annual assessment must take into account existing utility and large customer universal system benefits programs expenditures."

Section 17. Section 69-8-414, MCA, is amended to read:

"**69-8-414. Universal system benefits programs credit review process.** (1) All annual reports required pursuant to ~~69-8-402(8) and (10)~~ *69-8-402(9) and (11)* must be filed with the department of revenue on March 1 of each year.

(2) Except as provided in 69-8-413, upon a challenge by an interested person, the department of revenue shall ensure that the credit claimed is consistent with this chapter. An interested person may file comments challenging the claim, including supporting documentation, with the department of revenue. A challenge of any claimed credit must be filed within 60 days of the department of revenue's receipt of the credit claimant's annual reports required pursuant to ~~69-8-402(8) and (10)~~ *69-8-402(9) and (11).*

(3) Claimed credits are presumed to be correct unless challenged by an interested person. If a challenge is filed by an interested person, the department of revenue shall conduct an initial review of a challenged credit and shall make a determination as to the likelihood that the challenged credit qualifies for universal system benefits programs. If the department of revenue finds that the challenged credit is not likely to qualify for universal system benefits programs, the department of revenue shall formally review the challenge; otherwise, the department of revenue shall dismiss the challenge and provide a statement of the reasons supporting dismissal of the challenge. The department of revenue may request additional information from the credit claimant or interested person. The department of revenue shall complete the initial review within 30 days of the challenge.

(4) If the department of revenue determines that a formal review of a challenged credit is necessary, the department of revenue shall provide public notice of the opportunity to comment to the credit claimant and interested persons. The department of revenue may also schedule an oral hearing. If a hearing is scheduled, the department of revenue shall provide public notice of the hearing to the credit claimant and interested persons.

(5) For a formal credit review challenge, the following procedures apply:

(a) The credit claimant shall provide documentation supporting the credit claimed to the department of revenue and to all interested persons, subject to department of revenue protective orders for confidential or sensitive materials, upon a showing of a privacy interest by the credit claimant.

(b) The department of revenue shall make all materials related to the claim, the challenge, and the submitted comments available to the credit claimant and for public inspection and photocopying, subject to any department of revenue protective orders.

(c) The credit claimant may respond in writing to any comments and other documents filed by an interested person.

(d) The department of revenue may ask for additional detailed information to implement this section.

(6) Upon completing a formal review of a challenged credit, the department of revenue shall make a decision to certify or to deny the credit claimed, providing a statement of the reasons supporting the department of revenue's decision. The formal review of a challenged credit, including the department of revenue's final

decision, must be completed within 60 days of the department of revenue's public notice of the opportunity to comment on the challenged credit."

Section 18. Consumer electricity support program. (1) There is a consumer electricity support program. The purpose of the program is to provide an affordable and reliable electricity supply to customers of the default supplier from July 1, 2002, until June 30, 2007. The consumer electricity support program consists of financial support or the assignment and subsequent disposition of electricity supply.

(2) There is a consumer electricity support account in the state special revenue fund. The account must be used for the deposit of any of the financial sources dedicated to the account. Distributions from the account must be in accordance with rules adopted by the department of administration for the program. Financial sources for funding the account may include:

(a) allocations from the state as provided by law; and

(b) other financial sources as identified in rules adopted by the department of administration.

(3) Electricity supply made available for the program must be either disposed of, with the resulting revenue deposited to the consumer electricity support account, or assigned to the distribution services provider to serve default supply customers. The electricity supply providers must be reimbursed for electricity supply contributed and used in accordance with rules adopted by the department of administration for this program. Electricity supply sources include:

(a) electricity provided by electricity suppliers;

(b) electricity available in the electrical energy pool established in [section 1 of House Bill No. 645];

(c) government power authorities;

(d) qualifying facility electricity supply as provided by law; and

(e) any other source of electricity supply as identified in rules adopted by the department of administration.

(4) The consumer electricity support program must be administered by the department of administration. The department shall adopt rules necessary to operate the program and to allocate the consumer electricity support resources beginning July 1, 2002. The rules must provide for the equitable distribution of program resources for default supply customers and for the reimbursement of the electricity supply providers. The rules must balance the short-term considerations of cost mitigation with the longer-term interests of encouraging customer demand response by establishing accurate electricity supply price signals. The department shall implement the consumer electricity support program in coordination with the default supplier.

(5) The department of administration may recover the costs of administering the program from the consumer electricity support account.

Section 19. Funding of consumer electricity support program. (1) Up to $100 million each year from the revenue derived from the electrical energy excess revenue tax imposed by [sections 1 through 10 of Senate Bill No. 512] must be transferred from the general fund into the consumer electricity support account.

(2) Pursuant to rules adopted by the department of administration under [section 18], at least 80% of the money in the account must be used to promote price stability of the supply of electrical energy in Montana:

(a) for default customers of a public utility that has submitted a transition plan pursuant to parts 1 through 5 of this chapter on or before July 1, 2001; and

(b) for customers that chose an electrical energy supplier as provided in Title 69, chapter 8, part 2.

(3) Pursuant to rules adopted by the department of administration under [section 18], the amount remaining in the account after promoting price stability of the supply of electrical energy under subsection (2) of this section may be used for the following purposes:

(a) assisting in the recruitment of new employers with 100 employees or more and in the promotion of the expansion of employment by 100 employees or more by existing employers who need a reasonable and stable supply of electrical energy;

(b) funding universal system benefits programs provided for in this chapter;

(c) providing low-interest loans for new transmission facilities or for improvements to existing transmission facilities;

(d) providing low-interest loans for the construction of new temporary or permanent electrical generation facilities and for the expansion of the net generation capacity of existing electrical generation facilities. The electrical generation facilities referred to in this subsection must have an electrical generation capacity of 60 megawatts or less.

(4) In adopting rules, the department of administration shall consult with the commission and the consumer counsel. The department may contract with the commission for the administration of portions of the program.

(5) The funds deposited in the account under this section but not expended for the purposes established in this section must be transferred to the general fund after the end of each biennium.

(6) The money in the state special revenue account is statutorily appropriated, as provided in 17-7-502, for the purposes of [section 18] and this section.

Section 20. Short title. [Sections 20 through 28] may be cited as the "Montana Power Authority Act".

Section 21. Purpose. The legislature finds and declares that:

(1) the economic viability and security of the state of Montana is directly linked to reliable and affordable electrical energy;

(2) electrical energy has become a basic and irreplaceable necessity that impacts the public health, safety, and welfare of all Montana citizens;

(3) Montana's residential, agricultural, governmental, commercial, and industrial consumers of electrical energy are entitled to cost-based prices for electrical energy; and

(4) it is in the public interest that the Montana power authority have the ability to:

(a) purchase electrical energy from any supplier in the wholesale market for the purpose of providing reliable, cost-based power exclusively to Montana consumers;

(b) construct, acquire, or enter into joint ventures to construct or acquire electrical generation facilities that will provide cost-based power to consumers in Montana;

(c) construct, acquire, or enter into joint ventures to construct or acquire electrical energy transmission or distribution systems;

(d) sell electrical energy to a default supplier and to any municipal utility, cooperative utility, or investor-owned utility that serves Montana customers;

(e) contract with public or private entities for the operation and maintenance of state-owned power facilities; and

(f) encourage and support energy conservation to mitigate consumer costs and detrimental impacts on the environment.

Section 22. Definitions. As used in [sections 20 through 28], unless the context requires otherwise, the following definitions apply:

(1) "Cost-based" means the price charged to a distribution services provider that is sufficient to meet the operating costs, including commodity costs, of the Montana power authority and to ensure timely repayment of bonds issued on behalf of or any other debt incurred by the Montana power authority.

(2) "Default supplier" means a distribution services provider.

(3) "Department" means the department of natural resources and conservation established in 2-15-3301.

(4) "Montana power authority" or "authority" means the citizen board established in [section 23].

Section 23. Montana power authority — board composition — procedures. (1) There is a Montana power authority consisting of a seven-member citizen board appointed by the governor with the consent of the senate.

(2) In selecting the members, the governor shall:

(a) consider each prospective member's knowledge and understanding of the structural and financial dimensions of the electrical energy sector of the state's economy;

(b) ensure that two of the members broadly represent, as evidenced by their background, experience, and livelihood, the following categories of electrical energy consumption:

(i) irrigated agriculture;

(ii) commercial and industrial enterprise; and

(iii) residential;

(c) choose an at-large member with academic or business credentials that indicate that the person has substantial experience in energy markets in the region of the western states; and

(d) choose an at-large member with substantial experience in financial, banking, and bonding matters.

(3) The members shall elect the presiding officer by majority vote.

(4) Members of the Montana power authority shall serve staggered 4-year terms. The governor shall designate two of the initial members to serve 2-year terms and three of the initial members to serve 3-year terms. Vacancies must be filled by appointment for the unexpired term. A member may not serve more than two consecutive terms.

(5) The Montana power authority shall meet at least twice a year and may meet more frequently as required by circumstances or at the request of any two or more members of the authority.

(6) Decisions of the Montana power authority require a simple majority of the whole membership.

(7) The Montana power authority is attached to the department for administrative purposes, and the department shall provide staff support and a liaison between the authority and other state or federal agencies.

Section 24. Powers and duties. (1) The Montana power authority may:

(a) purchase electrical energy from any wholesale power supplier, on a contractual basis, without limitation on the duration of any contract, to meet the aggregated load requirements of consumers in the service territory of a distribution services provider in Montana;

(b) purchase, construct, and operate electrical generation facilities or electrical energy transmission or distribution systems in the state;

(c) enter into joint ventures with any municipality, a cooperative, an investor-owned utility, or any other public or licensed private entity in Montana for the purpose of financing the construction of an electrical generation facility or an electrical energy transmission or distribution system;

(d) request that the legislature authorize revenue bonds to be issued by the board of examiners pursuant to Title 17, chapter 5, for the purpose of:

(i) constructing electrical generation facilities or electrical energy transmission or distribution systems in the state; or

(ii) purchasing an electrical generation facility or an electrical energy transmission or distribution system; or

(e) sell electrical energy to any distribution services provider in the state;

(f) participate in a regional transmission organization established in response to or in compliance with an order of the federal energy regulatory commission; and

(g) participate with any municipality in an electrical energy generation project as provided in Title 90, chapter 5, part 1. The bonds may be publicly or privately sold, bear interest at rates and times, and mature at times not exceeding 40 years from the date of issuance as the board shall determine. The board may issue the bonds pursuant to a resolution or indenture of trust with a financial institution having the powers of a trust company. The resolution or indenture may contain provisions for protecting and enforcing the rights of bondholders that are reasonable and proper and not in violation of law, including covenants setting forth the duties of the state, the board of examiners, the authority, or agencies of the state in relation to the acquisition, construction, improvements, maintenance, operation, repair, and insurance of the project financed with the proceeds of the bonds and the custody and application of all money. The trust indenture may set forth the rights and remedies of the bondholders as is customary in trust indentures, deeds of trust, and mortgages securing bonds.

(2) The Montana power authority shall, subsequent to the purchase of electrical energy from the wholesale market or the generation of power from an in-state generation facility, offer cost-based electrical energy to Montana consumers, including to a default supplier and to any municipal utility, cooperative utility, or investor-owned utility in the state.

Section 25. Bond authorization. (1) The board of examiners may issue and sell bonds of the state in an aggregate principal amount not to exceed $500 million for the purposes authorized in [section 26]. The bonds are revenue obligations in which the net revenue from the sale of the electrical energy produced from the electrical generation facilities acquired or built pursuant to [section 26] or revenue from electrical energy transmission and distribution charges is pledged for payment of the principal and interest on the bonds. The board may issue the bonds in accordance with the applicable provisions contained in 17-5-921 through 17-5-930.

(2) The proceeds of the bonds, other than any premiums and accrued interest received must be deposited in an account in the state special revenue fund. Premiums and accrued interest must be deposited in the debt service fund established in 17-2-102. Proceeds of bonds deposited in the account may be used to pay the costs of issuing the bonds and to fulfill the purposes authorized in [section 26]. For the purposes of 17-5-803 and 17-5-804, the account constitutes a capital projects account. The bond proceeds must be available to the Montana power authority and may be used for the purposes authorized in this section without further budgetary authorization.

(3) (a) In authorizing the sale and issuance of the bonds, the board of examiners, upon request of the Montana power authority, may create separate accounts or subaccounts to provide for the payment and security of the bonds, including a debt service reserve account. The net revenue from the sale of the electrical energy produced from the electrical generation facilities acquired pursuant to [section 26] must be pledged to these accounts.

(b) The electrical energy produced from the electrical generation facilities must be offered to in-state customers before the electrical energy may be offered to other customers.

Section 26. Use of bond proceeds. The Montana power authority shall use the proceeds of the bonds authorized in [section 25] to purchase the electrical generation facilities and associated water rights for those facilities, to build electrical energy generation facilities, to design and build new state-owned electrical energy transmission or distribution systems, or to pay capitalized interest during construction, to fund a debt service reserve, and to pay costs associated with the sale and security of the bonds. The Montana power authority may not acquire a facility or system that is associated with a superfund project.

Section 27. Interagency cooperation. (1) State agencies shall cooperate with the Montana power authority in the planning of electrical energy purchases or the permitting or constructing of electrical generation facilities.

(2) Within the limits of available resources, state agencies shall provide scientific, economic, and other relevant data requested by the Montana power authority.

Section 28. Pledge. In accordance with constitutions of the United States and the state of Montana, the state pledges that it will not in any way impair the obligations of any agreement between the state and the holders of the bonds issued by the state.

Section 29. Adoption of rules. Because the supply and price of electricity constitute a threat to the public health, safety, and welfare, the commission and the department of administration may begin proceedings to adopt rules immediately upon passage and approval of [this act]. The rules must be adopted by July 1, 2001.

Section 30. Repealer. Sections 35-19-103, 69-8-416, and 69-8-417, MCA, are repealed.

Section 31. Codification instruction. (1) [Sections 1 through 5] are intended to be codified as an integral part of Title 17, chapter 6, and the provisions of Title 17, chapter 6, apply to [sections 1 through 5].

(2) [Sections 18 and 19] are intended to be codified as an integral part of Title 69, chapter 8, and the provisions of Title 69, chapter 8, apply to [sections 18 and 19].

(3) [Sections 20 through 28] are intended to be codified as an integral part of Title 69, and the provisions of Title 69 apply to [sections 20 through 28].

Section 32. Effective dates. (1) Except as provided in subsection (2), [this act] is effective July 1, 2001.

(2) [Sections 29 and 31 and this section] are effective on passage and approval.

CHAPTER NO. 578

[HB 573]

AN ACT AUTHORIZING THE BOARD OF OIL AND GAS CONSERVATION TO PERMIT CERTAIN COAL BED METHANE GAS WELLS; PROVIDING REQUIREMENTS FOR COAL BED METHANE WELLS THAT INVOLVE PRODUCTION OF GROUND WATER; PROVIDING THAT CERTAIN MANAGEMENT PRACTICES FOR GROUND WATER PRODUCED IN ASSOCIATION WITH A COAL BED METHANE WELL MAY NOT BE CONSTRUED AS WASTE; AMENDING SECTION 85-2-505, MCA; AND PROVIDING EFFECTIVE DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 3] may be known as the "Coal Bed Methane Production Offset Act".

Section 2. Legislative findings — purpose. (1) The legislature finds that a delay in the development of certain coal bed methane wells may inadvertently result in the loss of coal bed methane resources.

(2) The legislature further finds that because of the nature of this subsurface mineral resource, it is highly susceptible to collateral extraction and use through development efforts on adjacent federal, tribal, or other states' lands to the economic detriment of Montana and its citizens.

(3) The legislature further finds that there is a compelling state interest to authorize the board through this limited program to act in a timely and expeditious manner to permit coal bed methane wells to offset the collateral permitting of wells by other entities on nonjurisdictional lands that are not subject to permitting by the board under 82-11-103 in order to:

(a) protect coal bed methane mineral reserves from collateral extraction by others;

(b) provide economic benefits to the state;

(c) protect the private property rights of the owners of the mineral reserves;

(d) promote the balanced development of state lands and protect the mineral reserve interest held in trust for the benefit of state schools; and

(e) assist in providing much needed energy resources to the region.

Section 3. Offset permitting — geographic requirements. The board is authorized and directed to issue upon application and subject to the regulatory requirements of the program and [section 4] permits for coal bed methane production wells that will offset permitting by federal agencies, tribal agencies, or agencies of other states of coal bed methane wells that are located within 1 mile of the perimeter of lands that are under the jurisdiction of the board.

Section 4. Coal bed methane wells — requirements. (1) Coal bed methane production wells that involve the production of ground water must comply with this section.

(2) Ground water produced in association with a coal bed methane well must be managed in any of the following ways:

(a) for use as irrigation or stock water or other beneficial uses in compliance with Title 85, chapter 2, part 3;

(b) reinjected to an acceptable subsurface strata or aquifer pursuant to applicable law;

(c) discharged to the surface or surface waters subject to the permit requirements of Title 75, chapter 5; or

(d) managed through other methods allowed by law.

(3) (a) Prior to the development of a coal bed methane well that involves the production of ground water from an aquifer that is a source of supply for appropriation rights or permits to appropriate under this chapter, the developer of the coal bed methane well shall notify and offer a reasonable mitigation agreement to each appropriator of water who holds an appropriation right or a permit to appropriate under this chapter that is for ground water and for which the point of diversion is within:

(i) 1 mile of the coal bed methane well; or

(ii) one-half mile of a well that is adversely affected by the coal bed methane well.

(b) The mitigation agreement must address the reduction or loss of water resources and must provide for prompt supplementation or replacement of water from any natural spring or water well adversely affected by the coal bed methane well. The mitigation agreement is not required to address a loss of water well productivity that does not result from a reduction in the amount of available water because of production of ground water from the coal bed methane well.

Section 5. Section 85-2-505, MCA, is amended to read:

"**85-2-505. Waste and contamination of ground water prohibited.** (1) No ground water may be wasted. The department shall require all wells producing waters ~~which~~ *that* contaminate other waters to be plugged or capped. It shall also require all flowing wells to be so capped or equipped with valves that the flow of water can be stopped when the water is not being put to beneficial use. Likewise, both flowing and nonflowing wells ~~shall~~ *must* be so constructed and maintained as to prevent the waste, contamination, or pollution of ground water through leaky casings, pipes, fittings, valves, or pumps either above or below the land surface~~, provided, however~~. *However,* in the following cases the withdrawal or use of ground water ~~shall~~ *may* not be construed as waste under this part:

(a) the withdrawal of reasonable quantities of ground water in connection with the construction, development, testing, or repair of a well or other means of withdrawal of ground water;

(b) the inadvertent loss of ground water owing to breakage of a pump, valve, pipe, or fitting, if reasonable diligence is shown by the person in effecting the necessary repair;

(c) the disposal of ground water without further beneficial use that must be withdrawn for the sole purpose of improving or preserving the utility of land by draining the same or that must be removed from a mine to permit mining operations or to preserve the mine in good condition;

(d) the disposal of ground water used in connection with producing, reducing, smelting, and milling metallic ores and industrial minerals or that displaced from an aquifer by the storage of other mineral resources~~.~~*; and*

(e) the management, discharge, or reinjection of ground water produced in association with a coal bed methane well in accordance with [section 4(2)(b) through (2)(d)].

(2) The department at any time may hold a hearing on its own motion or upon petition signed by a representative body of users of ground water in any area or subarea to determine whether the water supply within ~~such~~ *that* area or subarea is used in compliance with this part."

Section 6. Notification to federal and tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations, to the Little Shell band of Chippewa, and to the U.S. secretary of the interior.

Section 7. Codification instruction. (1) [Sections 1 through 3] are intended to be codified as an integral part of Title 82, chapter 11, part 1, and the provisions of Title 82, chapter 11, part 1, apply to [sections 1 through 3].

(2) [Section 4] is intended to be codified as an integral part of Title 85, chapter 2, part 5, and the provisions of Title 85, chapter 2, part 5, apply to [section 4].

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Effective dates — contingency. (1) Except as provided in subsection (2), [this act] is effective on passage and approval.

(2) [Section 3] is effective when the director of the department of environmental quality and the administrator or the presiding officer of the board of oil and gas conservation certify to the governor that a final environmental impact statement on coal bed methane development has been prepared and a record of decision has been signed. The director of the department of environmental quality and the administrator or the presiding officer of the board of oil and gas conservation shall provide a copy of the certification to the Montana code commissioner.

AN ACT EXEMPTING CERTAIN NONCOMMERCIAL ELECTRICAL GENERATION MACHINERY AND EQUIPMENT FROM PROPERTY TAXATION; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, A RETROACTIVE APPLICABILITY DATE, AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Tax exemption for noncommercial generation machinery and equipment. (1) (a) Subject to the conditions of this section, noncommercial electrical generation machinery and equipment that are owned or leased by a person and that are used for the production of electrical energy for use by the person in the person's business are exempt from taxation.

(b) The exemption allowed by this section applies to electrical energy produced from electrical generation machinery and equipment owned or leased by a person if more than 80% of the electrical energy generated is used by the person in the person's business even if the person sells a portion of the electrical energy produced to another entity. However, the amount of the exemption is proportional to the ratio of kilowatt hours used by the person in the person's business to the total kilowatt hours produced.

(2) (a) For the purposes of this section, "electrical generation machinery and equipment" means any combination of a physically connected generator or generators, associated prime movers, and other associated machinery and equipment that has a generating capacity of less than 80 megawatts. The term is limited to electrical generation machinery and equipment that are powered by fossil fuels.

(b) The term does not include personal property used in the normal course of the person's business.

(3) For the purposes of controlling emissions of air pollutants, electrical generation machinery and equipment are, if applicable, subject to the provisions of 75-2-211 and 75-2-215. Before granting the exemption allowed by this section,

the department shall obtain information from the department of environmental quality to ensure that the electrical generation machinery and equipment comply with the provisions of 75-2-211 and 75-2-215.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 15, chapter 6, part 2, and the provisions of Title 15, chapter 6, part 2, apply to [section 1].

[HB 637]

AN ACT PROVIDING FOR AN OFFICE OF RESTORATIVE JUSTICE IN THE DEPARTMENT OF JUSTICE TO PROMOTE THE USE OF RESTORATIVE JUSTICE AND TO PROVIDE TECHNICAL ASSISTANCE AND GRANTS FOR RESTORATIVE JUSTICE PROGRAMS; PROVIDING FOR RESTORATIVE JUSTICE PRINCIPLES IN THE CORRECTIONAL AND SENTENCING POLICY; CREATING A FUND IN THE STATE SPECIAL REVENUE ACCOUNT; AUTHORIZING THE BOARD OF CRIME CONTROL TO MAKE GRANTS FROM THE FUND; PROVIDING AN APPROPRIATION; AMENDING SECTION 46-18-101, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Intent. The legislature recognizes that incarcerating offenders carries an extremely high cost and may not be the most effective strategy for restoring victims, reforming offenders, and reducing recidivism. It is the intent of [section 2] to divert appropriate offenders who are at low risk for violence from incarceration to community programs based on restorative justice and to divert funds from the department of corrections to the department of justice to support an office of restorative justice and to support community programs based on restorative justice.

Section 2. Office of restorative justice. (1) There is an office of restorative justice in the department of justice.

(2) The purposes of the office of restorative justice are to:

(a) promote the use of restorative justice throughout the state by balancing the needs of victims, communities, and juvenile and adult offenders;

(b) provide technical assistance to jurisdictions and organizations interested in implementing the principles of restorative justice; and

(c) bring additional resources to Montana communities for restorative justice programs.

(3) (a) For the purposes of [sections 1 and 2], the term "restorative justice" means the philosophy of promoting and supporting practices, policies, and programs that focus on repairing the harm of crime, strengthening communities around the state, emphasizing accountability, and providing alternatives to incarceration for offenders who are at low risk for violence.

(b) Restorative justice is intended to improve the ability of the justice system to meet the needs of victims, to encourage community and victim participation in the criminal justice process, to reduce crime and increase the public sense of safety, to hold offenders accountable, and to provide rehabilitation and reintegration of offenders back into the community.

(c) Restorative justice programs include but are not limited to victim-offender meetings, family group conferencing, sentencing circles, use of victim and community impact statements, restitution programs, constructive community service, victim awareness education, victim empathy programs, school expulsion alternatives, peer mediation, diversion programs, and community panels.

(4) Efforts of the office of restorative justice may include but are not limited to:

(a) providing educational programs on the philosophical framework of restorative justice;

(b) providing technical assistance to schools, law enforcement, youth courts, probation and parole officers, juvenile corrections programs, and prisons in designing and implementing applications of restorative justice;

(c) housing a repository for resources and information to coordinate expertise in restorative justice;

(d) serving as a liaison between victims, the judiciary, and state agencies, such as the department of justice and the department of corrections, that are involved in criminal and juvenile justice efforts including victim compensation programs;

(e) providing information to schools, local governments, law enforcement, state agencies, the judiciary, and the legislature regarding systemic changes that may be necessary to enhance further development of restorative justice in the state; and

(f) securing additional resources for restorative justice programs through a grant program administered by the board of crime control, which may be coordinated with other appropriate grant programs of agencies, and providing sustained funding for successful community programs.

Section 3. Restorative justice fund created — source of funding — use of fund. (1) There is an account in the state special revenue fund established by 17-2-102 to be known as the restorative justice fund.

(2) There must be deposited in the account:

(a) money received from legislative allocations;

(b) a transfer of money from a state or local agency for the purposes of [section 2]; and

(c) a gift, donation, grant, legacy, bequest, or devise made for the purposes of [section 2].

(3) The fund may be used only to provide grants for restorative justice programs as provided in [section 2] to community-based, including faith-based, organizations.

Section 4. Section 46-18-101, MCA, is amended to read:

"46-18-101. Correctional and sentencing policy. (1) It is the purpose of this section to establish the correctional and sentencing policy of the state of Montana. Laws for the punishment of crime are drawn to implement the policy established by this section.

(2) The correctional and sentencing policy of the state of Montana is to:

(a) punish each offender commensurate with the nature and degree of harm caused by the offense *and to hold an offender accountable*;

(b) protect the public, *reduce crime, and increase the public sense of safety* by incarcerating violent offenders and serious repeat offenders;

(c) provide restitution, reparation, and restoration to the victim of the offense; and

(d) encourage and provide opportunities for the offender's self-improvement *to provide rehabilitation and reintegration of offenders back into the community*.

(3) To achieve the policy outlined in subsection (2), the state of Montana adopts the following principles:

(a) Sentencing and punishment must be certain, timely, consistent, and understandable.

(b) Sentences should be commensurate with the punishment imposed on other persons committing the same offenses.

(c) Sentencing practices must be neutral with respect to the offender's race, gender, religion, national origin, or social or economic status.

(d) Sentencing practices must permit judicial discretion to consider aggravating and mitigating circumstances.

(e) Sentencing practices must include punishing violent and serious repeat felony offenders with incarceration.

(f) Sentencing practices must provide alternatives to imprisonment for the punishment of those nonviolent felony offenders who do not have serious criminal records.

(g) Sentencing and correctional practices must emphasize that the offender is responsible for obeying the law and must hold the offender accountable for the offender's actions.

(h) Sentencing practices must emphasize restitution to the victim by the offender. A sentence must require an offender who is financially able to do so to pay restitution, costs as provided in 46-18-232, costs of court-appointed counsel as provided in 46-8-113, and, if the offender is a sex offender, costs of any chemical treatment.

(i) Sentencing practices should promote and support practices, policies, and programs that focus on restorative justice principles."

Section 5. Appropriation. There is appropriated up to $200,000 from the state special revenue account established in [section 3] to the board of crime control for the biennium beginning July 1, 2001, for providing grants to communities for restorative justice programs.

Section 6. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 2, chapter 15, part 20, and the provisions of Title 2, chapter 15, part 20, apply to [sections 1 through 3].

Section 7. Effective date. [This act] is effective July 1, 2001.

[HB 645]

AN ACT IMPLEMENTING AN ELECTRICAL ENERGY POOL; AUTHORIZING THE PUBLIC SERVICE COMMISSION TO REQUIRE A DEFAULT SUPPLIER, A DISTRIBUTION SERVICES PROVIDER, AND A PUBLIC UTILITY SERVING MONTANA CUSTOMERS TO PARTICIPATE IN THE ELECTRICAL ENERGY POOL; PROVIDING EXCEPTIONS; REQUIRING THE DEFAULT SUPPLIER, THE DISTRIBUTION SERVICES PROVIDER, AND THE PUBLIC UTILITY TO ALLOW CUSTOMERS TO PARTICIPATE IN THE ELECTRICAL ENERGY POOL; AUTHORIZING THE ELECTRICAL ENERGY POOL TO MARKET THE ELECTRICAL ENERGY MADE AVAILABLE BY THE CUSTOMERS PARTICIPATING IN THE POOL TO OTHER MONTANA CUSTOMERS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Electrical energy pool — exchange program — exceptions. (1) (a) Except as provided in subsection (1)(b), the public service commission may require a default supplier, a distribution services provider, and a public utility to participate in an electrical energy pool. The purpose of the electrical energy pool is to make electrical energy available for resale through the conservation efforts of the customers contracting to become members of the electrical energy pool. The electrical energy pool must be administered by a public utility that has filed a transition plan with the commission.

(b) This section does not apply to a rural electric cooperative organized under the provisions of Title 35, chapter 18, or to a municipal electric utility described in 69-8-103(5)(b).

(2) During the transition period, an electrical energy supplier that is providing electrical energy to customers who are being served by a default supplier and who are participating in the electrical energy pool shall allow the electrical energy that is curtailed or conserved by those customers to be assigned to or sold to the electrical energy pool.

(3) A default supplier, a distribution services provider, and a public utility shall make participation in the electrical energy pool available to all customers. The electrical energy pool must include electrical energy made available by reduced consumption by customers and may include electrical energy from a generator or supplier selling or assigning electrical energy to the electrical energy pool.

(4) If a generator or supplier offers to sell or assign electrical energy to the electrical energy pool for distribution to Montana customers who are paying market rates or rates under another class, the commission shall determine whether to accept the electrical energy into the pool and may place conditions upon the sale or assignment.

(5) If a customer receiving electrical energy at or below regulated rates reduces the customer's electrical energy use from the customer's base period consumption, the distribution services provider shall assign the electrical energy to the electrical energy pool, as required by the commission.

(6) A customer's base period consumption is equal to the customer's weather-normalized electrical energy consumption during the same month in the base year. A customer reducing electrical energy usage from the base period consumption must receive a credit on the customer's electrical energy bill for the month equal to the amount of reduction in electrical energy use multiplied by a rate established by the commission. The rate established by the commission must be established to provide a sufficient incentive to the customer while maintaining an electrical energy pool rate beneficial to the Montana customer purchasing the electrical energy.

(7) A default supplier, a distribution services provider, or a public utility that provides services to administer the electrical energy pool must be allowed to recover its costs for providing the services in the manner determined by the commission.

(8) All electrical energy purchased from the electrical energy pool must be used by the customer for its facilities or operations in Montana. Electrical energy purchased from the electrical energy pool may not be resold by a customer for a profit. A customer receiving electrical energy from the electrical energy pool and providing onsite generation may not use the energy received from the pool to augment or supplement off-system sales of the electrical energy generated at the site.

(9) Subject to subsections (2) through (8), the commission:

(a) shall determine the rate for electrical energy pool sales and purchases of electrical energy from customer curtailments or conservation, the criteria for participation by buyers and sellers, and the method for allocation of available electrical energy to participating buying customers. The method of allocation must provide a preference for irrigation.

(b) shall adopt guidelines, criteria, methods, rates, and rules that it considers necessary to implement the electrical energy pool on an urgent basis in a manner that will afford relief to customers paying market rates as soon as possible; and

(c) may not discriminate among customers buying from the electrical energy pool by price or customer operating cost, but may take into account existing rate classes.

(10) The rules or tariffs to administer the electrical energy pool must be developed before July 1, 2001.

(11) The resale rate from the electrical energy pool to be paid by purchasing customers, as determined by the commission, must be sufficient to cover the full amount of the incentives paid to contracting customers and any other costs of the electrical energy pool.

(12) The default supplier is the successor in interest to the electrical energy pool. The default supplier may allocate any electrical energy or cash remaining in the electrical energy pool on June 30, 2002, among its customers.

(13) As used in this section, "conservation efforts" means demand reductions on the utility system achieved by the contracting customer through improving efficiency or reducing energy use. The term does not include shifting demand from the utility to a nonutility supply source.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 69, chapter 8, and the provisions of Title 69, chapter 8, apply to [section 1].

Section 3. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 4. Effective date. [This act] is effective on passage and approval.

Section 5. Termination. [This act] terminates June 30, 2002.

WHEREAS, in Whidden v. John S. Nerison, Inc., 1999 MT 110, 294 Mont. 346, 981 P.2d 271 (1999), the Montana Supreme Court held that the at-will employment statute, section 39-2-503, MCA, had been impliedly repealed by the Wrongful Discharge From Employment Act, Title 39, chapter 2, part 9, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-2-902, MCA, is amended to read:

"39-2-902. Purpose. This part sets forth certain rights and remedies with respect to wrongful discharge. ~~Except as limited in this part, employment having no specified term may be terminated at the will of either the employer or the employee on notice to the other for any reason considered sufficient by the terminating party.~~ Except as provided in 39-2-912, this part provides the exclusive remedy for a wrongful discharge from employment."

Section 2. Section 39-2-904, MCA, is amended to read:

"39-2-904. Elements of wrongful discharge — *presumptive probationary period.* *(1)* A discharge is wrongful only if:

~~(1)~~*(a)* it was in retaliation for the employee's refusal to violate public policy or for reporting a violation of public policy;

~~(2)~~*(b)* the discharge was not for good cause and the employee had completed the employer's probationary period of employment; or

~~(3)~~*(c)* the employer violated the express provisions of its own written personnel policy.

(2) (a) During a probationary period of employment, the employment may be terminated at the will of either the employer or the employee on notice to the other for any reason or for no reason.

(b) If an employer does not establish a specific probationary period or provide that there is no probationary period prior to or at the time of hire, there is a probationary period of 6 months from the date of hire."

Section 3. Section 39-2-905, MCA, is amended to read:

"**39-2-905. Remedies.** (1) If an employer has committed a wrongful discharge, the employee may be awarded lost wages and fringe benefits for a period not to exceed 4 years from the date of discharge, together with interest ~~thereon~~ *on the lost wages and fringe benefits*. Interim earnings, including amounts the employee could have earned with reasonable diligence, must be deducted from the amount awarded for lost wages. Before interim earnings are deducted from lost wages, there must be deducted from the interim earnings any reasonable amounts expended by the employee in searching for, obtaining, or relocating to new employment.

(2) The employee may recover punitive damages otherwise allowed by law if it is established by clear and convincing evidence that the employer engaged in actual fraud or actual malice in the discharge of the employee in violation of 39-2-904(1)*(a)*.

(3) There is no right under any legal theory to damages for wrongful discharge under this part for pain and suffering, emotional distress, compensatory damages, punitive damages, or any other form of damages, except as provided for in subsections (1) and (2)."

(b) has a generating capacity of not more than 50 kilowatts;

(c) is located on the customer-generator's premises;

(d) operates in parallel with the distribution services provider's distribution facilities; and

(e) is intended primarily to offset part or all of the customer-generator's requirements for electricity.

(21) "Nonbypassable rates or charges" means rates or charges that are approved by the commission and imposed on a customer to pay the customer's share of transition costs or universal system benefits programs costs even if the customer has physically bypassed either the utility's transmission or distribution facilities.

(22) "Pilot program" means a program using a representative sample of residential and small commercial customers to assist in developing and offering customer choice of electricity supply for all residential and commercial customers.

(23) "Public utility" means any electric utility regulated by the commission pursuant to Title 69, chapter 3, on May 2, 1997, including the public utility's successors or assignees.

rates and other charges and fixed transition amounts that are authorized by the commission in the financing order to recover transition costs and the costs of recovering, reimbursing, financing, or refinancing the transition costs and acquiring transition property, including the costs of issuing, servicing, and retiring transition bonds. (e) market transformation designed to encourage competitive markets for public purpose programs; and

(f) low-income energy assistance.

(37) "Utility" means any public utility or cooperative utility."

Section 2. Section 69-8-104, MCA, is amended to read:

Pilot programs.** (1) Except as provided in ~~69-8-201(4)~~ *69-8-201(3)* and 69-8-311, ~~beginning July 1, 1998,~~ utilities shall conduct pilot programs using a representative sample of their residential and small commercial customers. A report describing and analyzing the results of the pilot programs must be submitted to the commission and the transition advisory committee established in 69-8-501 on or before July 1, ~~2000~~ *2005*.

(2) Utilities shall use pilot programs to gather necessary information to determine the most effective and timely options for providing customer choice. Necessary information includes but is not limited to:

(a) the level of demand for electricity supply choice and the availability of market prices for ~~smaller~~ *small* customers;

(b) the best means to encourage and support the development of sufficient markets and bargaining power for the benefit of ~~smaller~~ *small* customers;

(c) the electricity suppliers' interest in serving ~~smaller~~ *small* customers and the opportunities in providing service to ~~smaller~~ *small* customers; and

(d) experience in the broad range of technical and administrative support matters involved in designing and delivering unbundled retail services to ~~smaller~~ *small* customers."

Section 3. Section 69-8-201, MCA, is amended to read:

"69-8-201. Public utility — transition to customer choice — waiver. (1) A public utility shall, except as provided in this section, adhere to the following deadlines:

(a) ~~On or before July 1, 1998, all~~ *All* customers with individual loads greater than 1,000 kilowatts and for loads of the same customer with individual loads at a meter greater than 300 kilowatts that aggregate to 1,000 kilowatts or greater must have the opportunity to choose an electricity supplier.

(b) ~~Subject to subsection (2), and as soon as is administratively feasible but before~~ *Before* July 1, ~~2002~~ *2007*, all other public utility customers must have the opportunity to choose an electricity supplier.

~~(2) (a) Except as provided for in subsection (4), the commission may determine that additional time is necessary for customers identified in subsection (1)(b); however, the implementation of full customer choice may not be delayed beyond July 1, 2004.~~

~~(b) A determination by the commission that additional time is necessary for subsection (1)(b) customers must be made at least 60 days in advance of the scheduled date and must be based on one or more of the following considerations:~~

~~(i) implementation would not be administratively feasible;~~

~~(ii) implementation would materially affect the reliability of the electric system; or~~

~~(iii) Montana customers or electricity suppliers would be disadvantaged due to lack of a competitive electricity supply market.~~

~~(3)~~*(2)* The commission shall designate the public utility or one or more default suppliers to provide regulated default service for those small customers of a public utility that are not being served by a competitive electricity supplier. ~~The transition advisory committee shall review and address the need for continued default supply service and make recommendation to the 57th legislature.~~

~~(4)~~*(3)* Except as provided in 69-5-101, 69-5-102, 69-5-104 through 69-5-112, and 69-8-402, a public utility currently doing business in Montana as part of a single integrated multistate operation, no portion of which lies within the basin of the Columbia River, may~~:~~

~~(a)~~ defer compliance with this chapter until a time that the public utility can reasonably implement customer choice in the state of the public utility's primary service territory~~, except that the public utility shall file a transition plan pursuant to 69-8-202 to provide transition to customer choice on or before July 1, 2002, and must have completed the transition period to customer choice by July 1, 2006; and~~

~~(b) petition the commission to delay the public utility's transition plan filing until July 1, 2004~~.

~~(5)~~*(4)* Upon a request from a public utility with fewer than 50 customers, the commission shall waive compliance with the requirements of 69-8-104, 69-8-202 through 69-8-204, 69-8-208 through 69-8-211, 69-8-402, and this section."

Section 4. Section 69-8-211, MCA, is amended to read:

"**69-8-211. Public utilities — transition costs and charges — rate moratorium.** (1) Subject to the provisions of this section, the commission shall allow recovery of the following categories of transition costs:

(a) the unmitigable costs of qualifying facility contracts, including reasonable buyout or buydown costs, for which the contract price of generation is above the market price for generation;

(b) the unmitigable costs of energy supply-related regulatory assets and deferred charges that exist because of current regulatory practices and that can be accounted for up to the effective date of the commission's final order regarding a public utility's transition plan, including costs, expenses, and reasonable fees related to issuing of transition bonds;

(c) the unmitigable transition costs related to public utility-owned generation and other power purchase contracts, except that recovery of those costs is limited to the amount accruing during the first 4 years after the commission enters an order pursuant to 69-8-202(3); and

(d) other transition costs as may qualify for recovery under this section.

(2) Transition costs as determined by the commission upon an affirmative showing by a public utility must meet the following requirements:

(a) Transition costs must reflect all reasonable mitigation by the public utility, including but not limited to good faith efforts to renegotiate contracts, buying out or buying down contracts, and refinancing through transition bonds.

(b) The value of all generation-related assets and liabilities and electricity supply costs must be reasonably demonstrable and must be considered on a net basis, and methods for determining value must include but are not limited to:

(i) estimating future market values of electricity and ancillary services provided by the assets;

(ii) appraisal by independent third-party professionals; or

(iii) a competitive bid sale.

(c) Investments and power purchase contracts must have been previously allowed in rates or, if not previously in rates, must be determined to be used and useful to ratepayers in connection with the commission's approval of the utility's transition plan.

(d) Unless otherwise provided for in this chapter, only costs related to existing investments and power purchase contracts identified in subsection (2)(c) and costs arising from those investments and power purchase contracts may be included as transition costs.

(3) (a) On commission approval of the amount of a public utility's transition costs, those costs must be recovered through the imposition of a transition charge.

(b) A transition charge may not be collected from customers for:

(i) new or additional loads of 1,000 kilowatts or greater that were first served by the public utility after December 31, 1996; or

(ii) loads served by that customer's own generation.

(c) Subject to commission approval, a *public* utility and a customer may agree to alter the customer's transition charge payment schedule. Public utilities may file with the commission tariffs for electric service rates that foster economic development or retention of existing customers within the state, including generally available rate schedules. Transition charges are the only charges that may be imposed upon a customer class to recover transition costs under this section. A separate exit fee may not be charged.

(4) Transition charges must be imposed within a transition cost recovery period approved by the commission on a case-by-case basis. Except for transition costs recovered under subsection (1)(c), categories of transition costs may have varying transition cost recovery periods.

(5) Approval of transition costs and collection of those transition costs through transition charges is a settlement of all transition costs claims by a public utility. A public utility seeking to recover transition costs through any means not authorized by this chapter may not collect transition charges with respect to these transition costs.

(6) Except as provided in subsection (7), public utilities shall implement a rate moratorium during the transition period ~~as follows:~~

~~(a) From July 1, 1998, through June 30, 2000, public utilities may not charge rates higher than those rates in effect on July 1, 1998.~~

~~(b) From~~ *from* July 1, 2000, through June 30, 2002, and only for those customers subject to the provisions of 69-8-201(1)(b), public utilities may not increase that increment of rates normally allocated to electric supply-related costs above the increment associated with electric supply-related costs reflected in rates in effect on July 1, 1998. ~~Beginning on July 1, 2000, public~~ *Public* utilities may propose increases to those increments of rates normally allocated to transmission and distribution costs.

(7) Excepted from the provisions of subsection (6) are:

(a) increased costs related to universal system benefits programs greater than those currently in rates, including the treatment of universal system benefits program costs as an expense;

(b) increased costs necessary to implement full customer choice, including but not limited to metering, billing, and technology. Those costs must be recovered from the customers on whose behalf the increased costs are incurred.

(c) subject to commission approval, an extraordinary event resulting in ~~either:~~

~~(i) a 4% annual revenue requirement increase from July 1, 1998, through June 30, 2000; or~~

~~(ii)~~ an 8% power supply-related annual revenue requirement increase from July 1, 2000, through June 30, 2002;

(d) the increase or decrease in the annual state and local property tax expense that has occurred since May 2, 1997.

(8) Notwithstanding subsections (6) and (7), during the transition period, public utilities may not charge rates or collect costs that include costs reallocated to transition costs at a level higher than the public utility would reasonably expect to recover in rates had the current regulatory system remained intact.

(9) Public utilities shall apply savings resulting under 69-8-503 toward the rate moratorium pursuant to subsection (6).

(10) ~~During the 4-year transition period~~ *Before July 1, 2002,* public utilities may accelerate the amortization of accumulated deferred investment tax credits associated with transmission, distribution, and the general plant as an adjustment to earnings if electric earnings fall below 9.5% earned return on average equity. The public utility may include the flow through of investment tax credits so that the public utility's earned return on equity is maintained at 9.5%. Accumulated deferred investment tax credits amortized under this subsection may not be reflected in operating income for ratemaking purposes.

(11) The commission shall issue the accounting orders necessary to align rate moratorium timing and requirements to actual transition bonds savings."

Section 5. Section 69-8-301, MCA, is amended to read:

"**69-8-301. Cooperative utility — transition plan for customer choice.** (1) Except as provided in 69-8-311, on or before July 1, ~~2001~~ *2006,* the local governing body of a cooperative utility shall adopt a transition plan.

(2) (a) Except as provided in subsection (2)(b), transition plans must contain a transition period that may not end later than July 1, ~~2002~~ *2007.* At the conclusion of the transition period, all customers must have the opportunity to choose an electricity supplier.

(b) If after a pilot program for customers of a cooperative utility with loads less than 1,000 kilowatts~~,~~ a competitive market, technology, or other conditions precedent to full customer choice have not developed, then the transition plan may be altered by the cooperative utility's governing body for those customers.

(3) This chapter does not require the cooperative utility to divest itself of any generation, transmission, or distribution assets or prohibit a cooperative utility from divesting itself voluntarily of those assets.

(4) A cooperative utility's local governing body shall certify to the commission that the local governing body has adopted a transition plan. In the cooperative utility's certification filing, the cooperative utility shall provide to the commission documentation that the cooperative utility's transition plan is consistent with this chapter."

Section 6. Section 69-8-501, MCA, is amended to read:

"**69-8-501. Transition advisory committee.** (1) A transition advisory committee on electric utility industry restructuring is created. The transition advisory committee is composed of twelve voting members who are appointed as follows:

(a) The speaker of the house shall appoint six members from the house of representatives, not more than three of whom may be from one political party.

(b) The president of the senate shall appoint six members from the senate, not more than three of whom may be from one political party.

(2) The following entities shall appoint nonvoting advisory representatives to the transition advisory committee:

(a) The director of the department of environmental quality shall appoint one department representative.

(b) The legislative consumer committee shall appoint one representative.

(c) One representative of the cooperative utility industry is appointed as designated by the Montana electrical cooperative association.

(d) The public utilities in the state of Montana shall appoint one member.

(e) The commission shall appoint one member.

(f) The governor shall appoint the following nonvoting committee members:

(i) one representative from the industrial community with an interest in the restructuring of the electric utility industry;

(ii) one representative from the nonindustrial retail electric consumer sector;

(iii) one representative from organized labor;

(iv) one representative from the community comprising environmental and conservation interests;

(v) one representative from a low-income program provider;

(vi) one representative of Montana's Indian tribes; and

(vii) one representative of the electric power market industry.

(3) In case of a vacancy, a replacement must be selected in the manner of the original appointment.

(4) Legislative members are entitled to salary and expenses as provided in 5-2-302.

(5) The public service commission, legislative services division, and appropriate state agencies shall provide staff assistance as requested by the committee.

(6) Transition advisory committee members must be appointed ~~within 60 days of May 2, 1997,~~ to ~~an initial term expiring on December 31, 1999. Subsequent~~ terms ~~must be~~ for up to 2 years, expiring on January 1 of odd-numbered years.

(7) The voting members shall select a transition advisory committee presiding officer.

(8) The transition advisory committee on electric utility industry restructuring must dissolve on ~~the earlier of either the date that full transition to retail competition is completed or~~ December 31, ~~2004~~ *2007*.

(b) The remainder of the district court appropriation after the allocations required by subsection (1)(a) is the variable budget. (2) If the department accepts either of the committee's recommendations, it shall promptly notify the committee in writing.

(3) If the department rejects both of the committee's recommendations, it shall promptly notify the committee in writing of the reasons for rejecting the recommendations and shall make an appropriate placement for the youth.

(4) Within 72 hours after making a decision on a placement or change of placement, the department shall notify the youth court of the decision and of the placement or change of placement.

(5) This section applies only in judicial districts that do not participate in the juvenile delinquency intervention program administered by the department under [section 14]."

(2) If a temporary or emergency placement of a youth continues for 45 or more days, the department shall refer the placement of the youth to the appropriate youth placement committee for review. The committee shall make a

recommendation for placement to the ~~department~~*youth court* in accordance with 41-5-123."

Section 6. Section 41-5-205, MCA, is amended to read:

"41-5-205. Retention of jurisdiction — termination. (1) The court may dismiss a petition or otherwise terminate jurisdiction on its own motion or on the motion or petition of any interested party at any time. Unless terminated by the court and except as provided in subsections (2) and (3), the jurisdiction of the court continues until the individual becomes 21 years of age.

(2) Court jurisdiction terminates when:

(a) the proceedings are transferred to district court under 41-5-208 or an information is filed concerning the offense in district court pursuant to 41-5-206;

(b) the youth is discharged by the department; or

(c) execution of a sentence is ordered under 41-5-1605(2)(b)(iii) and the supervisory responsibilities are transferred to the district court under 41-5-1605.

(3) The jurisdiction of the court over an extended jurisdiction juvenile, with respect to the offense for which the youth was convicted as an extended jurisdiction juvenile, extends until the offender becomes 25 years of age unless the court terminates jurisdiction before that date.

(4) The jurisdiction of the court is not terminated if the department issues a release from supervision due to the expiration of a commitment pursuant to 41-5-1522."

Section 7. Section 41-5-1503, MCA, is amended to read:

"41-5-1503. Medical or psychological evaluation of youth — urinalysis. (1) The youth court may order a youth to receive a medical or psychological evaluation at any time prior to final disposition if the youth waives the youth's constitutional rights in the manner provided for in 41-5-331. The county determined by the court as the residence of the youth is responsible for the cost of the evaluation, except as provided in subsection (2). A county may contract with the department or other public or private agencies to obtain evaluation services ordered by the court.

(2) The youth court shall determine the financial ability of the youth's parents or guardians to pay the cost of an evaluation ordered by the court under subsection (1). If they are financially able, the court shall order the youth's parents or guardians to pay all or part of the cost of the evaluation.

(3) Subject to 41-5-1512~~(15)(a)~~*(1)(o)(i)*, the youth court may not order an evaluation or placement of a youth at a state youth correctional facility unless the youth is found to be a delinquent youth or is alleged to have committed an offense that is listed under 41-5-206.

(4) An evaluation of a youth may not be performed at the Montana state hospital unless the youth is transferred to the district court under 41-5-208 or 41-5-1605 or the jurisdiction of the youth court is terminated following the filing of an information in district court pursuant to 41-5-206.

(5) In a proceeding alleging a youth to be a delinquent youth, upon a finding of an offense related to use of alcohol or illegal drugs, the court may order the youth to undergo urinalysis for the purpose of determining whether the youth is using alcoholic beverages or illegal drugs."

Section 8. Section 41-5-1512, MCA, is amended to read:

"**41-5-1512. Disposition of youth in need of intervention or youth who violate consent adjustments.** *(1)* If a youth is found to be a youth in need of intervention or to have violated a consent adjustment, the youth court may enter its judgment making one or more of the following dispositions:

~~(1)~~*(a)* place the youth on probation. The youth court shall retain jurisdiction in a disposition under this subsection.

~~(2)~~*(b)* place the youth in a residence that ensures that the youth is accountable, that provides for rehabilitation, and that protects the public. Before placement, the sentencing judge shall seek and consider placement recommendations from the youth placement committee. ~~The judge may not place the youth in a residence unless the department informs the judge that resources are available for placement of the youth at that residence.~~

~~(3)~~*(c)* commit the youth to the department *in jurisdictions that do not participate in the juvenile delinquency intervention program or to the youth court in jurisdictions that participate in the juvenile delinquency intervention program* for the purposes of funding a private, out-of-home, residential placement subject to the conditions in 41-5-1522. In an order committing a youth to the department *or to the youth court*, the court shall determine whether continuation in the youth's own home would be contrary to the welfare of the youth and whether reasonable efforts have been made to prevent or eliminate the need for removal of the youth from the youth's home.

~~(4)~~*(d)* order restitution for damages that result from the offense for which the youth is disposed by the youth or by the person that contributed to the delinquency of the youth;

~~(5)~~*(e)* require the performance of community service;

~~(6)~~*(f)* require the youth, the youth's parents or guardians, or the persons having legal custody of the youth to receive counseling services;

~~(7)~~*(g)* require the medical and psychological evaluation of the youth, the youth's parents or guardians, or the persons having legal custody of the youth;

~~(8)~~*(h)* require the parents, guardians, or other persons having legal custody of the youth to furnish services the court may designate;

~~(9)~~*(i)* order further care, treatment, evaluation, or relief that the court considers beneficial to the youth and the community ~~and that does not obligate funding from the department for services outside the state of Montana without the department's approval, except that a youth may not be placed by a youth court in a residential treatment facility as defined in 50-5-101. Only the department may, pursuant to subsection (3) of this section, place a youth in a residential treatment facility.~~*;*

~~(10)~~*(j)* subject to the provisions of 41-5-1504, commit the youth to a mental health facility if, based upon the testimony of a professional person as defined in 53-21-102, the court finds that the youth is found to be suffering from a mental disorder, as defined in 53-21-102, and meets the criteria in 53-21-126(1);

~~(11)~~*(k)* place the youth under home arrest as provided in Title 46, chapter 18, part 10;

~~(12)~~*(l)* order confiscation of the youth's driver's license, if the youth has one, by the probation officer for a specified period of time, not to exceed 90 days. The probation officer shall notify the department of justice of the confiscation and its duration. The department of justice may not enter the confiscation on the youth's driving record. The probation officer shall notify the department of justice when the confiscated driver's license has been returned to the youth. A youth's driver's license may be confiscated under this subsection more than once. The probation officer may, in the probation officer's discretion and with the concurrence of a parent or guardian, return a youth's confiscated driver's license before the termination of the time period for which it had been confiscated. The confiscation may not be used by an insurer as a factor in determining the premium or part of a premium to be paid for motor vehicle insurance covering the youth or a vehicle or vehicles driven by the youth, nor may it be used as grounds for denying coverage for an accident or other occurrence under an existing policy.

~~(13)~~*(m)* order the youth to pay a contribution covering all or a part of the costs for the adjudication, disposition, attorney fees for the costs of prosecuting or defending the youth, costs of detention, supervision, care, custody, and treatment of the youth, including the costs of counseling;

~~(14)~~*(n)* order the youth to pay a contribution covering all or a part of the costs of a victim's counseling;

~~(15)~~*(o)* defer imposition of sentence for up to 45 days for a placement evaluation at a suitable program or facility with the following conditions:

~~(a)~~*(i)* The court may not order placement for evaluation at a youth correctional facility of a youth who has committed an offense that would not be a criminal offense if committed by an adult or a youth who has violated a consent adjustment.

~~(b)~~*(ii)* The placement for evaluation must be on a space-available basis at the county's expense, which is not reimbursable under part 19 of this chapter.

~~(c)~~*(iii)* The court may require the youth's parents or guardians to pay a contribution covering all or a part of the costs of the evaluation if the court determines after an examination of financial ability that the parents or guardians are able to pay the contribution. Any remaining unpaid costs of evaluation are the financial responsibility of the judicial district of the court that ordered the evaluation.

~~(16)~~*(p)* order placement of a youth in a youth assessment center for up to 10 days;

~~(17)~~*(q)* order the youth to participate in mediation that is appropriate for the offense committed.

(2) The court may not order a local government entity to pay for care, treatment, intervention, or placement. A court may order a local government entity to pay for evaluation and in-state transportation of a youth.

(3) The court may not order a state government entity to pay for care, treatment, intervention, placement, or evaluation that results in a deficit in the account established for that district under [section 11] without approval from the cost containment review panel."

Section 9. Section 41-5-1513, MCA, is amended to read:

"**41-5-1513. Disposition — delinquent youth — restrictions.** (1) If a youth is found to be a delinquent youth, the youth court may enter its judgment making one or more of the following dispositions:

(a) any one or more of the dispositions provided in 41-5-1512;

(b) subject to 41-5-1504, 41-5-1512~~(15)(a)~~*(1)(o)(i)*, and 41-5-1522, commit the youth to the department for placement in a state youth correctional facility and recommend to the department that the youth not be released until the youth reaches 18 years of age. The court may not place a youth adjudicated delinquent in a state youth correctional facility for an offense that would be a misdemeanor if committed by an adult unless the court finds that the youth presents a danger to the public safety and that the placement is recommended by a mental health professional after evaluation of the youth. *The provisions of 41-5-355 relating to alternative placements apply to placements under this subsection (1)(b).*

(c) require a youth found to be a delinquent youth, as the result of the commission of an offense that would be a sexual offense or violent offense, as defined in 46-23-502, if committed by an adult, to register as a sexual or violent offender pursuant to Title 46, chapter 23, part 5. The youth court shall retain jurisdiction in a disposition under this subsection.

(d) in the case of a delinquent youth who is determined by the court to be a serious juvenile offender, the judge may specify that the youth be placed in a state youth correctional facility, subject to the provisions of subsection (2), if the judge finds that the placement is necessary for the protection of the public. The court may order the department to notify the court within 5 working days before the proposed release of a youth from a youth correctional facility. Once a youth is committed to the department for placement in a state youth correctional facility, the department is responsible for determining an appropriate date of release or an alternative placement.

(e) impose a fine as authorized by law if the violation alleged would constitute a criminal offense if committed by an adult.

(2) If a youth has been adjudicated for a sex offense, the youth court may require completion of sex offender treatment before a youth is discharged.

(3) The court may not order a local government entity to pay for care, treatment, intervention, or placement. A court may order a local government entity to pay for evaluation and in-state transportation of a youth.

(4) The court may not order a state government entity to pay for care, treatment, intervention, placement, or evaluation that results in a deficit in the account established for that district under [section 11] without approval from the cost containment review panel."

Section 10. Section 52-5-109, MCA, is amended to read:

"52-5-109. Commitment expenses — *transportation costs —* arrangement for transportation. ~~The expenses of committing a youth to the Pine Hills youth correctional facility or the department of corrections and transporting the youth to the Pine Hills youth correctional facility or the place designated by the department for it to receive custody, as well as the expense of returning the youth to the county of residence, must be borne by the county of residence. The district judge shall arrange for transportation of the youth to the place where the department has directed that it will receive custody of the youth.~~

(1) The expenses of committing a youth to the department or to the youth court must be borne by the committing county.

(2) (a) After adjudication, the costs of transporting a youth to and from an out-of-home placement within the state must be paid as follows:

(i) in a jurisdiction that does not participate in the juvenile delinquency intervention program, the county shall pay the costs;

(ii) in a jurisdiction that participates in the juvenile delinquency intervention program, the youth court shall pay the costs from the account established under [section 11] or out of county funds of the committing county.

(b) After adjudication, the costs of transporting a youth to and from an out-of-home placement in another state must be paid by the youth court and must be paid for out of the account established under [section 11], except that the department shall pay transportation costs in a case in which a youth is placed in an out-of-state correctional facility pursuant to 41-5-355.

(3) The youth court probation office shall arrange for all transportation to and from an out-of-home placement except when the youth is under the parole supervision of the department."

Section 11. Participating and nonparticipating jurisdictions. (1) Each judicial district may elect to participate in the juvenile delinquency intervention program.

(2) A jurisdiction that elects to participate in the program may expend funds from a juvenile placement fund for out-of-home placements or for other services intended to reduce or prevent juvenile delinquency subject to restrictions in this chapter and administrative rules adopted by the department.

(3) A jurisdiction that does not elect to participate in the program may commit youth to the department for out-of-home placements pursuant to this chapter.

(4) A jurisdiction that has not previously participated in the program may elect to participate in the program prior to the start of a new biennium. Participation must be for a complete biennium. A jurisdiction may elect to discontinue participation in future bienniums upon 3 months' written notice to the department prior to the beginning of the next biennium.

(5) A youth court that does not participate in the program may not expend any juvenile placement funds for placements or services unless approved by the department pursuant to 41-5-123.

(6) The department shall establish an account for each judicial district in order to administer a juvenile placement fund as appropriated by the legislature. The accounts must be used by the youth courts for funding out-of-home placements.

Section 12. Short title. [Sections 12 through 16 and 18] may be cited as the "Juvenile Delinquency Intervention Act".

(3) Account funds not used by the youth court for placements must be distributed to participating youth courts in accordance with rules adopted by the department to be used for placement alternatives and early intervention alternatives.

(4) The department shall provide technical assistance to each youth court for the monitoring of account funds and the evaluation and development of placement alternatives and effective intervention programming.

(5) The department shall review and monitor each youth court to enable the development of placement alternatives by the youth courts and the development of early intervention alternatives by the youth courts. The department shall report to the legislature on the results of its monitoring.

Section 15. Youth court duties. Each youth court shall:

(1) use available resources to develop alternatives for the placement of youth;

(2) use available resources for early intervention strategies for troubled youth;

(3) use a risk assessment instrument approved by the department for the measurement of risk assessment and effectiveness of treatment or intervention for youth adjudicated pursuant to 41-5-1512 or 41-5-1513;

(4) submit quarterly reports to the department documenting the use of diversionary and prevention programs and the use of placement services;

(5) participate in the cost containment review panel established under [section 17]; and

(6) provide the department and the legislative auditor with access to all records maintained by the youth court.

Section 16. Judicial districts participating in juvenile delinquency intervention program — youth placement committee to submit recommendation to department — acceptance or rejection of recommendation by department. (1) Prior to commitment of a youth to the custody of the youth court or to the department pursuant to 41-5-1512 or 41-5-1513, a youth placement committee must be convened. The committee shall submit in writing to the youth court judge its primary and alternative recommendations for placement of the youth.

(2) The committee shall first consider placement of the youth in a community-based facility or program and shall give priority to placement of the youth in a facility or program located in the state of Montana.

(3) If in-state alternatives for placement of the youth are inappropriate, the committee may recommend an out-of-state placement. The committee shall state in its recommendation the reasons why in-state services are not appropriate.

(4) The primary and alternative recommendations of the youth placement committee must be for similar facilities or programs. The youth court may

require a youth placement committee to reevaluate a youth if the recommended placements are dissimilar.

(5) If the youth court rejects both of the committee's recommendations, it shall promptly notify the committee in writing of the reasons for rejecting the recommendations and shall make an appropriate placement for the youth.

(6) The youth court may not order a placement or change of placement that results in a deficit in the account established for that district under [section 11] without approval from the cost containment review panel.

(7) The youth court shall evaluate the cost of the placement or change of placement and ensure that the placement or change of placement will not overspend the budget allocation provided by the department under [section 11].

(8) This section applies only to those judicial districts that elect to participate in the juvenile delinquency intervention program administered by the department.

Section 17. Cost containment review panel. (1) The department shall establish a cost containment review panel.

Section 20. Cost containment fund — allocation of appropriated funds — use of funds. (1) The department of corrections shall establish a cost containment fund for the purposes of [section 17] and shall allocate to the fund not less than $1 million each fiscal year from the funds appropriated for the juvenile placement budget for the fiscal biennium beginning July 1, 2001, to be used for the purposes of [section 17].

CHAPTER NO. 588

[SB 398]

AN ACT PROVIDING FOR OPERATION OF TEMPORARY POWER GENERATION UNITS UNDER THE AIR QUALITY PERMITTING LAWS; AMENDING SECTION 75-2-211, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, A RETROACTIVE APPLICABILITY DATE, AND A TERMINATION DATE.

WHEREAS, the Legislature finds that it is necessary to meet Montana's constitutional mandate of a clean and healthful environment; and

WHEREAS, the Legislature finds it necessary to allow, in certain limited and controlled circumstances, temporary emergency operation of power generation units pending the completion of the state's air quality permitting process, as long as ambient air quality standards are not violated.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-2-211, MCA, is amended to read:

"75-2-211. Permits for construction, installation, alteration, or use. (1) The board shall by rule provide for the issuance, modification, suspension, revocation, and renewal of a permit issued under this part.

(2) Not later than 180 days before construction, installation, or alteration begins or as a condition of use of any machine, equipment, device, or facility that the board finds may directly or indirectly cause or contribute to air pollution or that is intended primarily to prevent or control the emission of air pollutants, the owner or operator shall file with the department the appropriate permit application on forms available from the department *except as provided in subsection (12)*.

(3) The permit program administered by the department pursuant to this section must include the following:

(a) requirements and procedures for permit applications, including standard application forms;

(b) requirements and procedures for submittal of information necessary to determine the location, quantity, and type of emissions;

(c) procedures for public notice and opportunity for comment or public hearing, as appropriate;

(d) procedures for providing notice and an opportunity for comment to contiguous states and federal agencies, as appropriate;

(e) requirements for inspection, monitoring, recordkeeping, and reporting;

(f) procedures for the transfer of permits;

(g) requirements and procedures for suspension, modification, and revocation of permits by the department;

(h) requirements and procedures for appropriate emission limitations and other requirements, including enforceable measures necessary to ensure compliance with those limitations and requirements;

(i) requirements and procedures for permit modification and amendment; and

(j) requirements and procedures for issuing a single permit authorizing emissions from similar operations at multiple temporary locations, which permit may include conditions necessary to ensure compliance with the requirements of this chapter at all authorized locations and a requirement that the owner or operator notify the department in advance of each change in location.

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) If an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(ii) 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement: or

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application. The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department on request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(c) If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall act on the permit application within the time period provided for in 75-2-215(3)(e).

(d) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) The department's decision on the application is not final unless 15 days have elapsed from the date of the decision and there is no request for a hearing under this section. The filing of a request for a hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board.

(12) (a) Except as provided in subsections (12)(b) and (12)(c), an applicant who has received a written notice that its application is considered filed pursuant to subsection (8) may:

(i) for a temporary power generation unit or units with a total electrical generation capacity of not more than 125 megawatts, construct the unit or units. Operation of the unit or units may commence upon the department's issuance of a permit under this section.

(ii) for a temporary power generation unit or units with a total electrical generating capacity of 10 megawatts or less, construct and operate the unit or units.

(b) The construction or operation of a temporary power generation unit or units described in subsection (12)(a) is not in violation of this part unless the operation of the temporary power generation unit or units continues after a department decision to deny the permit application becomes final as provided in this section.

(c) (i) A permit applicant shall discontinue construction or operation of a temporary power generation unit or units if the applicant is notified by the department in writing that the applicant has failed to submit by the department's deadline any additional information that is necessary to process the permit application.

(ii) The operation of a permit applicant's temporary power generation unit or units described in subsection (12)(a) may not violate ambient air quality standards.

(d) A permit issued under this part and pursuant to the provisions of this subsection (12) must expire no later than 2 years from the date that the department received the permit application and must require removal of the temporary power generation unit or units upon expiration of the permit unless an air quality permit for permanent operation has been issued."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to applications filed on or after January 1, 2001.

Section 4. Termination. [This act] terminates July 1, 2005.

Approved May 5, 2001

AN ACT REVISING AND CLARIFYING THE PURPOSE FOR WHICH GENERAL OBLIGATION BONDS MAY BE ISSUED FOR FINANCING INFRASTRUCTURE IMPROVEMENTS AND EQUIPMENT FOR AEROSPACE TRANSPORTATION AND TECHNOLOGY PROJECTS; AMENDING SECTION 5, CHAPTER 269, LAWS OF 1999, AND SECTION 1, CHAPTER 6, SPECIAL LAWS OF MAY 2000; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, Montana continues to lag behind the rest of the nation in average per capita income; and

WHEREAS, the state has determined that it is in the best interest of the citizens and taxpayers of the state to promote and induce the creation of higher paying jobs in the state; and

WHEREAS, the Legislature has determined that the state may need to provide more direct inducements to private industry to achieve the creation of better paying jobs; and

WHEREAS, the Legislature has determined that the inducement of private industry to create jobs in Montana is a public purpose in that it will provide more and better employment opportunities for its citizens, particularly its college-educated young citizens who frequently leave the state in search of good jobs, and it will increase the tax base for both state and local government and in general enhance the opportunities for greater prosperity for the state; and

WHEREAS, given the state's location and other reasons, the Legislature has determined that aerospace transportation and technology projects represent the best potential for good, quality jobs.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 1, Chapter 6, Special Laws of May 2000, is amended to read:

"**Section 1.** Section 5, Chapter 269, Laws of 1999, is amended to read:

"**Section 5. Authorization of bonds.** (1) The board of examiners is authorized to issue and sell general obligation bonds in an amount not exceeding $20 million ~~for aerospace transportation and technology infrastructure development projects, as defined in 7-15-4288, except as provided in subsection (2) of this section,~~ in accordance with the terms and in the manner required by Title 17, chapter 5, part 8, ~~and upon the authority granted to the board by this section~~ *for the purpose of financing infrastructure improvements as enumerated in 7-15-4288 and equipment for aerospace transportation and technology projects recommended by the department of commerce in accordance with the authority granted to the board by this section.* The bonds are in addition to any other authorization to the board to issue and sell general obligation bonds and subject to the conditions set forth in this section.

(2) ~~For purposes of the general obligation bonds authorized in this section, 7-15-4288(5) and (7) are excluded from the definition of aerospace transportation and technology infrastructure development projects. Bond proceeds are appropriated to the department of commerce for assisting in funding authorized aerospace transportation and technology infrastructure development projects.~~ The department *of commerce* may request the board of examiners to issue the bonds for *one or more* specified projects ~~for a single or multiple entities~~ *in one or more series*, but the total amount of bonds issued may not exceed $20 million. *Bond proceeds are appropriated to the department, and the department is authorized to construct the infrastructure improvements or acquire the equipment, to contract with the city or county in which a project is located, to contract with a certified community lead organization, as defined in 90-1-116, or to contract with the developer of an approved project for the construction of the infrastructure improvement or the acquisition of equipment upon a determination that it is in the best interest of the project. The plans and specifications for the infrastructure and equipment to be financed from the proceeds of the bonds must be approved by and be acceptable to the department following a review of the plans and specifications of the infrastructure by the architecture and engineering division of the department of administration, but the design and construction of the infrastructure and the acquisition of equipment for approved projects are not, with the exception of Title 18, chapter 2, part 4, subject to the public procurement requirements contained in Title 18.* ~~The portions of aerospace transportation and technology infrastructure development projects that are~~ *Infrastructure and equipment* financed with bond proceeds ~~are~~ *are* owned by the state, and ~~may be leased to the local government creating the tax increment financing district or to the entity for whom the project is created at a fair value, taking into consideration job creation and overall tax revenue generated by the project~~ *the use must be governed by a development agreement between the state and the developer of the project. The agreement may provide for the use of the infrastructure and equipment at less than fair market value, taking into consideration the number of jobs to be created by the project, the salary range of the jobs, the amount of capital contributed by the developer, and the projected tax revenue to be received by the state and local governments from the project over the term of the lease or use agreement.* For purposes of this section, state and local governments may not

provide telecommunications or other services in competition with private providers unless private providers cannot provide the services.

(3) It is the intent of the legislature that debt service payments for the bonds authorized by this section will be covered by the totality of the taxes generated by the aerospace transportation and technology ~~infrastructure~~ development projects to be calculated by an economic impact analysis of the projects on state tax revenue. *Prior to requesting the board of examiners to issue the bonds, the department of commerce shall determine that the developer of a proposed project has the financial ability to construct and implement the project based upon audited financial statements.* When requesting the board ~~of examiners~~ to issue the bonds, the department ~~of commerce~~ shall present to the department of administration for presentation to the board ~~of examiners~~ the following:

(a) evidence satisfactory to the board that each aerospace transportation and technology ~~infrastructure~~ development project has committed itself to locate its project in Montana ~~and has acquired a site for the project~~; and

(b) a certificate signed by the director of the office of budget and program planning that the tax revenue to be received by the state from each aerospace transportation and technology ~~infrastructure~~ development project *over the term of the bonds* will be sufficient to pay the principal *amount* of ~~and interest on~~ *and interest on* the bonds *issued to assist with the specific project.*

(4) For the purposes of this section, "equipment" means machinery used in the design, manufacture, repair, and maintenance of aerospace transportation and technology projects.""

Be it enacted by the Legislature of the State of Montana:

Section 1. Supplemental game damage license — terms and conditions. (1) If at any time the department determines, in conjunction with a landowner or a designated lessee acting as an agent for a landowner, that game animals on the property are causing a level of damage to crops or other vegetation that merits removal of a specific number of game animals or that the taking of a specific number of game animals is advisable for game management purposes, the department may issue nontransferable resident and nonresident supplemental game damage hunting licenses for game management purposes on the property.

(2) Supplemental game damage hunting licenses may be issued only for antlerless animals and may be issued only for use on lands eligible for game

damage assistance pursuant to 87-1-225. A landowner may not charge a fee to a hunter using a license obtained pursuant to this section.

(3) Supplemental game damage licenses may be issued to hunters as an alternative to issuing a kill permit to a landowner.

(4) (a) In a hunting district with unlimited license quotas, a landowner may designate the resident supplemental game damage license recipient upon approval of issuance.

(b) In a hunting district with limited permit quotas, a landowner may designate up to 75% of the resident supplemental game damage license recipients, with the remainder offered to hunters in a manner prescribed by the department.

(5) If additional supplemental game damage licenses are available, the department may issue those licenses to resident and nonresident hunters.

(6) A licensee shall pay the regular license price or an adjusted price set by the commission for any supplemental game management license issued pursuant to subsection (1). Issuance of a supplemental game damage license authorizes the licensee to hunt, take, and possess the game animal designated on the license. All hunting under a supplemental game damage license must be conducted on the property designated on the license and in accordance with department regulations.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 87, chapter 2, and the provisions of Title 87, chapter 2, apply to [section 1].

(3) If the department has notified a person operating a commercial hazardous waste incinerator of a violation and if the department makes a prima facie showing that the conduct or events giving rise to the violations are likely to have continued or recurred past the date of notice, the days of violation are presumed to include the date of the notice and every day after the notice until the person establishes that continuous compliance has been achieved. This presumption may be overcome to the extent that the person operating a commercial hazardous waste incinerator can prove by a preponderance of evidence that there were intervening days when a violation did not occur, that the violation was not continuing in nature, or that the telemetering device was compromised or otherwise tampered with.

Be it enacted by the Legislature of the State of Montana:

Section 1. Electrical generation and transmission facility exemption — definitions. (1) (a) Except as provided in subsections (1)(b) and (3), an electrical generation facility and related delivery facilities constructed in the state of Montana after [the effective date of this act] and before January 1, 2006, may be exempt from property taxation for a 10-year period beginning on the date that an owner or operator of an electrical generation facility and related delivery facilities commences to construct the facility as defined in 75-20-104(6)(a) and (6)(b). In order to be exempt from property taxation, an owner and operator of an electrical generation facility and related delivery facilities shall offer contracts to sell 50% of that facility's net generating output at a cost-based rate, which includes a rate of return not to exceed 12%, to customers for a 20-year period from the date of the facility's completion.

(b) The property tax exemption allowed under subsection (1)(a) is limited to a 5-year period for generation facilities powered by oil or gas turbines.

(2) To the extent that 50% of the net generating output of the facility is not contracted for delivery to consumers for a contract term extending 5 years to 20 years from the completion of the facility, as determined by the owner, surplus capacity must be offered on a declining contract term basis for the remainder of the contract period at a cost-based rate that includes a rate of return not to exceed 12%. Surplus capacity that is not contracted for in this fashion may be sold at market rates.

(3) (a) Except as provided in subsection (3)(c), if an owner or operator of property exempt from taxation under subsection (1)(a) signs a contract to sell power as required in subsection (1) and then fails to perform the contract during the first 10-year period, the 10-year property tax exemption in subsection (1) is void and the property is subject to a rollback tax as provided in [section 2].

(b) Except as provided in subsection (3)(c), if an owner or operator of property exempt from taxation under subsection (1)(b) signs a contract to sell power as required in subsection (1) and then fails to perform the contract during the first 5-year period, the 5-year property tax exemption in subsection (1) is void and the property is subject to a rollback tax as provided in [section 2].

(c) If an owner or operator fails to perform the contract due to earthquakes or other acts of God, theft, sabotage, acts of war, other social instabilities, or equipment failure, the property tax exemption in subsection (1)(a) or (1)(b) is not void and the owner or operator is not subject to the rollback tax as provided in [section 2].

(4) For the purposes of this section, the following definitions apply:

(a) (i) "Electrical generation facility" means any combination of a physically connected generator or generators, associated prime movers, and other associated property, including appurtenant land and improvements and personal property, that are normally operated together to produce 20 average megawatts or more of electric power. The term is limited to generating facilities that produce electricity from coal-fired steam turbines, oil or gas turbines, or turbine generators that are driven by falling water.

(ii) The term does not include:

(A) electrical generation facilities used for noncommercial purposes or exclusively for agricultural purposes; or

(B) a qualifying small power production facility, as that term is defined in 16 U.S.C. 796(17), that is owned and operated by a person not primarily engaged in the generation or sale of electricity other than electric power from a small power production facility and that is classified under 15-6-134 and 15-6-138.

(b) "Related delivery facilities" means transmission facilities necessary to deliver the energy from the electrical generation facility to the existing network transmission system.

(c) "Surplus capacity" means that portion of the 50% of net generating output not contracted for use.

(5) The department shall appraise exempt electrical generation facilities for each year that the property is exempt and determine the taxable value of the property as if it were subject to property taxation. The taxable value determined by the department must be included as taxable valuation for the purposes of county classification under 7-1-2111.

Section 2. Rollback tax — computation. (1) (a) If an owner or operator fails to perform the contract pursuant to [section 1(1)], the property is subject to a rollback tax in addition to the property tax levied on the property. The rollback tax is a lien on the property and is due and payable by the owner of the property within 180 days after failure to perform the contract.

(b) As used in this section, "rollback" means the period of time that an owner or operator of an electrical generation facility was exempt from property taxes pursuant to [section 1].

(2) The department shall determine the amount of rollback tax due on the property by:

(a) determining the taxable value of the property;

(b) multiplying this value by the sum of the annual mill levies that would have been levied had the property exemption pursuant to [section 1] not been applied in the taxing jurisdiction in which the electrical generation property is located during the rollback period; and

(c) subtracting from this figure the actual property tax paid on the property during this period less any impact fee paid pursuant to [section 3], if any.

Section 3. Electrical generation facility impact fee for local government units and school districts. (1) (a) If an owner or operator of an electrical generation facility as defined in [section 1] is exempt from property taxation pursuant to [section 1], the owner or operator of the facility is subject to an initial local government and local school impact fee. In the first 2 years of construction, the impact fee may not exceed 0.75% of the total cost of constructing the electrical generation facility.

(b) In the case of a generation facility powered by oil or gas turbines, the impact fee may not exceed 0.1% of the total construction cost in the remaining 3 years of the tax exemption period as provided in [section 1].

(c) In the case of any other generation facility, the impact fee may not exceed 0.1% of the total construction cost in the subsequent 4 years and may not exceed 0.08% of the total construction cost in the remaining 4 years of the tax exemption period as provided in [section 1].

(2) Except as provided in subsection (4), the jurisdictional area of a local government unit in which an electrical generation facility is located is the local governmental unit that is authorized to assess the impact fee pursuant to subsection (1).

(3) The impact fee must be distributed to the local governmental unit for local impacts and the impacted school districts.

(4) Subject to the conditions of subsection (5) and [section 4], if the facility is located within the jurisdictional areas of multiple local governmental units of the county or contiguous counties, the local governmental units may enter into an interlocal agreement under Title 7, chapter 11, part 1, to determine how the fee should be distributed among the various local governmental units and impacted school districts pursuant to the percentage allocation required in subsection (3). The county in which the electrical generation facility is located is authorized to assess the fee under the interlocal agreement.

(5) For purposes of this section, a "local governmental unit" means a county, city, or town. If an exempt electrical generation facility is located within a tax increment financing district, the tax increment financing district is considered a local government unit and is entitled to the distribution of impact fees under this section. A tax increment financing district may not receive a distribution of impact fees if an exempt electrical generation facility is not located within the district.

(6) Impact fees imposed under subsection (4) must be deposited in the county electrical energy generation reserve account established in [section 4] for the county in which the electrical generation facility is located. Money in the account may not be expended until the multiple local governments have entered into an interlocal agreement.

Section 4. Electrical energy generation impact fee reserve account. (1) The governing body of a county receiving impact fees under [section 3(4)] shall establish an electrical energy generation impact fee reserve account to be used to hold the collections. Money held in the account may not be considered as cash balance for the purpose of reducing mill levies.

(2) Money may be expended from the account for any purpose of an interlocal agreement provided for in [section 3]. The county treasurer shall distribute money in the account to each local government unit according to the terms of the interlocal agreement.

(3) Money in the account must be invested as provided by law. Interest and income from the investment of the electrical energy generation reserve account must be credited to the account.

Section 5. Electrical generation impact fund. (1) A local government unit, as defined in [section 3], and a school district that receives impact fees pursuant to [section 3(2)] or [section 4] shall establish an electrical generation impact fund for the deposit of the fees. A local government unit or school district may retain the money in the fund for any time period considered appropriate by the governing body of the local government unit or school district. Money retained in the fund may not be considered as fund balance for the purpose of reducing mill levies.

(2) Money may be expended from the fund for any purpose allowed by law.

(3) Money in the fund must be invested as provided by law. Interest and income earned on the investment of money in the fund must be credited to the fund.

(4) The fund must be financially administered as a nonbudgeted fund by a county under the provisions of Title 7, chapter 6, part 23, by a city or town under the provisions of Title 7, chapter 6, part 42, or by a school district under the provisions of Title 20, chapter 9, part 5.

Section 6. Codification instruction. [Sections 1 through 5] are intended to be codified as an integral part of Title 15, chapter 24, and the provisions of Title 15, chapter 24, apply to [sections 1 through 5].

Section 7. Effective date. [This act] is effective on passage and approval.

(5) ~~This~~ *Except as provided in 90-4-313, this* part does not mean that any program, control, standard, priority quota, or other policy created under the authority of the emergency powers authorized by this part has any continuing legal effect after the cessation of a declared state of energy emergency.

(6) Because of the emergency nature of this part, all actions authorized or required under this part or taken pursuant to any order issued by the governor are exempted from all requirements and provisions of the Montana Environmental Policy Act, including but not limited to the requirement for environmental impact statements.

(7) Except as provided in this section, this part does not exempt a person from compliance with the provisions of any other law, rule, or directive unless specifically ordered by the governor~~,~~ or unless impossibility of compliance is a direct result of an order of the governor."

WHEREAS, 30 U.S.C. 191 provides that money paid to any state is to be used by the state as the legislature of the state may direct, giving priority to those subdivisions of the state socially or economically impacted by development of minerals; and

WHEREAS, county governments located within the counties that generate the money derived from federal mineral leasing are impacted by the development of the minerals; and

WHEREAS, the state does not have a mechanism to return federal mineral leasing funds to the impacted counties of the state as federal law requires.

Be it enacted by the Legislature of the State of Montana:

Section 1. Federal mineral leasing funds. (1) All money paid to the state pursuant to 30 U.S.C. 191 must be deposited in the state general fund and must be distributed as provided in subsections (2) and (3).

The money in the impact account must be distributed to counties from which the minerals were produced that resulted in the deposit of the mineral royalty revenue in the impact account. Beginning July 1, 2003, the impact account is statutorily appropriated, as provided in 17-7-502.

(4) Roll call votes and other votes that are to be made public but are not specifically required to be spread upon the journal must be entered in the minutes of the appropriate committee or of the appropriate house (Montana Constitution, Art. V, Sec. 11(2)). A copy of the minutes must be filed with the Montana Historical Society.

10-160. Journal. Each house shall:

(1) supply the Legislative Services Division with the contents of the daily journal to be stored on an automated system;

(2) examine its journal and order correction of any errors; and

(3) distribute a daily journal to all members.

10-170. Journals — authentication — availability. (1) The journal of the Senate must be authenticated by the signature of the President and the journal of the House of Representatives by the signature of the Speaker.

(2) The Legislative Services Division shall make the completed journals available to the public (sections 5-11-201 through 5-11-203, MCA).

CHAPTER 30

Committees

30-10. Committee chair. Except as provided in Joint Rule 30-50, the chair of the Senate committee is the chair of all joint committees.

30-20. Voting in joint committees. (1) Except for Rules Committees and conference committees, a member of a joint committee votes individually and not by the house to which the committee member belongs.

(2) Because the Rules Committees and conference committees are joint meetings of separate committees, in those committees the committees from each house vote separately. A majority of each committee shall agree before any action may be taken, unless otherwise specified by individual house rules.

30-30. Conference committees. (1) If either house requests a conference and appoints a committee for the purpose of discussing an amendment on which the two houses cannot agree, the other house shall appoint a committee for the same purpose. The time and place of all conference committee meetings must be agreed upon by their chairs and announced from the rostrum. This announcement is in order at any time. Failure to make this announcement does not affect the validity of the legislation being considered.

(2) A conference committee, having conferred, shall report to the respective houses the result of its conference. A conference committee shall confine itself to consideration of the disputed amendment. The committee may recommend:

(a) acceptance or rejection of each disputed amendment in its entirety; or

(b) further amendment of the disputed amendment.

(3) If either house requests a free conference committee and the other house concurs, appointments must be made in the same manner as above. A free conference committee may discuss a bill in its entirety and is not confined to a particular amendment.

30-40. Conference committee — enrolling. A conference committee report must give clerical instructions for a corrected reference bill and for enrolling by referring to the reference bill version.

30-50. Committee consideration of appropriation bills. (1) All bills providing for an appropriation of public money may first be considered by a joint committee composed of the members of the Senate Finance Committee and the House Appropriations Committee, and then by each separately.

(2) Meetings of the joint committee must be held upon call of the chair of the House Appropriations Committee, who is chair of the joint committee.

(3) The committee chair of the Senate Finance Committee or of the House Appropriations Committee may be a voting member in the joint subcommittees if:

(a) either house has fewer members on the joint subcommittees;

(b) the chair represents the house with fewer members on the subcommittees; and

(c) the chair is present for the vote.

30-60. Estimation of revenue. The Revenue and Taxation Committee shall introduce a House joint resolution for the purpose of estimating revenue that may be available for appropriation by the Legislature.

30-70. Appointment of interim committees. As provided for in section 5-5-211(6), MCA, 50% of interim committees must be selected from the following legislative standing committees:

(1) Business and Labor Interim Committee:

(a) Senate Agriculture, Livestock, and Irrigation Committee;

(b) Senate Business and Labor Committee;

(c) Senate Energy and Telecommunications Committee;

(d) Senate Finance Committee;

(e) House Agriculture Committee;

(f) House Business and Labor Committee;

(g) House Federal Relations, Energy, and Telecommunications Committee; and

(h) House Appropriations Committee;

(2) Education Interim Committee:

(a) Senate Education and Cultural Resources Committee;

(b) Senate Local Government Committee;

(a) Senate Judiciary Committee;

(b) Senate Finance Committee;

(c) House Judiciary Committee; and

(d) House Appropriations Committee;

(5) Revenue and Taxation Interim Committee:

(a) Senate Taxation Committee;

(b) Senate Highways and Transportation Committee;

(c) Senate Finance Committee;

(d) House Taxation Committee;

(e) House Transportation Committee; and

(f) House Appropriations Committee;

(6) State Administration, Public Retirement Systems, and Veterans' Affairs Interim Committee:

(a) Senate State Administration Committee;

(b) Senate Finance Committee;

(c) House State Administration Committee; and

(d) House Appropriations Committee.

CHAPTER 40

Legislation

40-10. Amendment to state constitution. A bill must be used to propose an amendment to The Constitution of the State of Montana. The bill is not subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

40-20. Appropriation bills. (1) All appropriation bills must originate in the House of Representatives.

(2) Appropriation bills for the operation of the Legislature must be introduced by the chair of the House Appropriations Committee.

40-30. Effective dates. (1) Except as provided in subsections (2) through (4), a statute takes effect on October 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(2) A law appropriating public funds for a public purpose takes effect on July 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(3) A statute providing for the taxation or imposition of a fee on motor vehicles takes effect on the first day of January following its passage and approval unless a different time is prescribed in the enacting legislation.

(4) A joint resolution takes effect on its passage unless a different time is prescribed therein (sections 1-2-201 and 1-2-202, MCA).

40-40. Bill requests and introduction — limits and procedures. (1) Prior to a regular session, a person entitled to serve in that session, hereafter referred to as a "member", is entitled to request bill drafting services from the Legislative Services Division, subject to the following limits:

(a) Prior to 5 p.m. on December 5 preceding a regular session of the Legislature, a member may request an unlimited number of bills and resolutions to be prepared by the Legislative Services Division for introduction in the regular session.

(b) After 5 p.m. on December 5, a member may request no more than seven bills or resolutions to be prepared by the Legislative Services Division. At least five of the seven bills or resolutions must be requested before the regular session convenes.

(c) After December 5, a member, in the member's discretion, may grant to any other member any of the remaining bill or resolution requests the granting member has not used. A bill requested by an individual may not be transferred to another legislator but may be introduced by another legislator.

(d) These limitations on bill and resolution requests do not apply to:

(i) Code Commissioner bills;

(ii) a bill or resolution requested by a standing committee; and

(iii) a bill or resolution requested by a member at the request of a newly elected state official if so designated.

(2) The staff of the Legislative Services Division shall work on bill draft requests in the order received. After a member has requested the drafting of five bills, the sixth bill request and all subsequent bill requests of that member must receive a lower drafting priority than all other bills of members not in excess of five per member. A bill requested pursuant to subsection (5) must receive a lower drafting priority than all bills requested by members, unless the requesting member assigns that request to the member's five-request priority. A legislator draft must receive priority at each step of the drafting process. A legislator draft must be delivered to the Legislative Services Division by the 20th legislative day or the request is canceled. The Speaker of the House, the minority leader of the House, the President of the Senate, and the minority leader of the Senate may each direct the staff of the Legislative Services Division to assign a higher priority to 10 draft requests. The staff of the Legislative Services Division shall assign a higher priority to any bill draft request when jointly directed by:

(a) the President of the Senate, the minority leader of the Senate, the Speaker of the House, and the minority leader of the House; or

(b) the House and the Senate.

(3) Bills and resolutions must be reviewed by the staff of the Legislative Services Division prior to introduction for proper format, style, and legal form. The staff of the Legislative Services Division shall store bills on the automated bill drafting equipment and shall print and deliver them to the requesting members. The original bill cover must be signed to indicate review by the Legislative Services Division. A bill may not be introduced unless it is so signed.

(4) During a session, a bill may be introduced by endorsing it with the name of a member and presenting it to the Chief Clerk of the House of Representatives or the Secretary of the Senate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill must be introduced in the house in which the member whose name appears first on the bill is a member. The chief joint sponsor's name must appear immediately to the right of the first sponsor's name. In each session of the Legislature, bills, joint resolutions, and simple resolutions must be numbered consecutively in separate series in the order of their receipt.

(5) (a) Any bill proposed by an interim or statutory legislative committee or introduced by request of an administrative or executive agency or department must be so indicated by placing after the names of the sponsors the phrase "By Request of the.......... (Name of committee or agency)". The phrase may not be added to an introduced bill and may not be placed on a bill whose subject matter was requested by an agency or statutory or interim committee prior to the convening of the session. Unless requested by an individual member, a bill draft request submitted at the request of an agency must be submitted to, reviewed by, and requested by the appropriate interim or statutory committee. A bill draft request submitted at the request of an agency or committee prior to December 23 must be requested by an individual member by December 23 or the request is placed on hold. After December 23, an agency or committee bill must be requested by an individual member. Except as provided in subsection (5)(b), an

agency or committee bill request must be preintroduced or the request is canceled. Preintroduction must occur no later than 5 p.m. on the fifth working day prior to the convening of a legislative session. Preintroduction is accomplished when the Legislative Services Division receives a signed preintroduction form.

(b) The preintroduction requirement does not apply to an office held by an elected official during the official's first year in that office or to bills requested by a joint select or joint special committee appointed prior to the convening of the legislative session to address a specific issue.

(6) Bills may be preintroduced, numbered, and reproduced prior to a legislative session by the staff of the Legislative Services Division. Actual signatures of persons entitled to serve as members in the ensuing session may appear on the face of the preintroduced bill, or signatures may be obtained on a consent form from the Legislative Services Division and the sponsor's name printed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Services Division to be included on the face of the bill following standing committee approval.

40-50. Schedules for drafting requests and bill introduction. The following schedules must be followed for submission of drafting requests and introduction of bills and resolutions.

40-60. Joint resolutions. (1) A joint resolution must be adopted by both houses and is not approved by the Governor. It may be used to:

(a) express desire, opinion, sympathy, or request of the Legislature;

(b) request, but not require, a legislative entity to conduct an interim study;

(c) adopt, amend, or repeal the joint rules;

(d) set salaries and other terms of employment for legislative employees;

(e) approve construction of a state building under section 18-2-102 or 20-25-302, MCA;

(i) ratify or propose amendments to the United States Constitution; or

(j) advise or request the repeal, amendment, or adoption of a rule in the Administrative Rules of Montana.

(2) A joint resolution may not be used for purposes of congratulating or recognizing an individual or group achievement. Recognition of individual or group achievements is handled on special orders of the day.

(3) Except as otherwise provided in these rules or The Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

(4) A copy of every joint resolution must be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

40-65. Appropriation required for bills requesting interim studies. A bill including a request for an interim study may not be transmitted to the Governor unless the bill contains an appropriation sufficient to conduct the study. A fiscal note may be requested for a bill requesting an interim study if the appropriation does not appear to be sufficient.

40-70. Bills with same purpose — vetoes. (1) A bill may not be introduced or received in a house after that house, during that session, has finally rejected a bill designed to accomplish the same purpose, except with the approval of the Rules Committee of the house in which the bill is offered for introduction or reception.

(2) Failure to override a veto does not constitute final rejection.

40-80. Reproduction of full statute required. A statute may not be amended or its provisions extended by reference to its title only, but the statute section that is amended or extended must be reproduced or published at length.

40-90. Bills — original purpose. A law may not be passed except by bill. A bill may not be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

40-100. Fiscal notes. (1) As provided in Title 5, chapter 4, part 2, MCA, all bills reported out of a committee of the Legislature having a potential effect on the revenues, expenditures, or fiscal liability of the state, local governments, or public schools, except appropriation measures carrying specific dollar amounts, must include a fiscal note incorporating an estimate of the fiscal effect. The

Legislative Services Division staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes must be requested by the presiding officer of either house, who, at the time of introduction or after adoption of substantive amendments to an introduced bill, shall determine the need for the note, based on the Legislative Services Division staff recommendation.

(2) Unless the chief sponsor directs otherwise, the Legislative Services Division shall make available an electronic copy of any bill for which it has been determined a fiscal note may be necessary to the Budget Director immediately after the bill has been prepared for introduction and delivered to the requesting member. The Budget Director may proceed with the preparation of a fiscal note in anticipation of a subsequent formal request. A bill with financial implications for a local government or school district must comply with subsection (4).

(3) The Budget Director, in cooperation with the governmental entity or entities affected by the bill, is responsible for the preparation of the fiscal note. Except as provided in subsection (4), the Budget Director shall return the fiscal note within 6 days unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) (a) A bill that may require a local government or school district to perform an activity or provide a service or facility that requires the direct expenditure of additional funds without a specific means to finance the activity, service, or facility in violation of section 1-2-112 or 1-2-113, MCA, must be accompanied, at the time that the bill is presented for introduction, by an estimate of all direct and indirect fiscal impacts on the local government or school district. The estimate of the fiscal impacts must be prepared by the Budget Director in cooperation with a local government or school district affected by the bill.

(b) The Budget Director has 8 days to prepare the estimate unless further time is granted by the presiding officer, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the estimate. Upon completion of the estimate, the Budget Director shall submit it to the presiding officer and the chief sponsor of the bill.

(5) A completed fiscal note must be submitted by the Budget Director to the presiding officer who requested it. The presiding officer shall notify the bill's chief sponsor of the completed fiscal note and request the chief sponsor's signature. The chief sponsor has 1 legislative day after delivery to review the fiscal note and to discuss the findings with the Budget Director, if necessary. After the legislative day has elapsed, all fiscal notes must be reproduced and placed on the members' desks, either with or without the chief sponsor's signature.

(6) A fiscal note must, if possible, show in dollar amounts:

(a) the estimated increase or decrease in revenues or expenditures;

(b) costs that may be absorbed without additional funds; and

(c) long-range financial implications.

(7) The fiscal note may not include any comment or opinion relative to merits of the bill. However, technical or mechanical defects in the bill may be noted.

(8) A fiscal note also may be requested, through the presiding officer, on a bill and on an amended bill by:

(a) a committee considering the bill;

(b) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or

(c) the chief sponsor.

(9) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note.

(10) If a bill requires a fiscal note, the bill may not be reported from a committee for second reading unless the bill is accompanied by the fiscal note.

40-110. Sponsor's fiscal note. (1) If a sponsor elects to request the preparation of a sponsor's fiscal note pursuant to section 5-4-204, MCA, the sponsor shall make the election as provided and return the completed sponsor's fiscal note to the presiding officer within 4 days of the election.

(2) The presiding officer may grant additional time to the sponsor for preparation of the sponsor's fiscal note.

(3) Upon receipt of the completed sponsor's fiscal note, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed, the note must be identified as a sponsor's fiscal note, reproduced, and placed on the members' desks.

(4) The Legislative Services Division shall provide forms for preparation of sponsors' fiscal notes and shall print the completed sponsors' fiscal notes on a different color paper than the fiscal notes prepared by the Budget Director.

40-120. Substitute bills. (1) A committee may recommend that every clause in a bill be changed and that entirely new material be substituted so long as the new material is relevant to the title and subject of the original bill. The substitute bill is considered an amendment and not a new bill.

(2) The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the material following the enacting clause, to substitute the new material, and to recommend any necessary changes in the title of the bill.

(3) If a committee report is adopted that recommends a substitute for a bill originating in the other house, the substitute bill must be printed and reproduced.

40-130. Reading of bills. Prior to passage, a bill, other than a bill requested by a joint select or joint special committee as provided in 40-40(5)(b), must be read three times in the house in which it is under consideration. It may be read either by title or by summary of title.

40-140. Second reading — bill reproduction. (1) If the majority of a house adopts a recommendation for the passage of a bill originating in that house after the bill has been returned from a committee with amendments, the bill must be reproduced on yellow paper with all amendments incorporated into the copies.

(2) If a bill has been returned from a committee without amendments, only the first sheet must be reproduced on yellow paper, and the remainder of the text may be incorporated by reference to the preceding version of the entire bill.

(3) A bill requested by and heard by a joint select or joint special committee, as provided in 40-40(5)(b), may be referred directly to second reading. If the bill is passed by the house of origin, the bill must be transmitted to the other house, and

if the bill was not amended, it may be placed on second reading without the need for referral to a committee.

40-150. Engrossing. (1) When a bill has been reported favorably by Committee of the Whole of the house in which it originated and the report has been adopted, the bill must be engrossed. Committee of the Whole amendments must be included in the engrossed bill. The bill must be placed on the calendar for third reading on the legislative day after receipt.

(2) Copies of the engrossed bill to be distributed to members are reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it is not required to be reprinted. Only the first sheet must be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(3) If a bill is amended by a standing committee in the second house, the amendments must be included in a tan-colored bill and distributed in the second house for second reading consideration. If the bill is amended in Committee of the Whole, the amendments must be included in a salmon-colored reference bill and distributed in the second house for third reading. If the bill passes on third reading, copies of the reference bill must be distributed in the original house. The original house may request from the second house a specified number of copies of the amendments to be printed.

40-160. Enrolling. (1) When a bill has passed both houses, it must be enrolled. An original and two duplicate printed copies of the bill must be enrolled, free from all errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter must be underlined and deleted matter must be shown as stricken.

(2) When the enrolling is completed, the bill must be examined by the sponsor.

(3) The correctly enrolled bill must be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which case the presiding officer shall sign it that day. The fact of signing must be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies a desire to examine the bill, the member must be permitted to do so. The bill then must be transmitted to the other house where the same procedure must be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be:

(a) enrolled;

(b) clerically corrected by the presiding officers, if necessary;

(c) signed by the presiding officers; and

(d) delivered to the Governor or, in the case of a bill proposing a referendum, to the Secretary of State, not later than 5 working days after the 90th legislative day.

(5) All journal entries authorized under this rule must be entered on the journal for the 90th day.

(6) The original and two copies signed by the presiding officer of each house must be presented to the Governor or the Secretary of State, as applicable, in return for a receipt. A report then must be made to the house of the day of the presentation, which must be entered on the journal.

(7) The original must be filed with the Secretary of State. Signed copies with chapter numbers assigned pursuant to section 5-11-204, MCA, must be filed with the Clerk of the Supreme Court and the Legislative Services Division.

40-170. Amendment by second house. (1) Amendments to a bill by the second house may not be further amended by the house in which the bill originated, but must be either accepted or rejected. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill again must be placed on third reading in the house of origin.

(2) The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

40-180. Final action on a bill. (1) When a bill being heard by the second house has received its third reading or has been rejected, the second house shall transmit it as soon as possible to the original house with notice of the second house's action.

(2) A bill that reduces revenue and that contains a contingent voidness provision may not be transmitted to the Governor unless there is an identified corresponding reduction in an appropriation contained in the general appropriations act.

40-190. Transmittal of bills between houses. (1) Each house shall transmit to the other with any bill all relevant papers.

(2) When a House bill is transmitted to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

40-200. Transmittal deadlines. (1) (a) A bill or amendment transmitted after the deadline established in this subsection (1) may be considered by the receiving house only upon approval of two-thirds of its members present and voting. If the receiving house does not so vote, the bill or amendment must be held pending in the house to which it was transmitted.

(b) (i) A bill, except for an appropriation bill, a revenue bill, or amendments considered by joint committee, must be transmitted from one house to the other on or before the 45th legislative day.

(ii) Amendments, except to appropriation bills and revenue bills, must be transmitted from one house to the other on or before the 73rd legislative day.

(c) (i) Revenue bills originating in the Senate must be transmitted to the House on or before the 71st legislative day.

(ii) House amendments to Senate revenue bills must be transmitted by the House to the Senate on or before the 82nd legislative day.

(iii) Revenue bills originating in the House must be transmitted to the Senate on or before the 71st legislative day.

(iv) Senate amendments to House revenue bills must be transmitted by the Senate to the House on or before the 82nd legislative day.

(v) A revenue bill is one that either increases or decreases revenue.

(d) (i) Appropriation bills and any bill implementing provisions of a general appropriation bill must be transmitted to the Senate on or before the 67th legislative day.

(ii) Senate amendments to appropriation bills must be transmitted by the Senate to the House on or before the 80th legislative day.

(2) (a) A joint resolution introduced for the purpose of estimating revenue available for appropriation by the Legislature must be transmitted no later than the 60th legislative day.

(b) Amendments to the resolutions must be transmitted to the house of origin no later than the 82nd legislative day.

(3) Bills repealing or directing the amendment or adoption of administrative rules and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

(4) Interim study resolutions must be transmitted from one house to the other on or before the 85th legislative day.

40-210. Governor's veto. (1) Except as provided in 40-65 and 40-180, each bill passed by the Legislature must be submitted to the Governor for the Governor's signature. This does not apply to:

(a) bills proposing amendments to The Constitution of the State of Montana;

(b) bills ratifying proposed amendments to the United States Constitution;

(c) resolutions; and

(d) referendum measures of the Legislature.

(2) If the Governor does not sign or veto the bill within 10 days after its delivery, the bill becomes law.

(3) The Governor shall return a vetoed bill to the Legislature with a statement of reasons for the veto.

(4) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it becomes law.

(5) If the Legislature is not in session when the Governor vetoes a bill, the Governor shall return the bill with reasons for the veto to the Legislature as provided by law. The Legislature may be polled on a bill that it approved by two-thirds of the members present or it may be reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).

(6) The Governor may veto items in appropriation bills, and in these instances the procedure must be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

40-220. Response to Governor's veto. (1) When the presiding officer receives a veto message, the presiding officer shall read it to the members over the rostrum. After the reading, a member may move that the Governor's veto be overridden.

(2) A vote on the motion is determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

40-230. Governor's recommendations for amendment. (1) The Governor may return any bill to the Legislature with recommendations for amendment.

(2) If the Legislature passes the bill in accordance with the Governor's recommendations, it shall return the bill to the Governor for reconsideration. The Governor may not return a bill to the Legislature a second time for amendment.

(3) If the Governor returns a bill to the originating house with recommendations for amendment, the house shall reconsider the bill under its rules relating to amendments offered in Committee of the Whole.

(4) The bill then is subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the Governor's recommendations.

(b) If both houses approve the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(c) If both houses disapprove the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(d) If one house disapproves the Governor's recommendations and the other house approves, then either house may request a conference committee, which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report must be returned to the Governor for reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor's recommendations must be considered not approved and the bill must be returned to the Governor for further consideration.

CHAPTER 60

Rules

60-10. Suspension of joint rule — change in rules. (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any Rules Committee report recommending a change in the joint rules must be referred to the other house. Any new rule or any change in the rules of either house must be transmitted to the other house for informational purposes.

(4) Upon adoption of any change, the Secretary of the Senate and the Chief Clerk of the House of Representatives shall provide the office of the Legislative Services Division:

(a) one copy of all motions or resolutions amending Senate, House, or joint rules; and

(b) copies of all minutes and reports of the Rules Committees.

60-20. Reference to Mason's Manual. Mason's Manual of Legislative Procedure (2000) governs the proceedings of the Senate and the House of Representatives in all cases not covered by these rules.

60-30. Publication and distribution of joint rules. (1) The Legislative Services Division shall codify and publish in one volume:

(a) the rules of the Senate;

(b) the rules of the House of Representatives; and

(c) the joint rules of the Senate and the House of Representatives.

(2) After the rules have been published, the Legislative Services Division shall distribute copies as directed by the Senate and the House of Representatives.

SENATE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES AND THE DEPARTMENT OF CORRECTIONS TO COORDINATE AND COLLABORATE WITH STATE AGENCIES, LOCAL GOVERNMENTS, AND THE JUDICIARY REGARDING TRAINING AND EDUCATION PROGRAMS ON ISSUES SURROUNDING PERSONS WITH MENTAL ILLNESS AND THE CRIMINAL JUSTICE AND CORRECTIONS SYSTEMS.

WHEREAS, the United States Constitution and the Montana Constitution have been interpreted to protect the rights of persons with mental illness and to require that appropriate medical and mental health care and correctional standards provide guidance in this area; and

WHEREAS, the United States Department of Justice concluded in a 1999 study that 16% of inmates in prisons and jails suffer from a mental or emotional condition and have been identified as mentally ill and that only 6 in 10 mentally ill state prison inmates report receiving treatment for mental illness since admission to prison; and

WHEREAS, in Montana, it is estimated that there are between 300 and 400 male inmates at Montana State Prison and other inmates at the Montana Women's Prison and the regional correctional facilities who suffer from mental illness and who have all been arrested, detained, adjudicated, and incarcerated at the county level; and

WHEREAS, law enforcement officers are often the first responders when a disturbance occurs in the community, and without training in recognizing mental illness, appropriate action may not be taken and appropriate diversion or treatment may not be initiated; and

WHEREAS, recently, the Montana Law Enforcement Academy changed its curriculum to provide a 2-hour session on mental illness in its 35 hours of basic training on police function and human behavior, but no further training or continuing education on mental illness is required; and

WHEREAS, deinstitutionalization of state mental hospitals over the past 35 years, the lack of development of sufficient community services, and heightened law enforcement in response to increased crime rates have led to a criminalization of people with mental illness; and

WHEREAS, incarceration in jails and prisons has consumed greater federal, state, and local resources, while further development and maintenance of existing crisis beds, community diversion, and treatment programs could be more humane and cost-effective; and

WHEREAS, the Mental Health Oversight Advisory Council, created by Senate Bill No. 534 (Chapter 577, Laws of 1999) to advise the Department of Public Health and Human Services, recommended training for law enforcement personnel, education for other groups that interface with the mentally ill, and a standardized screening tool for use in state and local detention facilities; and

WHEREAS, the Department of Public Health and Human Services has requested funding for a mental health law enforcement liaison and has been working with the Department of Corrections.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Public Health and Human Services and the Department of Corrections are requested to coordinate and collaborate with the Department of Justice, the Montana Board of Crime Control, the Peace Officer Standards and Training Council, District Courts, courts of limited jurisdiction, the State Bar of Montana, the Community Mental Health Centers, and other mental health professionals to develop, coordinate, and integrate training on issues regarding mental illness and other co-occurring disorders that present themselves in persons at various stages of the criminal justice system. This training is necessary to protect the rights of persons with mental illness, to provide appropriate treatment in the least restrictive setting, to protect all members of society, and to use the resources of local and state government in the most effective manner.

BE IT FURTHER RESOLVED, that it is requested that the administrators and line staff in law enforcement, adult and juvenile detention, courts of limited jurisdiction, District Courts, prosecution and defense counsel, adult and juvenile corrections, and adult and juvenile probation and parole receive training and education on issues regarding persons with mental illness and co-occurring disorders. The mental health community, including the Community Mental Health Centers and other mental health professionals, should receive training on the issues from the legal, criminal justice, and corrections' perspectives. Advocacy groups for persons with mental illness, victims, and family members of victims and offenders should be involved in the training and education.

BE IT FURTHER RESOLVED, that it is requested that training and education issues include signs and symptoms of mental illness, emotional disturbance, and co-occurring disorders; the response towards and management of persons suffering from mental illness, emotional disturbance, and co-occurring disorders; crisis intervention; assessment and screening; suicide prevention and education; medication and treatment; the distinct needs of males and females, children, and adults; community resources; appropriate resources and referrals; and discharge planning.

BE IT FURTHER RESOLVED, that it is requested that training and education issues include discussions of the misperceptions, stereotypes, and stigma attached to mental illness and discussions of training needed to assist professionals in their day-to-day practice.

BE IT FURTHER RESOLVED, that it is requested that training and education issues include legal processes and alternatives available, such as involuntary commitments, advance directives, or a commitment to a community facility, program, or course of treatment; legal protections of persons with mental illness; constitutional and statutory responsibilities; and potential liabilities of state and local governments in incarcerating persons with mental illness.

BE IT FURTHER RESOLVED, that the legal community should be involved in specific training on changes in statutes and practices, in standardizing practices across the state, and in awareness of current processes that exist but that have been ignored or underused.

BE IT FURTHER RESOLVED, that it is requested that other groups, such as the mental health community, the developmental disabilities community, vocational rehabilitation providers, public assistance and child protective caseworkers, substance abuse counselors, and others whose clients are affected by mental illness, receive training and education on issues regarding mental illness and co-occurring disorders.

BE IT FURTHER RESOLVED, that it is requested that training of law enforcement administration and line staff be coordinated and certified by the Peace Officers and Standards Training Council and integrated into a continuum of training and education for new officers and for officers who have been in law enforcement for whom continuing education is more appropriate.

BE IT FURTHER RESOLVED, that it is requested that training be delivered in home communities or regionally, to the extent possible, to assist in the development of community integration and to mitigate costs to local governments.

SENATE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE FEDERAL GOVERNMENT TO CONTINUE TO ENTER INTO AGREEMENTS WITH LOCAL GROUPS AND AGENCIES TO PROMOTE THE CONTROL OF NOXIOUS WEEDS IN A MANNER THAT ADDRESSES LOCALLY IDENTIFIED PRIORITIES, TO CONTINUE TO PROVIDE FUNDING FOR LOCAL WEED CONTROL PROGRAMS ON AN ANNUAL AND CONTINUING BASIS, AND TO PROVIDE ASSISTANCE IN HELPING LOCAL GROUPS AND AGENCIES ACCESS FEDERAL WEED CONTROL PROGRAMS AND PROCURE AVAILABLE FEDERAL WEED CONTROL FUNDS.

WHEREAS, noxious weeds are invasive species that are very difficult to contain or eliminate once they are established; and

WHEREAS, noxious weeds are invading Montana's rangeland, forest land, waterways, cities, towns, private lands, and public lands, including National Parks and monuments; and

WHEREAS, noxious weeds replace native species on lands regardless of land ownership and land ownership boundaries; and

WHEREAS, Montana's citizens and Legislature have made significant contributions and commitments toward reducing the acreage infested by noxious weeds and controlling any new invasions; and

WHEREAS, current working agreements between public land management agencies and county weed districts and other local groups are generally successful in addressing the control or containment of noxious weeds on public lands; and

WHEREAS, noxious weeds are a continuous problem that must be addressed on an annual basis and are never truly eradicated from the ecosystem; and

WHEREAS, public land management agencies should, at a minimum, contribute financially to the control of noxious weeds in Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the federal government be strongly urged to:

(1) enter into agreements with local groups and agencies to promote the control of noxious weeds in a manner that addresses locally identified priorities;

(2) continue to provide funding for local weed control programs on an annual and continuing basis; and

(3) provide assistance in helping local groups and agencies access federal weed control programs and procure available federal weed control funds.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to the President of the United States, the Vice President of the United States, the Secretary of Agriculture, the Secretary of the Interior, the presiding officers of the Appropriations Committees of the U.S. Senate and U.S. House of Representatives, the Montana Congressional Delegation, the Chief of the Forest Service, the Director of the Bureau of Reclamation, and the Director of the Bureau of Land Management.

SENATE JOINT RESOLUTION NO. 5

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A LEGISLATIVE STUDY OF CERTAIN VETERANS' ISSUES; URGING THE APPROPRIATE INTERIM COMMITTEE TO INCLUDE VETERANS' ORGANIZATIONS IN THE STUDY PROCESS; REQUESTING STAFF SUPPORT; AND REQUESTING A REPORT OF FINDINGS AND RECOMMENDATIONS.

WHEREAS, Montana is home to more than 100,000 veterans potentially eligible for federal benefits, which ranks Montana 10th in the number of veterans per capita; and

WHEREAS, resource allocation decisions limit the funding available to the U.S. Department of Veterans Affairs (VA) Montana health care system and require local administrators to set priorities; and

WHEREAS, the Montana Legislature appropriates public funds for programs that encompass services to Montana's veterans and also sets priorities; and

WHEREAS, some resource allocation decisions may inadvertently shift costs to other programs; and

WHEREAS, the Subcommittee on Military and Veterans' Affairs has found that veteran participation in discussions about fiscal and policy priorities is not only desirable for proper consideration of veterans' concerns but essential to bridging the gulf between service providers and veterans whose disabilities make it difficult for them to access those services; and

WHEREAS, the Subcommittee on Military and Veterans' Affairs has found that federal grant money may be available to help coordinate federal, state, and local services and to maximize the effective use of current resources; and

WHEREAS, the Subcommittee on Military and Veterans' Affairs has found that the release of VA medical records to the Federal Bureau of Investigation is a matter of concern; and

WHEREAS, twice as many veterans as nonveterans experience homelessness at some time during the course of a year and, because of complex and overlapping needs, a broader range of service coordination, advocacy, and intervention is required; and

WHEREAS, the Subcommittee on Military and Veterans' Affairs has found that an in-depth and systematic legislative examination of these issues is desirable.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee pursuant to section 5-5-217, MCA, to:

(1) identify how regional priorities are set and local resource allocation decisions are made by the U.S. Department of Veterans Affairs (VA) and the VA Montana health care system;

(2) consider the extent to which certain resource allocation decisions may shift costs and explore what actions could be taken to assess and mitigate unintended consequences;

(3) explore how the concerns of Montana's veterans can best be represented when fiscal and policy priorities are set;

(4) stay informed about whether veterans are being denied rights as a result of VA medical records being released to the Federal Bureau of Investigation;

(5) explore options for establishing a statewide homeless veterans' coordinator, a veterans' ombudsman, or other veterans' program to coordinate veteran-related services and identify the state agency under which the coordinator, ombudsman, or other program should be established;

(6) explore options for designing a grant program to capture available federal funds to support Montana's veterans' services;

(7) examine the state statutory definitions of "veteran" in context with more recent U.S. military operations, such as the peacekeeping mission in Kosovo; and

(8) study other emerging issues relevant to veterans' needs.

BE IT FURTHER RESOLVED, that in order to facilitate a broad-based study process, the interim committee be encouraged to seek out and welcome the participation of representatives of Congressionally chartered and recognized veterans' service organizations.

BE IT FURTHER RESOLVED, that the U.S. Department of Veterans Affairs, the Montana Veterans' Affairs Division, the Montana Department of Military Affairs, the Montana Department of Public Health and Human Services, and other appropriate public and private entities be urged to cooperate with and participate in this study process.

BE IT FURTHER RESOLVED, that the interim committee receive legislative staff support not only from the Legislative Services Division, but also from the Legislative Audit and Legislative Fiscal Divisions; that legislative staff be encouraged to interface with the staff of Montana's Congressional Delegation as appropriate; and that the interim committee report its findings, conclusions, and any recommended legislation to the 58th Legislature and to Montana's Congressional Delegation.

WHEREAS, traffic regulation statutes found in Title 61, chapter 8, of the Montana Code Annotated have ambiguities that warrant clarification; and

WHEREAS, the traffic codes have not been kept current with the revisions in the Uniform Vehicle Code; and

WHEREAS, it is in the public's interest for there to be clarity and uniformity in the state's traffic laws.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

SENATE JOINT RESOLUTION NO. 8

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A LEGISLATIVE INTERIM STUDY OF THE PRIVATIZATION OF FOSTER CARE AND ADOPTION SERVICES.

WHEREAS, Montana has approximately 2,100 children in out-of-home placement served by a child and protective services agency that is underfunded and understaffed and this has adverse affects on the length of time that children stay in foster care;

WHEREAS, states such as Michigan, Texas, Kansas, and North Dakota have various examples of privatization in foster care and adoption services that have resulted in increased permanent placements in shorter periods of time at reduced costs; and

WHEREAS, although most of the provider placements in Montana are in the private sector, the administration of foster care and adoption services is under government control; and

WHEREAS, research has found that outcome orientation, competition, rewards for good performance, and outside monitoring and independent evaluation are factors that are most closely associated with success in the privatization of foster care and adoption services; and

WHEREAS, privatization of additional foster care and adoption services should be studied to determine whether Montana should pilot a privatization program in foster care and adoption services.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study the privatization of foster care and adoption services.

BE IT FURTHER RESOLVED, that the study may consider but not be limited to a review of:

(1) what other states have done;

(2) which types of foster care and adoption services are already privatized and which may be appropriate to privatize, including adoption, foster care, family preservation services, case management, training, information management, administration, licensing, and regulation;

(3) the types of private or public organizations that would be allowed to conduct privatized foster care and adoption services;

(4) performance standards, such as permanency placement rates, child safety, client satisfaction, minimal placement and movement for children, and rate of sibling placement together;

(5) nonrecidivism by juvenile offenders who are foster children;

(6) contract standards and enforcement;

(7) payment and reimbursement issues, including incentives and adjustments for performance;

(8) impacts on the current state employees involved in foster care and adoption administration and services;

(9) the extent to which changes in the state agency, based on findings regarding privatization, may provide the same benefits as privatization; and

(10) other issues such as access to state databases and data transfer issues.

BE IT FURTHER RESOLVED, that input from representatives of the Montana State Foster/Adoptive Parent Association, the Montana Chapter of the National Association of Social Workers, licensed child-placing agencies, licensed adoption agencies, and mental health centers be sought in conducting the study.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate interim committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2002.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate interim committee, be reported to the 58th Legislature.

SENATE JOINT RESOLUTION NO. 11

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA OPPOSING THE FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION'S PROPOSED HOURS OF SERVICE REGULATIONS.

WHEREAS, the trucking industry employs more than 9 million people, delivers 80% of the national freight measured by value, and is the exclusive provider of freight services to 75% of the communities in the United States; and

WHEREAS, the trucking industry is a critical component of the United States economy; and

WHEREAS, truck safety is an important public policy concern; and

WHEREAS, the current federal regulations that are meant to reduce truck driver fatigue are outdated, counterproductive, and in need of revision; and

WHEREAS, the Federal Motor Carrier Safety Administration (FMCSA) recently issued a Notice of Proposed Rulemaking regarding the federal hours of service rules for commercial drivers; and

WHEREAS, the FMCSA's proposal would decrease the overall number of hours that a truck driver could work, requiring the addition of more trucks and drivers to deliver the nation's freight; and

WHEREAS, this impact would likely compromise safety by generating more exposure to crashes, putting less experienced drivers on the road, exacerbating the shortage of rest area parking spaces, and creating long periods of idle time for truck drivers; and

WHEREAS, under the proposed changes, the increased costs generated by the need for additional trucks and drivers, as well as operational changes, would inflate delivery expenses and raise business and consumer costs; and

WHEREAS, the proposal requires some trucks to carry on-board recorders for enforcing the hours of service regulations; and

WHEREAS, this requirement is unlikely to impact safety and raises serious, legitimate concerns regarding privacy and the potential for abuse of the information and would place additional financial burdens on the trucking industry, with small businesses being the most severely and disproportionately affected; and

WHEREAS, the proposal rescinds current provisions that give states the flexibility to address certain unique requirements, such as the ability to effectively respond to emergencies and to meet seasonal agricultural needs, that cannot be met under the limitations of a general hours of service regulation; and

WHEREAS, the proposal unjustifiably removes exemptions for agricultural transporters that are critical to farmers during the harvest season and will severely disrupt the carefully orchestrated system of transporting fresh food from farm to market; and

WHEREAS, the proposal unjustifiably removes exemptions for intrastate operations that currently give states a measure of flexibility to address special circumstances within their own borders; and

WHEREAS, the FMCSA inexplicably removes the exemptions for drivers engaged in emergency operations, including exemptions for drivers of utility service vehicles and for drivers of snow and ice removal vehicles; and

WHEREAS, the loss of these exemptions will prevent workers engaged in emergency operations from properly carrying out their duties, possibly putting public safety at risk; and

WHEREAS, the law enforcement community has raised concerns about the ability of commercial vehicle safety inspectors to effectively enforce the proposed regulations; and

WHEREAS, the FMCSA's cost-benefit analysis of the proposal is incomplete and fails to completely account for all trucking industry and economywide costs and inflates the safety benefits of the proposal.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature oppose the Federal Motor Carrier Safety Administration's proposed hours of service rule and urge the Federal Motor Carrier Safety Administration to issue a new proposal that is based on sound science, enhances public safety, and strengthens the ability of the trucking industry to meet the needs of the American economy.

BE IT FURTHER RESOLVED, that a copy of this resolution be transmitted to the United States Secretary of Transportation, the Administrator of the Federal Motor Carrier Safety Administration, the chairs and ranking members of the relevant committees of the United States Senate and House of Representatives, the Western Governors' Association, Senators Max Baucus and Conrad Burns, and Representative Dennis Rehberg.

WHEREAS, the Capitol Complex Advisory Council advises that the items listed in this resolution be permanently placed or retained in the locations indicated; and

WHEREAS, the Capitol Complex Advisory Council further advises that other items that have been removed over the years because of building modifications be entrusted to the Montana Historical Society for storage, temporary display, or recommendation for permanent placement at a future date in the Capitol or other state buildings.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(6) That, upon completion, the commissioned statue of Mike and Maureen Mansfield be permanently placed in the southside niche on the third floor of the Capitol.

SENATE JOINT RESOLUTION NO. 13

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING RECIPROCITY BETWEEN IDAHO AND MONTANA ON BIDDING PROCEDURES FOR STATE TIMBER SALES.

WHEREAS, it is the policy of the State of Montana to secure the full, fair market value of timber sold from state-owned forests held in trust for specific beneficiary institutions; and

WHEREAS, the various states in close proximity to Montana were all granted lands from the federal government as part of their respective enabling acts, with similar mandates that they be used exclusively for the benefit of public schools and institutions; and

WHEREAS, the State of Montana allows fair and open competitive bidding for timber sales on state-owned trust lands, with no discrimination as to the geographic location of processing facilities; and

WHEREAS, the State of Idaho has placed into statute highly discriminatory prohibitions on out-of-state purchasers bidding on timber held in trust for public schools and institutions of Idaho; and

WHEREAS, Montanans would rather cooperate than retaliate with laws to similarly protect our in-state industries.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature request the Governor and each member of the Montana Congressional Delegation to urge the Idaho Legislature to repeal its laws that:

(1) restrict or discourage Montana companies from bidding on Idaho state timber sales; or

(2) treat Montana companies in any way differently from Idaho companies.

BE IT FURTHER RESOLVED, that if the Idaho legislature has not repealed the type of laws referenced in subsections (1) and (2) by October 1, 2002, the Montana Department of Natural Resources and Conservation be encouraged to propose legislation that will similarly favor Montana companies in the sale of timber in a manner that will ensure full, fair compensation to beneficiary institutions.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to each member of the Montana Congressional Delegation, the Idaho Legislature, and the Governor of Idaho.

SENATE JOINT RESOLUTION NO. 16

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE FEDERAL GOVERNMENT TO SUPPORT THE EFFORTS OF THE LOWER YELLOWSTONE CONSERVATION DISTRICT DEVELOPMENT

COMMITTEE TO OBTAIN THE PROMISED BENEFITS OF THE PICK-SLOAN MISSOURI RIVER PLAN AND RETAIN LOW-COST ENERGY FOR NEW AND EXISTING IRRIGATION AND TO ASSIST THE CONSERVATION DISTRICT IN DRAFTING AND PASSING FEDERAL LEGISLATION OUTLINING BENEFITS NEEDED TO SUSTAIN EXISTING IRRIGATION AND DEVELOP NEW IRRIGATION IN MONTANA'S YELLOWSTONE AND MISSOURI RIVER BASINS.

WHEREAS, Montana lost 590,000 acres of land to reservoir flooding under the Pick-Sloan plan, as set out in the federal Flood Control Act of 1944, and was in return promised 1,313,930 acres of new irrigation, but only 76,200 acres were ever developed for irrigation under the plan; and

WHEREAS, over 16,500,000 acre-feet of water leave Montana annually in the Missouri and Yellowstone Rivers—water that is abundant but underused in this time of need for growth in Montana; and

WHEREAS, Montana's conservation districts have reserved over 853,000 acre-feet of water for new irrigation development, and the state has completed water rights compacts with several tribes that enable tribes to develop many acres of new irrigation as well; and

WHEREAS, Montana's agricultural sector continues to shrink along with the population of rural communities; and

WHEREAS, Montana consumes less than 30% of the hydropower that is generated in the state under the Pick-Sloan plan; and

WHEREAS, Montana's Vision 2005 program identified the goal of doubling the value of irrigated agriculture by the year 2005 by developing 500,000 acres of new irrigation, which is less than one-half of the number of acres promised under the Pick-Sloan plan; and

WHEREAS, costs for power may double or triple, and without low-cost power, it will become impossible to irrigate new lands and even existing irrigated lands identified in the original Pick-Sloan plan; and

WHEREAS, agriculture is Montana's largest industry, and any increase in values from irrigation would benefit the entire state and region.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the federal government be strongly urged to:

(1) assist the efforts of the Lower Yellowstone Conservation District Development Committee in obtaining the promised benefits of the Pick-Sloan Missouri River plan, as set out in the federal Flood Control Act of 1944; and

(2) assist the efforts of the Lower Yellowstone Conservation District Development Committee in drafting and passing the proposed federal Montana Water Resources Act, which will outline benefits promised in the Flood Control Act that are needed to sustain existing irrigation and the development of new irrigation throughout Montana's Yellowstone and Missouri River basins.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Vice President of the United States, the Secretary of the United States Department of Agriculture, the Secretary of the Interior, the presiding officers of the Energy and Natural

Resources Committees of the United States Senate and House of Representatives, the Montana Congressional Delegation, and the Commissioner of the federal Bureau of Reclamation.

SENATE JOINT RESOLUTION NO. 21

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE LEGISLATIVE COUNCIL TO DESIGNATE AN APPROPRIATE INTERIM COMMITTEE OR DIRECT SUFFICIENT STAFF RESOURCES TO STUDY THE PROPERTY TAXATION OF AGRICULTURAL LAND AND NONAGRICULTURAL LAND IN MONTANA; AND REQUIRING A REPORT TO THE 58TH LEGISLATURE.

WHEREAS, agricultural land is increasingly being taken out of production for development and other nonagricultural purposes and is thereby becoming unavailable for agricultural production; and

WHEREAS, the Montana Legislature has long recognized that speculative land purchases and the encroachment of rural subdivisions has contributed, in part, to agricultural land being taken out of production; and

WHEREAS, existing property tax laws may have the unintended consequence of taxing certain agricultural land at a higher effective tax rate than rural nonagricultural land; and

WHEREAS, many large and small tracts of land qualify as agricultural land regardless of the use of the land, which may result in a shifting of tax burden to bona fide agricultural land; and

WHEREAS, the current property taxation of bona fide agricultural land and of rural nonagricultural land may contribute, in part, to agricultural land being taken out of production; and

WHEREAS, the Montana Legislature's goal is to maintain and encourage agricultural production as a viable component of the state's economy; and

WHEREAS, the Montana Legislature has consistently tried to achieve the goal of a fair, balanced, and equitable tax policy for rural land and agricultural land; and

WHEREAS, that goal has not been achieved and, therefore, a systematic study of the taxation of all rural land is appropriate.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study the taxation of agricultural lands and rural nonagricultural land, including but not limited to:

(1) an examination of the changing patterns of agricultural uses to nonagricultural uses of rural land in Montana;

(2) an analysis of the underlying causes of these changing patterns;

(3) a review of recent tax policy initiatives related to the taxation of agricultural land and rural nonagricultural land, including changes to the methods of valuation and classification;

(4) a determination of whether existing tax policy related to the taxation of agricultural land and rural nonagricultural land is neutral with respect to whether the land remains in agricultural use;

(5) a determination of whether existing tax policy results in a shifting tax burden to remaining agricultural land and other property in a jurisdiction in which agricultural land is taken out of production and subsequently used for nonagricultural purposes;

(6) an evaluation of whether existing tax policy related to rural land unintentionally subsidizes some nonagricultural uses of rural land and whether that may lead to corresponding impacts on traditional local economies;

(7) an analysis of whether tax policy is an effective method of promoting continued use of rural land as agricultural land;

(8) an evaluation of alternative tax policies, including changes to property tax rates and property classification, that promote an equitable and efficient tax burden on both agricultural land and rural nonagricultural land; and

(9) an evaluation of whether agricultural income thresholds are appropriately used to substantiate agricultural use of rural land and an investigation of alternative methods that may be more appropriate or accurate.

BE IT FURTHER RESOLVED, that interested citizens, groups, and state agencies with specialized knowledge in rural land use patterns and taxation policy be encouraged to participate in the study.

BE IT FURTHER RESOLVED, that, if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2002.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 58th Legislature.

SENATE JOINT RESOLUTION NO. 22

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT AN APPROPRIATE INTERIM COMMITTEE OR SUFFICIENT STAFF RESOURCES BE DIRECTED TO STUDY HEALTH CARE AND THE INCREASING COST OF HEALTH INSURANCE.

WHEREAS, rising health care costs are detrimental to stable lifestyles and the well-being of families; and

WHEREAS, health care costs and health insurance rates are increasing above the rate of inflation; and

WHEREAS, rising health insurance costs have a significant impact on the overall personnel and salary budgets of governmental agencies; and

WHEREAS, uncompensated care is a burden on all taxpayers, insurance carriers, and insurance consumers; and

WHEREAS, prescription drug costs may be driven by advertising that extols the virtues of the newest expensive drug; and

WHEREAS, because of the increased cost, a large percentage of employers in Montana no longer offer insurance benefits to their employees and many employees who have insurance have dropped dependents from coverage; and

WHEREAS, all Montanans should have the opportunity to have health insurance coverage, yet 20% are not covered; and

WHEREAS, mandating coverage for certain health care services and providers adds to the cost of insurance; and

WHEREAS, the 58th Legislature will likely have numerous health care and health insurance issues to address; and

WHEREAS, a study of health care and health insurance and how the state might deal with rising costs will provide the members of the 58th Legislature with a head start in handling this complex problem.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study:

(1) purchasing pools for individual and small group insurance;

(2) provider reimbursement rates and cost shifting of health care costs;

(3) access to affordable prescription drugs;

(4) strategies to decrease the number of uninsured Montanans;

(5) factors causing health insurance rates to increase above the rate of inflation;

(6) the feasibility of recreating the Health Care Advisory Council; and

(7) any other issues that the committee or the staff deem appropriate and relevant to the problem.

BE IT FURTHER RESOLVED, that the interim committee or the staff designated to conduct the study seek the participation and input of the Office of the Insurance Commissioner, health care and health insurance consumers, provider organizations, insurers, the Department of Public Health and Human Services, representatives of public employee and private sector health benefit plans, local government representatives, hospitals, and any other appropriate individuals or entities.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2002.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 58th Legislature.

CHAPTER 4

Legislation

S40-10. Types of legislation. The only types of legislation that may be introduced in the Senate are those that have been drafted and approved by the Legislative Services Division and signed by a Senator. The types of legislation allowed include:

(1) bills of any subject, except appropriations;

(a) express desire, opinion, sympathy, or request of the Legislature;

(b) request an interim study by a legislative subcommittee;

S40-20. Introduction. (1) Upon receiving a bill or resolution from a Senator, the Secretary of the Senate shall assign an appropriate sequential number, which constitutes introduction of the legislation.

(2) Bills and resolutions may be preintroduced, assigned to committee, and printed prior to the legislative session. The Legislative Services Division shall be responsible for assuring the preintroduction intent from each Senator and presenting such legislation to the Secretary of the Senate.

(3) Upon referral to committee, the Secretary of the Senate shall publicly post a listing of the bill or resolution by a summary of its title, together with a notation of the committee to which it has been assigned.

S40-30. Additional sponsors. (1) Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill or resolution. Forms for adding sponsors will be supplied on request by the Secretary of the Senate.

(2) Upon passage of the motion, the names of the additional sponsors will be printed in the journal and the form containing the signatures of the additional sponsors will be forwarded to the Legislative Services Division with the original bill for the inclusion of the names in subsequent printings of the bill or resolution.

S40-40. Reading limitations. (1) Every bill shall be read three times prior to passage, either by title or by summary of title as provided in these rules.

(2) No bill or resolution shall have more than one reading on the same day except the last legislative day.

(3) No amendment may be offered on third reading.

S40-50. Rules for questions requiring other than a majority vote. (1) When a question requires more than a majority vote for final passage, a majority vote is sufficient to decide any question relating to the question prior to third reading.

(2) Any vote in the Senate on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

(3) If a bill has been amended in the House of Representatives and the amendments are accepted by the Senate, the bill shall again be placed on third reading in the Senate to determine if the required number of votes has been cast.

S40-60. Scheduling for second reading. (1) All bills and resolutions that have been reported by a committee, accepted by the Senate, and reproduced shall be scheduled for consideration by Committee of the Whole.

CHAPTER 5

Floor Action

S50-10. Attendance. Unless excused, Senators shall be present at every sitting of the Senate and shall vote on questions put before the Senate.

S50-20. Orders of business. After prayer, roll call, and report on the journal, the order of business of the Senate is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Governor;

(5) messages from the House of Representatives;

(6) motions;

(7) first reading and commitment of bills;

(8) second reading of bills (Committee of the Whole);

(9) third reading of bills;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the Senate shall revert to Order of Business No. 1 when reconvening after a recess.

S50-30. Limitations on debate. No Senator may speak more than twice on any one motion or question without unanimous consent of the Senate, unless the Senator has introduced or proposed the motion or question under debate, in which case the Senator may speak twice and also close the debate. However, a Senator who has spoken may not speak again on the same motion or question to the exclusion of a Senator who has not spoken.

S50-40. Procedure upon offering a motion. (1) When a motion is offered it shall be restated by the presiding officer. If requested by the presiding officer or a Senator, it shall be reduced to writing, presented at the rostrum, and read aloud by the Secretary.

(2) A motion may be withdrawn by the Senator offering it at any time before it is amended or voted upon.

S50-50. Precedence of motions. (1) When a question is under debate only the following privileged and subsidiary motions shall be made:

(a) to adjourn;

(b) for a call of the Senate;

(c) to recess;

(d) question of privilege;

(e) to lay on the table;

(f) for the previous question;

(g) to postpone to a certain day;

(h) to refer or commit;

(i) to amend; and

(j) to postpone indefinitely.

(2) The motions listed in subsection (1) have precedence in the order listed.

(3) A question may be indefinitely postponed by a majority roll call of all Senators present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again during the biennium except upon a motion of reconsideration.

(4) No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment or substitute.

S50-60. Nondebatable motions. The following motions are not debatable:

(1) to adjourn;

(2) for a call of the Senate;

(3) to recess;

(4) for parliamentary inquiry;

(5) for suspension of the rules;

(6) to lay on the table;

(7) for the previous question;

(8) to limit, extend the limits of, or to close debate;

(9) to amend an undebatable motion;

(10) to divide a question;

(11) to pass business in Committee of the Whole;

(12) to take from the table;

(13) a decision of the presiding officer, unless appealed or unless the presiding officer submits the question to the Senate for advice or decision; and

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

S50-70. Amending motions. No more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

S50-80. Previous question. (1) Except as provided in subsection (2), the effect of calling for the previous question, if adopted, is to close debate immediately, to prevent the offering of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of such time to be given to the proponents and one-half to the opponents.

(3) A call of the Senate is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not present.

S50-90. Reconsideration. (1) Any Senator may, on the day the vote was taken or on the next day the Senate is in session, move to reconsider the question. A motion to reconsider is a debatable motion, but the debate is limited to the motion. The debate on a motion to reconsider may not address the substance of the matter for which reconsideration is sought.

(2) A motion to reconsider may not be withdrawn after such next legislative day without the unanimous consent of the Senate, and thereafter any Senator may call it up for consideration; however, a motion to reconsider made after the 54th day of the session shall be disposed of when made.

(3) A motion to recall a bill from the House of Representatives constitutes notice to reconsider and shall be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the House of Representatives may be made only under Order of Business No. 6 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

(4) When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

(5) If a motion to reconsider third reading action is carried, there shall be no further action until the succeeding legislative day.

S50-100. Dividing a question. A Senator may move to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

S50-110. Conference committee reports. When a conference committee report is filed with the Secretary of the Senate, the same shall be read under Order of Business No. 3, select committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day.

S50-120. Second reading. (1) The Senate may resolve itself into a Committee of the Whole for consideration of business on second reading, by approval of a motion for that purpose.

(2) After a Committee of the Whole has been formed, the President shall appoint a chair to preside.

(3) All legislation considered in the Committee of the Whole shall be read by a summary of its title. Proposed amendments shall be considered; then the bill shall be considered in its entirety.

(4) Prior to adoption of the Committee of the Whole report, a Senator may move to segregate legislation. If the motion prevails, the legislation remains on second reading.

(5) When a Committee of the Whole report on legislation is rejected, the legislation shall remain on second reading.

S50-130. Committee of the Whole amendments. (1) All Committee of the Whole amendments shall be prepared, stipulating the date and time of preparation and staff approval, and delivered to the Secretary of the Senate for reading before the amendment is voted on.

(2) Each amendment, rejected or adopted, shall be printed in the journal, along with the name of the sponsor and the vote on each.

S50-140. Motions in Committee of the Whole. (1) All proper motions on second reading are debatable.

(2) The only motions in order during Committee of the Whole are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) pass consideration;

(f) rise;

(g) rise and report; or

(h) rise and report progress and ask leave to sit again.

S50-150. Committee of the Whole — generally. (1) The committee may not appoint subcommittees.

(2) The committee may not punish its members for misconduct, but may report disorder to the Senate.

S50-160. Voting on second reading. (1) On Order of Business No. 8, in addition to other methods, a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The Secretary will then record the vote of those standing. The chair may then rule that unless excused those not standing and present have voted on the prevailing side of the question and that their vote be recorded as such. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

(2) A motion on second reading must be disposed of by a positive vote.

S50-170. Third reading procedure. (1) All legislation passing second reading shall be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) On Order of Business No. 9 the Secretary shall read the title and the President shall state the question as follows: "Senate bill number (or other appropriate identification)..... having been read three several times, the question is, shall the bill (or other appropriate identification) pass the Senate?"

(3) If an electronic voting system is used, the President shall state "Those in favor vote yes and those opposed vote no" and the Secretary will sound the signal and open the board for voting. After a reasonable pause the presiding officer asks "Has every member voted?" (reasonable pause), "Does any member wish to change his or her vote?" (reasonable pause), "The Secretary will record the vote."

S50-180. Senate voting. (1) A roll call vote shall be taken on the request of two Senators, if the request occurs before the vote is taken.

(2) On a roll call vote the names of the Senators shall be called alphabetically, unless an electronic voting system is used. A Senator may not vote or change a vote after the decision is announced from the chair. A Senator may not explain a vote until after the decision is announced from the chair.

S50-190. Pairs. (1) Two Senators may pair on a question that will be determined by a majority vote. On a question requiring a two-thirds vote for adoption, three Senators may pair, with two Senators for the question and one Senator against. Pairing is permitted only when one of the paired Senators is excused when the vote is taken.

(2) An agreement to pair must be in writing and dated and signed by the Senators agreeing to be bound and must specify the duration of the pair. When an agreement to pair is filed with the Secretary of the Senate, it shall bind the Senators signing until the expiration of time for which it was signed, unless the paired Senators sooner appear and ask that the agreement be canceled.

(3) Pairs in Committee of the Whole are prohibited.

S50-200. Call of the Senate. (1) In the absence of a quorum, a majority of Senators present may compel the attendance of absent Senators by ordering a call of the Senate.

(2) If a quorum is present, five Senators may order a call of the Senate.

(3) On a call of the Senate, a Senator who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of such Senators present shall direct. When the attendance of an absent Senator is secured and the Senate refuses to excuse the Senator's absence, the Senator shall not be paid any expense payments while absent and is liable for the expenses incurred in procuring the Senator's attendance.

(4) During a call of the Senate, all business shall be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote.

S50-210. House amendments to Senate legislation. (1) When the House has properly returned Senate legislation with House amendments, the Senate shall announce the amendments on Order of Business No. 5 and the President shall place them on second reading for debate. The President may rerefer Senate legislation with House amendments to a committee for a hearing if the House amendments constitute a significant change in the Senate legislation. The second reading vote is limited to consideration of the House amendments.

(2) If the Senate accepts House amendments, the Senate shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the Senate rejects the House amendments, the Senate may request the House to recede from its amendments or may direct appointment of a conference committee and request the House to appoint a like committee.

CHAPTER 6

Rules

S60-10. Senate rules. (1) A motion to amend or adopt a rule of the Senate shall be referred to the Rules Committee without debate. A rule of the Senate may be amended or adopted only with the concurrence of a majority of the Senate and after 1 day's notice.

(2) A rule may be suspended temporarily by a two-thirds vote.

S60-20. Mason's Manual of Legislative Procedure. Mason's Manual of Legislative Procedure (2000) governs the proceedings of the Senate in all cases not covered by these rules.

S60-30. Quorum. A majority of the Senate shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent Senators, in such manner and under such penalties as the Senate may prescribe (Montana Constitution, Art. V, Sec. 10(2)).

CHAPTER 7

Nominations from the Governor

S70-10. Nominations. (1) The Governor shall nominate and, by and with the consent of the Senate, appoint all officers whose offices are established by the Montana Constitution or which may be created by law and for whom appointment or election is not otherwise provided.

(2) If during a recess of the Senate a vacancy occurs in any such office, the Governor shall appoint some fit person to discharge the duties thereof until the

next meeting of the Senate, when the Governor shall nominate a person to fill such office.

S70-20. Introduction and first reading of nominations. (1) Nominations received from the Governor are:

(a) received by the President;

(b) delivered to the Secretary of the Senate;

(c) read under Order of Business No. 4, messages from the Governor; and

(d) referred to committee.

(2) The above procedure constitutes introduction and first reading of the nominations.

(3) The Secretary shall distribute a copy of the list of nominations to each Senator.

S70-30. Committee process. (1) (a) The committee shall research each nominee and may request biographical information from the Governor for each nominee if none has been provided.

(b) The committee chair shall submit a bill draft request for a simple resolution to include the nominees specified by the committee chair. These bill draft requests will not count against any bill draft request limit imposed on members. When the resolution has been prepared and introduced, the committee shall hold a hearing on the resolution after appropriate public notice has been made.

(2) Following the hearings, the committee shall issue preliminary standing committee reports to be distributed to each Senator, stating the committee's recommendations concerning the nominees.

(3) (a) If a Senator wishes to have an individual nominee, or group of nominees, considered by the Senate separately from the group of nominees recommended by the committee, the Senator may request of the chair of the committee that the nominee or nominees be considered by a separate resolution.

(b) A Senator shall request separate consideration of a nominee within 3 days of receipt of the preliminary standing committee report. The committee chair shall honor this request.

(4) After waiting 3 days from the day of distribution of the preliminary standing committee report, the committee chair shall issue a final standing committee report and deliver the report to the Secretary of the Senate.

(a) If a nominee is to be separated from the resolution, the final standing committee report shall include an amendment deleting that nominee.

(b) When a nominee has been separated at the request of a Senator, the committee chair shall submit a bill draft request for a simple resolution to include only the nominee so separated. When the resolution has been prepared and introduced, the committee shall take executive action on the resolution. When a hearing on the separated nomination was held prior to the committee's preliminary standing committee report, no additional hearing need be held before the committee takes action on the separate resolution. After the committee's executive action, the committee chair shall issue a standing committee report.

(5) If a resolution contains only one nominee, the committee shall dispense with the preliminary standing committee report and shall issue a final standing committee report to be distributed to each Senator stating the committee's recommendation concerning the nominee.

(6) The Secretary will read the reports under Order of Business No. 2, reports of standing committees.

(7) Thereafter, the resolution must be placed on Order of Business No. 11 the next legislative day for consideration by the Senate. Motions to approve or disapprove of the resolution are in order and may be debated.

SENATE RESOLUTION NO. 2

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA OPPOSING ANY NEW DESIGNATION FOR THE MISSOURI RIVER OR THE MISSOURI RIVER BREAKS.

WHEREAS, surveys indicate that a majority of Montanans oppose a new designation for the Missouri River or the Missouri River Breaks; and

WHEREAS, the Missouri River and the Missouri River Breaks are protected by the federal Wild and Scenic Rivers Act, Montana subdivision law, and county development regulations; and

WHEREAS, expanding the designation will incorporate more private and state land holdings under federal management plans; and

WHEREAS, Article IV, section 3, of the Constitution of the United States gives authority over public lands to Congress; and

WHEREAS, the vast number of acres being considered for designation as a monument does not meet guidelines of the intent of the federal enabling legislation for monument designations, the Antiquities Act of 1906, which states that the President of the United States is authorized to declare national monuments and "may reserve as a part thereof parcels of land, the limits of which in all cases shall be confined to the smallest area compatible with the proper care and management of the objects to be protected"; and

WHEREAS, Secretary of the Interior Bruce Babbitt has violated the pledge that he made during his preliminary trip to Montana in the summer of 2000 to return for further analysis and input prior to any recommendations for a change in designation for this area; and

WHEREAS, the Clinton administration has made an "11th hour" rush to create a legacy in land policy without due diligence in properly analyzing the negative impacts on local and state governmental divisions as well as on state and local inhabitants; and

WHEREAS, existing and valid grazing rights need to be recognized and enforced; and

WHEREAS, existing and valid oil and gas rights need to be enforced; and

WHEREAS, the Department of Fish, Wildlife, and Parks needs to continue to manage fish and game issues pertaining to the Missouri River.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That the Senate of the State of Montana respectfully requests that the Secretary of the Interior, Mr. Bruce Babbitt, set aside any new proposed designation for the Missouri River or the Missouri River Breaks and support the proved management practices that have maintained the pristine conditions of the Missouri River and the Missouri River Breaks since first traversed by the Corps of Discovery in 1804.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Secretary of the Interior, the Montana Congressional Delegation, President William Clinton, President Elect George W. Bush, and the members of the Central Montana Resource Advisory Council.

WHEREAS, the Children, Families, Health, and Human Services Interim Committee and the Legislative Finance Committee are both involved in various aspects of monitoring the Department of Public Health and Human Services, including the Addictive and Mental Disorders Division; and

WHEREAS, many of the issues that have been raised involve the corrections and criminal justice systems that are under the purview of the Law, Justice, and Indian Affairs Interim Committee and affect agencies monitored by the Legislative Finance Committee; and

WHEREAS, mental health issues arise in the context of veterans' health care needs encountered by the State Administration, Public Retirement Systems, and Veterans' Affairs Interim Committee and interact with various aspects monitored by the Legislative Finance Committee; and

WHEREAS, the issues revolving around mental illness touch many areas of government, and many resources must be brought to bear to understand the issues, to work towards resolution, and to provide strong public policy direction for the further integration and delivery of public mental health care services.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That a joint interim subcommittee of the Legislative Finance Committee be formed with members of the Legislative Finance Committee; the Legislative Audit Committee; and the Interim Committees of Children, Families, Health, and Human Services; Law, Justice, and Indian Affairs; and State Administration, Public Retirement Systems, and Veterans' Affairs and that the subcommittee continue the monitoring and oversight of the further integration and delivery of public mental health services.

BE IT FURTHER RESOLVED, that the goal of the study be the integration of services within the Department of Public Health and Human Services and across all state agencies that serve adults with mental illness or children with serious emotional disturbances and adults or children with other coexisting disorders in cooperation with local governments and school districts and include the following areas of concern:

(1) the continued development of appropriate and effective community services to serve persons in the least restrictive environment;

(2) the development of methods to ensure maximum leverage of federal funds, the cost-effective provision of services, and the use of best practices, including the evolution of more sophisticated case management;

(3) the issues of commitment to community facilities, programs, and treatment and involuntary medication identified in the 1999-2000 interim process;

(4) the interaction of mental health services and the courts and criminal justice and corrections systems in terms of training those who come in contact with persons with mental illness, diversion of persons with mental illness from the criminal justice system to mental health services, appropriate treatment in jails and prisons, local government responsibilities for transportation of persons with mental illness, the differences in the incidence of mental illness and the treatment offered to male and female inmates, and cost-shifting between state agencies for mental health services;

(5) the structure and financing of mental health services available for veterans and the extent to which U.S. Department of Veterans Affairs resource allocation decisions may shift costs to state and local services and the consideration of options for mitigating the consequences;

(6) children needing mental health services and the child mental health services system; and

(7) other emergent issues regarding mental health services.

BE IT FURTHER RESOLVED, that the Department of Public Health and Human Services has the responsibility to administer the public mental health system and the Mental Health Oversight Advisory Council is intended to provide input to the Department in the further development of the public mental health system. The purpose of the joint interim subcommittee is to monitor the Department's progress, including the activities and recommendations of the Advisory Council or other consultants, in the development of a more integrated continuum of mental health services, especially regarding the areas of concern mentioned in this resolution. It is the purpose of the joint interim subcommittee to monitor and analyze the expenditures of the public mental health system as one of its responsibilities as a subcommittee of the Legislative Finance Committee. The joint interim subcommittee is requested to monitor and limit to the extent possible any redundancies between the various committees and agencies studying mental health services provided by public agencies.

BE IT FURTHER RESOLVED, that the Legislative Finance Committee and the Legislative Council cooperate to determine the appropriate staffing of the subcommittee from the staff of the Legislative Fiscal Division and the Legislative Services Division. The subcommittee shall report its findings and recommendations to the Legislative Finance Committee.

HOUSE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING SUPPORT FOR AN AMTRAK ROUTE FROM DENVER TO SPOKANE THAT PASSES THROUGH SOUTHERN AND WESTERN MONTANA.

WHEREAS, there is a need for passenger rail service between Denver and Spokane that would cross southern and western Montana; and

WHEREAS, this route would pass through some of the most spectacular scenery in the western United States by winding through the spectacular Wind River Canyon, climbing over the majestic Continental Divide, gently meandering along the flowing tributaries of the Clark's Fork River, and skirting beautiful Pend d'Oreille Lake; and

WHEREAS, the Denver-Spokane corridor provides access to three major national parks and numerous winter ski resorts; and

WHEREAS, the increasing price of gasoline and the high cost of airline service have left many Montana citizens without a suitable transportation alternative; and

WHEREAS, passenger train service would bring needed jobs to Montana, both in the rail industry and in the tourism industry; and

WHEREAS, this route would provide a much needed and safer mode of transportation to fit the lifestyle of the westerner.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature support the development of an AMTRAK route between Denver and Spokane that passes through southern and western Montana.
